Alachua County, FL
Board of County Commissioners

Meeting Agenda - Final

Tuesday, September 14, 2021

11:30 AM

The public may attend and participate in this meeting virtually and in-person. Public comment will be taken both virtually and in-person. Masks are required regardless of vaccination status.

The Commission will take public comment in person or by calling 1-800-741-8011.

Attending virtually: The public may view the meeting on Cox Channel 12, Facebook, and the County's Video on Demand website.

Public comment: The public may submit comments and written or photographic documents to the Board through email (bocc@alachuacounty.us) before the meeting or by participating when prompted to by the Chair of the Board. Virtual participation is available through the public comment message line. Callers will be put in a queue, and prompted when it is their turn to speak. TO AVOID FEEDBACK, CALLERS TO THE PUBLIC COMMENT MESSAGE LINE MUST TURN DOWN THEIR MEETING SOUND WHEN ADDRESSING THE COMMISSION. Callers should state their names and limit comments to three minutes. When prompted for in-person public comment, in-person participants should follow the direction of the Chair to participate.

All persons are advised that, if they decide to contest any decision made at any of these meetings, they will need a record of the proceedings and, for such purpose they may need to ensure that verbatim record of the proceedings is made which record includes the testimony and evidence upon which the appeal is to be based. (Section 286.0105 Florida Statutes)

If you have a disability and need an accommodation in order to participate in this meeting, please contact the Alachua County Equal Opportunity Office at (352) 374-5275 at least 2 business days prior to the meeting. TTY users please call 711 (Florida Relay Service).

A. Invocation - Any invocation that may be offered before the official start of the Commission meeting shall be the voluntary offering of, a private citizen, to and for the benefit of the Commission. The views or beliefs expressed by the invocation speaker have not been previously reviewed or approved by the Commission, and the Commission is not allowed by law to endorse the religious beliefs or views of this, or any other speaker.

B. Pledge of Allegiance

C. Call to Order

FY22 Signed Sugar oaks

10. 21-0746 FY22 Solid Waste Non-Ad Valorem Assessment Final Rate Resolution

Fiscal Consideration: Approving this request will allow the County to collect approximately $10.9 million in non-ad valorem assessments to fund the Universal Curbside Collection, Rural Collection Center and Solid Waste Management Programs.

Estimated revenue
Universal Curbside Collection - $6,476,403
Rural Collection Centers - $1,416,259
Solid Waste Management - $3,089,033

Recommended Action: Adopt the Final Assessment Resolution for Fiscal Year 2021-2022 and authorize the Chair to certify the Non-Ad Valorem Assessment Roll to the Tax Collector.

Non-ad valorem Certification FY2021-22 Solid
Solid Waste Proof of Publication

11. **21-0749** FY22 Fire Services Non-Ad Valorem Assessment Final Rate Resolution

Fiscal Consideration: The Fire Assessment was implemented in FY17-18 with Tier 1 rate of $83.34 and Tier 2 rate of $7.63. The Fire Assessment rates remained flat for 4 consecutive fiscal years.

For Fiscal Year 2021-22, the proposed rate increase for Tier 1 is $90.69 and Tier 2 $8.31 per Equivalent Benefit Unit (EBU). The FY22 expected revenue is $15,544,960 (011.00.0000.325.2000). The average Fire Assessment bill at 30 EBUs will increase by $27.75 for Tier 1 and 2.

Background:
The Fire Assessment was adopted by the Board and implemented as a funding source for fire protection services in FY2017-18 and continues through FY2021-22. A resolution was adopted on July 13, 2021 to set the Tentative Fire Assessment rates that were included in the TRIM notices mailed August 16, 2021 by the Property Appraiser.

Recommended Action: Adopt the Fire Services Assessment Final Rate Resolution for Fiscal Year 2021-22.

12. **21-0750** Special Assessment District (SAD) for NW 180th St: Imposition of Non-Ad Valorem Assessments for a Special Assessment District for NW 180th Street.

Fiscal Consideration: The funding source for the roadway improvements ($35,236.16), is paid for out of the Gas Tax Fund (Fund 149) which will be reimbursed over a 10 year period from the collection of the non-ad valorem assessment.

Recommended Action: That the Board adopt the Resolution to establish the SAD to pay for an alternative surface treatment (chip seal) on NW 180th St.

PLAT-Candlewood Estates-PB H Pg 71
PROOF OF PUB 210823 Candelwood

13. **21-0828** Storm Water Assessment FY22 Final Rate Resolution Adoption Hearing

Fiscal Consideration: The proposed Stormwater assessment will continue to provide a dedicated funding source to comply with the County's Stormwater management obligations. This assessment reduces the County's dependency upon the Gas Tax and Ad Valorem taxes to pay for Stormwater management. The proposed allocation is to continue the 50/50 allocation between Public Works drainage maintenance and Environmental Protection water quality improvement programs. The proposed assessment continues the Financial Hardship exception provision that will require the County's General Fund to make up an estimated loss of $6,000 in revenues for qualifying property owners.

Stormwater Management Fund:
EPD 146.55.5511.325.2000
PW 146.79.7920.325.2000
The proposed Water Quality Projects will be funded through the assessment and the carry forward of any unspent FY21 funds.

Recommended Action: Adopt the FY22 Stormwater Assessment Final Rate Resolution at a $40.00 per Equivalent Residential Unit rate.

Fire Rescue

28. 21-0742 Letter to The Honorable Governor Ron DeSantis

Fiscal Consideration: Important fiscal matters are discussed at the E911 Board meetings. Each fiscal decision has an impact on County 911 fee

revenues. This action has no immediate fiscal implications to the FY21 budget.

Recommended Action: Approve and sign the letter to Governor Ron DeSantis

Letter to Governor DeSantis 9.14.21.pdf

29. **21-0808** Transfer from MSBU-Fire Reserves to cover the FY21 payment for the Automatic Assistance Agreement with the City of Gainesville and Fire Services Agreement with the City of High Springs

Fiscal Consideration: The FY21 Adopted Budget includes $612,000.00 for the Automatic Aid Agreement with the City of Gainesville for Fire and EMS Services (011.54.5480.522.34.00). Per the agreement, the cost per response was updated and it increased from $869.92 to $914.74 which has resulted in a projected annual cost of $853,106.45 which is $241,106.45 over budgeted amount.
The FY21 Adopted Budget includes $343,237.00 for the Fire Services agreement with the City of High Springs. The projected annual cost is $383,235.78, an increase over budget of $39,998.78 (011.54.5480.522.34.00).
Staff recommends transferring the estimated combine increases of $281,106.00 from the MSBU-Fire Fund Reserves (011.04.0440.590.99.20). This transfer would reduce the MSBU-Reserves balance from $3,572,931.00 to $3,291,825.00. This balance exceeds the amount required in the financial policies and will not require reimbursement. All the funds will be used within the MSBU.

Recommended Action: Approve the budget amendment

Alachua County Florida
A Proclamation

Declaring September 2021 as "Suicide Prevention Month" in Alachua County, Florida

Whereas, *suicide is a significant public health issue and we can all work together to support and protect our community; and*

Whereas, *in the United States there were almost 47,511 deaths by suicide during 2019; and*

Whereas, *in our country, suicide is the 2nd leading cause of death for those aged 15-24, and the 10th leading cause of death for people of all ages; and*

Whereas, *3,465 people in Florida died by suicide in 2019; it is the 8th leading cause of death in our state; and*

Whereas, *each death by suicide directly impacts numerous family members, friends, loved ones, and by extension the entire community; and*

Whereas, *the Crisis Center received over 53,000 calls in 2020; and*

Whereas, *the challenges surrounding the impact of COVID-19 will make mental health and suicide prevention efforts even more critical; and*

Whereas, *the Alachua County Crisis Center offers 24-hour crisis intervention support through phone, face-to-face including mobile response, and tele-health options; and*

Whereas, *the Alachua County Crisis Center is committed to raising awareness, providing education and training on suicide prevention, to reduce stigma; and*

Whereas, *all individuals should be aware of the warning signs and feel empowered to seek help for themselves, loved ones, co-workers, friends; and*

Whereas, *no single suicide prevention effort will be sufficient, everyone is asked to join together and take a stand to prevent suicide.*

Now, therefore, ***through the authority vested in me by the Board of County Commissioners of Alachua County, Florida, I do hereby proclaim September 2021 as "Suicide Prevention Month" in Alachua County, Florida.***

Duly proclaimed this 14th day of September, A.D., 2021.

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 2.

Agenda Item Name:
Rural Concerns Advisory Committee Appointments to fill two positions.

Presenter:
Ken McMurry, Planner, Growth Management (352) 374-5249

Description:
Five residents have submitted applications for appointment to the Rural Concerns Advisory Committee to fill two positions in specific membership categories.

Recommended Action:
Appoint one applicant to a position in the category of member from the Farm Bureau; and appoint one applicant to a position in the category of member Residing in the Unincorporated Area Outside the Urban Cluster Designated in the Alachua County Comprehensive Plan; each one to a term beginning 10/01/2021 through 9/30/2024.

Prior Board Motions:
On June 25, 2019, the Board of County Commissioners adopted Resolution 19-66 (attached) extending the sunset date of the Rural Concerns Advisory Committee. The sunset date is now December 31, 2025.

Fiscal Consideration:
N.A.

Background:
The Advisory Committee on Rural Concerns was originally established in April 2003 by the Alachua County Board of County Commissioners. The Resolution establishing the Committee states that its responsibilities shall be to: establish the importance of our rural, unincorporated agricultural and historic settlements; assist in the development and evaluation of policies and programs affecting the rural areas of the County; represent the rural areas in the County's various community planning processes and hearings; and assist in the recognition and determination of the needs of the County's rural residents and advise the Board accordingly.

The Committee's specific membership categories are identified in Section 2 of the current Resolution. The two membership categories each currently needing an appointment to a position with a term beginning 10/01/2021 through 9/30/2024 are: member from the Farm Bureau; and member Residing in the Unincorporated Area Outside the Urban Cluster Designated in the Alachua County Comprehensive Plan.

There are 5 applicants eligible to be considered for appointment to one or both of the two positions: Jordan Callaham, Jason Erickson, Curtis Loftus, Jeffrey Means, and Raquel Pennabella. Some of the applicants are eligible for and have expressed interest in more than one position, as specified on the attached Tallysheet. There are 3 applicants for the position of member from the Farm Bureau. There are 5 applicants for the position of Residing in the Unincorporated Area Outside the Urban Cluster Designated in the Alachua County Comprehensive Plan.

Member from the Farm Bureau – Appoint one citizen to a term beginning 10/01/21 through 9/30/24

RESOLUTION 19- 66

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, RESTATING AND AMENDING RESOLUTION 17-21; MODIFYING THE SUNSET DATE OF THE ALACHUA COUNTY ADVISORY COMMITTEE ON RURAL CONCERNS; PROVIDING AN EFFECTIVE DATE.

WHEREAS, on April 8, 2003 the Alachua County Board of County Commissioners ("the Board") adopted resolution 03-34, establishing the Advisory Committee on Rural Concerns ("Advisory Committee"); and

WHEREAS, on September 13, 2005 the Alachua County Board of County Commissioners adopted resolution 05-71, extending the sunset date of the Advisory Committee from September 30, 2005 to March 31, 2006; and

WHEREAS, on March 14, 2006 the Alachua County Board of County Commissioners adopted resolution 06-20, further amending the establishing resolution, and extending the sunset date of the Advisory Committee from March 31, 2006 to September 30, 2007; and

WHEREAS, on June 12, 2007 the Alachua County Board of County Commissioners adopted resolution 07-35, extending the sunset date of the Advisory Committee to September 30, 2009; and

WHEREAS, on August 25, 2009 the Alachua County Board of County Commissioners adopted resolution 09-085, restating and amending the previous resolutions to extend the sunset date of the Advisory Committee to September 30, 2017 and decrease the size of the Advisory Committee by two members; and

WHEREAS, on March 22, 2011 the Alachua County Board of County Commissioners adopted resolution 11-16, modifying the membership and qualifications of the Advisory Committee; and

WHEREAS, on January 10, 2017 the Alachua County Board of County Commissioners adopted resolution 17-04 modifying the sunset date, membership and qualifications of the Advisory Committee; and

WHEREAS, on February 14, 2017 the Alachua County Board of County Commissioners adopted resolution 17-21 further clarifying and modifying the membership and qualifications of the Advisory Committee; and

WHEREAS, the Alachua County Board of County Commissioners wishes to modify the sunset date of the Advisory Committee;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA:

Section 1. The Alachua County Board of County Commissioners hereby re-establishes the Alachua County Committee on Rural Concerns ("Advisory Committee") as a special committee. The sunset date for the Advisory Committee is ~~December 31, 2019~~December 31, 2025.

Section 2. The Advisory Committee shall consist of no more than eleven (11) members appointed

by the Board plus one alternate member as follows:

Four (4) members actively involved in agriculture and/or silviculture,

Three (3) members residing in the unincorporated area outside the Urban Cluster designated in the Alachua County Comprehensive Plan,

One (1) member from the Farm Bureau,

One (1) member from the County Extension Office,

One (1) member from the University of Florida Institute of Food and Agricultural Sciences (IFAS), and

One (1) member plus one alternate member chosen at large.

The initial members of the Advisory Committee shall be the current members as of the adoption of this resolution. Initial terms shall be staggered so that approximately one-third (1/3) of the appointments expire each year. Following the initial appointments, all appointments shall be for three (3) year terms. Vacancies on the Advisory Committee shall be filled by the Board per the rules and procedures for appointments to advisory boards and committees.

Section 3. The responsibilities of the Advisory Committee shall be to:

A. Establish the importance of our rural, unincorporated agricultural and historic settlements;
B. Assist in the development and evaluation of policies and programs affecting the rural areas of the County;
C. Represent the rural areas in the County's various community planning processes and hearings; and
D. Assist in the recognition and determination of the needs of the County's rural residents and advising the Board accordingly.

Section 4. The Advisory Committee shall be guided by the by-laws approved by the Advisory Committee and the Alachua County Commission's Rules of Procedure. The by-laws shall include the following provisions and such other provisions as the Advisory Committee may deem appropriate:

A. Elections. The Advisory Committee shall annually elect one of its members as Chair, and such other officers as the Advisory Committee deems necessary to meet its needs. The Chair shall preside and conduct meetings of the Advisory Committee in accordance with the most recent edition of Alice Sturgis' Standard Code of Parliamentary Procedure. Vacancies in offices shall be filled by election at the next regular meeting following the date the vacancy occurred.

B. Meetings of the Advisory Committee, or any subcommittee thereof, shall be open to the public and the media and shall be conducted in compliance with the Sunshine Law, Section 286.011, Florida Statutes. The County Manager, or his/her designee, shall produce minutes of the meetings which shall be submitted to the Advisory Committee for approval. The Advisory Committee shall meet initially, as soon as practical, following the adoption of this resolution and shall develop a work plan for

implementing its charge. The Advisory Committee shall schedule regular meetings to assist the Committee in its efforts. Special meetings may be called by the Chair or by any three members of the Advisory Committee upon no less than 24 hours written notice to all Advisory Committee members and to the County Manager or his/her designee.

C. Agenda. The Chair shall be responsible for the meeting agenda. The County Manager, or his/her designee, shall serve as staff liaison to the Advisory Committee and shall aid in preparing and distributing the agenda prior to the meeting. The County Manager, or his/her designee, or any member of the Advisory Committee may place an item on the agenda by notifying the Chair through staff prior to the preparation of the agenda.

D. Subcommittees. Subcommittees may be appointed by the Chair, as determined by the Advisory Committee or the Chair.

E. Quorum. A majority of the Advisory Committee's filled positions shall constitute a quorum. Recommendations and decisions of the Advisory Committee must be made by a majority vote of those present and voting.

F. Attendance. The County Manager, or his/her designee, shall attend all meetings of the Advisory Committee, but shall not vote on any matter. The attendance policy for the Advisory Committee shall be in accordance with the attendance policy for boards and committees set forth in the Alachua County Commission's Rules of Procedure.

G. Compensation. Members of the Advisory Committee shall receive no compensation for the performance of their duties and responsibilities.

H. Reports and Recommendations. The Advisory Committee shall submit all reports and communications directly to the County Commission Chair with a copy to the County Manager or designee. Any Advisory Council reports required by the Alachua County Commission's Rules of Procedure shall be submitted in accordance with said Rules.

Section 5. This resolution repeals and replaces all prior resolutions in conflict with the terms set forth herein.

Section 6. This resolution shall take effect immediately upon its adoption.

DULY ADOPTED in regular session, this 25th day of June, A.D., 2019.

SKILLS SUMMARY

Energetic, effective and inspiring leader with extensive operations and technical expertise. Adept at building, mentoring and training cohesive teams dedicated to achieving individual and organizational goals with a proven track record of creating and implementing processes that decrease costs, improve productivity and increase overall operational organizational performance.

Commended for quality performance by both military and corporate executive leadership. Consistent career successes in organizational turnarounds resulted in being assigned critical assignments. Recognized by senior leaders for morale building, performance enhancement, and award-winning results.

PROFESSIONAL ACHIEVEMENTS

MANUFACTURING MANAGEMENT

Lead a team of 200+ manufacturing employees achieving greater profit and safety.

Full P&L responsibility for organization with over $30MM in annual revenue.

Led Continuous improvement of entire organization leading to a 12% increase in profitability in under one year.

Passionate about root cause analysis. Utilized root cause analysis (5 Whys) while in manufacturing management role to greatly decrease equipment damage and downtime.

LEADERSHIP

Sets the standard for safety and procedural compliance. Improved safety record from 5.0 TRIR to under 2.0 in less than 18 months.

Built a new team at a manufacturing site which continued improvements in safety and profitably long after my departure.

Expert at leading change.

Collaborative and inclusive leader.

Expert at managing a balance sheet and teaching others as well. Mentored and coached the assistant manager in financial analysis and planning resulting in the manager becoming eligible for promotion.

SKILLS

Lean Manufacturing

Project Management Professional (PMP)

Change Leadership

What Contributions do you feel you could make if you were selected to this board?

As a lifelong resident of rural Alachua county, I feel that the connections that I have with the farming and rural community will bring to light the real concerns that rural Alachua county residents face on a consistent basis. It has long been a goal of mine to give back to my community and this position will be a perfect fit and the insight that I can help provide (on behalf of our community) will continue to make Alachua county a great place to call home.

Curtis Andrew Loftus

Objective:

Secure a position where my talents and abilities are used, provide a team with a productive work ethic, and grow with an ambitious and driven company.

Work Experience:

Owner, Loftus Family Farms Janurary 2015 to Present
https://www.loftusfamilyfarm.com/

●Grower of Muscadine grapes, u-pick farm located in north Alachua County

Lofthouse, Inc. August 2019 to present
https://lofthousehomes.com/

Site development coordinator and property development assistant.

●Primary duties include property redevelopment through means of mechanical deconstruction and overseeing new home setups that provide not only affordable housing solutions for our area, but revitalizes derelict properties and improves mostly rural communities.

All Terrain Enterprises, Inc January 2008 to August 2019 Gainesville, Fl
Owner & operator
Maintenance and construction contracting company
http://www.allterrainenterprises.com/

Primary responsibilities as owner are to service reliable clients as well as secure new customers; building a personal relationship and providing them with the quality services that my company provides.

Primary duties:

●March 2015-August 2019 Forestry mulching specialist providing land clearing, site prep, and forest land management solutions for private land owners, municipalities, and government contracts.

● Construction fencing projects, and reconstruction of damaged structures. Using a variety of tools, equipment, and mathematical techniques, projects result in a superior finished product.

● Provide selective demolition and deconstruction services at industrial manufacturing and processing facilities. Worked with plant officials and employees, to maintain a safe and seamless operation with minimal production interference.

● Sub-contractor for Cook Manufacturing Group, Inc (see job history below)

Brightstone Concrete Polishing March 2007- January 2008 Gainesville, Fl
Certified Master Craftsman

● Lead machine operator providing customers with a superior high-impact floor system

● As a foreman, I was responsible for timely completion of polishing projects and managing employees allowing for not only a productive job, but a quality job.

● Customer service and project expectations manager ensuring every customer was a well satisfied customer.

Cook Manufacturing Group, Inc. June 2003-March 2007 Frostproof, Fl
Contractor March 2007-Present
Equipment Service/Troubleshooting Technician and Welder/Mechanic

● Execute maintenance, repair, and troubleshooting tasks on rotating, reciprocating, and self contained equipment at industrial and food processing facilities at locations across the USA ensuring safe and reliable operation.

● Independently manage travel responsibilities and entrusted with company equipment, materials and employees well being.

● Operator of company and plant owned equipment such as fork lifts, lull lifts, man lifts up to 110 feet, all terrain and truck mounted cranes, overhead lift cranes, and company trucks to perform my duties safely and efficiently.

● Broad usage and knowledge of personally and company owned steel fabrication tools and equipment, such as welders, torches, plasma cutters, carbon arc gouging, abrasive tools, and specialized metal fitting tools to execute custom fitted and retrofitted processing equipment.

● Working with my team to provide a safe, clean and productive work environment by adhering to OSHA, company, and plant safety regulations resulting in a zero lost time accident safety record.

● Using professional vibration analysis technology, perform diagnostics on rotating equipment and balance that equipment ensuring reliable usage and prolonging the life of their wear components.

● Working with a team to systematically disassemble, refurbish, ship, and re-erect T.A.S.T.E and Waste Heat Evaporator Towers for product concentration in industries of fruit, fish, and glycol improving plant efficiencies and creating more marketable products .

● Install, troubleshoot, and repair pneumatic, electrical, hydraulic, and manual control systems

Education:

Florida Radon Certification Program

● Florida State Radon Mitigation Specialist
● Florida State Radon Measurement Technician
Providing measurement and mitigation services improving air quality to standards provided by the EPA.

International Polished Concrete Institute

● Certified Master Craftsman

OSHA And Company administered training courses completed

● Forklift
● Confined space attendant and entrant
● First responder training
● Overhead work training

● Rigging and signals
● Lock-out / Tag-out procedures
● Various other contractor safety training courses
● Extensively used safety belt and harness equipment in conjunction with OSHA standards for off-platform and elevated work

Santa Fe College

● Accreted welding certification program
● Mechanical Engineering course of study

University of Florida

● Mechanical Engineering course of study
● Internship semester through College of Agriculture with Cook Manufacturing Group

Santa Fe High School

● Graduated 2003; Honors and Advanced Placement courses completed

References

● Charles Cook of Cook Manufacturing Group	(863) 965-0872
● Priscilla Kirby, ranch owner and customer	(386) 462-2094
● Ray Burnsed Jr. of Rays Metal Works	(386) 462-1415
● Judith Clulow, horse farm owner	(386) 244-4585

Interests:

● Social and sports events with friends and family
● Salt and fresh water fishing and general water sports
● Community events including fall and spring festivals and local merchant events
● Buying and selling used equipment

- QuickBooks
- AV Equipment
- Microsoft Outlook, Word, Publisher, Excel & PowerPoint
- Share Point / Docuware
- AS400 / BRIO
- Internet Sourcing

WORK EXPERIENCE

4/2008 – Present Blue Leaf Hospitality
Senior Project Manager
Oversee Custom Project in the Furniture and Hospitality Industry. Collaborate with various Purchasing Companies and Design Firms. Source local and international manufacturers for product fulfilment. Work with various logistics forwarders and carriers. Manage extensive timelines from production lead times to transit times to meet installation deadlines. Heavy email communication and ability to review and analyze PDF/AutoCad drawings. Issue Invoices and collect final balances. Issue purchase orders, as needed.

4/2008 – 4/2009 Northern Capital Insurance Group
Executive Office; Administrative/Recruiter
Provided administrative support to the executive team, comprised of Chairman, Vice Chairman, CEO, and COO. Assisted them in sourcing and recruiting personnel for various subsidiaries.

/2004 – 3/2008 THE GREAT AMERICAN HANGER COMPANY, INC – INC 500 COMPANY
Purchasing Department; Buyer/Planner
Prepared and maintained purchase orders. Tracked inventory turns and prepared monthly open to buy reports, including aging, back order, overstock, and various inventory reports used to communicate with various internal departments. Tracked all imported product and local deliveries from suppliers and manufacturers. Sourced overseas manufacturers and/or suppliers, including freight forwarding companies. Negotiated pricing and contract requirements. Maintained excellent working relations with suppliers and manufacturers. Traveled to China, once a quarter, to reinforce factory relations and revised quality assurance programs. Worked closely with the Finance/Accounting department to ensure that invoices were paid in a timely manner.

3/2002 – 5/2004 LINDA ROBINS & ASSOCIATES Miami, Fl
Permanent Placement Recruiter and Client Services Representative
Provided professional recruitment services to corporate clients from various industries. Identified and established rapport with new sales leads and prospective clients. Interviewed and evaluated viable candidates through various media resources and consistent recruitment strategies. Recruited candidates for permanent positions and assisted the temporary division make placements.

10/2000 - 9/2001 SUNGLASS HUT INTERNATIONAL Miami, Fl
Merchandise Planning & Distribution; Store Planner
Responsible and proactive with all inventory and store merchandising requirements. Formatted and analyzed various assortment reports to determine manual replenishment from store transfers and/or distribution center. Analyzed clearance and coordinated store clean ups. Improved and maintained the sales performance of over 350 stores, which is approximately 88% of the stores within my assigned regions. Out of these, 30% attained their individual assigned weekly percent to plan goals for the first time in two years. The remaining 12% of stores are either seasonal stores or locations that were being geographically revaluated.

10/1997 – 10/2000 SUNGLASS HUT INTERNATIONAL Miami, Fl
Human Resource; Associate & Corporate Recruiter
Hired to provide administrative services to the Recruitment Director, and progressively promoted to Corporate Recruiter after one year of employment. Utilized cost effective recruiting methods to source, qualify, and assess various corporate level positions, as well as field District Managers, for contract and right-to-hire. Administered technical testing to candidates and performed reference checks. Researched and revised the company's relocation policies and procedures, which promoted a savings of over a million dollars in comparison to the previous existing package. Introduced and established online recruiting for field and corporate uses. Expanded the company's existing recruiting resources by updating and registering with industry related job fairs, publications, and internship programs. Wrote and designed several recruiting promotional materials including brochures and newspaper advertisements. Presented a recruitment workshop for district and store managers, updating this material on a yearly basis.

3/1994 - 10/1997 ROYAL CARIBBEAN CRUISES, LTD. Miami, Fl
Casino Operations, Administrative Assistant
Provided administrative assistance to the Vice President, Director, and Managers of the Casino Operations Department. Coordinated daily operations and handled office tasks such as ship and shore side correspondence, committee minutes, telephone ship reports, calendar appointments, travel, shipping, file management and database administration. Assisted with new building projects and scheduled regular casino maintenance onboard a fleet of 12 cruise vessels. Researched and prepared statistical and best practice reports when required by Operation Managers for review. Assisted the Human Resources Department coordinate and present New Hire Orientation for new shipboard casino personnel. Provided exceptional internal customer service to shipboard casino management and staff. Maintained a weekly and monthly follow up with the casino’s purchasing department on open bids and orders. Helped the department achieve consistent positive internal and external audit results over a two-year period.

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 3.

Agenda Item Name:
COVID 19 Discussion

Presenter:
Board of County Commissioners

Description:
Have a discussion.

Recommended Action:
Hear the following updates and have a discussion:

- Emergency Order Update
- Health Department Update

Prior Board Motions:
Commissioner Prizzia moved the following:

1. Extension of the state of emergency.
2. Extension of the emergency order with minor changes suggested by the County Attorney's Office allowing for enforcement action against businesses or organizations if they don't put up the signage or prohibit employees from wearing a mask.
3. Enforcement phase for business if needed.
4. Write a chair letter to UF and Santa Fe College asking them to join in the emergency order on their campuses.

Commissioner Wheeler 2nd motion

The motion carried 5-0

Fiscal Consideration:
N/A

Background:
N/A

ALACHUA COUNTY
THIRD EXTENSION OF THE SHORT TERM EMERGENCY
ORDER 2021-25

WHEREAS, on February 24th 2021 President Biden extended, for another year, the national state of emergency due to COVID-19 contained in Proclamation 9994 by President Trump; and

WHEREAS, both President Biden and Governor Ron DeSantis have recommended that all individuals who are able to be vaccinated get vaccinated, and both have stated that the SARS-CoV-2 ("COVID-19") vaccine saves lives; and

WHEREAS, the CDC has designated Alachua County being in the high community transmission category, meaning 100 or more cases for every 100,000 people and/or lab test positivity rate for COVID-19 that is 10% or higher; and

WHEREAS, because of the increased incidence of infection being caused by the Delta variant of COVID-19, the CDC now recommends that face masks be worn indoors by individuals who are vaccinated as well as those who are not vaccinated since the vaccinated have been shown to be able to transmit the virus and the Delta variant has proven to be more virulent than other widespread variants; and

WHEREAS, according to the CDC, the Delta variant of the COVID-19 virus is almost as contagious as the chickenpox virus and can result in unvaccinated individuals getting much sicker than prior variants much more rapidly and can result in break through infections in vaccinated individuals, although generally with far milder symptoms; and

WHEREAS, the Board of County Commissioners has received expert testimony stating that the infection rate for the Delta variant (R_0) is 8, meaning that one individual can infect up to 8 others with the virus as opposed to the Alpha variant which had a value of 3, meaning that 1 person could infect 3 persons; and

WHEREAS, a vaccine is available for all individuals above the age of 12, and the vaccination rate in Alachua County has reached 66% with 159,120 vaccinated and the number of those getting vaccinated continued to decrease to 1,566 for the week of September 3rd; and

WHEREAS, during the week of September 3rd, the new rate of positivity for COVID-19 dropped to 11.7%, which was a decrease from the prior week and still remains among the highest it has been during the pandemic to date.; and

WHEREAS, due to the regional nature of our health care facilities, our hospitals continue to have a significant increase in the number of individuals requiring ambulance transport, hospitalization and placement in the ICU's although there continues to be a decrease from the hospitalization numbers reported by the State last week which may be due, in part, to the availability of monoclonal antibody treatment available so that individuals can obtain treatment without going to the hospital; and

WHEREAS, the admissions to the hospitals in Alachua County for COVID-19 continue to be significantly higher for the unvaccinated than for the vaccinated; and

WHEREAS, with the continuing increase in hospitalizations and community spread, there is likely to be an impact on county operations and the ability to provide public services in a timely manner; and

WHEREAS, the data from hospitals demonstrates that the overwhelming majority of individuals hospitalized with COVID-19 are not vaccinated, and there is an increase in the number of pediatric hospitalizations, patients on ventilators and ICU cases due to COVID-19. The overall vaccination level is 66% of individuals eligible, but the Delta variant has shown that the vaccination rate for reaching community immunity could be much higher. Because of the increase in positivity and infection, the Alachua County Health Department has increased its hours of operation at the

main location for vaccination and testing. The Health Department's recommendation is to get vaccinated follow CDC guidelines, wear a mask, socially distance, avoid crowds and wash your hands often. The Board recognizes that the most important thing that the public can do to stop community spread is to get vaccinated; and

WHEREAS, local hospitals are limiting elective and outpatient surgeries in direct response to the increased demands on the hospitals to care for COVID-19 infected patients. Elective surgery includes surgeries which may be quite important but are not considered at the moment to be life threatening. Examples include cardiac, joint replacement and cancer surgeries; and

WHEREAS, the Board received expert testimony that, until those who are unvaccinated and are capable of getting vaccinated obtain the full vaccination, indoor masking is absolutely essential as an additional mitigation strategy to reduce the community spread of this disease, which will in turn reduce the burden upon the health system.

WHEREAS, the current Delta variant is impacting younger individuals now more than the earlier variations. Most of people hospitalized for the condition locally are below 50; and

WHEREAS, fully vaccinated people with the Delta variant may infect others; and

WHEREAS, the Board has received testimony from an expert who, over the past year and a half, has been monitoring the spread of COVID-19 and its mutations from an epidemiological standpoint. His opinion was that the current surge is not a seasonal surge. This is a new phenomenon. This virus mutates. The wider its spread, the quicker its mutation. The current Delta Variant is more aggressive, more infectious and perhaps more pathogenic than the Alpha variant, and there has been a surge in hospitalizations and the hospitalization of young people. In his opinion, community immunity for COVID-19 may not be possible and may not be able to be achieved. While there is some

immunity from being infected, it is temporary, and there have been outbreaks from those who have been infected before. Individuals who have been vaccinated have also been noted as being infected, although often with lesser symptoms than the unvaccinated. Vaccination and the other mitigation measures together will limit the spread of the condition. Over time the presence of different mutations of COVID-19 present in Alachua County has changed. In June, the Delta variant began to be noted at 65 individual cases and, in July, that number went up to 42% of all cases. It is expected that this percentage will increase. In addition, with the Delta variant, there is an increasing trend in individuals who have been vaccinated contracting the condition. While he stated it was possible for the virus to become resistant or mutate to the point where a new vaccine is necessary, it is not at that point now and increasing the number of people vaccinated may delay or prevent that from happening. He also stated that a number of outbreaks occur where people gather, such as in workplaces; and

WHEREAS, even with recovery from COVID-19, the recovery may involve permanent impairments including, but not limited to pulmonary damage including pulmonary fibrosis which can lead to reduced lung capacity and potentially lung transplants; and

WHEREAS, based upon the testimony provided to the Board by those scientists and medical professionals who have come before it, and recently testified in public meetings, along with the recommendations of the CDC, OSHA and various studies the Board has considered, the Board believes the use of face masks as recommended by the CDC reduces significantly the spread of the COVID-19 by the individual wearing a face mask and additionally lowers the inhalation of the virus by those individuals wearing masks when in an area around other individuals wearing masks; and

WHEREAS, the Occupational Safety and Health Administration has issued "Guidance on Mitigating and Preventing the Spread of COVID-19 in the Workplace" which as of August 13th, 2021, adopted recommendations similar to the CDC and recommended the wearing of face masks in the work place by individuals; and

WHEREAS, while it is important that all individuals who are capable of getting vaccinated do so, the vaccinations take time to take full effect and wearing a face mask is immediately effective and an effective mitigation strategy; and

WHEREAS, the use of face masks will reduce the amount of viral spread prior to, at, or after the peak of infections caused by the Delta variant and will reduce the number of infections in the community reducing the stress which is currently on our local healthcare facilities and governmental services; and

WHEREAS, there have been incidents reported to the County of some employers refusing to allow their employees to wear face masks; and

WHEREAS, there is a need to ensure that the message of the need to wear a face mask is communicated to all individuals entering into businesses and other public occupancies and the posting of a sign setting forth the requirements of this Order will accomplish this need; and

WHEREAS, the impact of the return of students to the University of Florida and Santa Fe College may not be known for at least two weeks; and

WHEREAS, the University of Florida has hosted a football game this past weekend and will be hosting games in the near future which will involve a large number of individuals from outside the community coming into Alachua County and having contact with residents. The impact of that influx

of individuals into the community and any potential resulting increase in the community spread of COVID-19 is not yet known; and

WHEREAS, information regarding infection and vaccination rates from the Florida Department of Health is now released weekly rather than daily as it was earlier this year; and

WHEREAS, the Florida Legislature in Chapter 2021-8, Laws of Florida, amended Section 252.38(4) to limit the actions of political subdivision in enacting emergency orders which limit the rights or liberties of individuals or businesses within the political subdivision. These amendments became effective on July 1st, 2021 and were not made retroactive by the Legislature and have no effect on actions taken before the amendments took effect which were based upon a different wording of the statute; and

WHEREAS, in Executive Order 21-101, issued on May 3rd 2021 which would not have taken effect until July 1st 2021, under the authority of the State of Emergency declared in Executive Order 2020-52, Governor DeSantis sought to invalidate COVID-19 emergency orders, as defined in SB 2006, enacted prior to July, 1 2021; and

WHEREAS, in Executive Order 21-102 issued on May 3rd 2021 under the authority of and on reliance on the State of Emergency declared in Executive Order 20-52, Governor DeSantis, for the remaining duration of the state of emergency initiated by Executive Order 20-52, acted to preempt any county or municipality from enacting or renewing an emergency order or ordinance that imposed restrictions or mandates upon businesses or individuals due to the COVID-19 emergency; and

WHEREAS, the last extension of the Alachua County state of local emergency containing restrictions on individuals and businesses was in Emergency Order 2021-19 issued on May 3rd, 2021 prior to the issuance of Executive Order 21-102 and expired on May 10th. Emergency Order 21-20 which continued the state of emergency in Alachua County did not contain any restrictions on individuals or

businesses and expired on May 17th without being renewed, therefore at the time of its enactment, Alachua County was in compliance with Executive Order 21-102;

WHEREAS, on April 27th, 2021, Governor DeSantis issued Executive Order 21-94, extending the state of emergency declared under Executive Order 20-52 for 60 days and this was not renewed and therefore expired prior to July 1, 2021 so that all emergency orders issued under the authority of EO 20-52, as extended expired and had no force after June 27th 2021; and

WHEREAS, in that Executive Order 21-101 expired when Executive Order 2020-52 as extended by Executive Order 21-94 expired and, therefore, never went into effect; and

WHEREAS, the legislation requires that any such emergency order must be narrowly tailored to serve a compelling public health or safety purpose. Further any such emergency order must be limited in duration, applicability and scope in order to reduce any infringement on individual rights or liberties to the greatest extent possible. Any such order automatically expires 7 days after issuance but may be extended by a majority vote of the Board in 7 day increments for no more than 42 days (6 weeks). This Order having been renewed three times may be renewed 2 more times after this renewal; and

WHEREAS, Alachua County is a Charter County and has the constitutional authority to enact laws which are not in conflict with general or special laws; and

WHEREAS, the Alachua County Board of County Commissioners as the Official Authority has declared a local state of emergency based upon the current situation arising from the impact of the Delta variant of the COVID-19 virus

THEREFORE, BE IT ORDERED, by the Alachua County Board of County Commissioners that:

1. The above recitals are true.
2. The Board of County Commissioners finds the following:

A. That the most effective way to limit the spread of the COVID-19 virus is through the concerted action of all residents in Alachua County.

B. That the evidence is overwhelming that it is imperative that those individuals who are not vaccinated and are able to get vaccinated obtain the vaccine for the purposes of reducing the strain on local hospitals which Alachua County is currently experiencing and to slow the spread of the virus so that fewer individuals are impacted by the virus and those who are unable to receive the inoculations are provided with some level of protection by a higher level of vaccination in the local population.

C. That the evidence also supports the use of face masks indoors in locations where the public does business or gathers, excluding private residences by all individuals regardless of their vaccination status along with social distancing, avoiding crowds and the frequent washing of one's hands. These are the recommendations of the CDC and of OSHA.

D. That there is a compelling governmental interest in reducing community spread of COVID-19 in Alachua County so to limit the impact of the absence of workers in their employments and to reduce the admissions to the hospitals and stress on the medical transport system to the extent that those admissions are from Alachua County.

E. That there is a compelling public health and safety need for Alachua County to require face masks to be worn in public indoor spaces including businesses, indoor spaces used or owned by organizations, and locations other than private residences. It is recognized that there will be locations where because of adequate distancing – *e.g.*, sitting alone in one's office – may exist where not wearing a face mask would not contribute to community spread and therefore this is an exception to the general rule of wearing a face mask. In addition, it is recognized that face

masks cannot be worn while eating or drinking, therefore this is an exception to the general rule of wearing a face mask.

F. That there is a compelling need that the public be reminded or made aware of the need to wear a face mask upon entry into enclosed spaces and this can be accomplished by requiring signage regarding the requirements of this Order at every public occupancy covered by this Order.

G. That based upon the expiration on June 27th of the Emergency Orders issued by the Governor extending the state of emergency originally set forth in Executive Order 20-52 which ended the effect of the emergency orders issued pursuant to that Order/State of Emergency and the authority it provided to the Governor, along with the fact that the Legislature did not make Chapter 2021-8 of the Laws of Florida retroactive, the Board of County Commissioners has authority under Section 252.38 (4) (2021) to issue an order which meets the requirements and limitations set forth therein.

H. That for the reasons set forth in this Emergency Order (including its preamble), the Board of County Commissioners finds that this Emergency Order is narrowly tailored to serve a compelling public health and/or safety purpose. This Emergency Order applies the least intrusive method available to achieve the compelling goal.

3. THE BOARD ORDERS THAT:

A. A face mask shall be worn in all indoor places when there are more than two people present, with exceptions as provided by this Emergency Order. This requirement excludes private residences or spaces occupied by a single-family unit.

B. Such face masks shall be of a nature approved by the CDC and shall cover the mouth and nose and loop securely around the head or ears.

C. That based upon the standards set forth by OSHA ("Occupational Safety and Health Administration"), an employer shall not prevent its employees from wearing face masks in accordance with the recommendations of OSHA and this Order. However, the business owner or their representative may prescribe the nature of the mask to be worn as long as it meets the requirements of OSHA and is not required to allow the use of any personal protection equipment which carries an obscene message or one that is not appropriate.

D. Face masks shall not be required for children under six, (although it is encouraged that children ages 2-5 wear masks), persons who have trouble breathing due to a chronic pre-existing condition or individuals with a documented or demonstrable medical problem. It is the intent of this provision that those individuals who cannot tolerate a face mask for a medical, sensory or any other condition, which makes it difficult for them to utilize a face mask and function in public, are not required to wear one. It is recognized that this requirement is broader than what might be considered a covered condition under the Americans with Disabilities Act. Individuals who believes that they meet this exception are not required to show documentation of their condition but should be able to describe their limitation in general terms. Wearing face masks shall not be required while eating or drinking.

E. Public places covered by this Order where the public gathers inside, including businesses, non-profit entities and similar organizations, shall post and display a sign setting forth the requirements of this Order regarding face masks at all locations where the public enters a building in manner and location that is clearly visible. A copy of a sign meeting these requirements is available from the County.

F. This Emergency Order applies to incorporated and unincorporated areas within Alachua County, but has no application outside of Alachua County. Municipalities have the authority to enforce this Emergency Order within their jurisdiction. Municipalities are authorized to impose regulations, which are more stringent than those set forth herein.

G. This Emergency Order does not apply to the internal operations or policies of local governments within the County, the Alachua County Public Schools, local Charter Schools established by law, the State University System, State College System, the State of Florida, or federal agencies who are encouraged to adopt their own rules and procedures regarding the matters set forth herein.

H. A violation of this Emergency Order does not authorize the search of any individual, business or organization, or the arrest of any individual. A violation of this Order is a noncriminal infraction. Prior to issuing any citation, the individual or person in charge will be asked to comply with this Order or be able to explain how any exemption or exception under this Order applies to them. Failure to comply with the requirements of this Order presents a serious threat to the public health, safety, and welfare, pursuant to Chapt. 162, Fla. Stat., and a citation may be issued immediately for such violation. The County shall enforce the first violation of section 3 of this Emergency Order through a fine of $125.00 to the violator. The second violation of section 3 of this Emergency Order shall be subject to a fine of $250.00 to the violator. All subsequent violations of section 3 of this Order shall constitute a Class V violation under Art. II, Chapt. 24 of the Alachua County Code of Ordinances, requiring a mandatory court appearance and subject to a fine not to exceed $500.00. The municipalities may enforce this Order as provided by Florida law and municipal code.

4. This Emergency Order shall last for 7 days and will expire no later than September 16th, 2021. Pursuant to Section 252.38(4)(c), the Board of County Commissioners may extend this Order by majority vote in 7 day increments not to exceed a total of 42 days if the circumstances warrant. Those conditions shall include a significant reduction in community spread of the Delta variant and the return to the ability of hospitals to return to providing elective surgeries and care.
5. This Emergency Order shall be effective upon filing with the Clerk of Courts. If it is not filed with the Clerk within 3 days of issuance it shall be considered void.
6. This Emergency Order shall take effect on the 9th Day of September, 2021 beginning at 5:00 p.m. EDT.

Dated this 9th day of September, 2021 at 10:45 a.m.

EMERGENCY ACTION 2021-28
EXTENSION OF STATE OF GENERAL EMERGENCY
IN ALACHUA COUNTY DUE TO DELTA VARIANT OF COVID-19

WHEREAS, on February 24th 2021 President Biden extended, for another year, the national state of emergency due to Covid-19 contained in Proclamation 9994 by President Trump; and

WHEREAS, both President Biden and Governor Ron DeSantis have recommended that all individuals who are able to be vaccinated get vaccinated, and both have stated that the COVID vaccine saves lives; and

WHEREAS, the CDC has indicated that Alachua County is in the high community transmission category, meaning 100 or more cases for every 100,000 people and/or lab test positivity rate for COVID that is 10% or higher; and

WHEREAS, because of the increased incidence of infection being caused by the Delta variant of COVID-19 the CDC now recommends that face masks be worn indoors by individuals who are vaccinated as well as those who are not vaccinated since the Delta variant has proven to be more virulent than other widespread variants; and

WHEREAS, according to the CDC, the Delta variant of the COVID-19 virus is as contagious as the chickenpox virus and can result in unvaccinated individuals getting much sicker than prior variants and can result in break through infections in vaccinated individuals, although with far milder symptoms; and

WHEREAS, the Board of County Commissioners allowed its prior state of emergency to expire in May based upon the increased level of availability of effective and safe vaccines in Alachua County and the continuing increase in vaccination by the residents of Alachua County; and,

WHEREAS, a vaccine is available for all individuals above the age of 12 and while the vaccination rate in Alachua County is currently just over 66% the vaccination rate has slowed from where it was in May; and

WHEREAS, since July 9, 2021 there has been an increase in local cases week by week so that by the last time figures are available from the Florida Department of Health, August 27th, Alachua County had 1,458 new positive cases with a positivity rate of 11.7%; and

WHEREAS, because of the regional nature of our health facilities, our hospitals have had a significant increase in the number of individuals requiring hospitalization and placement in the ICU's; and

WHEREAS, with the continuing increase in hospitalizations and community spread there is likely to be an impact on county operations and the ability to provide public services in a timely manner; and

WHEREAS, with the increase in hospitalizations due to the increase in virulence of the Delta variant when compared with previous variants and the increase in breakthrough infections of the vaccinated, the County strongly recommends that the members of the public who have not been vaccinated get vaccinated, and all members of the public, including those who are vaccinated, should follow the guidelines of the CDC regarding washing hands frequently, social distancing and wearing masks indoors; and

WHEREAS, at their meetings on August 10th, 17th, 24th, 31st 2021 and September 7th, the Board of County Commissioners received briefings from the Department of Health and experts from the University of Florida regarding the increase in positive cases and the impact on the Delta Variant on the local healthcare system; and

WHEREAS, the declaration of a local state of emergency under Section 252.38, Fla. Stat. does not meet the definition of an emergency order as defined in Sec. 252.38(4)(a), Fla. Stat. (2021) as this Action does not limit the rights or liberties of individuals or businesses in the County; and

WHEREAS, the Alachua County Code allows certain streamlined operations during the pendency of a local declared state of emergency which allows the County Administration and the Board of County Commissioners flexibility in the utilization of Federal, State and local Funds; and

WHEREAS, pursuant to Chapter 27 of the Alachua County Code the Chair, acting as the Official Authority has declared a state of emergency in Emergency Actions 2021-26. These Actions have been ratified by the Board of County Commissioners at their following meeting; and

WHEREAS, on September 7th the Board of County Commissioners met in a regular meeting and after considering a briefing from the Department of Health acted to extend the declaration of emergency for an additional 7 days starting September 2nd 2021; and

WHEREAS, Sec. 27.07(4) provides that a declaration of emergency shall be declared by the Board of County Commissioners if they are available.

NOW THEREFORE, pursuant to Alachua County Code Section §27.07, the Board of County Commissioners sitting as the Official Authority hereby resolves, finds, and declares:

1. The above recitals are true.
2. There shall be in effect a local state of emergency as of September 9th 2021 beginning at 1:00 pm. and shall continue uninterrupted for 7 days.
3. Should circumstances warrant this Action may be extended for another seven days no later than September 16th, 2021 at 1:00 p.m.
4. In accordance with §252.46(2), Fla. Stat., this Order shall take effect immediately upon filing with the Clerk of Courts for Alachua County.

Dear Dr Fuchs and Dr. Broadie,

At Tuesday's September 7, 2021 County Commission meeting, the Board discussed public health mitigation measures in response to the COVID-19 Delta variant, prevalent in our community. The Board unanimously decided to continue its local state of emergency and its instituted masking requirement and signage for all indoor locations except private homes. The Board also discussed the University and College's mitigation measures. Our understanding is that your institutions are recommending, as opposed to requiring, that all persons wear masks in indoor locations.

Currently, our order specifically exempts all properties in the State University and College Systems from the County's requirements. At our Board meeting, our attorney was asked to opine on whether we could extend the order to impose these requirements on University and College properties. Her analysis is that, while your state governing bodies (Board of Governors and Board of Education, respectively) could have regulated in this area, to date they have chosen not to. In the absence of a prohibition, either of your respective boards could institute these requirements or, as a less preferable option, the County could remove properties in State University and College Systems from its exemption, thus applying the requirement to these properties.

I am writing on behalf of the entire Alachua County Commission to respectfully ask that you join the County, the School Board, the City of Gainesville, and our local businesses in instituting the common-sense safety measures spelled out in the County's Short-Term Emergency Order 21-25. It simply requires masking indoors.

We owe it to our healthcare professionals, residents, students, employees, and especially the most vulnerable in our community to do what we can to stem the tide of this Delta variant surge.

The CDC has designated Alachua County as being in the high community transmission category, meaning 100 or more cases for every 100,000 people, and/or lab test positivity rate for COVID-19 that is 10% or higher. Because of the increased incidence of infection due to the Delta variant of COVID-19, the CDC now recommends that face masks are worn indoors by individuals who are vaccinated and

unvaccinated as both can transmit the virus, and the Delta variant has proven to be more virulent than other widespread variants.

Before mandating indoor masking, the Commission received extensive testimony from experts at UF Health and the State Department of Health who made it clear that indoor masking is an essential mitigation strategy to reduce the community spread of this disease, which we know will, in turn, reduce the burden upon the health system and save lives.

As we showed from the beginning of the pandemic, we can reduce the spread of this disease and protect our community when our institutions work together. As expressed by the experts at the University of Florida, to allow hundreds of individuals to gather indoors on campus without masking poses an avoidable danger to the students, faculty and our Community.

While we fight the spread of this Delta variant, we hope that our nationally recognized educational institutions will seriously consider the implementation of similar masking requirements, both for the protection of your university and college community, and the protection of the Alachua County community, at large.

Finally, under Chapter 2021-8 of the Laws of Florida, the Board of County Commissioners is required to meet every seven days to evaluate the potential extension and modification of the emergency order granted under the Section 252.38(4)(2021). Our Board will obviously consider any information you provide or any actions you take in response to this letter at its next meeting scheduled for Tuesday, September 14, 2021.

We hope that you will consider the necessity for these requirements and will join us in enforcing the indoor masking requirements, whomever imposes them.

Thank you for considering this request. I look forward to your response.

Sincerely,

Ken Cornell, Chair
Alachua County Commission

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 4.

Agenda Item Name:
Community Agency Partnership Program (CAPP) Grant Review Committee Award Recommendations for FY 22-24.

Presenter:
Claudia Tuck, 352-231-0058

Description:
The County Manager appointed a Grant Review Committee to review and score 44 applications submitted in response to the BoCC approved RFA #22-198, for the next round of CAPP funding for FY 22-24.

Recommended Action:
Hear staff presentation and make final CAPP awards for FY 22-24. Additionally, delegate contract signature authority to the County Manager for all awards regardless of funding amount.

Prior Board Motions:
On 2/23/2021, the Board approved the issuance of RFA #21-198 and that the County Manager appoint citizens to a CAPP Grant Review Committee.

Fiscal Consideration:
FY22 Tentative Budget 001.29.2903.569.82.00 - $1,300,000

Background:
The BoCC provides CAPP funds to help alleviate poverty for Alachua County residents living at or below 150% of the Federal Poverty Level. In approving RFA 22-198, the BoCC adopted CAPP funding priorities to address Safe and Affordable Housing, Quality Childcare and Education, Reliable Transportation, Quality Healthcare, Reliable Technology, and Financial Education and Stability. An optional voluntary pre-application meeting was held with interested vendors on 4/15/2021. A total of 44 applications were received prior to the 5/4/2021 application due date. The County Manager appointed 4 citizens to the CAPP Grant Review Committee to serve in an advisory capacity to the Board of County Commissioners. The Committee members received training on the use of Zoom grants and the RFA requirements on two occasions. The Committee met on 8/3/2021 and 8/31/2021 to review, score, and discuss the applications. According to the RFA, funding recommendations will be presented to the BoCC for consideration and the BoCC decides final approval of the funding award amounts.

Public Meeting
Final RFA 22-198
COMMUNITY AGENCY PARTNERSHIP PROGRAM FOR
POVERTY REDUCTION PROGRAMS (CAPP)

Date: August 31, 2021 Start Time: 6:03 PM Location: Grace Knight Conference Room

1. **Review Scores and Award Funding:** We are to discuss, ranking and Team funding recommendations for RFA #22-198 CAPP and these meetings are being recorded.

   1.1. (Introduction) I'm Tj White, Procurement Agent 2, with the Procurement Services and introduce staff and review evaluation team. Go over the agenda on screen

   1.2. First, I want to thank the committee for taking the time out of your busy schedule to evaluate these applications. Welcome to the citizen attending this Public Meeting; these meetings are open to the public and you are here to observe the public meeting. You will have an announced time (3 minutes; no team response) for public comments. There are Agenda's available if you would like one or look at the shared screen.

   1.3. The RFA team will be evaluating applications, discussing their scores, and approving the Team's Final ranking. This Team's final ranking and funding recommendations will be submitted to the BoCC for their approval and authorization to negotiate a contract.

   1.4. I will discuss the current RFA process, and then move forward with the ranking.

   1.5. Current RFA Status:
      1.5.1. Advertised on March 31st 2021 and April 7th 2021
      1.5.2. Bid/Application Opening Date was on May 4th, 2021
      1.5.3. Scoring Application (Zoomgrants) and vendor applications were made available to the RFA Committee in May of 2021
      1.5.4. This Evaluation Team met on August 3rd for the first public meeting to discuss scores and ranking. This is their second public meeting to discuss the ranking and award recommendations.

   1.6. Disclosure Forms (Conflict of Interest) were signed on August 31th 2021.

   1.7. Discuss the preliminary scores on the screen. Call for validation of scores to ensure they have been transposed correctly and that they match the scores on your individual score sheets. As committee members you have broad latitude in your discussions, deliberations and ranking provided you are not arbitrary and capricious.

   1.8. Discuss scores and make changes if pertinent
      1.8.1. Discussion, Record and Update RFA Application Evaluation scores
         1.8.1.1. Encourage discussion on the proposals, scoring and until all members are satisfied.
         1.8.1.2. NOTE: Agents will monitor the discussion, keep it on track; keep it on topic.

   1.9. Attach Score Sheet to next page once the team has made their final approval.

2. **Motion to Approve the Scores and Funding Recommendation:** Karen Billings motion to approve the scores and final rankings for RFA 22-198 Community Agency Partnership Program for Poverty Reduction Programs (CAPP). Motion seconded by Kali Blount.
   Vote: 4-0 in Favor

3. **Motion to Select Evaluation Chair:** Karen Billings motions to elect Tom Logan as Evaluation Chair to present at the Board Meeting. Motion seconded by Cathie Whitney.
   Vote: 4-0 in Favor

4. **Public Comment**

5. **Motion to Approve the Meeting Minutes:** Kali Blount moved to approve the Meeting Minutes Motion seconded by Karen Billings
   Vote: 4-0 in Favor

6. **Meeting Adjourn:** Time: 8:27

Alachua County Coalition for the Homeless and Hungry dba GRACE

Shelter Housing Services

Because GRACE is the largest shelter in Alachua County, 70% of the first contacts made with the emergency homeless system happen at our campus. Our staff is experienced and prepared to help those seeking services.
We have successful Housing programs and have housed over 1,600 since we opened in 2014.
Diversion is our first line of defense. Diversion closes the front door to homelessness. When someone seeks shelter at GRACE, our first effort is to find a suitable alternative to prevent them from becoming homeless. Often people do not think about what choices they have available. By working with our Intake Specialist, people uncover other options. Some return to family; others receive support to remain where they are currently staying while working with them to find housing; others need rent or utility assistance.
For those with no place to go, the emergency shelter offers a safe place to live while you look for housing. Each resident has a Shelter Housing Specialist who helps create a housing plan. The trauma of the pandemic, losing everything, and now being homeless is profound. The best way to minimize the trauma is to get people back into housing immediately. With your investment, we will house people more quickly.
Developing and implementing a Housing Plan includes a wide variety of activities. Shelter Housing Specialists guide guests through the complex steps of the plan.
Preparation for housing includes securing the identification needed from birth certificates to State issued ID cards. These documents are a crucial foundation for a new life. The next step is to be sure that the guest has all the funding they are entitled too.

Obtaining their Social Security, disability if appropriate, and pensions can ensure success in the future. With identification and income, guests are ready to move into housing.
The Shelter Housing Specialists help guests find and move into appropriate housing. Our goal is to find permanent housing that the guest can maintain on their own. We can provide first, last, and deposits as necessary to help people get on their feet. Through donated goods, we can help people set up their new homes.
GRACE continues to support those placed in housing for as long as necessary. Program participants can access services if needed.

Alachua Habitat for Humanity

Alachua Habitat for Humanity Construction Inflation Mitigation Proposal

AHFH staff will use the time-tested, successful model of Habitat For Humanity International to reach out to potential homeowners. These families complete a series of educational courses about homeownership, and provide 400 hours of sweat equity working on the houses of other clients and their own houses. Applicants must demonstrate need for adequate shelter, have a low debt to income ration (<43%), and undergo a criminal background check. Applicants also must complete a Home Owner Orientation and provide a small deposit toward their home.
AHAH uses volunteers and professionals from the construction industry to build the homes. Homeowners must provide 100 hours of community service, 100 hours working on other homes, and put in 200 hours of work on their own house.
We expect to serve 11 families during the grant period, by constructing 11 homes. The applicants must meet HUD guidelines for income. More than 85% of the head of households applying for our homes are African-American, and more than 80% of head of household applicants are women.

Boys & Girls Clubs of Northeast Florida

Project Learn/Power Hour

The goal of this proposal is to provide our Project Learn Program during our after-school and summer camp programming. Project Learn is implemented the first hour members arrive at our Clubs each day of the week during the school year, and one hour each day during summer camps. 60 kids in Alachua County will have free access to our full programming for the whole year. This includes meals, transportation from their school, educational field trips, and quality care provided by our mentoring staff.(Staff

and transportation costs required to deliver direct services to Club Members) During the academic year students participate 3 hours per day for 170 days, 29 days during the summer for 8 hours per day. We expect that that more than 95% of our student participation will be Black, 3% multiracial and 2% White.

Bread of the Mighty Food Bank, Inc.

HOPE Preserved for Alachua County

HOPE Preserved for Alachua County will help with the acquisition of and distribution of food and basic essentials to member agencies, which in turn will distribute provisions free of charge to the needy and hungry. Member agencies receive provisions from BMFB for a member sharing fee of .18 / lb. or less. Member agencies include food pantries, soup kitchens, shelters, a high-risk youth program, residential programs for the mentally &/or physically challenged, adult & child day care facilities, after school programs and assisted living programs.

The program begins with a daily cycle of 1) collecting donated food products; 2) transporting food to BMFB warehouse; 3) inspecting food for quality, freshness and expiration; 4) sorting perishable and nonperishable products to restock the BMFB showroom, create family food boxes and prepare pallets for food pantry deliveries; and 5) working with Partner Agencies and volunteers who distribute food to people who are food insecure. Each distribution includes meat, bread, fresh fruit and vegetables, and shelf-stable food products.

Per food banking best practices, BMFB does not distribute food directly to individuals. Rather, food and basic essentials are primarily distributed throughout the year from BMFB to network member Partner Agencies. Partner Agencies complete a membership application, provide needed documentation, list authorized users, and ensure at least one user is trained and certified in Food Safety and Handling. Agencies schedule visits, as often as needed, to come and select shelf-stable, fresh and frozen foods from BMFB warehouse for distribution free of charge to the hungry in their communities. Agencies may also acquire pre-assembled family boxes: a 50 lb. box with a variety of shelf-stable foods, designed to provide a family of four, three meals a day for four days. The agency undergoes an annual inspection by BMFB staff to ensure proper food storage and handling. Currently, 125+ Partner Agencies are in Alachua County.

For FY22-24, BMFB expects to acquire 8.5-9.5 million pounds of food annually and distribute 5,200,000 million lbs. throughout Alachua County, providing more than 4.3 million meals per year.

As a partner of Feeding America, BMFB is not encouraged or required to verify income of the people to whom it distributes food. However, while we do not specifically collect demographic and income data, 2019 Alachua County demographics depict the following:

• Race: 60% White, 21% Black, 10% Hispanic or Latino, 6% Asian, and 3% Two or More Races
• Household Income: 57% Single/Cohabitating- 23% Poverty and 37% ALICE; 23% Senior -13% poverty and 37% ALICE; and 20% Families with Children- 18% poverty and 26% ALICE
• Alachua County ranks 58th in the FL State Poverty Ranking with 19% poverty or 18,579 households.

BMFB assumes our participant demographic data would mirror that of Alachua County, perhaps with a higher concentration of individuals in poverty.

Bread of the Mighty Food Bank, Inc.

Gainesville Harvest

Formerly its own stand-alone nonprofit for 23 years, Gainesville Harvest became a program within Bread of the Mighty Food Bank in 2015. Rather than allowing decades of food rescue and redistribution partnerships to end, BMFB chose to assimilate Gainesville Harvest into the work of the Food Bank.

The Gainesville Harvest Program is committed to ending food insecurity and food waste by collecting edible prepared food that would have otherwise be thrown away by grocers and restaurants and redistributing it local charitable organizations to assist with feeding hungry people.

Weekly, approximately 125 volunteers average 145 trips to 45+ local restaurant and supermarket sites to pick up food and deliver it immediately to charitable organizations on a rotating basis. This often means picking up food at 10 pm from restaurants or bread at 4:30 am from stores and bakeries. To keep foods safe, pickup and delivery schedules are precisely maintained with a very quick turn-around of product.

Volunteers transport the donated food to organizations like churches, Reichert House, Peaceful Paths and other charities, who serve it to individuals and families in need of help. For FY22-24, Gainesville Harvest will annually acquire 510,000 pounds of food and distribute 425,000 meals to 35+ agencies throughout Alachua County. A meal is defined as 1.2 lbs. of food per person.

As a partner of Feeding America, BMFB is not encouraged or required to verify income of the people to whom it distributes food. However, while we do not specifically collect demographic and income data, 2019 Alachua County demographics depict the following:

• Race: 60% White, 21% Black, 10% Hispanic or Latino, 6% Asian, and 3% Two or More Races
• Household Income: 57% Single/Cohabitating- 23% Poverty and 37% ALICE; 23% Senior -13% poverty and 37% ALICE; and 20%

Families with Children- 18% poverty and 26% ALICE
• Alachua County ranks 58th in the FL State Poverty Ranking with 19% poverty or 18,579 households.

BMFB assumes our participant demographic data would mirror that of Alachua County, perhaps with a higher concentration of individuals in poverty.

Caring and Sharing Learning School, Inc.

Academic/After-school Program

The Academic/After-School and Summer Program as outlined in this proposal contain the components that contribute to high academic student achievement as well as providing the necessary elements which will play an important part in breaking the cycle of poverty. Alachua County needs its youth primed for academic and professional success in all their future endeavors and pursuits. Such elements include but are not limited to Science, Technology, Engineering, Arts and Mathematics (STEAM) activities. The first phase of this program encompasses a tutorial component designed to boost the academic performance of student participants. The instructional activities in the tutorial sessions are based on student pre-assessment through the Alachua Instructional Management System (AIMS) instruments designed by the Curriculum Department of the Alachua County School District. This phase of the project is implemented after school from 3:00 to 4:30 PM, Monday through Friday. In addition to Caring and Sharing Learning School (CSLS) students, other student participants will include individuals who reside in Southeast Gainesville. Some targeted areas are Woodland Park Housing Development, Lincoln Estates Neighborhood, Phoenix Housing Development, Lake Terrace, Carver Gardens, and Gardenia Gardens Apartments. The maximum enrollment is not to exceed 100 students during the school year and 200 students during the summer.

During the school year, each student receives an average of eight hours per week in the academic areas of Reading and Math. To assist students in mastery of reading and math skills, their academic progress is monitored, and necessary teaching adjustments are made as student assessment scores indicate. Certified teachers tutor students. Additionally, fifth (5th) grade students participate in STEM activities three times per week. The skills taught in these sessions are based on Science Benchmarks of the Florida State Science Assessment Test. The Academic/After-School program year will start on October 1, 2021 and conclude May 27, 2022.

The academic summer program component runs June 10, 2022 through August 2, 2022. In addition to tutoring in Reading and Math, STEAM instructional activities are included in the tutorial summer session. In the summer, tutoring sessions begin at 8:00 AM and end at 1:00 PM. Students participate in bi-monthly seminars designed to motivate them to strive for academic excellence and explore post-secondary options such as college or exploring an AS Degree in a vocational or technical area. Program participants will gain academic and experiential tools that will prepare them for occupational success and future financial comfort.

With the assistance of Alachua County Food and Nutrition Services, meals will be served to students at no cost.

CAPP funds are requested to pay for four (4) certified teachers and one (1) program assistant.

Catholic Charities Bureau, Inc. -- Gainesville Regional Office

Housing Assistance- Homeless prevention

Housing Assistance- Homeless Prevention program provides: Homeless Prevention funds to those at risk of losing their home or apartment; Utility Bill Assistance for those at risk of having their utilities turned off; Prescription Assistance for needed medications; and Food Pantry food distribution. Emergency Assistance staff conduct an individual intake and work with each eligible client to determine what other resources might be available and provide referrals to other agencies that may be of help including assistance in applying for food programs (including Emergency Food Assistance Program – TEFAP for low-income clients) and referring to home care, primary care, medical specialty services, counseling, and legal services. The program also refers clients to our money management and self-sufficiency program, Bridges to Prosperity, which helps these individuals learn critical financial literacy skills, including how to pay their bills and budget. Clients for the proposed program are, low-income individuals and their families living at or below 200% of the poverty level. (B) CAPP funding will help the program reach 50 clients with case management services and referrals. Anticipated demographics include; 59% female, 41% male; 52% White, 72% African American, 7% Hispanic, and 2% Other. (C) Staff provide frequent case management throughout project period, supporting and referring eligible clients to access affordable housing, Medicaid, prescription co-payments, food programs (including Emergency Food Assistance Program – TEFAP for low-income clients), home care, primary care, medical specialty services, counseling, and legal services. The program also refers clients to our money management and self-sufficiency program, Bridges to Prosperity, which helps these individuals learn critical financial literacy skills, including how to pay their bills and budget. (D) Emergency Assistance will provide direct client services including rent and utility assistance to clients who reside in Alachua County.
E) Clients could be heled one time with CAPP funds, if the need arose for additional assistance, other Agency funding could be used to fulfill those needs.

Catholic Charities Bureau, Inc. -- Gainesville Regional Office

Weekend Hunger Backpack Program

-285 children will receive weekly backpacks * filled with supplemental weekend food for 30 weeks
*Although we will serve 820 children (1 participating student plus food for sibling/s), we track 285 children receiving backpacks with "Efforts to Outcomes" software)

-25,900 meals provided to chronically hungry children (actual number is larger because of other dependent siblings in household)

-100 referrals to families for other services through United Way or Catholic Charities

---

CDS Family & Behavioral Health Services, Inc.

SNAP in Schools - Building a Foundation to Mitigate Poverty's Risk Factors

The proposed SNAP-S program would serve at least 480 youth over a 3 year period. The program would be housed at two Alachua County Title 1 schools, Chester Shell Elementary and Alachua Elementary, and would target youth aged 6-11; 240 young people will be enrolled at Alachua Elementary and 240 will be enrolled at Chester Shell Elementary over a 3 year period. Due to the cost-effective nature of the program, costs for serving more than the targeted youth would not increase. The estimation of 480 youth is the baseline measure with consideration for the currently enrolled class and Covid-considerations. There is potential to serve even more youth based off of availability and school-wide need. 100% of students at both schools are eligible for Free and Reduced Lunch. Student racial/ethnic demographics are as follows for Alachua Elementary: 36.9% White, 13.1% Hispanic, 40.3% African American, 8.4% Two or more races, and 1.3% Other; Chester Shell's student demographics are as follows: 51.7% White, 5% Hispanic, 34% African American, 8.3% Two or more races, and 1% Other (FLDOE, 2020). Each SNAP-S group consists of 13 sessions over a 13-week period. Program Facilitators will conduct six group cycles per year made up of 13 sessions. Every session lasts 45 minutes and the curriculum will cover the following topics: Introduction to SNAP, Body Cues, SNAP Learning Log, Dealing with Feelings, Joining In, Fair Play & Sportsmanship, Avoiding Trouble, Dealing with Peer Pressure, Understanding Stealing, SNAP Problem-Solving & Apologizing, Dealing with Bullying, Complimenting & Rewarding Yourself, and Celebrating YOU. During and after the program, SNAP-S facilitators work collaboratively with teachers to reinforce the skills taught during SNAP-S. In addition, SNAP-S facilitators will conduct summer programming and complete training while students are not in school to remain up to date on best practices related to the delivery of SNAP-S material.

Child Advocacy Center, Inc.

Reducing Trauma to Abused Children: Therapy Program

The CACs therapy program provides a child friendly setting for the treatment of child abuse through the use of highly trained masters level, licensed and license eligible therapists. Services provided will include trauma assessments and play therapy for abused children who, without the program, could not otherwise obtain specialized therapy services. Therapy reduces the risk that these children will be re-abused or will become abusers themselves. Appropriate, timely intervention also reduces the risk that children will develop mental health and substance abuse issues, contributing factors to poverty. The requested funds will be used for staff to provide play therapy, trauma focused cognitive behavioral therapy, individual, family and/or group sessions. Sessions will be provided at the CAC, at schools, community programs, and at homes, when appropriate. Program staff is available 24 hours per day, 7 days a week and 365 days per year and when emergencies arise. We will provide 1100 hours of therapy annually. The number of staff for this request was chosen specifically because it will eliminate the CAC's waiting list. In order to be accepted for the program, there must be verified findings of physical or sexual abuse, domestic or community violence, drug endangerment, severe forms of neglect and/or human trafficking of the children. The program is designed for children (aged 2.5 - 18), and their caregivers, in Alachua County, who are victims of abuse, and whose family income falls at or 150% below the federal poverty level. Participants' families and caregivers are not aware of vital resources in the community, and even if they are aware of resources, frequently they are so overwhelmed with the impact of the abuse that they are not able to access those resources without additional help and support. Many caregivers are hesitant to ask for help, so the program provides advocacy and case management services to further support abused children and their families. Therapeutic support assists caregivers that have experienced their own trauma as children, that are triggered by their children's experience. Caregivers, that have not processed their own trauma, can struggle with meeting their own needs, as well as their children's needs. Children and caregivers in the program will be served without discrimination as to race, ethnicity, gender, sexual orientation, marital status or religion. Historically, the CACs participants identify themselves as 38% male, 62% female; 42% White, 44% Black, 7% Bi-racial or Multi-racial, 6% Latino, and 1% Asian. Caregivers will participate in trauma informed curriculum at intake to receive education on the effects of trauma on children, wellbeing and behavior. The program will serve 150 children and non-offending caregivers in the program. The frequency of the therapy and advocacy/case management services will be highly dependent on the needs of the children and their families, and provided as long as needed.

Children's Home Society of Florida

Howard Bishop, a Community Partnership School

This request directly impacts these critical areas for up to 430 students annually:

1) A portion of the funding will be dedicated to serving the mental health needs of up to 100 uninsured students and their families at Howard Bishop. Counselors will utilize evidence based practices (Cognitive Behavioral Therapy, trauma focused approach) to meet client individual needs for treatment including group psychoeducational counseling and one-on-one counseling. The CPS's counseling program offers mental health services to students and their families located right on campus. Students receive services during the school day or after school in their home. At minimum, students will receive one hour per week of individual counseling from a Masters level counselor. Upon receipt of the referral, the clinical counselor will contact the parent to schedule an intake appointment. During intake, the staff will gather any additional information needed. A treatment plan is developed with the client's input to identify goals and objectives. Services typically last three to six months based on identified needs.

2) This proposal will also provide after-school tutoring and homework help to 100 students during the school year (Monday through Thursday, 2.85 hours a day for 36 weeks). Funding will help expand services to 25 students in the before school program (1 hour a day, Tuesday-Thursday for 36 weeks), and 50 students per Academic Boot camp offered one Saturday a month for eight months to provide more support for students who are struggling academically. During the summer, 120 incoming 6th grade students will participate in a bridge one week intensive program to help prepare them for the transition from elementary to middle school

3) This proposed project will fund our Acceleration program serving our overage 6th graders who have been retained 1 or more times. This program includes students attending the last 9 weeks of their previous school in after school, 6 weeks of academic support in the summer and attending afterschool tutoring for the first semester. For the 2021-2022 school year we have identified 35 students for the Acceleration Plan. We project providing services to 105 students over the next three years.

4) Finally, funding will provide 30 IXL software online student accounts allowing students to practice math and access extra reading supports prescribed for their individual needs.

The Expanded Learning Coordinator, experienced tutors, and clinical counselor will serve 430 students annually. The funds will provide a portion of salary for the Expanded Learning Coordinator, sessions for students who are uninsured or underinsured for counseling, and 14 tutors (for Acceleration, before-school, after school and summer tutoring) to help low income/at-risk students in East Gainesville, FL.

Cultural Arts Coalition

Science Clubs and Science Bus

The Cultural Arts Coalition Science Club Program is designed to academically supplement elementary school students in science, technology, engineering and mathematics (STEM) areas by offering exposure to the STEM areas in ways that directly impact

students' lives. These offerings help to ensure that children from low socioeconomic and minority communities are competitive, stimulated and engaged. The program will enhance the students' creative and critical thinking strategies in their living environments. The value of this learning cannot be underestimated. Participants are expected to learn and be introduced to new concepts in the STEM areas, which ultimately will enable them to be competitive throughout their future academic and work careers.

The program will increase student interest in academic excellence and enhance academic skills while motivating them to consider a more rigorous curriculum. The program will educate students on effective reading, science and mathematics skills; new and innovative studying methods; and goal-setting techniques, which will keep the student's focused and motivated to achieve their educational goals.

This project includes a strong academic component designed to:
1. Develop and enhance basic skills by providing supplemental instruction and academic counseling;
2. Provide students with rigorous coursework preparation;
3. Provide exposure through interactive hands-on learning and educational field trips; and
4. Provide behavior modification strategies through educational experiences that will increase students' motivation, self-esteem, and confidence to succeed in their educational pursuits.

Participants will be selected from elementary schools that have at least 80% of its students on free or reduced lunches. During the school year, the program will operate after school for 1-2 hours. CAC will meet with students at schools or academic centers immediately following their final class of the day. In the summer, the Science Bus will make three visits to outlying towns.

These are the proposed locations and duration of program delivery.

a. Caring and Sharing Charter School: 30 students, one hour
c. G. Washington Carver at Wilhelmina Johnson Resource Center: 8 students, two hours
d. Greater Duval Neighborhood Association (meeting at Duval Learning Center for 2021-2022 until completion of new Clarence R. Kelly Center): 10 students, two hours
f. Resilience Charter School: 8 students, one hour
g. Pine Ridge: 10 students, two hours
h. Oak Park: 10 students, two hours
i. City Recreation Center: 20 students, two hours
j. Girls Place: 15 students, two hours
k. Smaller towns in county: 20 students, two hours
l. Summer bus events: 50 students at each of 3 three-hour events

---

Early Learning Coalition of Alachua County, Inc.

After-School Care for Children of Working Poor

The focus of this request is to provide funding for children of working poor parents who are employed in lower-wage jobs and trying to support their families, but needing help with the expense of child care.

CAPP funds will be used to serve families that enter the program at or below 150% of the FPL and remain in the program up to the 200% of the FPL.

Funding will allow the ELCAC to serve up to 30 children and receive a Federal match that will allow for an additional 30 children to be served.

Demographics:
1% hispanic, 5% hispanic/white, 80% black/nonhispanic
48% male and 52 female

Easter Seals Florida, Inc.

Easter Seals ADHC at Altrusa House

Easterseals at Altrusa House is an Adult Day Health Care (ADHC) center that provides services to families and caregivers. Our ADHC center is open 10.5 hours, Monday through Friday which allows caregivers and family members to remain employed in the community knowing their loved one is being cared for in a safe, stimulating environment during the day. Our center is a daytime program for adults that require a healthy, safe environment that honors and empowers each participant to live the best life possible as an alternative to staying home socially isolated or placed prematurely in a residential (long-term care) facility. The goals for our ADHC focus on the following:

Providing daily on-site nursing services to all members and coordinating with clients' primary care doctors for continuity of care. Setting up and providing referrals, when needed.

Assisting them with securing health and other insurance entitlements for further health needs.

Keeping families united and enriching the participants' lives by providing person-centered therapeutic recreational activities in the

areas of socialization, gross motor skills, fine motor skills, cognitive skills, and health/wellness.

Providing our clients assistance with adult daily living skills.

Providing our clients with dietician- approved breakfast and lunch as well as an afternoon refreshment.

Coaching and educating our clients' caregivers on the health and mental wellness needs of their loved one.

Through the CAPP grant, Easterseals will serve a minimum of 5 participants during the grant year. All of these clients will be residents of Alachua county. Grant funds will be utilized exclusively to avail financial assistance to those participants living at or below 150% FPL. We will provided services for a total of 700 days during the grant funded cycle.

The clients we currently serve at our ADHC are a typical representation of our clients' demographics:
59% are female, 41% male
57% are minority with the African American race representing 87% of minority clients
87% are over 60 years of age
6.5% are under the of 60
6.5% are under the age of 35 years

Eldercare of Alachua County Inc.

Adult Day Care

Al’z Place provides Adult Day Care in a safe, homelike atmosphere to those with memory impairment. Organized therapeutic programs provide social, cognitive and physical activities in a supervised setting. Participant’s needs for recognition, self-esteem, meaningful relationships, activities and personal space are priorities. A Clinical Case Worker (LPN) will administer ordered medications timely and accurately while coordinating care, and works with families/caregivers through regular caregiver training, case conference, community support group meetings, physician communication, and other appropriate venues.

Program Manager creates/monitors systems to ensure clients are placed within appropriate activity levels and maintains a safe environment for clients. Al’z Place is operated Monday – Friday from 7:45 AM to 4:30 PM. The Program will run for the entire grant period 10/1/21 through 9/30/2022 with annual renewals as allowed through the grant administrator. Al'z Place provides services to between thirty and forty participants annually depending on funding availability across all sources, roughly ten to fifteen percent of those may be directly funded by CAPP. The average participant attending Al'z Place is 83.8 years old, white (86%) with a 50-50 ratio of male/female attendees.. Funds will be used to provide 1,900 units (hours) of Adult Daycare at a proposed rate of

$10.73/hour.

Eldercare of Alachua County Inc.

OAA - Senior Nutrition

Older Americans Act (OAA) programs provide seniors with meals, in-home services, education and recreational activities designed to promote good health and quality of life and helps reduce poverty and related stresses by providing services that would otherwise need to be paid for out of pocket (such as daily meals).

ElderCare uses OAA funds to operate congregate meal sites, social centers that allow seniors to have a nutritionally balanced meal while interacting with peers. The Alachua County/City of Gainesville Senior Recreation Center, which opened January 2012, has provided a greater range of programs designed to meet the needs of today's more active seniors. The funding also provides home delivered meals and other home based services designed to keep seniors home and independent at no cost to them.

The Older Americans Act programs are provided Monday-Friday and meals are served at meal sites or delivered to homes between 10:30 AM and 2:30 PM. Program will run for the entire grant period of Oct 1, 2021 through Sept 30, 2024. ElderCare projects to provide roughly 65,500 meals, 5,850 of which would be supplied through CAPP.

The average congregate meal-site attendee is 73.5 years old, White (52%), Female (63%) with 46% living alone while the average home-delivered meal recipient is 75.4 years old, white (53%), Female (62%) with 47% living alone. Funds will be used to provide approximately 5,850 meals to seniors either in a home delivered or congregate setting.

Epilepsy Florida, Inc.

Epilepsy Services

In March of 2020, Epilepsy Florida seamlessly transitioned all services to virtual means; this includes outreach and educational webinars, case management, psychological evaluations and counseling, as well as support groups. Virtual support groups are now conducted weekly for the duration of one hour rather than monthly to reduce social isolation and mitigate anxiety. Telemedicine is conducted by physicians for medical and neurological care. The switch to virtual services has been beneficial to our clients, who

sometimes find transportation to be challenging. Although three neurology visits are recommended annually, certain clients see their neurologists more frequently, as prescribed.

The Case Manager offers one-on-one services to low-income clients who do not have access to necessary healthcare. Case Managers contact clients quarterly or more frequently, as the need arises. Clients also receive assistance dealing with family issues that are attributed to living with epilepsy and finding ongoing and consistent sources of medication for the control and prevention of seizures. Case Managers provide referrals to primary healthcare, other medical specialists, dental care, employment resources and transportation services. Case Managers also connect clients to support groups and education programs for individuals with epilepsy as well as their families.

It takes approximately one year of case management for the client to achieve better seizure control and overall self-management of their condition. The average time an individual remains a client is five years, however no client is turned away from our services, as long as the need persists.

The number of participants to be served by the grant is approximately 50 persons with epilepsy, who lack health insurance. The expected demographics are: 60% female, 40% male, 40% Hispanic, 30% African-American, and 50% between 31-48 years of age. All are at/below 150% of the Federal Poverty Level and approximately 50% of the adults we treat lack a high school diploma. Clients' eligibility is reviewed annually while they meet with the Case Manager at one of their quarterly visits.

Requested funds will be used to support the cost of neurological consults, EEG's, MRI's, blood work and one month's supply of medications, until alternative sources of medications are approved. Requested funds will also be used to support fifty percent of the Case Manager's salary.

Equal Access Clinic Network

Increasing access to prenatal health care for vulnerable populations to reduce community maternal and infant morbidity and mortality.

Our proposal seeks funding for a prenatal specialty care night at the Equal Access Clinic. Clinic services will include prenatal screening, obstetric health maintenance, and ultrasonographic screening for fetal anomalies. Our long-term goal is to offer longitudinal care to expecting mothers that extends into the postpartum period, creating a safe, accessible, and affordable environment for expectant mothers in Alachua County.
Laboratory studies and imaging that offer advanced knowledge of fetal anomalies and comorbidities are oftentimes unattainable

for those without health insurance or means to pay out of pocket. The majority of the patients who seek care at EACN are medically-underserved and underinsured individuals who either do not qualify or are unable to seek care elsewhere. Our goal is to provide care to individuals in Alachua County who cannot otherwise obtain it. Our patients will be able to obtain their prenatal laboratory testing free of charge, allowing for early detection of comorbidities requiring advanced care.
Alachua County has consistently had worse infant birth weight and health outcomes than the rest of the state of Florida, including a higher percentage of infant mortality in the past several years, particularly amongst Black Alachua County residents. Early screening and prompt intervention during pregnancy are key measures in improving these outcomes, which are often a result of unidentified or poorly managed perinatal conditions and bacterial or viral agents which can affect fetuses. As we discussed earlier, the rate of STIs in Alachua County is significantly higher than the rest of the state of FL. These diseases have the potential to significantly complicate a mother's pregnancy, and the health of her infant after birth, leading to poor outcomes for both, ranging from failure to thrive, to blindness, to internal organ damage, to death. By providing free screening for these diseases throughout pregnancy, we hope to improve not only the health of our patients and their infants, but the general health of the community by preventing the spread of STIs. Our screening protocols would also cover common perinatal conditions such as pre-eclampsia and gestational diabetes, which carry substantial risks for both mom and baby if not identified and managed. Rates of morbidities secondary to these pathologies are higher amongst Blacks and Hispanics in the United States. Notably, 70% of Hispanic and Latina women in the US received late or minimal prenatal care, and African-American mothers were 2.3 times more likely than White women to receive late or no care during their pregnancies in 20173. Our goal is to be among the first in Alachua County to offer prenatal services for free in an effort to improve these outcomes by intervening early and assisting our patients in accessing government services such as WIC and Medicaid - we aim to improve both infant and maternal morbidity and mortality in a county that needs it.

Family Promise of Gainesville, Florida, Inc.

Shelter & Sustainable Housing for Families

A. DESCRIPTION OF ACTIVITIES. Family Promise is a volunteer-driven homeless shelter for families with children, uniting civic groups and communities of faith in a collaborative effort to assist families. While in FP care, families are sheltered in hotels and apartments during the pandemic.
Step 1: INITIAL INTAKE: A family with children is referred to Family Promise and interviewed by staff for our 90-day shelter program. A vulnerability worksheet (VI-SPDAT) is used in every assessment. If the shelter is full, they are instead referred to our continuum of care's Coordinated Entry system. This system allows all families in need to be served based upon their vulnerability and need.
Step 2: SHELTER, MEALS AND SUPPORT are provided by volunteers every day.
Step 3: CASE MANAGEMENT AND DAY CENTER SUPPORT: FP staff provides case management services for each family, developing a case plan which includes employment, housing, accessing resources and school/daycare for all children.

The request will provide for (1) FTE case manager to handle intake, case management, and coordination of volunteer meals and furnisngs (noted below).
Step 4: TRANSPORTATION services have pivoted to furniture and meal delivery systems as a result of the pandemic. Bus passes are still available, but our van driver is now a meal deliverer, and facilities manager for the units we own or manage. The van driver has also delievered >30,000 pounds of furniture to clients who need it.

B. DURATION AND FREQUENCY OF ACTIVITIES: Family Promise is a 90-day shelter program that includes housing stabilization strategies to reduce the time a family experiences homelessness, and to increase life-skills to increase the likelihood a family stays stably housed for at least six months after graduating from our shelter program. We provide shelter nights for families 365 days per year. Our rental assistance programs vary from three months to two years, depending on need and on Progressive Engagement that works to empower families to become self-sufficient.
C. NUMBER OF PARTICIPANTS & DEMOGRAPHICS: Family Promise anticipates serving approximately 250 people per year. All will be very low or extremely low income persons with children under 18 in their custody, and all will be experiencing homelessness. Over the last several years, Family Promise had a success rate of 95% last year--meaning families stay permanently housed after exiting our programs.

Last year demographics were approximately 70% of heads of household identified as minority, over 80% of families were single parent led, and 100% were Low or Extremely Low income according to HUD's income guidelines.

D. USE OF FUNDS. Funds will be used to pay for our Transportation and Furniture coordinator position (1 FTE), and for our volunteer coordinator/shelter case manager (1 FTE). These positions are integral to our all our programs, providing support from initial entry, to food, to furnishings after graduating to a home.

Fellowship Church of High Springs

Community Service Projects

On "Big Serve" days we mobilize volunteers from within our church and community to make physical improvements to the homes of those in need.
We will make critical home repairs for the elderly, sick, and underprivileged. Some of those repairs include constructing wheel chair ramps, cleaning up yards to comply with code enforcement, metal roof overs, repairing leaks, and stabilizing floors.

We desire to mobilize a large group of volunteers on a quarterly basis to provide home repairs. On each of these mobilization days, we hope to help 1-4 residences.

We anticipate helping those at or below the 150% FPL and want to serve those in our community regardless of race, religion, or

other identifying factors. We plan to focus on northwestern Alachua county.

Florida Organic Growers & Consumers Inc.

Local Food Security Project

Through Electronic Benefits Transfer (EBT), this project assists shoppers that are SNAP recipients living in Alachua County to purchase produce, protein, dairy, food-producing plants, seeds, and all other SNAP-eligible items at three local farmers markets located near USDA categorized food insecure areas. The project also administers the FAB program which doubles SNAP dollars for the purchase of Florida-grown produce. The SNAP coordinator administers the program at all three markets each week.
The project relies on a 3-step approach to accomplish its mission of hunger relief to food-insecure areas of Alachua County: Market Booth Function, SNAP Outreach, and Nutrition Education.
At the market booth, the SNAP Coordinator swipes an EBT card in a secure app and processes the payment in exchange for orange tokens, which are used for SNAP-eligible items at any of our participating markets. EBT tokens given out are doubled through the FAB program.
The Project Manager directly supervises the project by regularly attending markets and ensuring weekly goals and tasks are completed. This includes maintaining transaction data and vendor relations with participating vendors. The manager ensures there is no SNAP fraud taking place and coordinates all education and outreach events.

Nutrition education is done through partnerships with cooking instructors and nutrition educators who can advise and teach SNAP recipients regarding how to access nutritious foods, as well as demystify the food buying, and preserving processes.
Participation in the project has been tracked steadily since 2008 to evaluate impact. In 2016 there were a record number of new SNAP customers at our markets. In keeping with the project's slated goal of a 15% increase in participation and out of the 1,200 SNAP transactions over 250 were by customers who had never shopped at a farmer's market before. In 2017, transactions increased to 1,320 amounting to $33,190 in incentive distribution. In 2020, transactions were up to 1,855 amounting to $55,077 in incentives distributed. Considering the evidence collected since 2008 that shows an increase in SNAP market users and with the amplified need and demand brought on by the pandemic, we are confident that we will continue to see this trend continue and serve more of those in need.
The project functions at 3 markets per week, year-round (156 markets, or 832 SNAP hours) and carries out 12 nutrition education per year.
CAPP funds will be spent on employing the manager and coordinator and purchasing nutrition education supplies to positively impact food-insecure Alachua County residents by increasing access to healthy, adequate food and by providing resources and nutrition education to those living below the poverty line. Our data collection found our participants break down in the following ways:
female: 71%
male: 29%

Under 19: 15%
19-54: 60%
55+: 24%
white: 72%
black: 9%
Hispanic: 7.5%
Asian: 3%
other: 7.5%

Gainesville Area Community Tennis Association, Inc. DBA Aces in Motion

Aces In Motion After School Program

This proposal is requesting funding to enhance the programming at AIM's two newest after-school sites. The Oakview Park Teen Center, a partnership between the City of Gainesville & AIM. The City awarded the center's management contract to AIM, & AIM conducted a successful fundraising campaign to furnish & equip the building with a state-of-the-art computer lab, Esports area, music production studio, HIPPA-compliant mental health room, kitchen, staff offices, & a community room. In addition to providing 1:1 tutoring, partnerships with individual providers & other non-profits will provide classes in music, coding, cooking/nutrition, & more. AIM was also recently approved by the school district as a CROP (credit retrieval) site.

Most AIM students enter the program in 6th grade & remain through high school graduation. Approximately 95% of the students served are black; the remainder are Hispanic or biracial. The great majority are from families whose annual household income falls under 150% of FPL. AIM serves female & male students between the ages of 11-18 years old. Currently AIM has approximately 55 students enrolled in its after-school program; we anticipate being able to increase the numbers served & support services provided with the addition of the Oakview Teen Center & HBMS.

Starting in the fall 2021, the AIM Middle School Academy will be located on the HBMS campus. AIM students who attend other schools will be transported to HBMS during the after-school hours (3:30-6:00). At that location, primarily 1:1 tutoring will be provided, as well as tennis instruction. AIM middle school students will be regularly transported to the Oakview Teen Center for enrichment activities & classes and to UF for college exposure field trips. We anticipate serving approximately 30 students at this site.

The Oakview Park Teen Center will be the after-school home for AIM's high school students. High school students who graduate from our AIM Middle School Academy Program are eligible for our Teen Center program. We anticipate serving 40-50 AIM high school students 5 days/week, Monday-Friday, from 2:30-6:30, with transportation & a healthy snack provided. AIM will offer all of

these services at no cost to the student as long as they qualify financially.

Many of AIM's students have multiple risk factors that make success in school a significant challenge. Therefore, the opportunities and services that the AIM Oakview Teen Center offers are greatly needed for students to remain in school, excel academically, graduate on time, & develop skills that will help them become college- and/or career-ready. Starting in 9th grade, AIM students begin a Coaches in Training (CIT) curriculum, which includes an emphasis on leadership, ACT/SAT prep, community service & workforce readiness skill development. As our students progress in the CIT program, they become eligible to be hired as Oakview Center employees, coaches, & tutors for younger students in other programs

---

Gainesville Community Counseling Center

Mobile Mental Health Clinic

The Mobile Mental Health Clinic operates out of a 2021 RV purchased with funds from our Cares Act Grant from Alachua County. The Mobile Mental Health Clinic will be deployed Monday through Friday from 9am - 8pm in high poverty neighborhoods in Gainesville and Alachua County. We will use data and information from our supporting organizations (100 Black Men of Greater Florida GNV, Greater Duval Neighborhood Association, MAMAs Club, NAMI, Rural Women's Health, UF Mobile Outreach, and Unspoken Treasure Society) to identify specific locations and identified needs. Additionally, we anticipate coordinating our work with Partnership for Strong Families as they provide ancillary services and have offered to share their data with us. We will then staff the Mobile Mental Health Clinic with a driver/intake specialist as well as a licensed therapist. The Mobile Mental Health Clinic will rotate location on a daily basis, with each location being visited on the same day every week. Clients will be recruited via social media, educational events at churches, public relations events, and via direct referrals from our supporting organizations, local physicians, and other mental health providers. Clients will be able to schedule appointments or simple show up for a walk-in appointment and we will work them in as soon as possible. Most therapy sessions will last 40 minutes, which will allow us to see walk-in appointments for 20 minutes and then schedule them for a full session on a future date. We will offer individual, couples, family, and group therapy. We anticipate seeing approximately 13 clients per day in each location and anticipate providing nearly 2,750 hours of therapy annually. It is difficult to anticipate the total number of participants as that will depend on how many sessions a particular individual, couple, or family schedule with us. We will encourage clients to schedule for a minimum of 4 sessions and will also encourage them to consider scheduling at our main office location. All of the clients seen on the Mobile Mental Health Clinic will be at the required poverty level, and we anticipate our largest demographic being people of color. However, because of our partnerships with our supporting organizations, we will also have clients with various gender identities, sexual orientations, as well as non-English speaking clients.

As noted in the response to question 7, some clients will also be screened to be Community Health Workers who will receive training on how to provide MBI to their local community. Community Health Worker training will be a four week training program. Each session will last for 2.5 hours and can be provided either in the Mobile Mental Health Clinic or at another location in each

identified neighborhood/area we serve. At the conclusion of the training, the Community Health Workers will be assisted with establishing a group MBI for them to offer to their local community.

Gainesville Opportunity Center

Wellness for those with persistent mental illness

Our program consists of a comprehensive 8-point wellness program, to be expanded to night and weekend activities, and a transportation component for bringing Members to and from the GOC and other health and wellness venues. Our Members work side-by side with our staff.

1. Emotional. The GOC is a community sharing common values of dignity, kindness, and respect. Our monthly newsletter (GOC, 2021) documents achievements and support provided by Members to each other, including our wellness activities.

2. Environmental. We provide a clean, safe, stimulating environment for our Members.

3. Financial. We help Members obtain benefits and will do much more by providing transportation to agencies providing benefits.

4. Intellectual. We have teamed with the Alachua County Public Libraries and the American Medical Student Association to provide adult learning and tutoring.

5. Occupational. Our core activity is the work-ordered day, a Clubhouse standard which engages the Members in a variety of daily activities including office work, reception, house maintenance, outdoor maintenance, and food preparation. Members get personal satisfaction from their work.

6. Physical. Our members participate in outdoor activities daily, including walking, gardening, cleaning, and maintenance of the house. On May 1, our Members painted a panel on the 34th Street wall in recognition of May as Mental Health Awareness month. Nutrition is a critical part of physical wellness. We will provide instruction to help Members choose good foods, and learn to prepare them in their homes.

7. Social. We hold regular social events, including a last Friday birthday party each month. Our Members prepare food for each other. Wellness is promoted by the sense of belonging fostered by the GOC.

8. Spiritual (not funded by CAPP). We have non-denominational memorial services for Members who pass away -- we held a service at the GOC in March for a well-loved Member who recently passed away suddenly due to a heart condition. We have regular art classes and art-related activities.

We currently have 65 active Members. All our active Members participate in wellness activities. We expect to grow our average daily attendance over the course of the year. See item 11.

We currently have 102 total Members, of which 65 are active (have attended one or more activities in the past six months). Demographics for all Members: Average age: 44.7; Gender 42% female, 58% male; Ethnicity 64% white, 26% black, 4% other, 6% unreported. Demographics for the active Members: Average age 43.9; Gender 43% female; 57% male; Ethnicity 69% white, 29% black, 2% other. Demographics for the inactive Members: Average age: 45.9; Gender 41% female; 59% male; Ethnicity 54% white, 23% black, 8% other, 15% unreported. Our Member demographics are representative of the county and its under-served populations.

Gainesville Opportunity Center Members (GOC) (2021) Monthly Newsletters. Web site. https://bit.ly/3

Gator Water Polo, Inc.

Gator Health and Education Program

Our proposal includes comprehensive after school care for elementary and middle school students. Schools involved in the program will be at or below the Federal Poverty level and students chosen to participate will have grades ranking in the lowest quartile of their class. There will be 4 schools included in the program-2 elementary schools and 2 middle schools, each serving a similar demographic. There will be 20 students per group; 2 groups of 4th-5th graders combined, and 2 groups of 7th-8th graders combined- 80 students total.

Students will receive (2)1.5 hour sessions of tutoring per week, Monday through Thursday. Participating schools will have the opportunity to include their own teachers in the program, ensuring that certified teachers are leading instruction, and maintaining the school's policies regarding curriculum, progression, and discipline. Program uniformity will be overseen by the program administration and all teachers involved will work together to provide a structured approach to helping these students get on track academically. Students will receive whole group and small group academic instruction from 4:00-5:30. This time frame allows teachers to present a whole group lesson and then pull small groups to check for understanding and reteaching.

Students will alternate their tutoring days with 2 swim days at the pool, Monday through Thursday. These sessions will include swim and water safety instruction for 1.5 hours, for a total of 3 hours per week. Children will be placed in appropriate levels and each instructor will follow guidelines similar to the Red Cross swim ability levels- where each child progresses through a series of skills before moving on to the next level.

Fridays will be HEALTH day and exclusively dedicated to Health and Wellness activities at the participating schools for 1.5 hours.

Teachers will be given evidence based materials to work with- creating lessons and activities for each topic. Also, we will reach out to organizations and professionals in our community, such as nutritionists and personal trainers, to come and be guest speakers for our students. We will count on community professionals and interns at local approved college programs to share their knowledge and experiences with our youth. Guest speakers will rotate and visit each participating school on Friday- Health day.

Girl Scouts of Gateway Council, Inc.

Girl Scout Community Development Troops

Girl Scouts provides opportunities for girls from disadvantaged backgrounds the chance to choose enriching, character-strengthening activities that build self-confidence and skills to break the cycle of poverty. Programs are delivered based on four key pillars: STEM (Science, Technology, Engineering, and Math), financial literacy, the outdoors, and life skills.

This project will help support the Community Development (CD) Troops in Alachua County by providing 100 lower socio-economic girls in grades K-12 each year the chance to grow, learn and make their world a better place, for a total of 300 girls over the grant period. In particular, girls will be provided with the resources needed to exceed in academics and life.

Girl Scout Community Development (CD) Troops provide the same programming as traditional troops. However, they differ from traditional troops in that adult leadership, direct program services, financial resources, transportation, and staff involvement must be offered at levels significantly greater than most troops. Parents, family members and volunteers participate in many activities, but due to challenges faced by many low-income families, paid PT troop facilitators are required to ensure program continuity and stability. Meetings are held in HUD housing complexes, at Title I schools and partner community locations so girls can attend easily and safely. Routine expenses for membership dues, uniforms, badges, and activity fees are provided at no cost, as well as bus or van transportation to campouts and field trips. For these reasons, CD Troops are more costly and rely on the generous support of donors and partners to implement. Funding would support these costs associated with the delivery of CD Troops, enabling the continuation of these services already implemented in Alachua and the ability to reach 100 girls each year with critical, enriching, and character-building opportunities that have a positive impact on their future.

Troops will meet weekly throughout the year to participate in educational programs each week based on four program pillars. Depending on the site, troops will align with the site to serve girls throughout the calendar year or school year, with at least 42 meetings for each troop.

Kids Count in Alachua County

Literacy-Focused Tutoring and Support

The Kids Count tutoring program will provide 70 students in 1st-5th grade with the resources needed to become strong readers. All of our students attend Rawlings, Metcalfe, or Williams elementary schools in East Gainesville and the majority of students served are performing below grade level in reading. Our student population is 97% African American and 3% Hispanic.

Our tutoring program was developed in collaboration with UF's College of Education and provides each student with an one-on-one tutor, twice a week, for an hour each session. UF College of Education faculty has trained our board members and directors to administer pre and post assessments that measure students' reading fluency, sight word efficiency, and reading comprehension skills. Pre-assessment results are shared with the tutors so they are able to tailor the lessons to meet each student's individual needs. Depending on their pre-assessment scores, students participate in either the University of Florida Literacy Initiative (UFLI) tutoring curriculum or the Winning Reading Boost (WRB) curriculum, both of which are research-based programs with proven results. UFLI focuses on building foundational early reading skills such as letter recognition, letter sounds, and blending of sounds. The WRB curriculum is built on carefully sequenced, systematic, and explicit phonics instruction. The program integrates music to promote learning, memory recall, and spelling skill development. Our students work through both curriculums at their own pace with the assistance of tutors who have been trained by UF College of Education faculty. The tutors receive ongoing professional development and support from our Program Director throughout the program. Students' progress is tracked through report card data during the school year and at the end of the school year we conduct our post assessments to specifically track the students' growth in reading fluency, sight word efficiency, and reading comprehension skills.
Outside of the tutoring time, Kids Count's after-school programming consists of literacy activities that also serve as social emotional learning opportunities. Social emotional learning attends to each child's emotional growth and ability to manage their emotions and interactions with others. These skills are needed by all children in order for them to flourish in school, develop healthy interpersonal relationships, and eventually excel in their future workplace or secondary education. In addition, Kids Count staff and volunteers assist students with their homework every day.

New Technology Made Simple Now

STE²AM Engine Mobile Makerspace

The STE²AM Engine is a transit van outfitted as a mobile maker space providing access to technology for youth in marginalized communities through quality, on-site education. The equipment on-board the mobile maker space provides computers, wifi, 3D design software, and emerging technology such as 3D printers, and robotics. All equipment is portable for set up in classrooms.

The Mobile Makerspace van is essential to our program and delivers the equipment and services to each location. Our trained staff provides a fun, interactive, creative curriculum, aligned with the Florida Dept of Education guidelines to out-of-school providers, teachers, and their students. Our goal is to build 21st-century skills leading to higher-paying jobs in the modern economy and closing the gap in the digital divide so that more students have the opportunity to experience technology in a safe environment and learn the skills necessary for digital literacy.
NTN partners with out-of-school providers to offer no-cost, educational, technology classes once a week for a minimum of 4 weeks or 4 hours during the week. We plan a strategy with the provider to offer the most engaging and supportive on-site education to meet the students' needs. Our content reinforces and enhances STE²AM learning for 6 - 18-year-old students to prepare them for in-demand jobs, sustainable careers, and stable pay. We create diversified content that encourages all students to actively participate through topics addressing individuality and equity. Our teachers observe that 96% of students maintain active participation and receive satisfactory completion of comprehending the material after participating in our classes. We introduce real-world applications of Science, Math, and Reading through 3D content to create a more realistic visual presentation of the material in weekly visits with a minimum of 4 rotations per site.
An example of the STE²AM Literacy program is to engage learners in reading, writing, and storytelling through the use of technology. We teach students to connect with stories by creating hands-on visuals; physically and digitally. For example, we build digital 360º environments that attach context to the story. We use coding to increase understanding of transition sentences. We use Computer-Aided Design (CAD) software to design 3D characters that can be made on a 3D printer or imported into 3D animation software with video and voiceover. Giving students access to tools for visualizing, hearing, and verbalizing their creative content builds a richer connection to the experience.
Our 2021-2023 goal is to increase access to technology training for over 450 students living 150% below FPL through no-cost, out-of-school, and summer programs to reinforce enhanced learning by providing on-site access to 3D technology. We will reach 150 students per year. These male and female elementary through high school students will be required to show proof of income.

Pace Center for Girls, Inc.

Spirited Girls!

Pace, a year-round alternative school for girls ages 11-18, provides a balanced emphasis on academics and social services to break the cycle of generational poverty for girls and young women in Alachua County. Our agency helps girls develop the tools to empower them to finish school, apply for jobs and enroll in higher education. An integral part of the success of the Pace model is the Spirited Girls! program.

Spirited Girls! is a life skills course specially designed to address the needs of impoverished girls at risk of teenage pregnancy, dropping out of school, juvenile delinquency and perpetuating the cycle of generational poverty. The program offers a comprehensive curriculum proven effective in preventing and decreasing high-risk behaviors. Focused on strengthening protective factors that promote healthy decision-making skills, Spirited Girls! uses discussion-based lesson plans, experiential activities and

community engagement opportunities to empower girls to succeed.

Lessons draw from eight developmental domains of adolescent girls that promote intellectual, spiritual, emotional, relational, sexual, physical, substance and career/vocational awareness. Topics relating to essential life skills taught include, but are not limited to, financial literacy, career planning, volunteerism, healthy relationships, anger management and sexually transmitted infections and pregnancy prevention. Experiential activities expose girls to positive practices and behaviors through firsthand involvement. Engaging in volunteerism encourages our girls to make their own positive mark on the community and educates them about resources available in Alachua County.

Offered daily year-round, Spirited Girls! serves an average of 60-65 girls at any given time. While demographics may vary slightly because girls transition to and from our program year-round, of the 102 girls served in FY 2020-2021, 83% were African American, 13% were Caucasian and 4% were Hispanic/Other. Over 98% live in households with low, very low and extremely low incomes, as defined by HUD.

Partnership for Strong Families, Inc.

Academic Success and Enrichment Program

We are requesting funding to sustain and refine the Academic Success and Enrichment Program, hosted by our Alachua County Resource Centers (RCs): Library Partnership Resource Center (LP), Cone Park Library Resource Center (CPLRC) and SWAG Family Resource Center (SWAG FRC); serving the 32601/32609, 32641 and 32607/32608 zip codes, respectively. Our proposed program consists of academic, enrichment and nutritional services (snacks and/or meals). These components include homework help, spring break and summer camps and enrichment activities. We plan to strengthen our program by providing opportunities for children to build and practice socioemotional skills through children's groups, parent-child activities and referrals to outside service providers. Our conceptualization of the children's groups is based on the increased emotional and behavioral needs of children in our community and was developed in collaboration with the Child Advocacy Center. If awarded, program expansion will also include one staff position dedicated to the successful growth and enhancement of the program, thus maximizing outcomes for children.

Students attending homework help are encouraged to attend this service on available days (3-4 afternoons per week), throughout the school year. We anticipate offering homework help between 100-120 days of the school year with a combined average of 25-35 students attending per day. Enrichment activities will be available for students during afterschool programs and as part of our spring break and summer camps. Spring break camps will be hosted at the RCs based upon community needs and will include 3-4 half days with various enrichment activities. We anticipate serving up to 15 students through this program component each year. Summer camps will be held at each location, ranging between 3 to 8 weeks in length, incorporating both educational and

enrichment activities. We anticipate 40-50 children will participate in our summer programs.

Enrichment activities include services designed to build self-esteem, encourage healthy relationships and promote social and emotional well-being. Some examples of enrichment activities include in-kind programs such as Girl Scouts, Black Architects in the Making, Courageous Kids and children's groups designed to promote healthy socioemotional development. Proposed, grant-funded activities also include, but are not limited to, the research based WhyTry, Youth Resiliency Program, Capoeira, African Drum, and performing arts. Please see question #17 for additional details of specific activities, along with the partner agency information.

Based upon historical program attendance and staffing capacities, we anticipate up to 70, unduplicated K-12 students will benefit from this program each year. Although the program is open to all local students, we anticipate the following participant demographics: 83% Black, 12% Hispanic/Latino and 5% Other/Multi-racial.

Peaceful Paths, Inc.

Peaceful Paths Child and Youth Services

Peaceful Paths Child and Youth Services project provides comprehensive intervention and prevention programming to children and youth aged 0-18 in both residential and outreach settings. Domestic Violence/ Intimate Partner Violence (DV/IPV) impacts children adversely, and our services are aimed at providing safety and support services that can reduce the negative effects of exposure to DV, while simultaneously educating them about what healthy relationships look like. Using a best practice model curriculum designed to promote safety and the development of healthy relationships, child and youth advocates offer child assessments, support groups, individual safety planning, individual crisis intervention and counseling, childcare, parenting activities, and group activities at the Campus and in the Outreach Office. Using innovative programming that addresses healthy relationships, emotional well-being, anger, conflict, self-esteem, children and youth develop coping skills to handle the trauma of IPV, safety plans for their home environments, and create positive interpersonal relationships. These intervention-based services are offered daily throughout the week and reach 250 children annually, and are offered concurrently with adult programming to ensure participation for families is accessible. Sessions average 30 to 90 minutes, and incorporate coping skills and behavior management. Prevention programming is offered throughout Alachua County in a variety of school and community center settings, and educates children on topics such as positive conflict resolution, gender equality, boundaries, and media literacy. Advocates provide an average of 300 sessions annually to 3000 students, and ongoing support to classroom teachers, case managers, and program directors at each site. Programming occurs year-round, and sessions are 60 minutes. Summer programming includes half-day camp experiences in Economic Empowerment and Healthy Relationships. In past summers in conjunction with City Recreation, Peaceful Paths created and conducted Teen Economic Empowerment programming which teaches basic budgeting, finance, and credit concepts, while also examining the role of money in relationships. Demographics of intervention program participants mirror that of their parents, and breakdown into annual rates that include 45% white, 50%

African American, 3% Asian, and 2% Native American. About 15% of children served are also Hispanic. Male and Female breakdown is nearly even. Requested funds will be used for the cost of staffing the program and supplies for program delivery. Requested funds will be used for the cost of staffing the program and supplies for program delivery.

Peaceful Paths, Inc.

Peaceful Paths Emergency Housing Campus

Peaceful Paths' Emergency Services Campus is a 72-bed residential facility that provides emergency and extended housing, case management, and basic needs to survivors of Domestic Violence/Intimate Partner Violence (DV/IPV) and their children. Using an empowerment-based model of advocacy and intervention, the facility provides safety and support 24/7 in the transition to self-sufficiency for families and individuals experiencing abuse, the vast majority of which are living at or below the poverty level. This population is vulnerable to homelessness and further poverty due to the danger levels in their relationships and the use of financial abuse and control. Through around the clock staffing, residents are provided the opportunity to work with advocates for services such as safety planning, crisis counseling, helpline calls, case management, transportation, personal advocacy, and information and referral. Integrated children's services are provided to all ages, and our comprehensive programming is fully outlined in the accompanying Child and Youth Programs application as part of the Quality Childcare and Education area.
Housing services provided but not limited to:
• Safety planning.
• Individualized service plan, basic needs assessment, and housing surveys to address case management needs.
• Housing assessment and support for rapid rehousing, relocation, and safe permanent housing placement.
• Emergency food, clothing, and hygiene products and prescription support
• Financial Literacy and Economic Empowerment programming to address employment, generational poverty, credit, mainstream benefits and education.
• Transportation, referrals, and connection to community resources.
• Children's services including assessment, education, childcare, and activities to engage all ages.
Annually, Peaceful Paths anticipates that we will serve 225 adults and 125 children on the Campus and provide 15,000 shelter nights. Of this population, we anticipate about 90% will be residents of Alachua County, 97% of which will be at or below the poverty level. We estimate that we will serve 2 adult men in shelter. The demographic breakdown is likely to mirror past years, where we served 10% Hispanic, 53% African American, 43% White, 3% Asian and 1% Native American. The program operates 24 hours a day, 7 days a week and has been operational since 1978, moving to the current Campus location in 2015.

Rebuilding Together North Central Florida, Inc.

Applications:

Applications are accepted during pre-announced application cycles which occurs for a minimum of two weeks per cycle or through referrals from partnering organizations. Our application also asks for inclusion of any repairs completed by other local agencies, to avoid duplication of services.

Applicants are required to complete an application and provide proper documentation to verify the number and identity of individuals living in the home, income for all residents, and veteran status when applicable.

Selection:

After applications have been processed, our team pre-selects and schedules visits to homes that meet our basic criteria, prioritizing visits to homes in areas where there are multiple funders and additional leveraging of funds is available. Special considerations are given to families (as an opportunity to benefit more individuals), those with disabilities, veterans, and seniors. Initial home visits include a 25-point health and safety focused inspection, detailed note-taking, relevant questions related to homeowner's priorities, and photos (with permission) in order to discern project feasibility. RTNCF representatives complete site visits in pairs, at least one of whom is always a trained RTNCF staff member. After initial home visits our team makes final decisions on prospective projects, placing them into the following categories: 1) The home has been selected for the current years project cycle, 2) The home meets requirements, but cannot be included in the current cycle due to resource limitations (reapplying is encouraged), 3) Application is declined, due to A) Household not meeting eligibility requirements, B) Cost of repair exceeding 50% of total property value, or C) Health and safety concerns were deemed minimal. Detailed final decisions, including recommendations for next steps are sent to applicants on RTNCF letterhead.

Project Cycle:

Projects are officially open after a homeowner has signed a work agreement. Work agreements are provided to the homeowner and then generally read aloud to ensure accessibility and comprehension by a trained RTNCF representative during an in-person or phone appointment.

RTNCF assists homeowners through home repair projects year-round, often with large build days in the spring and fall during which several teams of volunteers work on multiple sites. Each project includes on-site safety and task-specific training for volunteers. The performance goal of the projects is to complete needed repairs and modifications to make sure the home and individuals remain safe and healthy and can remain in their homes.

Rebuilding Together anticipates serving 20 homeowners per year via the Critical Repair Program. Historically, the program has

served 100% low-income homeowners. In 2020 46% of families served included at least one senior in the household, 42% were families with children, and 11% veterans. 57% of households reported at least one member with a disability.

Rebuilding Together North Central Florida, Inc.

CWC Energy Tune-Up Program

The CWC proposes to improve the sustainability of local homes and neighborhoods by expanding their program of education and community-based volunteer and DIY energy tune-ups for low-income Alachua County homes, promoting housing equity and saving energy, water, and money. The CWC proposes to enhance our operational capacity to increase the annual number of homes receiving energy tune-ups by 40 residences when in-person tune-ups are again feasible, and will continue to expand our DIY Tune-Up Program in the meantime. Through our partnership with UF's Program for Resource Efficient Communities (PREC), CWC will conduct rigorous impact analysis of our impacts in savings of energy, water, and money spent on utility bills in addition to building on long-term partnerships to stimulate and support the implementation of similar volunteer weatherization programs in other Florida counties.

CWC services:
• concretely save measurable amounts of energy and water resources and money for local families, improving short-term income and enhancing the long-term stability and affordability of homes and communities;
• educate local residents about energy efficiency for short-term savings, and empower them to manage their long-term home energy and water use; and
• build community ties and organization by bringing together community volunteers with residents in the short-term, and by strengthening long-term partnerships among local communities, government, non-profit and faith sectors.

The CWC trains local volunteers to conduct home energy/water tune-ups, spending 2-3 hours in each home working closely with low-income residents to inspect the building envelope, major appliances, lighting, water consumption, and safety issues. We install energy/water saving materials including efficient lightbulbs, showerheads and aerators, pipe insulation, carbon monoxide detectors (for those with gas appliances), and outlet gaskets, and take other actions such as cleaning refrigerator coils and measuring hot water and refrigerator temperature. We share dozens of tips for how to reduce utility expenses, improve safety and increase comfort, and provide a detailed report and recommendations for residents to commit to taking actions to reduce energy/water use in their homes.

Both homeowners and renters will be eligible for Energy Tune-Ups. Renters are an important group who historically make up approximately half of CWC clients and who do not have access to other local housing improvement resources. Reducing utility bills can help avoid evictions due to unpaid bills.

CWC anticipates serving an average of 40 homes per year via this proposal through energy tune-up services either volunteer-led, or utilizing the DIY model developed during the COVID-19 pandemic.

For this program, CWC will focus on County residents, including renters not eligible for other programs, meeting CAPP's income requirements and residing outside the City of Gainesville but within Alachua County.

Rebuilding Together North Central Florida, Inc.

CWC Energy Upgrade Program

Energy Upgrades will take place for select qualified clients of the Energy Tune-Up Program prioritized by feasibility of project completion, potential savings impact, and willingness/interest in participation from the identified homes.

Program Activities:
1) Low-income homeowner completes a CWC Energy Tune-Up
2) CWC compiles data collected at the Tune-Up and determines whether the home in question is a good fit for the Upgrade Program
3) Homes determined eligible for Energy Upgrades receive a verification visit from a trained CWC member to confirm the need and any needed logistics
4) A licensed subcontractor completes the upgrades as authorized by CWC

CWC hopes to provide follow-up Energy Upgrades to seven (7) qualified Tune-Up clients through the CAPP funded program.

Rebuilding Together North Central Florida, Inc.

Emergency Home Repair

Applications:

An application for the Emergency Repair Program will be available via the RTNCF website to facilitate timely remote completion and submission of the application. RTNCF will make all necessary accomodations to take applications via email, phone, and to pick-

up application and/or income and household verification documents for persons unable to complete them via other methods.

Eligible repairs will include:
Roofing, HVAC, Water Heaters, Emergency Plumbing, Emergency Electrical, Accessibility Repairs

RTNCF will reserve the right to determine whether a requested repair meets the requirements of the Emergency Repair Program guidelines.

Selection:

Applicants will be reviewed, visited, and qualified in the order received, and will be selected and scheduled on a first-qualified, first served basis.

RTNCF will reserve the right to deny an application when households do not meet basic eligibility requirements, and will make a good faith effort to engage as many appropriately qualified local subcontractors as possible, with preference given to minority and women-owned businesses.

Homeowners, subcontractors, and RTNCF staff will be required to sign-off on safety regulation agreements at the start of each project. Any owner or subcontractor found to violate the approved safety regulations will be barred from participating in future projects. RTNCF reserves the right to inspect and oversee that safety precautions are being followed appropriately.

Project Cycle:

Projects are officially open after a homeowner has signed a work agreement. Work agreements are provided to the homeowner for the ERP generally via email, and digital signatures are collected and accepted for Emergency Repairs..

RTNCF assists homeowners through Emergency Repairs year-round, on a first-qualified, first-served basis. The performance goal of the projects is to complete needed repairs and modifications to make sure the home and individuals remain safe and healthy and can remain in their homes, and to prevent further deterioration of the home.

Rebuilding Together anticipates serving 10 homeowners per year via the Emergency Repair Program. The program has served 100% low-income homeowners.

St Francis House, Inc.

Adequate Food

Our emergency housing shelter provides women and families with children 3 daily meals; 365 days a year with an average of 35 total guests per night for up to 90 days per guest. We anticipate serving 140 unduplicated women and families with children 37,800 meals per year. About 5% of all guests are single women. Of single guests, 99% are under 30 and 95% are African American. Of families, 70% are children and of these children 68% are under 12. Most parents are under 35 and 97% are homeless for the first time. About 60% of families are African American, 35% white and 15% biracial.
Our meal service program for homeless and food insecure in our community serves an average of 70 meals per day between 9:00 a.m.-12:00 p.m., 365 days a year. On Thanksgiving and Christmas, we serve on average 80 holiday meals. Pre-COVID we served on average 150 meals on these Holidays. We anticipate serving 150 Holiday meals in 2021. Based on previous data, we will serve 25,050 meals to 70 unduplicated individuals. However, with the closure of Dignity Village and the relocation of about 30 individuals from Dignity to the lot adjacent to SFH, that number may increase. Of clients served though our meal program 98.99% are unsheltered individuals the balance are McKinney Vento-defined homeless families. All families served are African American. Of our unsheltered individual homeless, 90% are African American, 10% white and 75% are male and 25% female. Of our unsheltered individual homeless, 30% are over 55, 20% are 30 or under and 50% are between 31 and 49 years of age.

St Francis House, Inc.

Emergency Shelter and Affordable Housing

Our shelter provides safe temporary housing for women and families with children; 3 daily meals; essentials (clothes, toiletries, bedding, sheets, etc.); laundry facilities; shower-equipped restrooms; family/single bedrooms; communal living spaces; and adult and children's learning labs for up to 90 days per guest, 365 days a year with an average of 35 total guests per night. Our case mangers conduct an initial assessment of shelter guests' needs to develop a case plan geared toward increasing income to secure housing. Our case managers meet with shelter guests 1 to 3 times weekly. Specific support varies guest to guest. All support is designed with the goal to increase income, secure housing and ensure the physical and mental wellness of all guests. Case managers play a critical role in negotiating with landlords to identify affordable housing for guests. Once housed, case managers provide services for 1 to 2 years, based on need and ensure homeless recidivism does not occur. Our client advocates provide daily support for shelter residents. Client advocates assist with bus passes, identification cards, providing essentials and are guides on guests' journey out of homelessness. About 5% of all guests are single women. Of single guests, 99% are under 30 and 95% are African American. Of families, 70% are children and of these children 68% are under 12. Most parents are under 35 and 97% are homeless for the first time. About 60% of families are African American, 35% white and 15% biracial. Our Sunrise program provides housing for homeless, low and very-low-income single men and women for 33 residents 365 days a year. Our program coordinator vets residents for program eligibility and assists them in submitting application for housing vouchers. The program coordinator meets with residents monthly and makes referrals to our case managers as needed. The program coordinator is responsible for managing the program; liaising with Alachua County Housing Authority, repair requests, etc. Approximately 75% of

residents are over 55, 50/50 men and women and 70% African American and 30% white. Our House Arbor program provides affordable housing for low, very low and extremely low-income and homeless single women with or without children and single, pregnant women. Our case mangers conduct an initial assessment of residents needs to develop a case plan geared toward increasing income and achieving financial stability. Our case managers meet with residents at least weekly for 1-2 years as needed. Specific assistance varies for each resident. The case management and essential needs provided mirrors those provided in our shelter program. There are 5 units available for women and 8 units available for women with children and/or pregnant women. Our average occupancy is 30 per night for 365 nights per year. About 90% of the women are under 35, 10% are over 55. Over 55% of total residents are children under 12. On average 65% are African American and 35% are white

---

Three Rivers Legal Services, Inc.

Alachua County housing project

This project will serve the elderly, families with minor children, and other residents of Alachua County, living at or below 150% of federal poverty guidelines, by assisting them with obtaining or maintaining housing through legal assistance. The project will provide legal services to a minimum of 200 low income renters and homeowners to protect them from eviction, foreclosure, and unsafe conditions which could result in homelessness. All low income Alachua residents who apply for services will receive a legal consultation, which includes advice and/or limited legal services (such as assistance with drafting documents). Those who require further assistance to resolve their legal issues will then receive additional and more extended services such as representation in court or before administrative agencies. TRLS employs all possible legal strategies in order to keep families threatened with eviction or foreclosure in place.

Clients requesting services will be pre-screened by Intake Specialists for financial eligibility and to determine the nature of their legal issue. When an applicant has an immediate legal need, their application will be forwarded to the Gainesville Office Managing Attorney for immediate review. She will then assign the case to a staff attorney for timely assistance. For face-to-face appointments, services will be provided by program staff attorneys, acting under the supervision of the Managing Attorney. Staff attorneys will provide the initial advice and more extensive services as necessary.

It will be the goal of TRLS to assist at least 200 families or individuals in Alachua county with their housing related civil legal problems. The mission will be to keep families and individuals in place, and to prevent homelessness and the threat of homelessness whenever possible. All clients will receive some form of brief service. At least 50 clients will receive more extended services such as negotiations with opposing parties and housing agencies, or representation in court proceedings. The ultimate long term goal is to provide all low income families with the knowledge and resources to achieve housing stability and security.

UF Foundation for the benefit of Mobile Outreach Clinic

Access to Care and Education for Community Health and Well-Being

MOC expects to serve/provide:

-2000 patient medical visits (primary and specialty care; in-person and telehealth) for individuals at 150% FPL or below.
-150 unique patients for gynecology, fertility and contraceptive services and consultations.
-85 unique patients treated at an MOC specialty clinic day for neurology, psychology, and ultrasound services.
-180 Sheltered and Unsheltered unique homeless individuals provided with Health Screening/Primary Care

MOC's clinical services will be delivered Monday through Friday via a robust network of options, depending on the needs of the patient. Patients are offered in-person visits at any of our locations (which co-locate with heavily trafficked, trusted community/social service sites around the County to ensure easy access for low-income, underserved patients). Patients are also offered telehealth visits, and patients with high medical or social complexity may be offered home visits from a nurse and/or nurse practitioner. Clinical services also occur at various health fairs around the County, which usually focus on a particular population (for example, health fairs for Spanish-speaking immigrants, or back-to-school events for low-income children needing school physicals).

We anticipate that the demographics of participants served with this proposal will remain consistent with our usual patient population. Based on years of patient demographic data, the typical patient served by MOC has historically been a:

-racial/ethnic minority
-without health insurance
-low-income
-age 18-64 (although we serve patients of all age ranges)

United Church of Gainesville

Rawlings Elementary Food4Kids Backpack Program

Each week of the school year, and some weeks of summer school, our volunteers pack and then send home backpacks of food

with the participants on Friday afternoon. The foods included are individual shelf-stable milks, canned ravioli, vienna sausages, slim jims, cereal, peanuts, granola bars, peanut butter crackers, raisins and fresh apples. Approximately 160 children are currently registered for the program, but we expect an increase in numbers for the 2021-22 school year. Rawlings elementary will take in the pre-school and kindergarten students from Duval Early Learning Academy next year, as Duval will be closing. Our budget is including costs for 164 children next year.

United Way of North Central FL

"211 - Get Connected. Get Help."

Description of activities: provide general assessment, information, referral, and listening support for callers of all ages seeking help. Respond to contacts during overnight hours and/or respond to overflow during period of heavy call volume, hurricane, or other emergencies. Monitor, record, and document incoming and outgoing United Way contacts, services, and call metrics. Provide appropriate training to call center professional personnel and provide database management of all services and programs provided in Alachua County and ensure database remains in compliance with AIRS Taxonomy and quality standards for resource management. Continually update and provide the Basic Needs Chart for e-mail distribution updates. The “211 – Get Connected. Get Help” resource line will also schedule all of the VITA tax service appointments during tax season. The program will also provide monthly and annual statistical matrix reports. The frequency and duration of activities is provided 24 hours a day, 7 days a week, 365 days a year. We anticipate that the number of participants served should exceed 13,000 based on our 2020 Lives Impacted document For Alachua County alone. For instance, during the current VITA tax season period of February 1st through March 31st the following residents received free tax preparation through 211 and the demographic base for that time period alone was: 509 whites, 504 African American, 113 Hispanics, 30 Asians, 183 veterans, and 63 disabled for a total of 1,402. The monthly average number of referrals for our service programs offered through your United Way, through our community impact partners, as well as governmental and health entities is roughly 1,500.

University of Florida College of Nursing Faculty Practice Association, Inc.

Nurses Impacting the Community

Archer Family Health Care (AFHC) is located in Southwest Alachua County in the town of Archer, Florida. We provide primary care and mental health services for individuals of any race, ethnicity, or poverty level. We serve uninsured patients as well as those with

health insurance. AFHC is the only health care provider in the area for low-income residents. The closes medical facility is the UF Health system which is located 12 miles from the town of Archer. Many patients that we serve have transportation difficulties creating limited access to cost effective health care. The mission of the practice is to improve the health of individuals so they can lead productive lives and participate fully in society. AFHC has served the community since 2001, providing primary care and mental health services to a population that would not otherwise have access to this care. In 2020, the practice provided about 5,000 patient visits to over 1500 individuals residing in Alachua County and surrounding areas. Approximately 40% (600 individuals) of the total clinic population has no health care coverage with approximately 300 of those residing in Alachua County. The demographics of the practice are as follows: 65% female, 35% male, 65% Caucasian, 20% African American, 10% Hispanic, and 5% other races. Support for this program will provide resources for 300 unique patients, providing 675 patient visits annually at a unit cost of $118.21 per visit. Typically, individuals will see their primary care provider 2-3 times per year. This funding will help support the operational costs necessary to provide health care services. Our program is asking for support for patients' visits with their health care provider to total $79,792 annually. Funding will be utilized for individuals living in Alachua County at or below the 150% poverty level. Project activities will be carried out Monday through Friday from 8am to 5pm and until 7pm on Thursdays at the AFHC location or virtually via Zoom. Services will be offered to any individual regardless of age, race, or ethnicity. CAPP participants will be provided primary health care prevention, health care screenings, health education, chronic disease identification and management, and mental health services. More specifically, individuals will have access to annual physicals, cancer screenings, management of chronic diseases such as diabetes and high blood pressure, management if mental health diagnoses, immunizations, and acute episodic sick visits. Patients will be connected to well established resources to ensure their care is affordable. Funding will contribute to the costs to care for these patients and will provide partial support for medical visits and mental health visits during the grant period.

Vineyard Christian Fellowship of Gainesville, Inc.

GNV Bridge Literacy Program

1. Description of Activities: The GNV Bridge Literacy program enrolls students who are behind in their reading grade level assessment and pairs them with trained reading coaches who meet with them virtually five times per week for 10 minutes. During these sessions, coaches and students work through the Great Leaps literacy program, a proven evidence-based approach to improving literacy skills that is employed in all 50 states and many countries around the world.

2. Duration and Frequency of activities. Reading coaches and their students meet virtually five times per week for active sessions. Once the pandemic subsides and makes it safer, we also plan to have in person events 2-3 times per year so that coaches and their students can meet in person for food and fun activities, celebrating student success in the program.

3. Number of participants. We currently serve 55 students. With a single employee dedicated to the program, our capacity is 60. If we received funding for a full time assistant director, we can increase our capacity to 120 within year 1 of the funding cycle and

very likely to 160 in years 2 and 3 of the funding cycle. We plan to do this with a combination of growing the capacity of our own central program as well as working with educators to implement Great Leaps cohorts within schools. Without funding for an assistant director, our capacity will remain at 60 students.

4. Anticipated participant demographics. Currently over 90% of our student enrollees are African American and have family household incomes below 150% of the Federal Poverty Level. We expect this to remain true of future enrollees.

ALACHUA COUNTY BOARD OF COUNTY COMMISSIONERS
REQUEST FOR APPLICATIONS
RFA #22-198 COMMUNITY AGENCY PARTNERSHIP PROGRAM FOR POVERTY REDUCTION PROGRAMS (CAPP)

1.0 GENERAL PROVISIONS

1.1 Purpose

The Alachua County Board of County Commissioners (hereinafter referred to as "Board") is seeking applications from qualified non-governmental, non-profit agencies with current 501(c)(3) tax exempt status and with a physical business location in Alachua County (hereinafter, referred to as "Applicant") for the Request for Application (hereinafter, referred to as "RFA") Community Agency Partnership Program (hereinafter, referred to as "CAPP").

The Community Agency Partnership Program (CAPP) is designed to leverage the expertise, resources, and services provided by our local non-profit 501c3 organizations to benefit Alachua County citizens living in poverty. CAPP is one of Alachua County's poverty reduction initiatives and its focus is on assuring that the most basic physical needs of residents living at or below 150% of the federal poverty level are addressed. All funds provided through CAPP must be used to directly benefit those living in poverty either through the provision of services or goods.

1.2 Voluntary Pre-Application Meetings

Applicants may voluntarily attend the Pre-Application Meeting. The Community Support Services Department/Procurement Department will conduct these meetings during which potential applicants will be provided with an overview of the program, information regarding the grant, and instructions for completing and submitting the online application document. The Pre-Application Meeting will be held:

VOLUNTARY PRE-APPLICATION MEETING

10:00 a.m. Thursday, April 15, 2021
at
Alachua County Administration Building
Grace Knight Auditorium
12 SE 1st Street, 2nd Floor
Gainesville FL 32601

AND ZOOM Meeting

1.3 **Application Submission**

Applications must be submitted online with all requested RFA information. **Questions that have not been answered constitute an incomplete application and you will be unable to submit it online.** Each applicant is responsible for full and complete compliance with all laws, rules and regulations which may be applicable.

ALL CAPP applications must be completed electronically online and submitted no later than 4:59 P.M., Tuesday, May 4, 2021 through the Alachua County Community Support Services website at the following:

http://www.alachuacounty.us/Depts/CSS/CAPP/Pages/ApplyforanAward.aspx
(i.e., CAPP 'Apply for Award' webpage)

RFA #22-198 CAPP

ABSOLUTELY NO LATE APPLICATIONS WILL BE ACCEPTED

1.3.1 The applicant is completely responsible for preparing and submitting the CAPP application according to grant instructions.

1.3.2 You must submit your application online, including all requested documents and other information as instructed.

1.3.3 For some general instructions regarding how to get started with your online application, refer to the document entitled *Handy Hints* for *Completing Your CAPP Application in ZoomGrants* found by clicking on the *Grant Resource Info* tab in your CAPP application document.

1.3.4 If you are applying for funding for more than one program, you must complete a separate application online for each program.

1.3.5 The cost for the agency's preparation of the application is entirely the obligation of the applicant and shall not be chargeable in any manner to Alachua County.

1.4 **Inquiries/Questions**

Inquiries and questions regarding any portion of the application or application process must be made in WRITING, via email to the Purchasing Agent. Verbal questions may only be asked at the **Pre-Application Meeting**. All written questions must be submitted no later than 10 calendar days before the proposal due date. All written questions will be answered by the Purchasing Agent in written form as an addendum to this RFA. Written inquiries/questions must be submitted to:

Leira Cruz-Caliz, Purchasing Agent
Alachua County Procurement
12 SE 1st Street, 3rd Floor
Gainesville, Florida 32601
Email: lcruzcaliz@alachuacounty.us

Each Addendum will then be posted online within the CAPP grant application (refer to ***Grant Resource Information*** tab in the online application document). The final Addendum will be posted/available by 5:00 p.m. on Tuesday, April 27, 2021 and will be titled, "Final Addendum". It is important to know that Addenda can also contain corrections, changes, additional information, etc. regarding the RFA. The applicant is responsible for adhering to the information in each Addendum, and acknowledging receipt of Final Addendum.

1.5 **Prohibited Communications During the RFA Application Process**

The RFA funding process is not over until the final award decisions are made by the County Commission. To ensure fair consideration for all Applicants, the County prohibits communication regarding this funding process, including the funding recommendations, to or with any department, employee, elected official, or any other person involved in evaluation of or consideration of the applications, except as provided in Section 1.4, until the County Commission has formalized its funding decision. Communication includes both oral and written.

Violation of the communication restrictions can result in disqualification for this and for any future proposals.

Procurement Services or a representative may initiate communication with an Applicant in order to obtain information.

1.6 **Acceptance/Rejection of Applications**

Alachua County reserves the right to reject any application which is incomplete, irregular, shows serious omission, and/or is an unauthorized alternate application form.

Alachua County reserves the rights to accept or reject any or all applications in whole or in part, with or without cause, to waive technicalities, or to accept applications or portions thereof which, in the County's judgment, best serve the interests of the County.

1.7 **RFA Appeal Process**

Only the RFA **process** may be appealed. RFA Evaluation Committee Funding Recommendations are not released prior to the resolution of any appeal or prior to the appeal deadline. The Funding Recommendations made by the RFA Evaluation Committee cannot be appealed. The final funding decision made by the Board of County Commissioners can also not be appealed. All decisions made by the Board of County Commission shall be finalized at a scheduled County Commission Board meeting, TBA.

Applicant complaints or grievances shall first be submitted in writing to the Procurement Manager, Larry Sapp. ***The deadline for filing an appeal is May 17th 2018, by 11:59 p.m. (one minute before midnight).***

The Procurement Manager will investigate the complaint and present the findings in writing to the applicant. If the funding applicant is dissatisfied with the Procurement Manager's decision and desires to continue with the appeal, s/he may make an appeal in writing to the County Manager within 5 (five) days of the Procurement Manager's written finding. The County Manager will render a written response to the funding applicant. All decisions by the County Manager shall be considered final, and no further appeal is allowed.

Failure of any funding applicant to submit an appeal within the time frames provided in this section shall constitute a waiver of funding applicants' right to appeal.

All appeals must have had a final decision rendered, or formal withdrawal of the appeal, before the RFA Evaluation Committee funding recommendations can be released.

1.8 **Proprietary Information**

Responses to this Request for Application upon receipt by the County become public records subject to the provisions of Chapter 119 F.S., Florida Public Records Law.

2.0 GENERAL PROGRAM GUIDELINES

2.1 **Alachua County Residency:**

Funding is to be used for residents of Alachua County. Individuals or families residing elsewhere cannot be brought into the county for the purpose of participating in a CAPP-funded program.

2.2 **Poverty Alleviation & Amount Available**

All programs must serve to alleviate the symptoms of poverty for eligible Alachua County residents. Because the CAPP Program is intended to be a poverty reduction initiative, CAPP-funded services must therefore be targeted to Alachua County residents at or below 150% of the Federal Poverty Level, based on the applicant's household size. Adherence to this income eligibility criteria must be adequately documented. The anticipated, total amount of funding available for allocation by the Board of County Commissioners for FY21-24 is projected to be approximately $1.3 million.

2.3 **Funding Categories**

All programs must fit into one of the BoCC's approved funding categories. The current funding categories approved for grant awards by the Board of County Commissioners are (1) Safe, Affordable Housing, (2) Quality Child Care and Education, (3) Adequate Food, (4) Reliable Transportation, (5) Quality Healthcare, (6) Reliable Technology, and (7) Financial Education and Stability.

2.4 **Prohibited Programs**

This funding is not for economic development, economic opportunity, recreational, arts, cultural, historical, environmental or transitional housing programs. Such proposals will be deemed non-responsive and ineligible for funding.

2.5 **Reimbursement Grant**

This is a reimbursement grant. The agency must first expend its own funds and request reimbursement from the County. Generally, the first reimbursement will not be made until mid-January 2022, so the agency must conduct the program without reimbursement from October 1, 2021 – mid-January 2022 after which the agency will be reimbursed for allowable expenses dating back to October 1, 2021.

2.6 **Unit Cost**

Agencies will be required to submit invoices that reference their program's unit of service measure and their cost per unit of service or rate. Their application must ensure both the unit of service measure and cost per unit of service rate are clear and accurately calculated. The total sum of the projected number of planned units of service multiplied by the cost per unit of service should match the agency's program budget and the total amount of funding being requested.

2.7 **Additional Information**

Agencies must have been operational, providing program service(s) in the CAPP funding category for which they are applying for at least one full year.

To receive CAPP funding for housing proposals, homeless services providers must be a member of the North Central Florida Alliance for the Homeless and Hungry and actively participating in Continuum of Care meetings. Transitional Housing programs will not be eligible for funding consideration. All projects must be consistent with current US Housing and Urban Development and local area Continuum of Care priorities. Agencies awarded CAPP funds for homeless housing must also participate in all training sessions associated with the Homeless Management Information System

(HMIS) and must post and maintain client data in this system. Domestic Violence Agencies are exempt from this requirement.

2.8 Funding Intent

It is the intent of the Alachua County Board of County Commissioners that CAPP funds be used for the benefit of program participants.

2.8.1 CAPP funding is not intended for "the cost of doing business" expenses. The one exception is for general office supplies, such as paper, pens, printer cartridges, staples, etc., which are allowed.

2.8.2 Funds are not to be used to maintain, enhance or enrich the agency, they are to be used to enrich the program participants. Funding requests deemed solely or primarily as maintaining, enhancing or enriching the agency-will not be approved.

2.8.3 The program should have its essential operating elements and equipment already in place, as these are not funded by CAPP

2.9 Funding Restrictions

As it is not possible to address every funding item or scenario, please know that the following is a general list. If there are items not on the list that you want to confirm are CAPP-reimbursable, please submit the scenario and question in writing to Procurement Agent Leira Cruz-Caliz at lcruzcaliz@alachuacounty.us.

2.9.1 **Religious or Sectarian engagement**
In accordance with Article 1, Section 3, Florida Constitution, and other applicable law, funding provided under CAPP may not be used in aid of any church, sect, or religious denomination or in aid of any sectarian institution. The program shall not promote the religion of the provider, be significantly sectarian in nature, involve religious indoctrination, require participation in religious ritual, or encourage the preference of one religion over another.

2.9.2 **Capital expenditures**
Items costing $1,000 or more are not allowed.

2.9.3 **Improvements to buildings and/or land**
Are not allowed.

2.9.4 **Building maintenance and janitorial service**
General building maintenance, including pest control, is not allowed for non-program areas.

2.9.5 **Lawn maintenance is**
Not allowed.

2.9.6 **Rent or mortgage payments**
CAPP does not pay for agency office space. Rent and mortgage payments are authorized only if the location is where direct services are provided to program participants.

2.9.7 **Utilities**
Authorized only if used by program participants. If the building houses non-program participants (such as staff) the amount/percentage of utilities used for the program participants must be calculated and only that amount/percentage will be authorized for reimbursement.

2.9.8 **Vehicles**
The purchase of vehicles is not allowed.

2.9.9 **Vehicle maintenance and gasoline**
Maintenance of vehicles and gasoline is allowed if the vehicle has been specified in the application as essential and directly related to the operation of the program for which you are seeking CAPP funding. Ex: Food delivery program truck for food delivery program; truck used to haul building supplies for home repair program.

2.9.10 **Vehicle Rental**
Rental of a vehicle is allowed for transporting program participant(s) to a program-related event(s), such as renting a van to transport multiple participants to a particular program-related venue. Insurance and 'accessory' coverage on rental vehicles are not billable.

2.9.11 **General Transportation**
Vehicle-related expenses are not allowed for the transportation of non-program participants.

2.9.12 **Fundraising**
Expenses for fundraising are not allowed.

2.9.13 **Storage facilities**
No expense for storage facilities is permitted unless essential to operation of the agency's program and is explained in the application. No portion of storage space used for maintaining office equipment, materials and/or supplies, etc. may be paid for with CAPP funds.

2.9.14 **Insurance**
Insurance premiums (except for employee health benefits) are not allowed.

2.9.15 **Membership Fees or Dues**
No membership fees or dues can be charged to CAPP.

2.9.16 **Staff/Volunteer Gifts/Awards/Recognition**
Gifts, awards or other expenses related to employee or volunteer celebration, recruitment, recognition events or activities are not allowed.

2.9.17 **Grant-Related Expenses**
No portion of CAPP funding may be used for preparation of the application for this grant, including materials and preparation time. Staff members whose salaries are funded or partially funded by CAPP may not be paid with CAPP funds for any time spent on preparation of application for CAPP funding.

2.9.18 **Communications**
General office internet for employees is not an allowable expenditure; however, if the internet access is solely for program participants, then this would be allowed. Office phone expenses are not allowed. Cell phones for on-call or in-field program staff are allowed.

2.9.19 **Marketing**
Not allowed.

2.9.20 **Office Equipment/Furniture**
Maintenance, purchase or rental of office equipment is considered an agency operating expense or "the cost of doing business" and is not allowed. Purchase or rental of office furniture is not an allowable expense.

2.9.21 **Computers/Computer Labs/Upgrades**
CAPP funds will not pay for staff computers, upgrades, repair, maintenance, networking, Internet, software or other IT-related expenses. These are general operating expenses. CAPP funds might be able to be used for computer-related expenses that are for the sole use of participants or expenses related to virtual participation. The agency must receive prior approval from CAPP staff. Generally, start-up computers may not be purchased with CAPP funds.

2.9.22 **Salaries/Benefits**
Salaries/benefits for staff not assigned to directly deliver program services are not allowed.

2.9.23 **Start-Up Costs**
It is expected that the agency will provide on its own the basics needed to begin

the program.

2.9.24 **Payments to Other County Entities**:
CAPP funds cannot be used for payment to Alachua County departments/entities. Example: CAPP funds cannot be used to obtain a County building permit.

3.0 RFA SELECTION PROCEDURES

The Applicants selected to provide the services described herein will be selected from the qualified responses to this RFA. The selection process will be as follows:

3.1 RFA Grant Application

All the applications will be reviewed by a County appointed RFA Evaluation Committee taking into account all the criteria and the overall application. Funding recommendations will be presented to the BoCC for consideration and final approval of the funding award amount.

3.2 RFA Evaluation Committee

The RFA Evaluation Committee will review the qualifications of the organization and application. The Committee will evaluate applications in accordance with the evaluation criteria identified in Section 4.0 and as addressed in Section 2.0. The RFA Evaluation Committee serves in an advisory capacity to the BOCC and is responsible for evaluating and scoring applications and making final funding recommendations to the Board of County Commissioners.

In the event that the total CAPP funding requests of successful applicants exceed the County's available funding allocation, the RFA Evaluation Committee will apply a ratio to determine the amount each applicant qualifies for as based on its score in order to distribute available funds. (Scores are not rounded-up.) This ratio will be determined by dividing the total funding allocation by the total amount of applicants' qualifying funding as determined by their respective scores and applying this ratio to each agency's qualifying funding award, in order to make an adjusted award amount that remains within the CAPP Program allocation.

The Board of County Commissioners decides the final awards. Funding decisions will be considered and approved at a publicly noticed Board meeting held in the County Administration Building Auditorium, 2nd Floor, 12 SE 1st Street, Gainesville.

3.3 Negotiation of Contract

The County will negotiate contracts with approved Grantees for the provision of services requested in this Request for Applications.

4.0 SELECTION AND EVALUATION CRITERIA

Applications will be evaluated in accordance with the procedures described in this Request for Applications.

4.1 Background

Each fiscal year the Alachua Board of County Commissioners (BoCC) allocates funds for use in making competitive grant awards to various 501(c)(3) non-profit organizations. The Community Agency Partnership Program's Grant Review Committee (GRC) was established by the BoCC to advise them regarding the award of County funds for poverty reduction programs conducted by non-governmental, non-profit agencies.

4.2 Application Screening

All applications submitted will be subject to screening to ensure that they meet mandatory qualifications and are thereby eligible for evaluation and scoring by the RFA Evaluation Committee. Screening involves checking to determine if an agency is eligible to apply on the basis of their compliance with the following criteria: having current and complete 501(c)(3) status; maintaining a physical business address in Alachua County; recognizing that services to be provided must meet one of the established CAPP funding priorities; having at least one (1) year of experience providing program services in the CAPP funding category for which they are applying; and understanding that recipients of the agency's program services must be economically disadvantaged (i.e., be at or below 150% of the current Federal Poverty Level guidelines). Proposals failing to meet these screening criteria shall be deemed non responsive and removed from the application process.

4.3 Scoring Process

The members of the RFA Evaluation Committee evaluate and score all proposals not removed from the process during the screening phase. A maximum total score of 100 points is possible, based on an agency's responses on its application. Once the final score is calculated, any proposal scoring at or below 69.9 is not eligible for funding. Proposals scoring 70 and above are assigned a maximum percentage funding recommendation, based on the score received. Regardless of an agency's designated award amount, however, the RFA Evaluation Committee is not obligated to recommend a program for funding at any level and there are no guarantees a program will be recommended for funding. See Scores/Ranges section below.

If total points awarded is within the score range below:	Recommended % of agency's funding request=
90 - 100	100%
80 – 89.9	75%
70 – 79.9	50%
69.9 and below	No recommendation can be made

4.4 **Evaluation Criteria**

Application submissions will be evaluated and scored by RFA Evaluation Committee members on the basis of the criteria below, with points awarded within a designated scoring range for each criteria. RFA Evaluation Committee members may offer their unique perspectives and practical insights based on areas of professional or personal expertise; education, training and/or knowledge; and community involvement.

4.4.1 **Community Impact:** (scoring range: 0 – 25 pts.)
The degree to which the proposed program clearly describes and addresses a community need AND demonstrates its ability to justify and deliver services critical to the well-being of the community, taking into consideration the grant time-frame and the proposed budget. Does the proposal address a legitimate poverty-related community need and does it clearly show how the program will positively impact this need?

4.4.2 **Program Budget:** (scoring range: 0 – 25 pts.)
The degree to which the program budget focuses on provision of direct services to participants, is reasonable, and is in alignment with the description of program services to be provided elsewhere in the grant application.

4.4.3 **Cost effectiveness:** (scoring range: 0 –25 pts.)
The degree to which costs are reasonable for Alachua County taxpayers, considering what services are being provided and what outcome(s) are being produced. Are there formal matched or leveraged funding arrangements, and if so, at what level? Is the agency actively engaged in fund-raising? Are there diversified funding sources for support of the program and do such sources go beyond customary, local grantors?

4.4.4 **Agency stability and capability:** (scoring range: 0 – 25 pts.)
The degree to which the agency appears to be well-functioning and financially and internally stable. Is there an active Board of Directors or Executive Committee? Are the staff necessary for program implementation in place? Do they have the correct experience, certification and/or education?

5.0 GENERAL TERMS AND CONDITIONS

The following are the general terms and conditions, supplemental to those stated elsewhere in the Request for Application, to which the selected Organizations must comply in order to be consistent with the requirements for this Request for Application. Any deviation from these or any other stated requirements should be listed as exceptions in a separate appendix of the proposal.

5.1 Verification of Personnel

Applicants must provide assurance of compliance with all Florida Statutes related to Level 2 criminal backgrounds checks for all staff and volunteers that have unsupervised contact with children and other vulnerable individuals served All screenings are to be substantially consistent with the standards set forth in Florida Statute 435.04. Verification of Level 2 Background Screenings must be made available to County staff on demand.

Every **Florida** public employer, along with their private contractors and subcontractors, must enroll in and use the **E-Verify** system to confirm the eligibility of all employees hired after January 1, 2021, in accordance with FS 287.137. No public contract can be entered into without an **E-Verify** certificate.

5.2 Basis for Contract Negotiation

The proposal/application will serve as the basis for negotiating the contract.

Independent Contractor

Awarded applicants (hereafter referred to as "Grantee") will be acting in the capacity of an independent contractor and not as an agent, employee, partner, joint venture, or associate of the County. Grantee is solely responsible for the means, method, techniques, sequence, and procedure utilized by the Grantee in the full performance of this agreement. Neither Grantee nor any of its employees, officers, agents or any other individual directed to act on behalf of Grantee for any act related to this Agreement shall represent, act, purport to act, or be deemed to be the agent, representative, employee or servant of the County.

For Independent Contractors outside the construction industry with fewer than four employees choosing not to secure worker's compensation coverage under the Florida Worker's Compensation Act, the Independent Contractor outside the construction industry verifies that it has posted clear written notice in a conspicuous location accessible to all employees, telling employees and others of their lack of entitlement to worker's compensation benefits.

Policies and decisions of Grantee, which may be represented by Grantee in performance of this Agreement, shall not be construed to be the policies or decision of the County.

5.3 **Term of the Contract**

The contract shall be effective upon execution by both parties and continuing through September 30, 2024, subject to annual appropriation by the Board of County Commissioners.

5.4 **Governing Law**

This agreement shall be governed in accordance with the laws of the State of Florida. Venue shall be in Alachua County.

5.5 **Indemnification**

To the maximum extent permitted by Florida law, the Grantee shall defend, indemnify and hold harmless the County and its officers and employees from any and all liabilities, claims, damages, penalties, demands, judgments, actions, proceedings, losses or costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by the Grantee or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Grantee or anyone employed or utilized by the Grantee in the performance of this Agreement.

The duty to defend under this Article is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Grantee, the County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to the Grantee. The Grantee's obligation to indemnify and defend under this Article will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable stature of limitations.

Nothing contained herein shall constitute a waiver by the County of sovereign immunity or the provisions of §768.28, Florida Statutes.

5.6 **Amendments**

This agreement may be amended by mutual written agreement of the parties and may be changed only by such written amendment.

5.7 **Independent Organization(s)**

In the performance of this agreement, the Grantee will be acting in the capacity of an independent Organization and not as an agent, employee, partner, joint venture, or associate of the County. The Grantee shall be solely responsible for the means, method, technique, sequences, and procedures utilized by the Grantee in the full performance of the agreement.

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 5.

Agenda Item Name:
Pavement Management System - Presentation

Presenter:
Ramon D. Gavarrete, P.E.

Description:
Presentation on budget needs for Pavement Management.

Recommended Action:
Not Applicable

Prior Board Motions:
On November 12, 2019 the following motion carried 4-0:
1. Approve Budget Amendment 20-223 funding a Pavement Management Study & Training with Gas Tax Reserves in the amount of $250,000
2. Present an Optimized Pavement Management Program vs. Worst-First Management Program no later than the FY 2022 Budget Cycle

Fiscal Consideration:
Funding for pavement projects is budgeted in 341.79.7910.541. For Fiscal year FY22, the budget for pavement projects is $4,615,536.

Background:
The Kercher Group, Inc. (Kercher) was retained by Alachua County to perform a pavement management study for the County maintained asphalt pavement streets (approximately 690.3 centerline miles). A visual Pavement Condition Survey (PCS) of the asphalt pavement streets was conducted by Kercher, following the Federal Highway Administration's (FHWA) Long Term Pavement Performance (LTPP) methodology approach.

AgileAssets Pavement Analyst Software (Software) was used to perform the analysis on the County maintained asphalt streets. The Software incorporates deterioration models and treatment decision trees into the analysis while utilizing integer optimization. This analysis process allows the user to easily determine the greatest amount of benefit for any fixed budget or conversely determine the minimum level of funding needed over time to meet user-specified performance goals. This leads to the most cost-effective project selection for any given budget scenario the County requires. The analysis included a calculation of the current Pavement Condition Index (PCI), determining the Remaining Asset Value (RAV is defined as the dollar value of the asset based on the asset's condition, relative to the asset replacement value) and running multiple budget scenarios over a 20-

year period and how this relates to the projected PCI and RAV.

Condition Year (2020) Results:

The current (based on 2020 distress data) condition and summary of critical elements of the network are described in Table 1. The County's weighted average network condition or Pavement Condition Index (PCI) is 60. The net worth (or Asset Value) of the County street network is estimated to be approximately $1.5 billion. This estimate is derived by multiplying the total number of pavement square yards comprising the network (approximately 9.8 million square yards) by County's average square yard replacement cost of $156.00.
The current backlog of needs for the County roadway network was determined to be $408,167,827 and 1,210.10 backlog lane miles. The network replacement value has been determined to be $1,531,086,492.

Alachua County, FL
Pavement Management Overview

WHAT IS PAVEMENT MANAGEMENT?

- The directing of the various activities involved in providing and sustaining pavements in a condition acceptable to the traveling public at the least life cycle cost.
- Proper management can dramatically reduce capital expenditures on pavement infrastructure.
- With timely pavement evaluations, an agency can strategize expenditures to balance cost and pavement performance.
- Performing treatments in the right place at the right time is the key to maximizing pavement performance.

WHY IS PAVEMENT MANAGEMENT IMPORTANT?

- Pavement network is typically the single largest financial investment for a public agency
- Strategic treatment selection and funding allocation is a complex process
- Identifies the long-term consequences of today's funding decisions
- Provides objective justification for maintaining or increasing pavement funding allocations
- Formalized process provides transparency of budgeting decisions
- Maintains the network at the highest level of service for the traveling public for the funding available

PAVEMENT MANAGEMENT SYSTEM ANALYSIS COMPARISONS

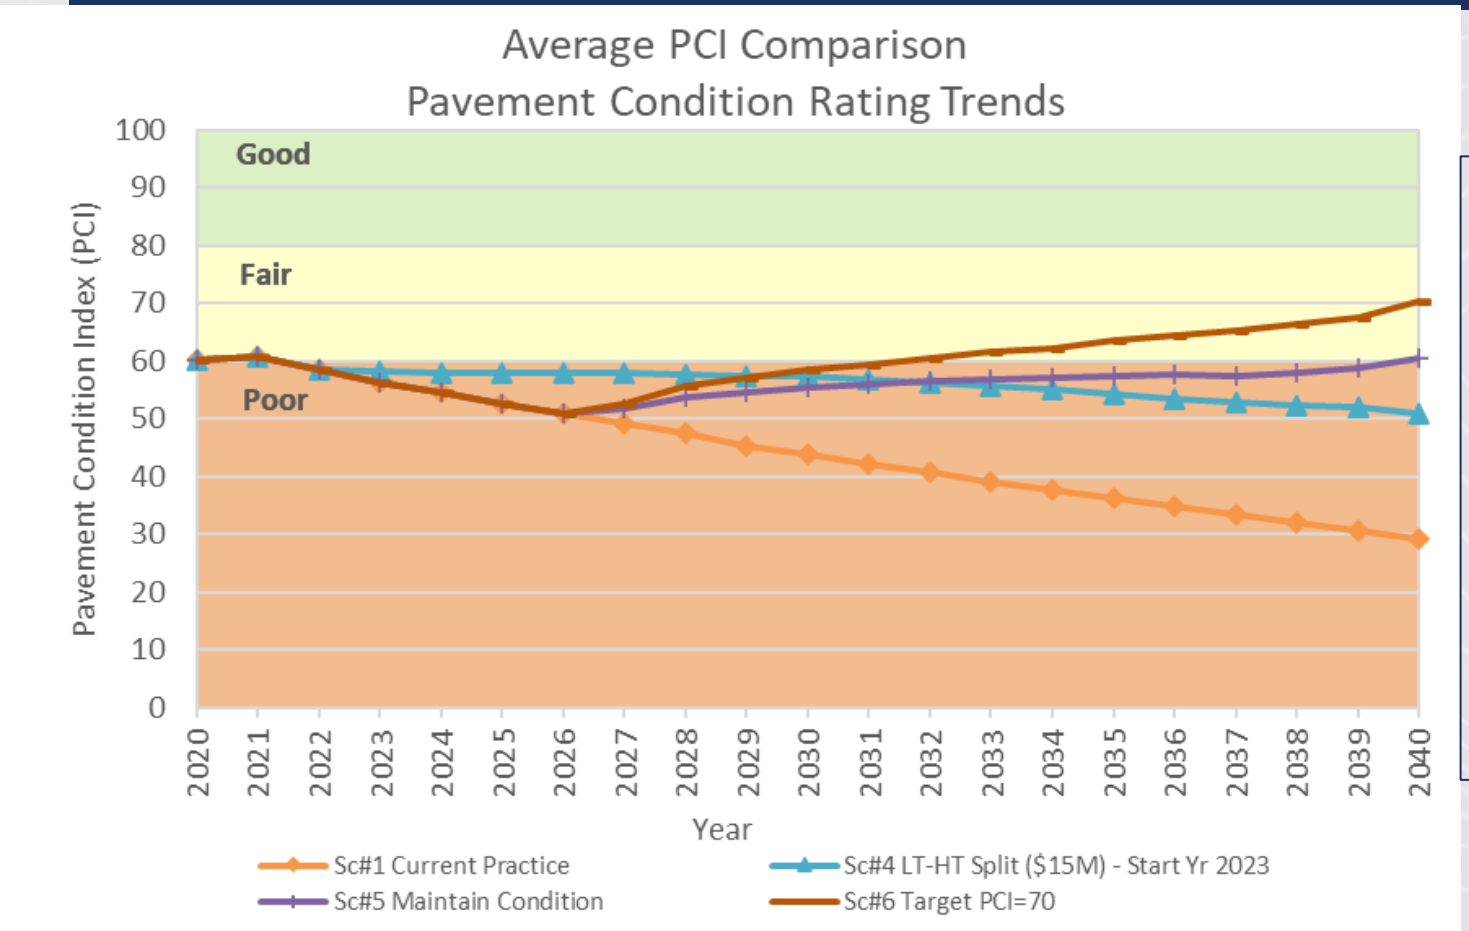
- Needs Analysis Comparison
  - Current Practice – Worst First/High Volume Roads Only (Approx. $4M/Year)
  - Maintain Current Condition (PCI=60) (Budget needed = $31.5M/Year)
  - Achieve Target PCI = 70 (Budget needed = $41.5M/Year)

- Alternative Budget Analysis Comparison
  - Current Practice – Worst First/High Volume Roads Only (Approx. $4M/Year)
  - $15M/Year – High/Low Volume Budget Split but Start in Year 2023

PAVEMENT MANAGEMENT SYSTEM TREATMENTS AND UNIT COSTS

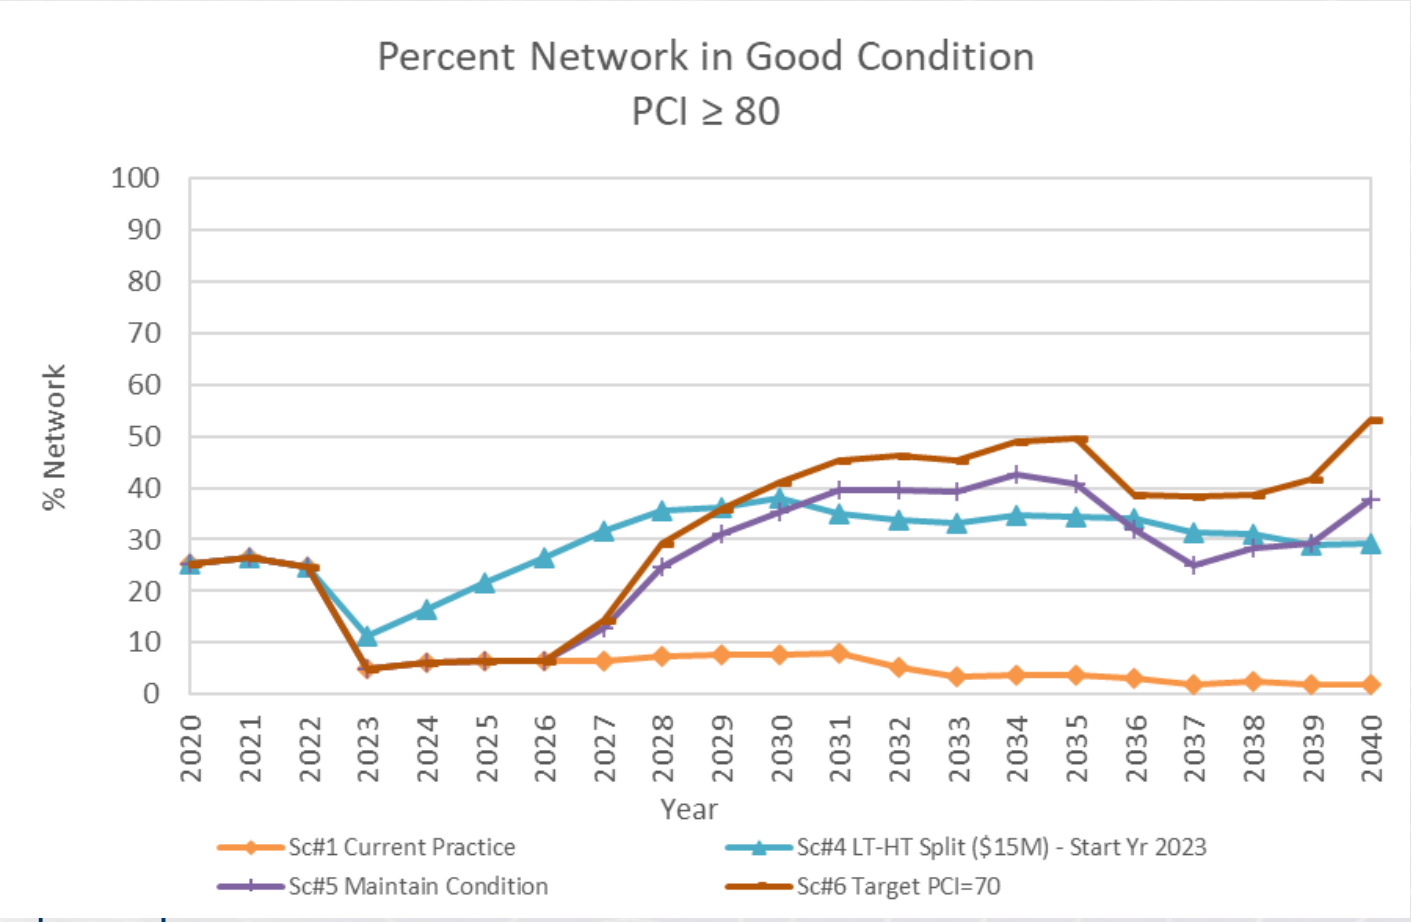
Maintenance Activity	Unit Cost per Square Yard
Crack sealing	$0.65
Rejuvenator	$1.00
Preservation	$5.00
Patching (4” Full-Depth Asphalt)	$44.00
Rehab (Minor) (1.5” Mill & Fill)	$48.50
Rehab (Major) (3.5” Mill & Fill)	$75.00
Reconstruction – FDR	$156.00

NEEDS ANALYSIS COMPARISON CHANGE IN PCI/YEAR



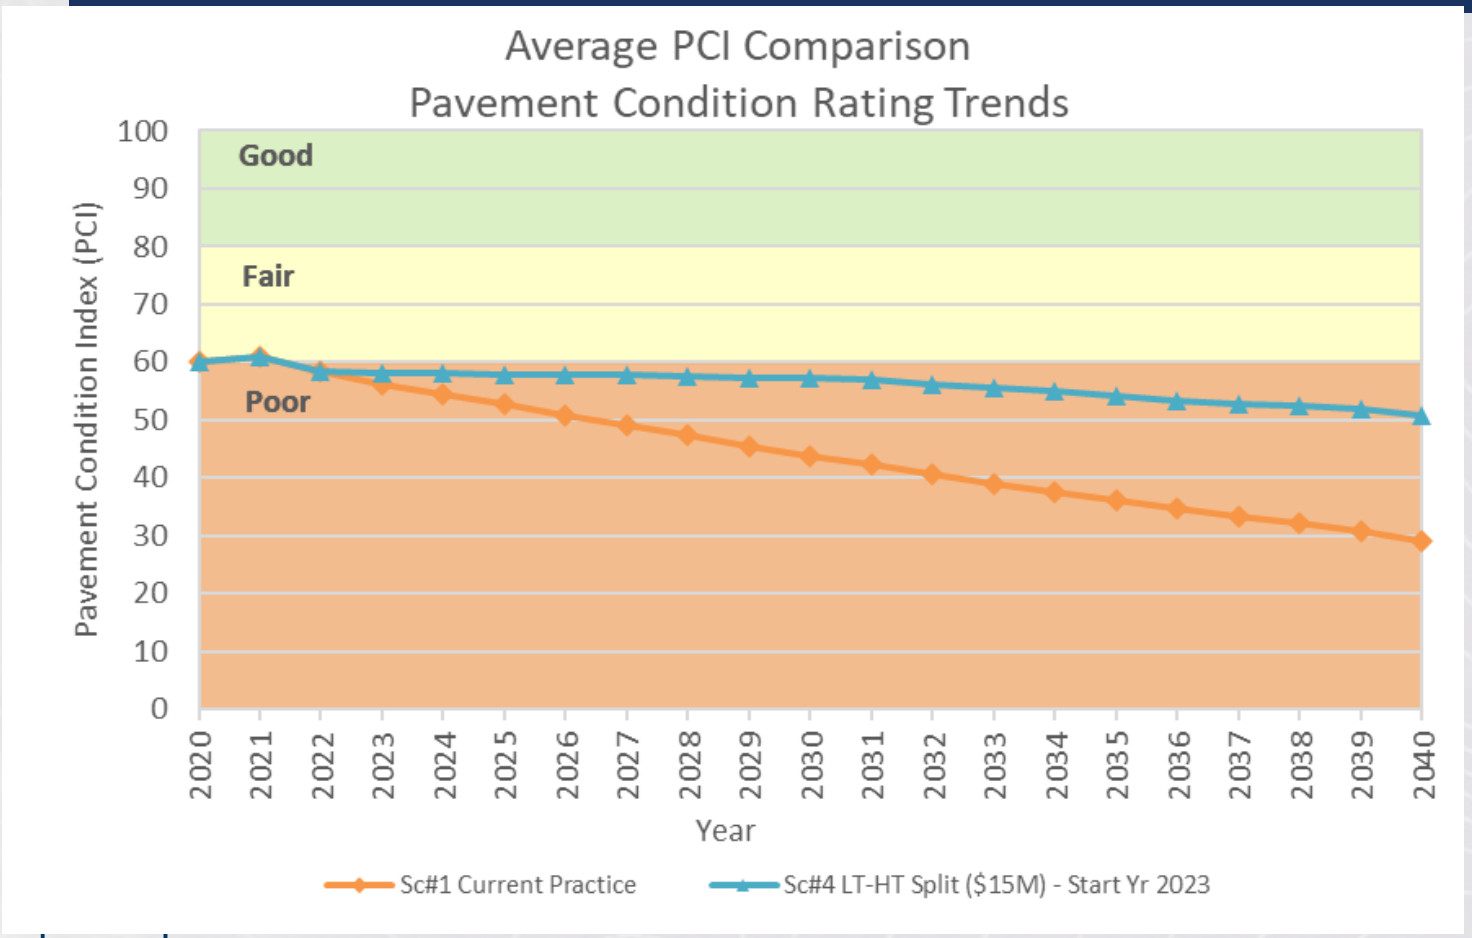
- **Achieve Target PCI = 70 (Budget needed = $41.5M/Year)**
- **Maintain Current Condition (PCI=60) (Budget needed = $31.5M/Year)**
- **$15M/Year – High/Low Volume Budget Split but Start in Year 2023**
- **Current Practice – Worst First/High Volume Roads Only (Approx. $4M/Year)**

NEEDS ANALYSIS COMPARISON
CHANGE IN % GOOD ROADS/YEAR



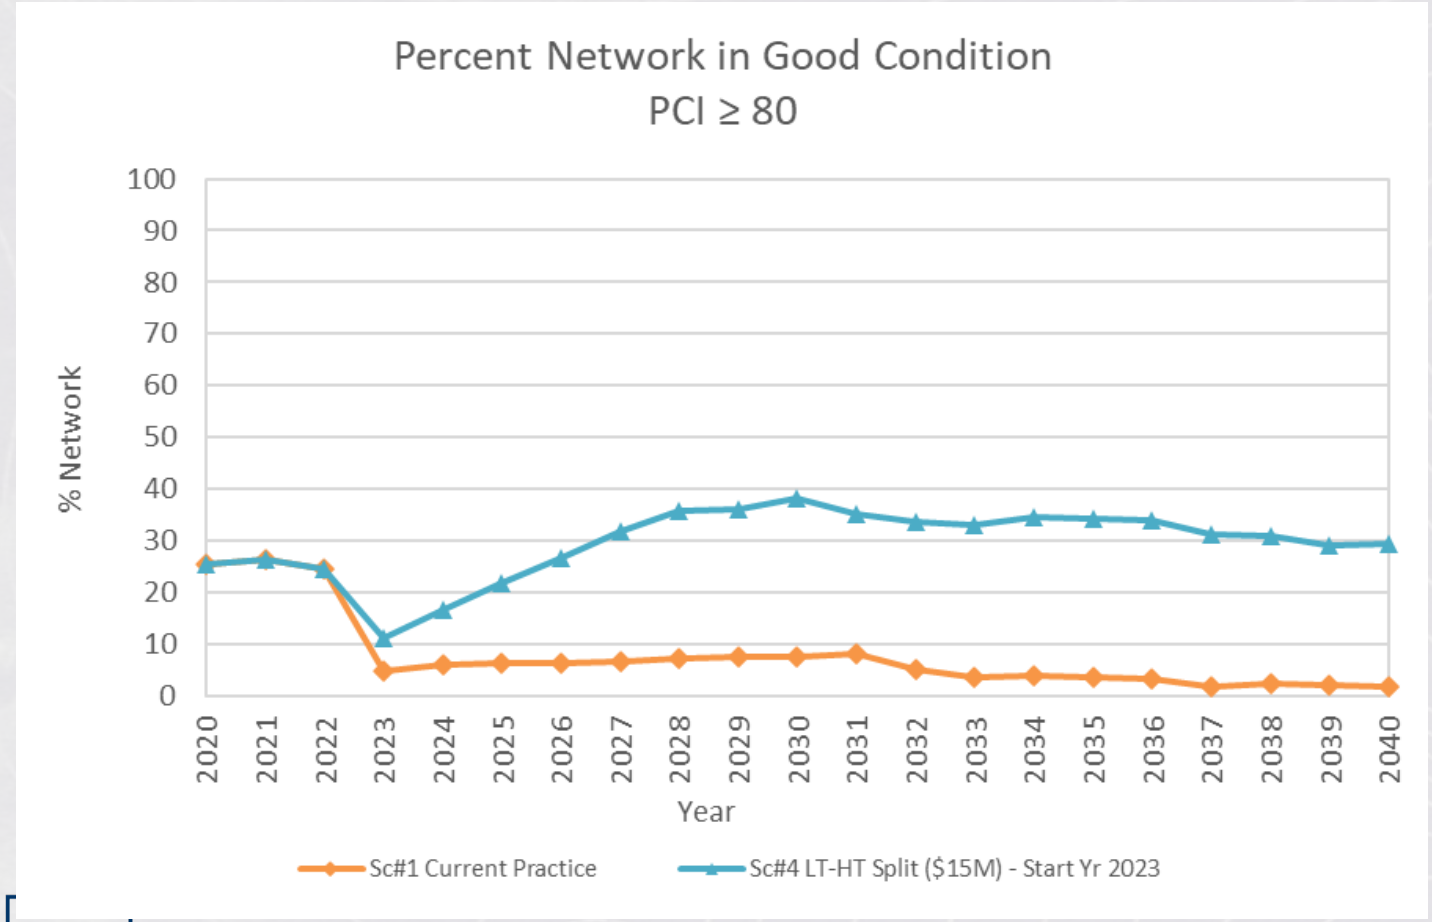
- **Achieve Target PCI = 70 (Budget needed = $41.5M/Year)**
- **Maintain Current Condition (PCI=60) (Budget needed = $31.5M/Year)**
- **$15M/Year – High/Low Volume Budget Split but Start in Year 2023**
- **Current Practice – Worst First/High Volume Roads Only (Approx. $4M/Year)**

ALTERNATIVE BUDGET ANALYSIS COMPARISON CHANGE IN PCI/YEAR



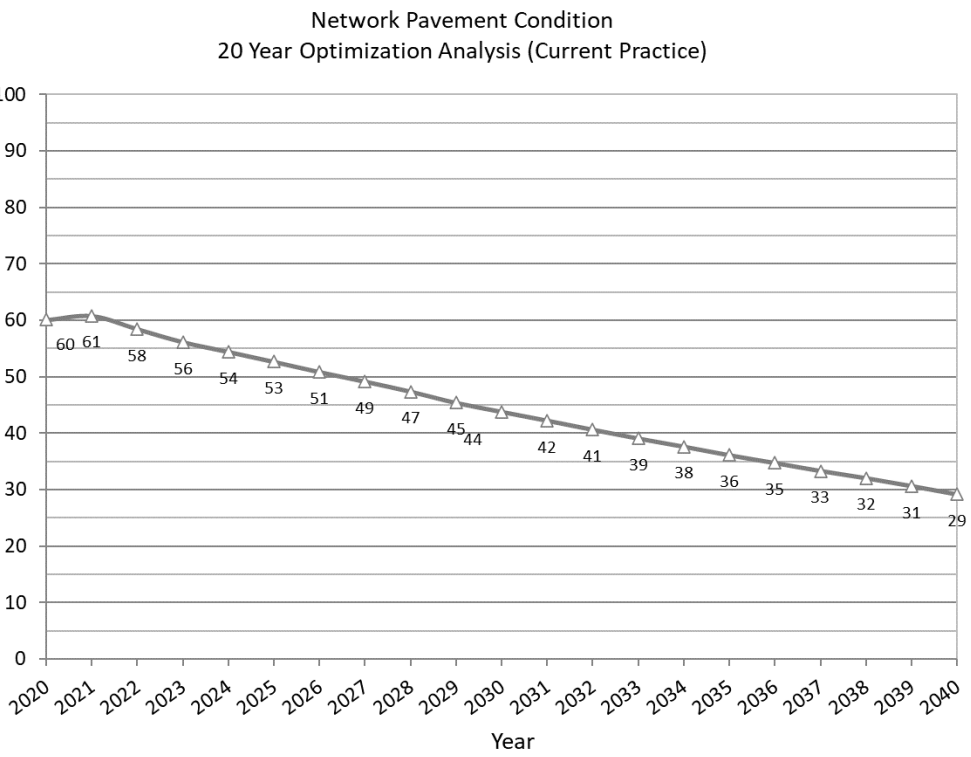
- $15M/Year – High/Low Volume Budget Split but Start in Year 2023
- Current Practice – Worst First/High Volume Roads Only

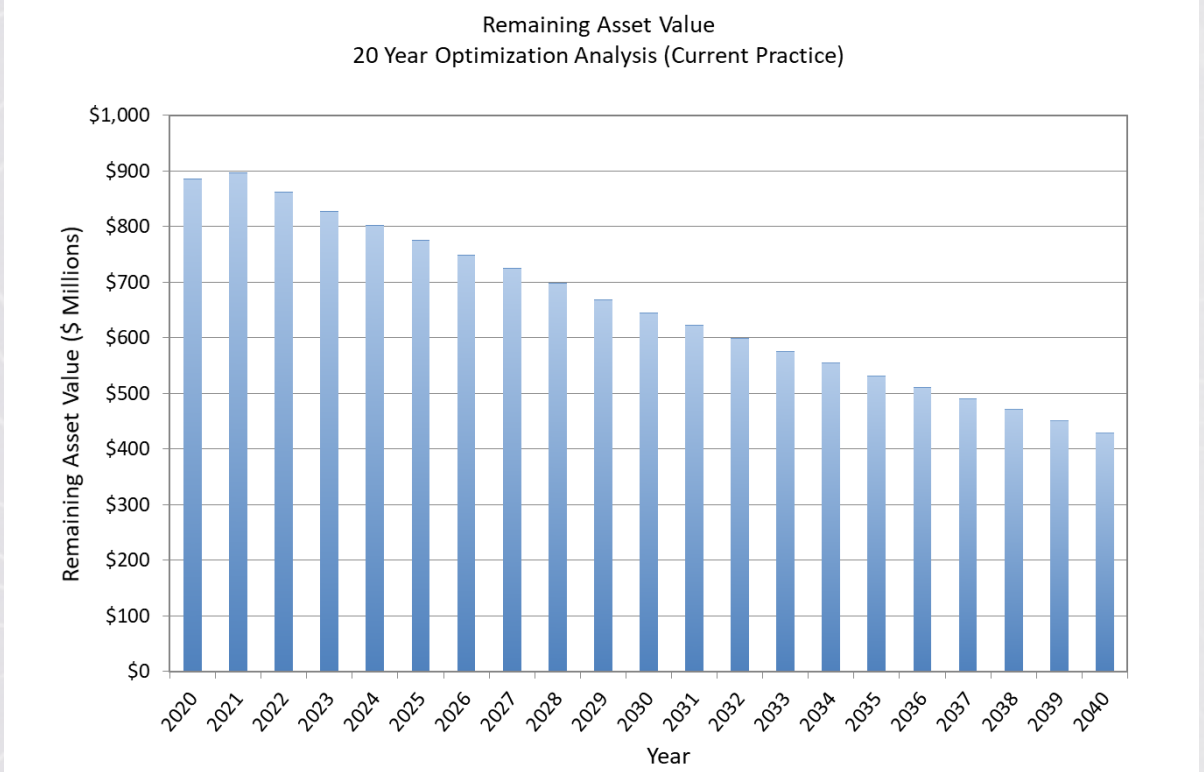
ALTERNATIVE BUDGET ANALYSIS COMPARISON CHANGE IN % GOOD ROADS/YEAR



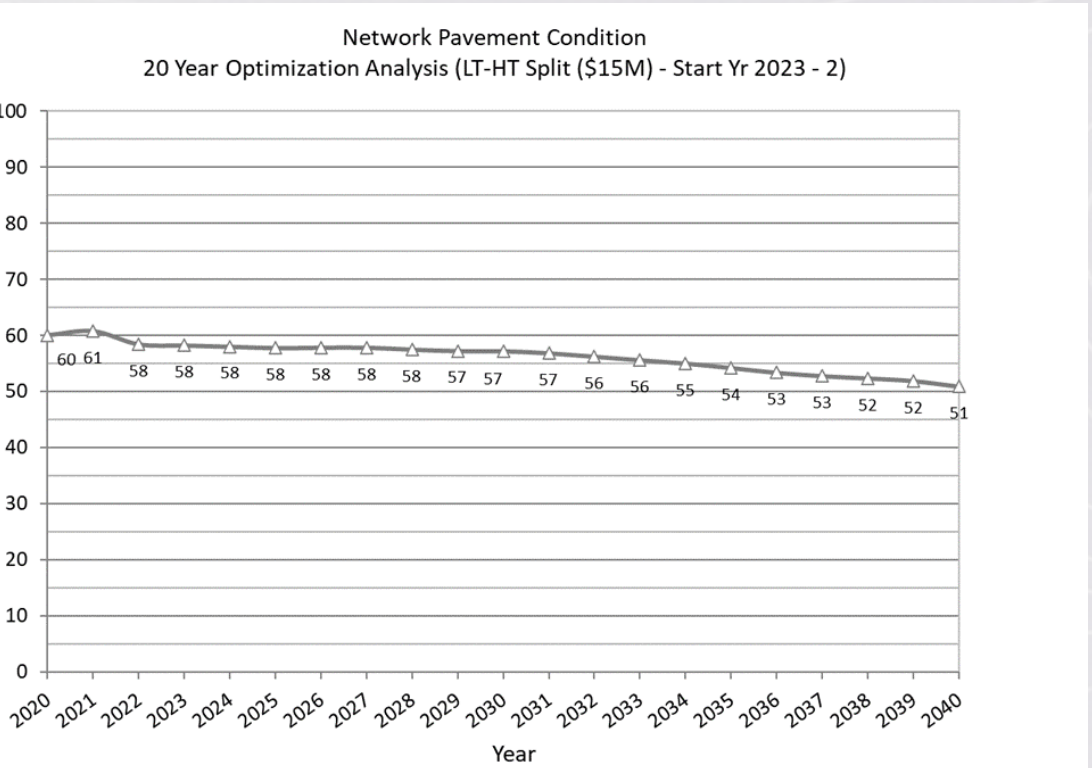
- $15M/Year – High/Low Volume Budget Split but Start in Year 2023
- Current Practice – Worst First/High Volume Roads Only

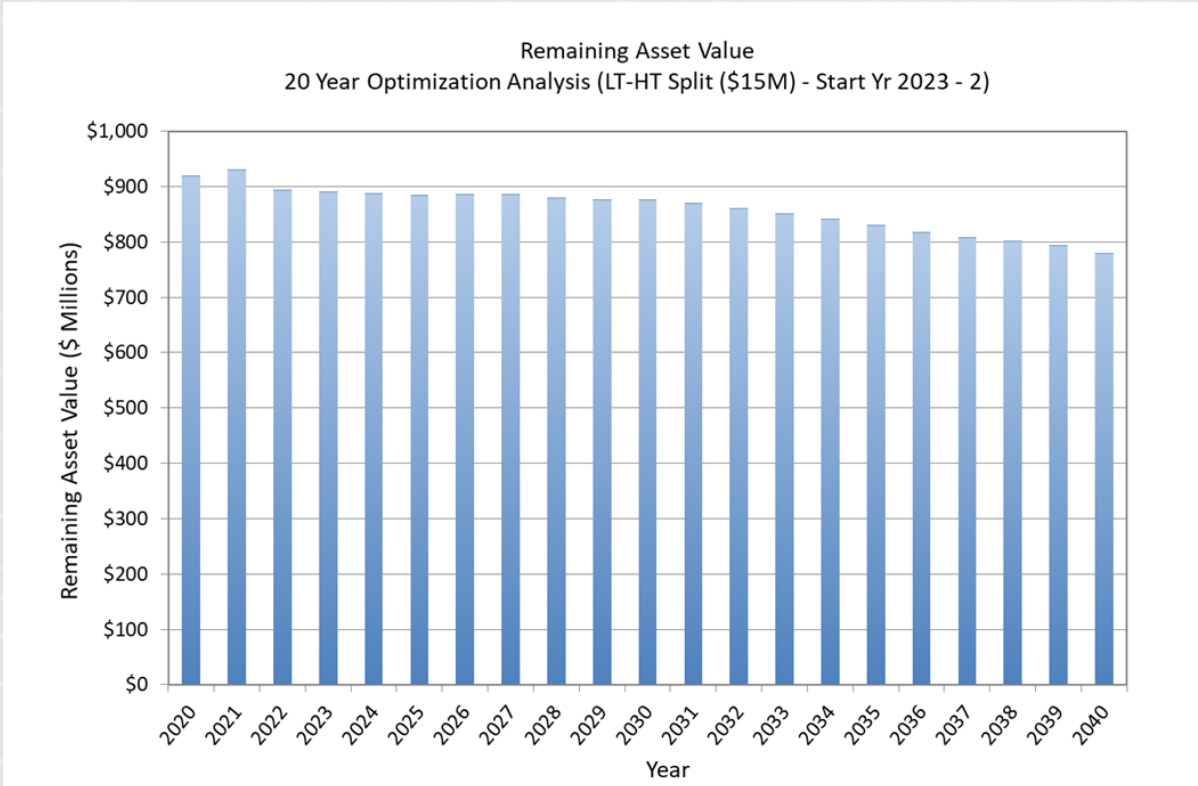
CURRENT PRACTICE – WORST FIRST TREATMENTS WITH ALL FUNDING GOING TO HIGHER TRAFFIC ROUTES



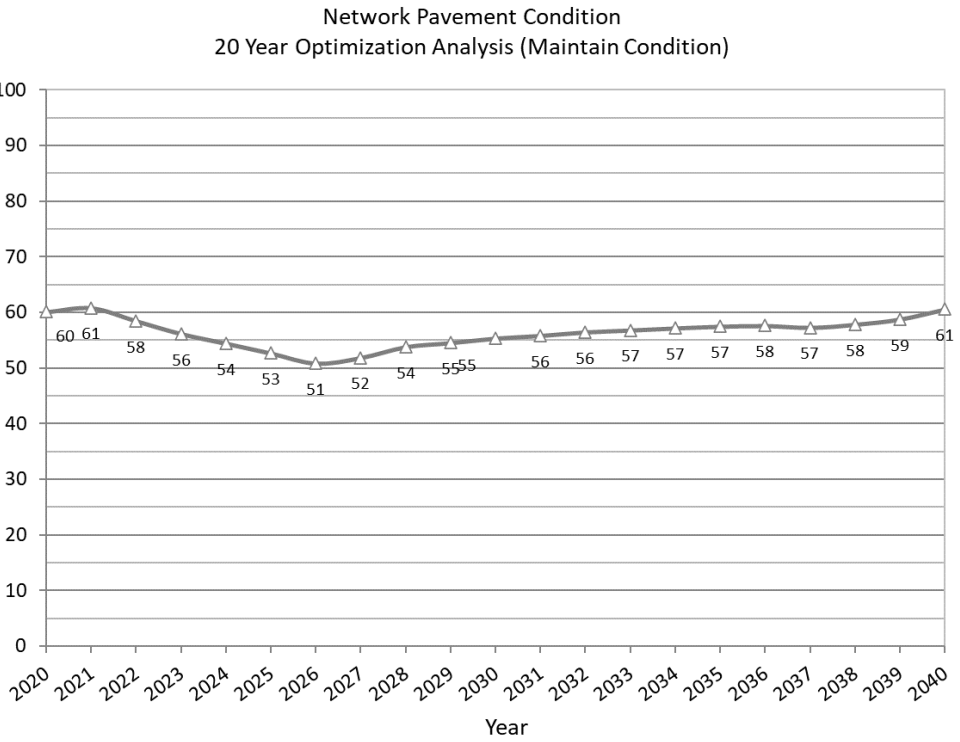


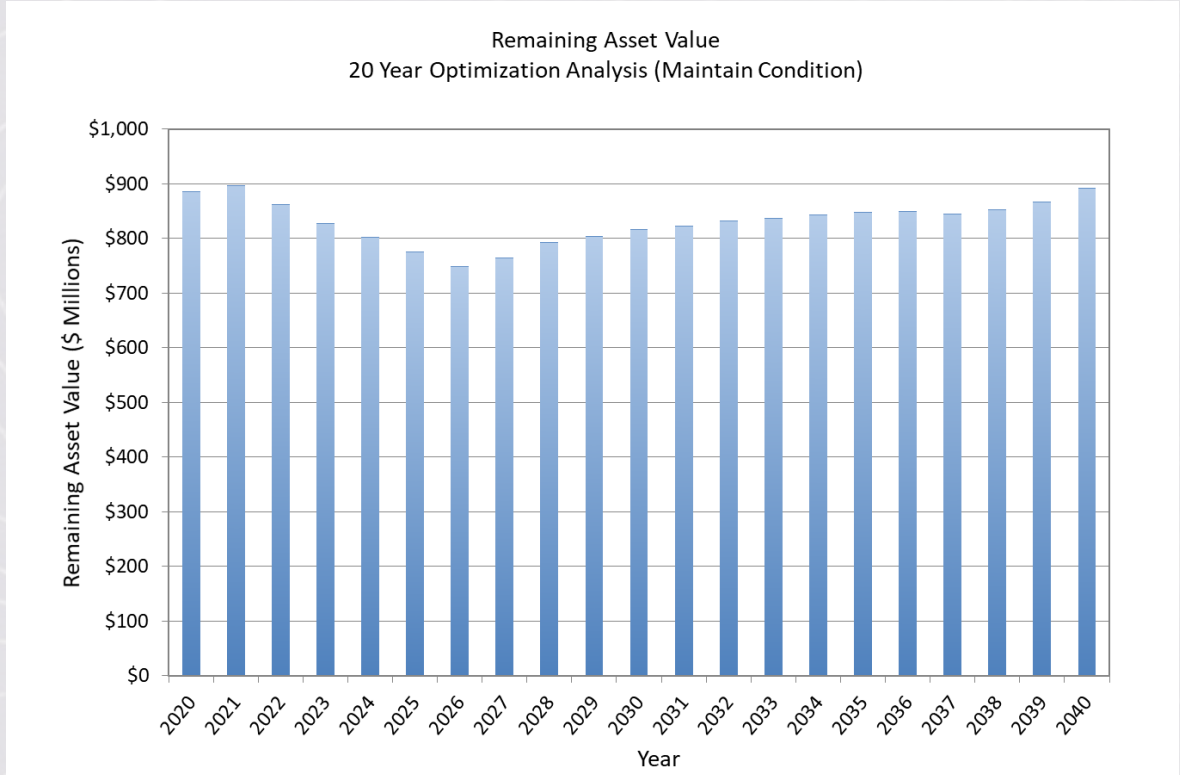
$15M/YEAR SPLIT BY LOW TRAFFIC/SUBDIVISION ($5M) AND HIGH TRAFFIC ($10M) STARTING FROM YEAR 2023



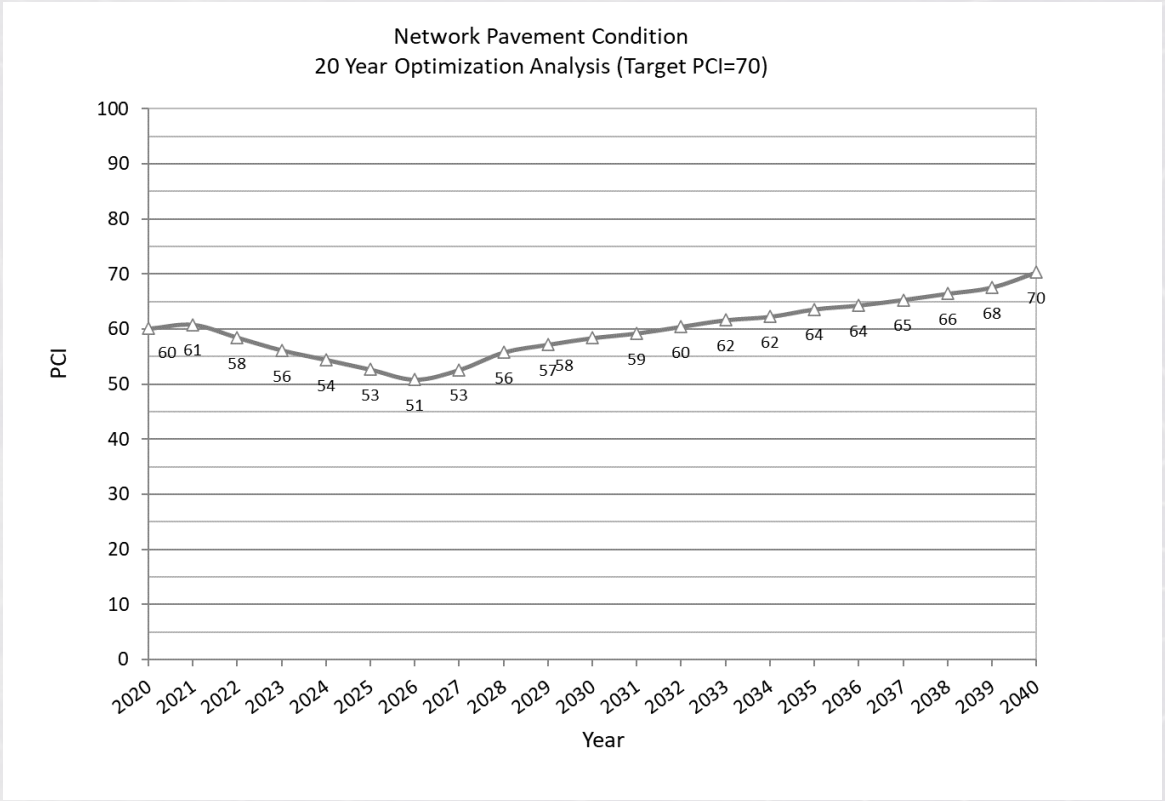


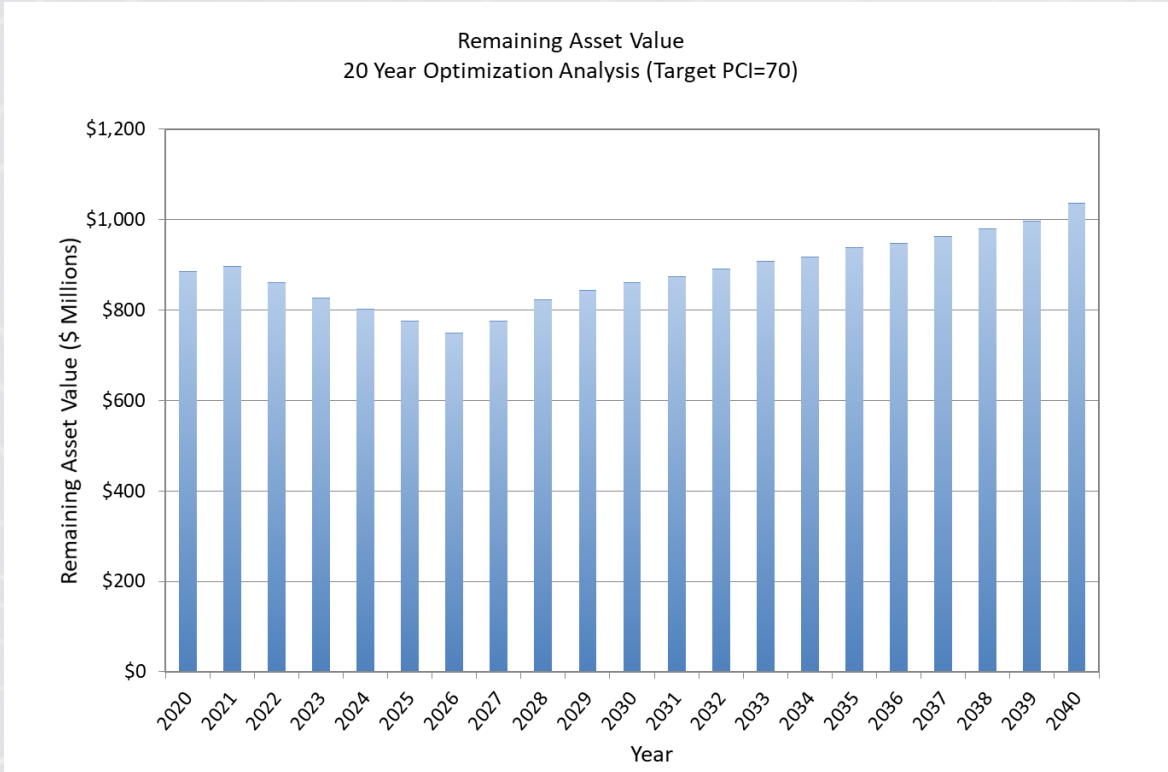
MAINTAIN CURRENT PCI = 60 – MAINTAIN CURRENT NETWORK CONDITION THROUGH THE END OF ANALYSIS PERIOD ($31.5M/YEAR NEEDED)





ACHIEVE TARGET PCI = 70 – BY THE END OF ANALYSIS PERIOD ($41.5M/YEAR NEEDED)





STAFF RECOMMENDATION

With the goal of maintaining approximately 30% of the County Network Roadways in Good Condition (Pavement Condition Index of at least 80%), staff recommends an annual investment of $15,000,000.00 starting on FY 2023 and increasing by at least 4% annually towards Pavement Management Projects (Preservation, Rehabilitation).

PP	Defective Patching and Potholes – See Appendix B for a detailed explanation
RAV	Remaining Asset Value
RC	Reflective Cracking – See Appendix B for a detailed explanation
RR	Rutting and Roughness – See Appendix B for a detailed explanation
SD	Surface Defects - Includes Oxidation and Raveling
TC	Transverse Cracking – See Appendix B for a detailed explanation
WF	Worst-First – Selecting projects on a worst first basis

I. EXECUTIVE SUMMARY

Introduction

The Kercher Group, Inc. (Kercher) was retained by Alachua County to perform a pavement management study for the County maintained asphalt pavement streets (approximately 690.3 centerline miles). A visual Pavement Condition Survey (PCS) of the asphalt pavement streets was conducted by Kercher, following the Federal Highway Administration's (FHWA) Long Term Pavement Performance (LTPP) methodology approach.

AgileAssets Pavement Analyst Software (Software) was used to perform the analysis on the County maintained asphalt streets. The Software incorporates deterioration models and treatment decision trees into the analysis while utilizing integer optimization. This analysis process allows the user to easily determine the greatest amount of benefit for any fixed budget or conversely determine the minimum level of funding needed over time to meet user-specified performance goals. This leads to the most cost-effective project selection for any given budget scenario the County requires. The analysis included a calculation of the current Pavement Condition Index (PCI), determining the Remaining Asset Value (RAV is defined as the dollar value of the asset based on the asset's condition, relative to the asset replacement value) and running multiple budget scenarios over a 20-year period and how this relates to the projected PCI and RAV.

Below is a brief summary of the results:

Condition Year (2020) Results:

The current (based on 2020 distress data) condition and summary of critical elements of the network are described in Table 1. The County's weighted average network condition or Pavement Condition Index (PCI) is 60. The net worth (or Asset Value) of the County street network is estimated to be approximately $1.5 billion. This estimate is derived by multiplying the total number of pavement square yards comprising the network (approximately 9.8 million square yards) by County's average square yard replacement cost of $156.00.

Table 1 – Current Condition and Inventory Summary

Element	Total
1. Length (CL Miles)	690.28
2. Lane Miles	1,422.90
3. Pavement Square Yards	9,814,657
4. PCI	60
5. Net Worth/Asset Value ($)	$1,531,086,474
8. Asset Value for Current Condition ($) *	$920,338,804
9. % Network in Good (PCI ≥ 80) Condition	25.3%
10. % Network in Poor (PCI < 60) Condition	43.9%

* 5. Net Worth/Asset Value ($) x 4. PCI/100

Based on an unlimited funding scenario, the current backlog of needs for the County roadway network was determined to be $408,167,827 and 1,210.10 backlog lane miles. Table 2 shows the backlog treatment needs detailed by the type of treatments needed.

Table 2 – Initial Backlog Treatment Needs and Type Breakdown

Budget Group	Lane Miles	Treatment Cost
Maintenance	148.46	$6,099,167
Preservation	67.18	$3,177,932
Rehab-Thin	439.79	$88,405,495
Rehab-Thick	488.21	$239,214,663
Reconstruction	66.70	$71,395,237
Grand Total	**1210.10**	**$408,167,827**

Projected Twenty Year Optimized Analysis Results (Year: 2040)

The Consultant Team ran six "what if" scenarios utilizing the PCI Rating System and the AgileAssets Software.

- Scenario 1 is setup to simulate the current practice followed by the County. Current practice means all the funding (Approx. $4M/year) goes to High Traffic (HT) volume or Non-Subdivision Routes only and only reconstruction and rehabilitation projects are funded.
- Scenario 2 splits $10M/year between Low Traffic (LT) volume and HT roads,
- Scenario 3 splits $15M/year between LT and HT roads,
- Scenario 4 splits $15M/year between LT and HT roads but optimization starts from 2023,
- Scenario 5 is setup to maintain current network condition (PCI = 60), and
- Scenario 6 is setup to achieve a Target network PCI = 70.

The detailed description of each scenario is provided in Section II C. Optimization and Predictive Modeling. Figure 1 - Figure 10 graphically depict the analysis results for each of the six scenarios using a twenty (20) year analysis period. Scenarios are compared in two groups; Need Analysis scenarios (1, 5, & 6) and Alternative Budget Analysis scenarios (1, 2, 3, & 4). A detailed explanation of the methodology used to calculate Remaining Asset Value (RAV) is provided in Section II F. Scenario Analysis Results The yearly budget amounts for the Current Budget and Maintain Current Condition are included in Table 5 located in Section II F. Scenario Analysis Results.

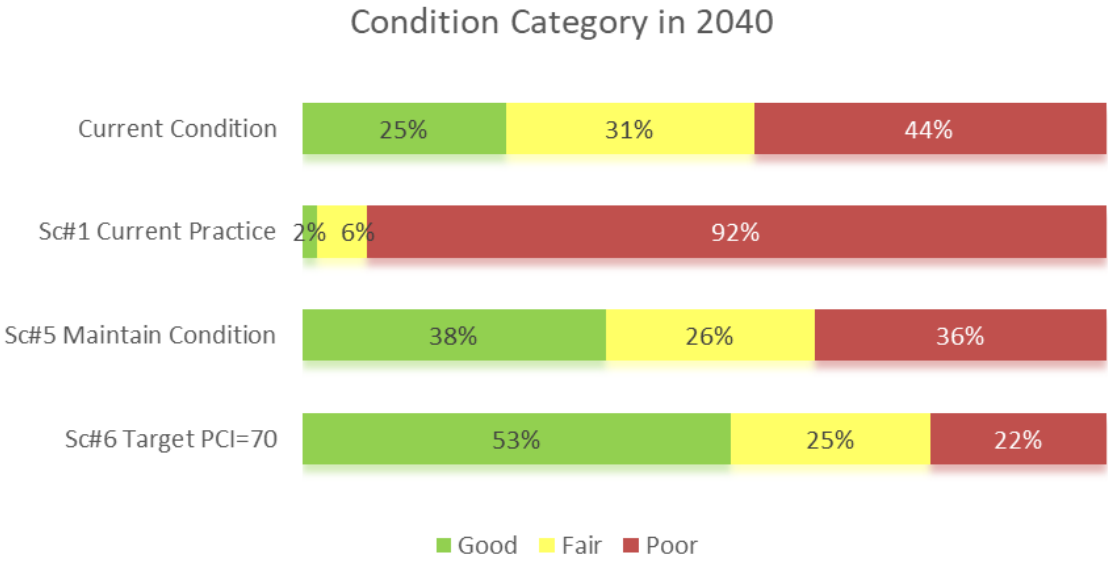

Figure 9 – Percent Network Condition Category - Scenarios 1, 5, & 6

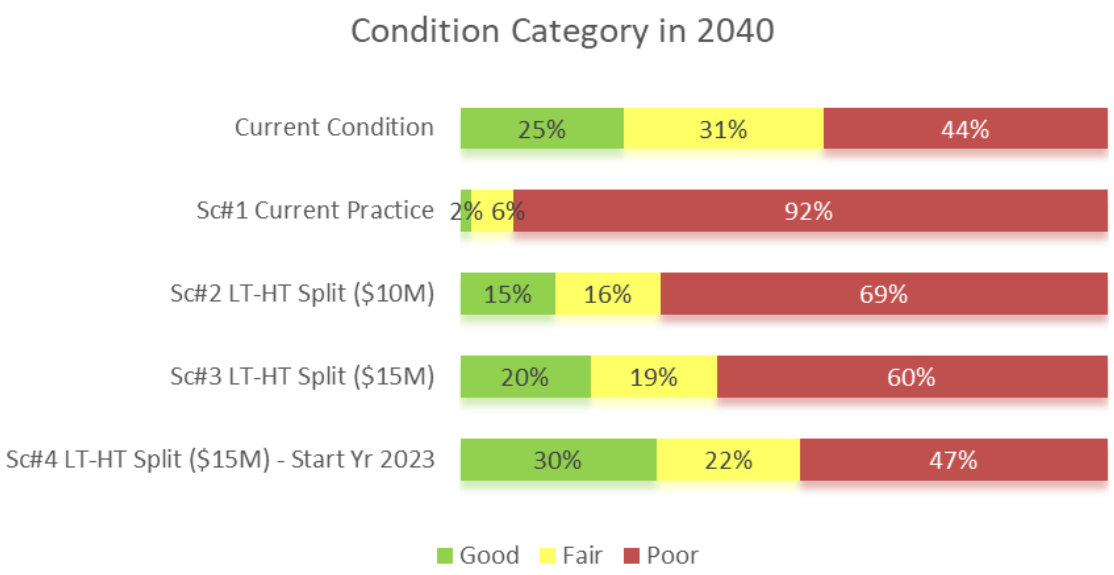

Figure 10 - Percent Network Condition Category - Scenarios 1, 2, 3 & 4

Summary

Based on the current condition of the network and the analysis included in this Pavement Management Report, Kercher has the following recommendations:

- The network is in poor condition today and is projected to continue to deteriorate substantially in the coming years at the current low funding levels and using the current project delivery approach of waiting until the pavements fail prior to reacting.
- Starting in 2027, increase current yearly pavement budget to approximately $31.5M/year to maintain the network condition through 2040.
- Or, starting in 2023, increase current yearly pavement budget to approximately $15M/year to maintain the network condition through 2030 with lesser deterioration through 2040.
- Implement a “mix of fixes” approach, including preserving good roads as long as possible in order to manage the network, repairing the network at all condition levels instead of waiting until they reach end of life to reconstruct. This approach has proven less costly in the long run while improving overall level of service for the public.
- Provide adequate funding for both the mainline and subdivision road networks.
- Look to develop a pavement program fund that separates ancillary assets from the cost of the pavement project. Currently the County’s pavement purchasing power is limited by the amount of ancillary project work that goes into improving the pavement network condition.

II. REPORT

A. Introduction

The Kercher Group, Inc. is a full-service engineering consulting firm providing municipal engineering, asset management, pavement management, and construction management services for more than 25 years. Our firm's primary focus has been on providing local government agencies with high quality infrastructure management consulting services. These services include municipal engineering, project management, pavement condition surveys, pavement and bridge management analysis and reporting, preparation of contract documents, contract administration and in-depth construction inspection. This portfolio of services helps ensure that our clients are spending their limited infrastructure budgets as efficiently and effectively as possible, and that projects constructed are of the highest quality to the highest level of service possible to the traveling public.

Pavement Condition Survey

Kercher was retained by the Alachua County to perform a Pavement Condition Survey (PCS) of the County maintained street system. Kercher identified approximately 690.3 miles of County maintained asphalt pavement roadways. A visual PCS of these streets was conducted by Kercher in July 2020 utilizing the Long-Term Pavement Performance (LTPP) condition evaluation methodology (recommended by FHWA). The pavement segments were rated by driving each road or street and observing six common pavement surface distresses, severities and extents are defined below:

1. Fatigue Cracking – aka Alligator Cracking (FC)
2. Transverse Cracking (TC)
3. Block Cracking (BC)
4. Defective Patching and Potholes (PP)
5. Surface Defects – Includes Oxidation and Raveling (SD)
6. Rutting and Roughness (RR)

Analysis and Reporting

The individual distress condition data collected from this PCS was then used to calculate several condition indices. A structural condition index (indicator of deterioration due to structural factors: FC & PP), an environmental condition index (indicator of deterioration due to environmental factors: TC, BC, & SD), and a functional condition index (RR) were calculated for each management section. These "combined" condition indices were used to select the most cost-effective treatment in each analysis scenario. In order to provide an indicator of general health of the pavements, a Pavement Condition Index (PCI) for each street segment and a length-weighted average PCI for the entire roadway network were also calculated.

AgileAssets Pavement Analyst™ Software (Software), as configured by Kercher specifically for local agency road networks, was used to generate future projections of both PCI and RAV for the County maintained network based on current and projected funding levels. The analysis results were then used to develop

optimized yearly work plans. The optimized yearly work plans provide the recommended repair activities to address the deficiencies on affected street segments in the most cost-effective manner possible. Costs for the recommended repair activities were calculated using current unit repair costs provided by the County (see Table 3 – Repair Activities and Unit Costs below). It is important to note that Project-level unit costs (usually higher than the network level unit costs) are used to run the analysis. Recommended repair activities for the County's Streets are provided in the Alachua County 2020 PMS Database.

Table 3 – Repair Activities and Unit Costs

Maintenance Activity	Unit Cost ($/SY)
Crack Seal	$0.65
Rejuvenator	$1.00
Patching	$11.00
Preservation	$6.50
Rehab (Minor) - Res	$11.00
Rehab (Minor)	$48.50
Rehab (Major)	$75.00
Reconstruction-FDR	$156.00

B. Procedures

The procedures used for this survey include:

- Identifying an inventory of the physical characteristics of the County's streets. These characteristics include direction, block, street name, type, begin and end descriptions, length, pavement type, number of lanes, class (high or low volume) width and neighborhood ID.

- Evaluation of the surface pavement distresses using the LTPP rating methodology. Fatigue cracking, transverse cracking, block cracking, defective patching and potholes, surface defects, rutting and roughness and are measured according to well-defined severity and extent levels. See Appendix B - Distress Definitions.

- Entering and compilation of the collected field data, and post processing information into the Software. By utilizing the Software, Kercher generated multiyear budget scenarios based on revenue numbers identified by the County for various funding levels. Because this software uses multi-constraint optimization, Kercher has the ability to identify the County's PCI and RAV in the most cost-effective manner. The software also proves to be of great benefit for justifying the pavement management plan funding to Commission.

C. Optimization and Predictive Modeling

The Kercher Consultant Team ran six "what if" scenario analyses utilizing the AgileAssets Pavement Analyst software. Accordingly, yearly work plans were generated for the following budgets scenarios:

- Scenario #1 Current Practice -- All funding (Approx. $4M/year) goes to Higher Traffic (HT) volume or Non-Subdivision Routes only. Only Reconstruction and Rehabilitation projects are funded. Low Traffic (LT) volume or Subdivision Routes are not funded. Each of the scenarios has a committed projects list for the first 6 years, and the optimization analysis picks the projects from year 7-20. Based on an unlimited scenario analysis, two additional projects worth $21.5M were selected by the County. It was decided to complete them in multiple phases; a deduction of $2M was therefore applied on annual budget of $4M to save for those projects. A complete list of committed projects (Master Work Plan) is provided in Table 4.

- Scenario #2 LT-HT Split ($10M) -- $10M/year split into LT ($3M) and HT ($7M) Routes. Only Reconstruction and Rehabilitation projects are funded. Includes committed projects for first 6 years of the analysis.

- Scenario #3 LT-HT Split ($15M) -- $15M/year split into LT ($5M) and HT ($10M) Routes. Only Reconstruction and Rehabilitation projects are funded. Includes committed projects for first 6 years of the analysis.

- Scenario #4 LT-HT Split ($15M) - Start Yr. 2023 -- $15M/year split into LT ($5M) and HT ($10M) Routes, optimized project selection starting from Year 2023. Only Reconstruction and Rehabilitation projects are funded. No committed (planned) projects beyond 2022.
    - As mentioned above, each of these scenarios has a committed projects list for the first 6 years, and the optimization analysis picks the projects from year 7-20. The only exception is scenario #4 which starts the budget funding in year 3 of the analysis.

- Scenario #5 Maintain Condition -- Maintaining Current network condition (PCI = 60) by the end of analysis period. Only Reconstruction and Rehabilitation projects are funded. The yearly budget used for the Maintain Condition scenario analysis are provided in Table 5.

- Scenario #6 Target PCI = 70 -- Achieving target network condition of PCI = 70 by the end of analysis period. Only Reconstruction and Rehabilitation projects are funded. The yearly budget used for the Target PCI = 70 scenario analysis are provided in Table 5.

Table 4 – Master Work Plan (Committed Projects for the Analysis Period)

Plan Year	Street Name	Begin Point	End Point	Treatment	Project Price
2021	NE/NW 53 AV	US 441	SR 24	Recon-FDR	$1,735,490
2021	SW 170 ST	CL	SW 134 AV	Rehab (Major)	$600,000

[1] Low Traffic
[2] High Traffic

An unlimited funding scenario was also run to determine all current network needs. Because the software uses deterioration models developed by Kercher and multi-constraint optimization analysis, the software selects the optimal set of projects for each year based on timing, cost, and benefit to the County. The unlimited funding scenario can be used to prioritize the current list of projects by benefit/cost ratio. Table 6 shows the top ten projects selected based on Benefit-to-cost ratio.

Table 6 – Top 10 B/C ratio projects

Year	Treatment	Project Price	B/C Ratio	Street Name	Begin Location	End Location
2021	Crack Seal	$21,476.00	873.91	N MAIN ST	16 AV	39 AV
2021	Preservation	$280,719.00	773.05	SW 20 AV/SW 24 AV	SW 75 ST	HOGTOWNE CREEK
2021	Rehab (Minor)-Res	$44,147.00	576.60	SW 87 WAY		
2021	Preservation	$410,771.00	566.74	NW COUNTY RD 239		
2021	Preservation	$1,092,000.00	526.44	NW 140 ST / NW 143 ST	SR 26	CR 235
2021	Preservation	$303,319.00	366.70	HOLDEN PARK RD	US 301	CL
2021	Rehab (Minor)	$2,060,151.00	269.89	SW 24 AV	SW 122 ST	SW 75 ST

2021	Rehab (Major)	$1,339,800.00	222.94	FORT CLARKE BLVD		
2021	Rehab (Minor)	$1,746,172.00	204.20	NW 39 AV	NW 143 ST	NW 115 TER

Traffic is part of prioritization in the work plan as B/C ratio. It also modifies the Benefit side of the equation using the following multipliers in optimization (Table 7). Since typical Mill/Fill treatments (Minor Rehab) differ in unit cost by approximately 4.4x ($48.50/$11.00), the Traffic Weight Factor needs be higher than that to compete in free spend scenario. However, in scenarios where the budget is already subdivided by High Traffic and Low Traffic roads, it will not affect treatment selection since they do not have to compete for funds.

Table 7 – Benefit Modifiers - Traffic Weight Factors

Classification (in PMS)	Function (from GIS)	AADT Range	Traffic Weight
A	Subdivision	AADT <= 1,000	1
B	Local / Minor / Major Collector	1,000 < AADT <= 2,500	5
B	Local / Minor / Major Collector	2,500 < AADT <= 5,000	7.5
B	Local / Minor / Major Collector / Minor Arterial	5,000 < AADT <= 10,000	10
B	Major Collector / Minor Arterial	AADT > 10,000	15

D. PCS and Management System

Information provided to the County by the PCS and the optimization analysis using the software includes:

- An updated basic inventory of bituminous paved streets with direction, block, street name, begin and end points, type, length, pavement type, number of lanes, and width.
- Pavement distresses, by type, severity, and extent, along with the PCI for each street segment.
- Recommended repair activities and anticipated repair costs.
- Digital copies of all data, reports, and charts.
- Multiyear budget scenario graphs and charts for County streets.
- A digital list of street sections that includes field inventory data, distress ratings and estimated repair and cost data.

E. Observations

The PCS provides an objective evaluation by visual observation of six types of pavement distress and the relative amount and severity of each type of distress. The following are some observations from the survey:

Surface Defects (SD) – The most predominant distress was found to be Surface Defects (raveling and oxidation). Approximately 97% of the surveyed street system exhibits some level of surface defects. Approximately 9.0% of the streets exhibit high severity surface defects. About 56% of the streets exhibit Medium severity surface defects while 31% of the streets exhibit Low severity surface defects. Surface defects are the result of the wearing away and discoloration of the asphalt surface caused by vehicular traffic, environmental conditions, sun exposure, and age hardening of the asphalt materials. Oxidation and minor surface defects can be cost effectively addressed using treatments such as rejuvenators, Microsurfacing, and other preservation treatments. The timely application of these preservation

treatments can extend the life of the underlying pavement. If not properly managed, the age hardening of asphalt materials will ultimately lead to cracking of the pavement surface.

Fatigue Cracking (FC) – The most structurally damaging and costliest distress to repair is Fatigue Cracking (aka alligator cracking). Approximately 84% of the rated street system exhibits some level of fatigue cracking. About 44% of roadways exhibit a High severity level and about 23% of roadways are at a Medium severity level both of which require full-depth patching. About 18% of roadway exhibits a Low Severity Level. Fatigue cracking is a high priority distress and is the most serious pavement distress because it results from a structural pavement failure, whether by repeated loading from vehicles, or loss of support from underlying layers. Unless corrected, it will progress to the point of requiring complete pavement reconstruction.

Transverse Cracking (TC) – Approximately 54% of the roadway network exhibited transverse cracking. About 2.2% of the roadway network exhibited High severity transverse cracking, 26% exhibited Medium severity transverse cracking, and 26% exhibited Low severity transverse cracking. Transverse cracks are shrinkage cracks caused by the heating and cooling of the asphalt surface and if this environmental distress is not addressed by protecting the surface through preservation treatments, then the crack spacing will decrease until it forms into block cracking. When medium transverse cracks exist with spacing greater than 25 feet, a crack sealant can be used to prevent surface water from entering in the roadway base.

Block Cracking (BC) – Approximately 76% of the surveyed street system exhibits some level of block cracking. About 3% of the roadway network exhibited High severity block cracking, 72% exhibited Medium severity block cracking, and 1% exhibited Low severity block cracking. Like transverse cracks, block cracking is an environmental distress caused by the heating and cooling of the asphalt surface. Block cracking is progressively worse than transverse cracking and if left untreated, will develop into fatigue cracking.

F. Scenario Analysis Results

The Remaining Asset Value (RAV) is a dollar value of the asset based on the asset's condition relative to the total asset replacement value. As explained previously in the Executive Summary, the net worth (or Asset Value) of the County street network is estimated to be approximately $1.5 billion. This estimate is derived by multiplying the number of pavement square yards (approximately 9.8 million square yards) by County defined square yard replacement cost of $156.00. If the entire network is reconstructed irrespective of its current condition, the network PCI would be 100. In other words, the Asset is valued to be $1.5 billion in its perfect/new condition (PCI=100). Obviously, reconstruction for all County streets is not achievable or practical. The Asset Value for Current Condition is calculated by multiplying the Asset Replacement Value by the Current Condition PCI as a percentage of remaining life. Based on the survey, the Asset Value of Current Condition is approximately $920 million. Changes to the asset value based on the scenarios run are summarized in Table 8. This table summarizes the changes in Remaining Asset Value compared to current condition and compared to a Current Budget scenario with project selections based on current practice approach. Usually, a worst first approach is used as a base scenario, however, for Alachua County, a current practice scenario was used as it resembles the worst first approach.

Table 8 – Predictive Modeling Results - Remaining Asset Value

Scenario Name	PCI (Year 20)	20 Year RAV	Change in RAV*	Change in RAV**
Current Condition	60	$920,338,804	N/A	N/A
Sc#1 Current Practice	29	$446,506,735	-$473,832,069	N/A
Sc#2 LT-HT[1] Split ($10M)	40	$615,176,814	-$305,161,990	$168,670,079
Sc#3 LT-HT Split ($15M)	45	$690,946,271	-$229,392,533	$244,439,536
Sc#4 LT-HT Split ($15M) - Start Yr 2023	54	$822,848,739	-$97,490,065	$376,342,004
Sc#5 Maintain Condition	61	$927,496,314	$7,157,510	$480,989,579
Sc#6 Target PCI=70	70	$1,076,877,562	$156,538,758	$630,370,827

*With Respect to Current Condition

** From Baseline Current Practice Approach

[1] LT= Low Traffic Routes, HT = High Traffic Routes

Key takeaways from the predictive modeling and survey results:

Figure 11 and Figure 12 below show the current condition of the Alachua County network, as well as a comparison between current budget and the rest of the analysis scenarios.

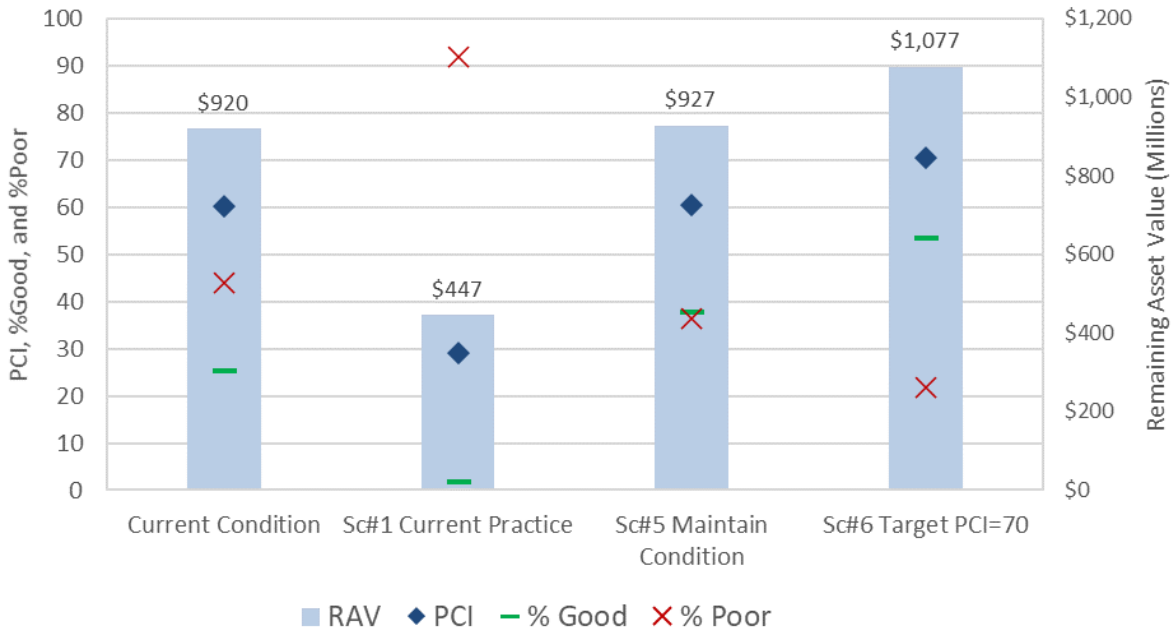

Figure 11 – Summary of Current Condition and Analysis Scenarios 1, 5, & 6.

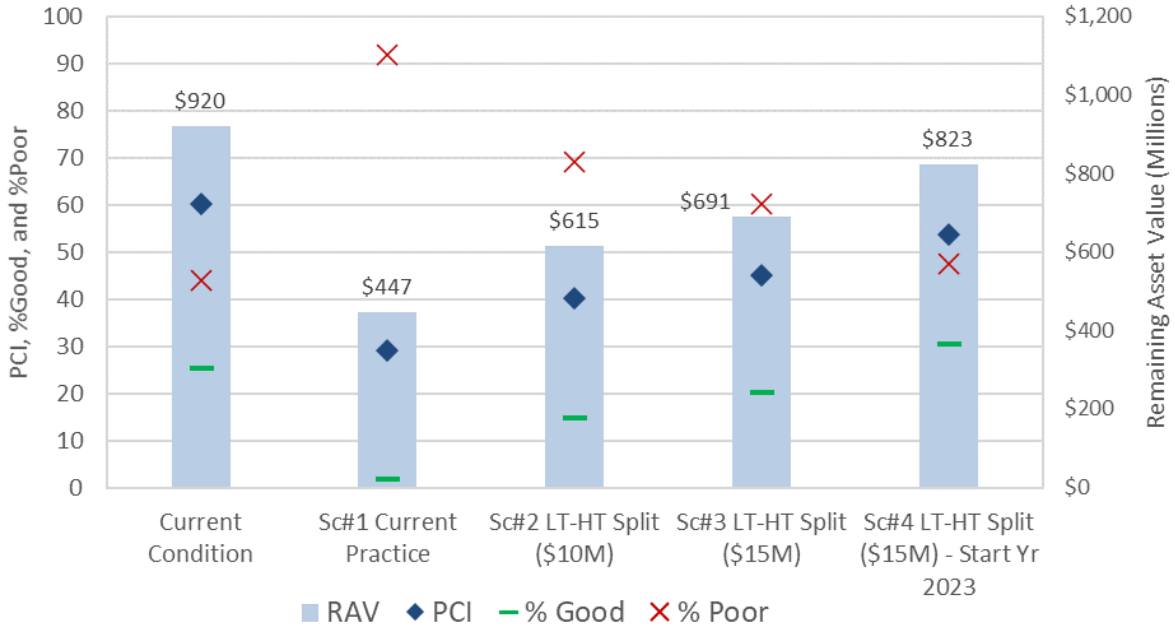

Figure 12 – Summary of Current Condition and Analysis Scenarios 1, 2, 3, & 4.

Following is the summary of the scenario analyses runs and their outcomes:

- ***Current Condition***
  - The County has an average PCI of 60.
  - Currently the County has a RAV of $920.3M.
  - Network % Good: 25.
  - Network % Poor: 43.9.

- ***Scenario #1 Current Practice***
  - If the average allocated funding per year is $2.87M (including planned projects) for the next 20 years (2021-2040) and only HT network (Locals, Collectors, Arterials) Rehabilitation and Reconstruction projects are funded, and an optimized project selection approach is used:
    - The PCI will decrease to 29.
    - The RAV will decrease to $446.5M.
    - Network % Good will decrease to 1.7.
    - Network % Poor will increase to 91.9.

- ***Scenario #2 LT-HT Split ($10M)***
  - If the average allocated funding per year is $10M from year 2027 to 2040 and the funding is split between HT ($7M) and LT ($3M) Rehabilitation and Reconstruction projects, and an optimized project selection approach is used:
    - The PCI will decrease to 40.
    - The RAV will decrease to $615.2M.
    - Network % Good will decrease to 14.7.
    - Network % Poor will increase to 69.1.

- ***Scenario #3 LT-HT Split ($15M)***
  - If the average allocated funding per year is $15M from year 2027 to 2040 and the funding is split between HT ($10M) and LT ($5M) Rehabilitation and Reconstruction projects, and an optimized project selection approach is used:
    - The PCI will decrease to 45.1.
    - The RAV will decrease to $690.9M.
    - Network % Good will decrease to 20.2.
    - Network % Poor will increase to 60.3.

- ***Scenario #4 LT-HT Split ($15M) – Start Yr. 2023***
  - If the average allocated funding per year is $15M from year 2023 to 2040 and the funding is split between HT ($10M) and LT ($5M) Rehabilitation and Reconstruction projects, and an optimized project selection approach is used:
    - The PCI will decrease to 53.7.
    - The RAV will decrease to $822.8M.
    - Network % Good will increase to 30.4.
    - Network % Poor will increase to 47.4.

- ***Scenario #5 Maintain Condition***

- If the average allocated funding per year is $31.5M from year 2027 to 2040 and the funding is split between HT ($24.5M) and LT ($7M) Rehabilitation and Reconstruction projects, and an optimized project selection approach is used:
  - The PCI will maintain at about 61 for both HT and LT roads and consequently the whole network.
  - The RAV will increase to $927.5M
  - Network % Good will increase to 37.7.
  - Network % Poor will decrease to 36.3.

- ***Scenario #6 Target PCI = 70***
  - If the average allocated funding per year is $41.5M from year 2027 to 2040 and the funding is split between HT ($31.0M) and LT ($10.5M) Rehabilitation and Reconstruction projects, and an optimized project selection approach is used:
    - The PCI will increase to 70 for both HT and LT roads and consequently the whole network.
    - The RAV will increase to $1,076.9M.
    - Network % Good will increase to 53.3.
    - Network % Poor will decrease to 21.8.

G. Recommendations

Kercher recommends the following:

- **Funding** – The County should consider increasing funding for its roadway pavements to protect the investment in this critical asset.
- **Regular Pavement Condition Surveys (PCS)** – The County should continue to conduct a PCS every 3 years; this interval is recommended by FHWA and is a nationally accepted practice.
- **Rejuvenators** – The County should consider the use of rejuvenators to prolong the life of its asphalt pavement network. Rejuvenators, when applied to newly overlaid streets (typically 1 to 4 years old), will preserve the plasticity and durability of the asphalt which will effectively extend the life of the pavement by resisting the age hardening of the asphalt surface that leads to cracking.
- **Pavement Preservation** –The County should consider expanding its pavement preservation treatment toolbox to include additional thin lift treatments such as a single application Microsurfacing or ultra-thin asphalt overlays in order to maximize its yearly roadway funding. Microsurfacing and ultra-thin asphalt overlays are cost-effective treatments, and when applied correctly, can be applied earlier than conventional thin rehabs and will allow the County to maintain the roads at a higher level of service for the least amount of money. The typical cost of these treatments range between $2.00 to $7.00 per square yard as compared to Rehab (Minor) which costs the County $48.50 per square yard. Implementation of a successful pavement preservation program includes educating both County personnel and its citizens to better understand why it is more cost-effective to have a balanced approach (the right mix of fixes) as opposed to simply always fixing the roads in worst shape.

H. Conclusion

Roadway Assets: This is the first LTPP pavement condition survey and optimization analysis conducted by Alachua County and therefore serves to provide a baseline pavement condition. The County is to be commended for taking this important step to protect its greatest infrastructure asset by assessing the condition and understanding its predicted performance over time. Assuming that the current level of funding for pavements remains unchanged, the overall pavement condition will deteriorate over the next twenty years based upon the software predictions. With the information presented above, it is recommended that the County continue taking steps to reverse this expected downward trend in pavement condition and reevaluate the funding decisions impacting the County-wide pavement network. The County does not currently utilize a preservation approach and in fact has very few candidates for preservation treatments due to the advanced level of deterioration present. However, the County could also see immediate benefits from expanding its pavement treatment toolbox to include broader use of available preservation treatments for those few candidates that currently exist and as the network improves with additional funding in the future, continue to focus funds to keeping the "good roads good". The County should also continue to leverage the Pavement Management Software optimization analysis for predicting the future condition of the network and selecting the mix of projects for its annual program of work that maximizes performance based upon the available budget.

***Software Performance Models*:** Pavement performance models were not specifically developed for the pavements within the County. The development of performance models is a complex process and requires vast amounts of quality pavement condition data and construction history records. The Software system utilized performance models developed by Kercher based upon actual experience and validation on similar street networks in the region. Factors that can affect pavement performance include pavement design, quality of construction, soil types, traffic volume and the infusion of money over and above the current funding (≈$4M/Yr.). As the County performs future pavement condition surveys and records its construction history over time, data points will be established for the County which will allow the correction of the performance models as necessary, which will provide more accurate estimates of funding needs.

Other Assets: The County is encouraged to consider assessing other infrastructure assets in a similar fashion to perform these types of analyses to determine the overall budgeting needs for the County's infrastructure. It would be extremely cost-effective to extend the use of the AgileAssets software to assist the County in coordinating infrastructure maintenance and construction projects to avoid overlaps in scheduling of projects. This would help to avoid the challenge faced in maintaining the pavements that occurs when money is spent to repair a road and shortly thereafter the road is cut open to replace a culvert or utility. Cross-asset coordination greatly alleviates these types of costly occurrences. Currently, the County is using funds that should be allocated to addressing pavement needs to pay for additional assets. The County should consider a separate, dedicated funding mechanism for improving the pavement network and fund ancillary asset repairs from other sources.

Appendix B- Distress Definitions

DISTRESS DEFINITIONS

The distresses identified and classified for each road segment were collected in accordance with FHWA-RD-03-031, Distress Identification Manual for the Long-Term Pavement Performance Project (June 2003). The following distresses were collected:

- Fatigue Cracking (FC – Alligator Cracking)
- Environmental Cracking – Transverse Cracking (TC) and Block Cracking (BC)
- Patching/Potholes (PP)
- Surface Defects (SD – Oxidizing/Raveling)
- Roughness/Rutting (RR)
- Reflective Cracking (RC)

Each distress and its rating are explained in detail below:

Fatigue Cracking (FC – Alligator Cracking)

Description:

Occurs in areas subjected to repeated traffic loadings (wheel paths).

Can be a series of interconnected cracks in early stages of development. Develops into many-sided, sharp-angled pieces, usually less than 1 ft. on the longest side, characteristically with a chicken wire/alligator pattern, in later stages.

Must have a quantifiable area.

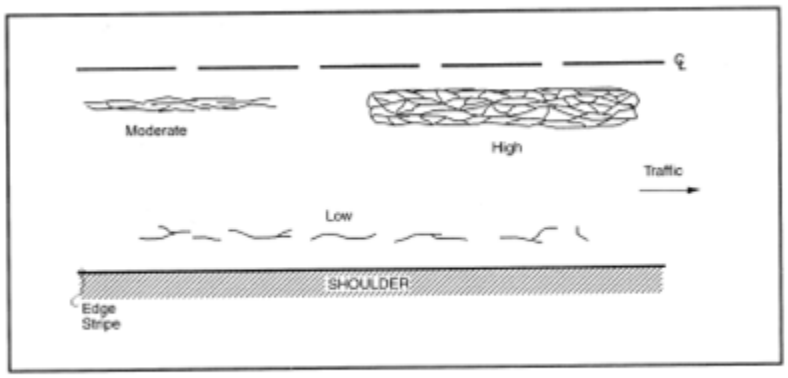

FIGURE 3
Distress Type ACP 1—Fatigue Cracking

Severity

LOW

An area of cracks with no or only a few connecting cracks; cracks are not spalled or sealed; pumping is not evident.

Note: If there is one straight crack in the wheel path this is not considered alligator. The key is a set of small cracks.

Low Severity Fatigue Cracking.

MEDIUM

An area of interconnected cracks forming a complete pattern; cracks may be slightly spalled; cracks may be sealed; pumping is not evident.

HIGH

An area of medium or severely spalled interconnected cracks forming a complete pattern; pieces may move when subjected to traffic; cracks may be sealed; pumping may be evident.

Extent

The extent is determined by the percentage of area for which the distress expands. The percent ranges within each cell determine the repair strategy for defining the decision matrix analysis result. The percent ranges are: 0-5%, 5-10%, 10-25%, 25-50%, 50-75%, and 75-100%.

Medium Severity Fatigue Cracking.

High Severity Fatigue Cracking.

Environmental Cracking – Transverse Cracking (TC) and Block Cracking (BC)

Description:

Transverse cracks run perpendicular to the roadway centerline. Transverse cracks are generally spaced at regular intervals and caused by expansion and contraction of the road surface material. Transverse cracks can also be reflective, appearing above joints and cracks in underlying pavements.

Block cracks are a pattern of cracks that divides the pavement into approximately rectangular pieces. Rectangular blocks range in size from approximately 1 ft^2 to 100 ft^2.

Transverse Cracking.

Severity

LOW

A crack with a mean width ≤ 1/4 in.; or a sealed crack with sealant material in good condition and with a width that cannot be determined.

MEDIUM

Any crack with a mean width > 1/4 in. and ≤ 3/4 in.; or any crack with a mean width ≤ 3/4 in) and adjacent low severity random cracking.

HIGH

Any crack with a mean width > 3/4 in.; or any crack with a mean width ≤ 3/4 in. and adjacent medium to high severity random cracking.

Note: A quarter of an inch is roughly the width of a no. 2 pencil.

Low Severity Transverse Cracking.

Extent

The extent is dependent on the predominant type of environmental cracking present on the road section.

Transverse Cracking extent is evaluated based on crack spacing over the road section with > 100' is considered Low, 50'-100' is considered Medium, 25'-50' is considered High, and < 25' is considered Extreme.

Block Cracking extent is evaluated based on percent area affected. The percent ranges within each cell determine the repair strategy for defining the decision matrix analysis result. The percent ranges are: 0-5%, 5-10%, 10-25%, 25-50%, 50-75%, and 75-100%. If the rectangular blocks are between 1 ft^2 and 10 ft^2 then the light severity cracking will be considered medium and the medium severity cracking will be considered high.

Medium Severity Transverse Cracking.

High Severity Transverse Cracking.

Medium Severity Block Cracking

High Severity Block Cracking

Patching/Potholes (PP)

Description:

Patching refers to areas where the original pavement has been removed and subsequently replaced and the replaced pavement is showing deterioration.

Potholes are areas where portions of the road pavement have broken, and loss of pavement has resulted in a bowl-shaped depression. The diameter of this depression has to be greater than 6 inches to be called a pothole.

Medium Severity Pothole

Severity

LOW

Patches are present and have at most, low severity distress of any kind. Potholes are not present.

MEDIUM

Patches are present and have at most, medium severity distress of any kind. Potholes < 1" depth present.

HIGH

Patches are present and have at most, high severity distress of any kind. Potholes > 1" depth present.

Extent

The extent is determined by the percentage of area for which the patches are present on the road section. The percent ranges within each cell determine the repair strategy for defining the decision matrix analysis result. The percent ranges are: 0-5%, 5-10%, 10-25%, 25-50%, 50-75%, and 75-100%.

NOTES

1. Only patches that show deterioration are evaluated. Good patches are ignored. Frost heaves, including culverts that are protruding and rocks that are coming up through the surface, are included. Surface area, rather than depth of deterioration, is used to assess extent.

High Severity Pothole

High Severity Patch

Surface Defects (SD – Oxidation/Raveling)

Description

Wearing away of the pavement surface in high-quality hot mix asphalt concrete. Caused by the dislodging of aggregate particles and loss of asphalt binder.

Low Severity Raveling

Severity

LOW

Binder has begun to wear away but has not progressed significantly with some minor "greying" of the road surface. Some loss of fine aggregate.

MEDIUM

Binder has mostly worn away and surface is somewhat rough and pitted. Significant loss of fine aggregate and some coarse aggregate. Significant "greying" of the road surface.

HIGH

Binder has completely worn away and surface is very rough and pitted. Significant loss of coarse aggregate. Extreme "greying" of the road surface.

Extent

The extent is evaluated based on percent area affected with 0-25% considered Low, 25-50% considered Medium, 50-75% considered High, and 75-100% considered Extreme.

Medium Severity Raveling

High Severity Raveling

Rutting/Roughness (RR)

Description:

Rutting is a longitudinal surface depression in the wheel path. It may have associated transverse displacement.

Roughness refers to uneven pavement, bumps, dips, rises, and in some cases pavement failure. This is not caused by other distresses and will cause the asphalt surface to have a rough ride.

Severity

LOW

Existing asphalt pavement can be repaired with a thin rehab.

MEDIUM

Existing asphalt pavement can be repaired with a thick rehab.

HIGH

Existing asphalt pavement can be repaired with reconstruction.

Extent

The extent is evaluated based on percent area affected with 0-25% considered Low, 25-50% considered Medium, 50-75% considered High, and 75-100% considered Extreme.

Rutting

Medium Severity Roughness

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 6.

Agenda Item Name:
City of High Springs Extension of Municipal Water Line into Unincorporated Area Outside of Urban Cluster

Presenter:
Ben Chumley, (352) 374-5249

Description:
As described in the attached letter dated August 5, 2021 from the City of High Springs, the City is requesting County Commission approval, in accordance with Policy 3.1.5 of the Potable Water and Sanitary Sewer Element of the Alachua County Comprehensive Plan, to extend a potable water line through an unincorporated area outside the Urban Cluster. Pursuant to Policy 3.1.5, the Board of County Commissioners must approve any extension of potable water or sanitary sewer lines through the unincorporated area outside the Urban Cluster based on one of four criteria that are specified in the policy. The proposed extension would need to cross in front of one 5-acre unincorporated parcel that is located outside the Urban Cluster so that the City can provide potable water service to the adjoining parcel that is within the incorporated City of High Springs.

Recommended Action:
If the Board wishes to approve the City of High Springs proposed water line extension through a portion of the unincorporated area outside the Urban Cluster in accordance with Policy 3.1.5 of the Alachua County Comprehensive Plan Potable Water and Sanitary Sewer Element, then staff recommends that the Board do so based on the finding that the proposed water line extension is necessary to enhance the safe, effective, and efficient delivery of central potable water service within the existing urban service area of the City of High Springs.

Prior Board Motions:
N/A

Fiscal Consideration:
There is no cost to the County associated with this item.

Background:
As described in the attached letter from the City of High Springs, the City is planning to extend an 8-inch water main from just west of the entrance to the Cinnamon Hills subdivision on NW 182nd Avenue (within City of High Springs) to the west for approximately 4,744 linear feet in order to serve a proposed 30-lot residential subdivision on a parcel #01441-002-000 within the incorporated City of High Springs. In order to extend the water main to this incorporated parcel, it would need to cross over one unincorporated 5-acre parcel (parcel #01441-000-000). The water main extension would be

located within the existing right-of-way of NW 182nd Avenue. The portion of the water line extension that would run across the unincorporated parcel is about 300 linear feet.

Alachua County Comprehensive Plan Policy 3.1.5 of the Potable Water and Sanitary Sewer Element provides that proposed extensions of potable water and sanitary sewer lines outside of the Urban Cluster (in the unincorporated area) shall be subject to approval by the Board of County Commissioners. According to Policy 3.1.5, approval of such extensions shall be based on one or more of the following factors:

(a) The Alachua County Board of County Commissioners finds that the absence of such facilities would result in a threat to the public health or safety; or

(b) The Alachua County Board of County Commissioners finds that the extension of such facilities is necessary to enhance the safe, effective, and efficient delivery of central potable water or sanitary sewer service within an existing urban service area; or

(c) The Alachua County Board of County Commissioners finds that the extension of such facilities would serve a purpose consistent with the Alachua County Comprehensive Plan, such as the retention and expansion of existing business and industry or the attraction of new business and industry in accordance with the Economic Element of this Plan, or the service of institutional or tourist/entertainment uses consistent with the Future Land Use Element; or

(d) The Alachua County Board of County Commissioners finds that the extensions of such facilities is needed as part of a comprehensive expansion of public services to encourage urban development in a new area as part of a comprehensive plan amendment. In this case, such a finding must be consistent with Policy 3.1.6 below.

County staff believes that the standard for County Commission approval in Policy 3.1.5(b) would apply in this particular circumstance. The proposed water line would extend from within the City limits of High Springs westward within the NW 182nd Avenue right of way to serve another parcel that is within the existing City limits. Approval of the proposed water line extension would allow for the City to provide safe, effective, and efficient delivery of centralized potable water services to a parcel that is proposed for residential development within the City limits. In the absence of municipal potable water service, residential lots within the proposed subdivision would each need to have individual water wells. It is noted that the unincorporated 5-acre parcel that the water line would cross would potentially be eligible for annexation into the City of High Springs if the City or the property owner chooses to initiate that annexation in the future.

Mari K. Daniels, Director of Growth Management
Alachua County
10 SW 2nd Avenue
Gainesville, FL 32601

Re: Springfield Subdivision – Water Line Extension

The Springfield Subdivision project is a 30-lot rural subdivision located off of NW 182nd Avenue in High Springs, Florida. The project proposes the construction of ±4,744 LF of 8" PVC water main, ±142 LF of 8" DIP water main, 7 fire hydrant assemblies, and associated fittings (valves, blow-offs, etc.) to serve the subdivision. In order to connect to High Springs' potable water, the line would need to be extended from the entrance of the neighboring Cinnamon Hills Subdivision and across an enclave parcel within unincorporated Alachua County.

We believe the project meets the criteria set forth in Alachua County's Comprehensive Plan Policy 3.1.5 as outlined below:

a. The absence of this extension would deny the subdivision access to city-provided potable water, and thus result in a threat to public safety and health.
b. The extension of such facilities would enhance the safety, and effectiveness of our potable water system. The site falls within the City of High Springs Urban Service Boundary, which is intended to be served by our utilities, per our Comprehensive Plan.

Please see the attached map for Springfield's location highlighted in light blue, with the area of the potential water extension denoted in red. If you have any questions or concerns, feel free to contact us at (386) 454-1416 or by email at bgillingham@highsprings.us.

Bruce Gillingham
Assistant City Manager

ALACHUA COUNTY COMPREHENSIVE PLAN 2019-2040

POLICIES ON EXTENSION OF WATER AND SEWER LINES OUTSIDE OF URBAN CLUSTER

Potable Water and Sanitary Sewer Element

Policy 3.1.5 Proposed extensions of potable water and sanitary sewer lines outside of the Urban Cluster designated by the Future Land Use Element shall be subject to approval by the Board of County Commissioners. Approval of such extensions shall be based on one or more of the following:

(a) the Alachua County Board of County Commissioners finds that the absence of such facilities would result in a threat to the public health or safety; or

(b) the Alachua County Board of County Commissioners finds that the extension of such facilities is necessary to enhance the safe, effective, and efficient delivery of central potable water or sanitary sewer service within an existing urban service area; or

(c) the Alachua County Board of County Commissioners finds that the extension of such facilities would serve a purpose consistent with the Alachua County Comprehensive Plan, such as the retention and expansion of existing business and industry or the attraction of new business and industry in accordance with the Economic Element of this Plan, or the service of institutional or tourist/entertainment uses consistent with the Future Land Use Element; or

(d) the Alachua County Board of County Commissioners finds that the extensions of such facilities is needed as part of a comprehensive expansion of public services to encourage urban development in a new area as part of a comprehensive plan amendment. In this case, such a finding must be consistent with Policy 3.1.6 below.

Policy 3.1.6 Central potable water and sanitary sewer systems may be extended into new areas as part of a planned extension of urban services to that area based upon the following factors:

(a) population growth rate;

(b) maintenance of level of service standards for the potable water or sanitary sewer system;

(c) adequacy of existing and planned supporting infrastructure;

Approval of such extensions would require the following:

(a) Identification, scheduling, and designated funding for capital improvements to other public facilities needed to extend urban services. Such projects shall be incorporated into the five-year capital improvement program of the Alachua County Capital Improvement Element.

(b) Adoption of necessary amendments to the Future Land Use map extending the urban cluster boundary.

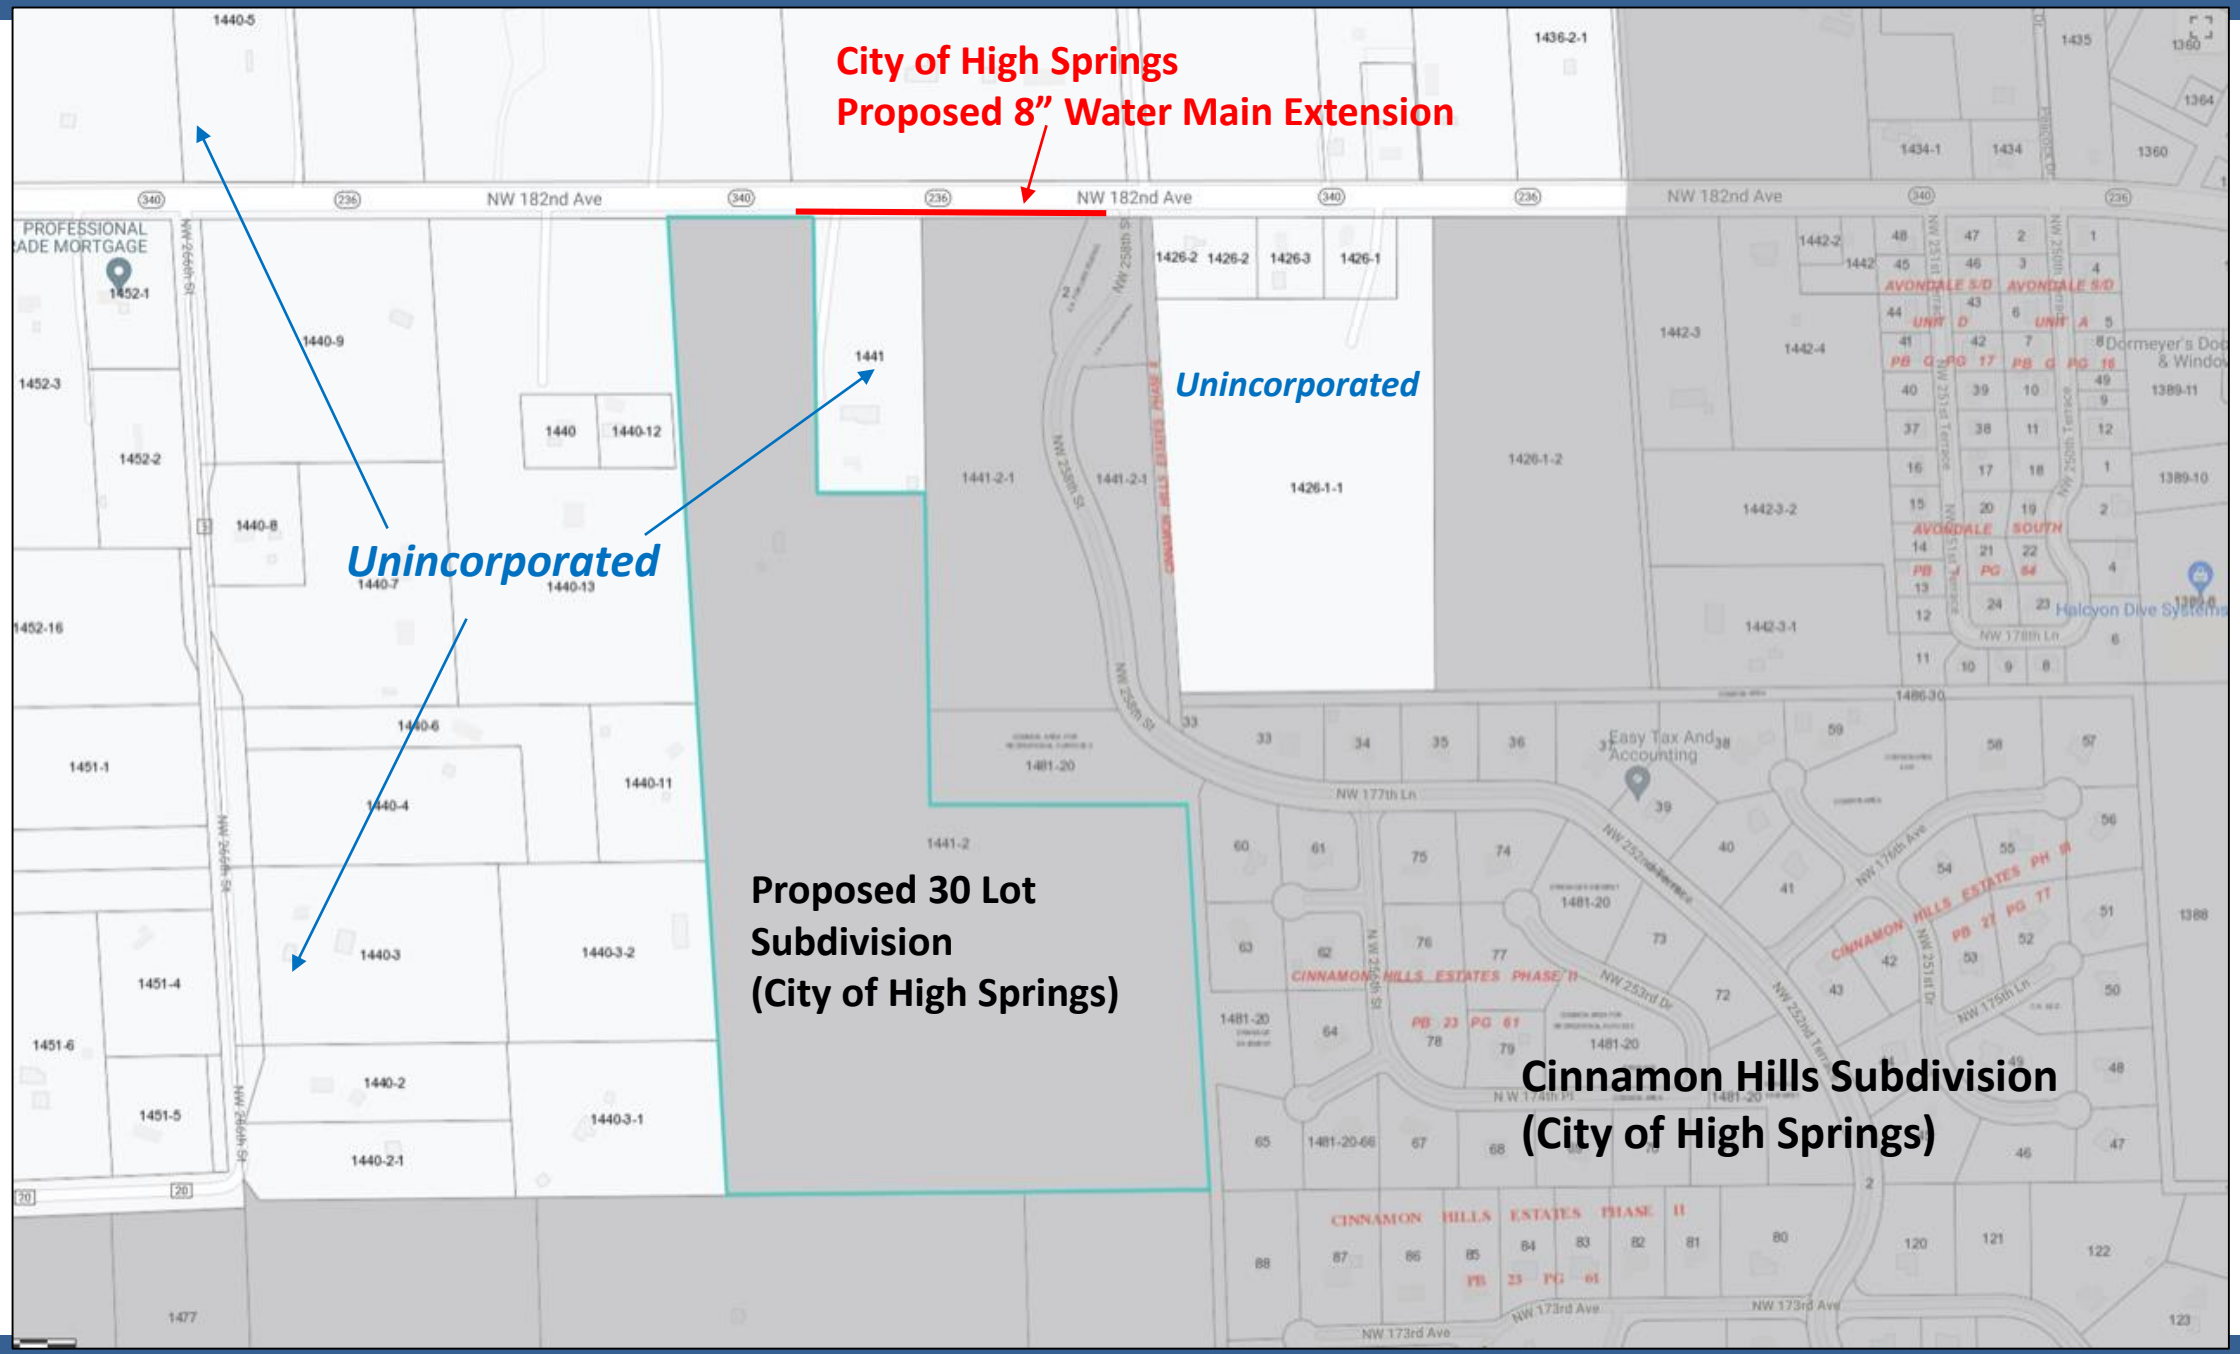
City of High Springs Water Line Extension

Board of County Commissioners Meeting

September 14, 2021

Background

- City of High Springs would like to extend a potable water line from within its City limits to serve a property that is also within its City limits.
- Due to configuration of City boundary, the water line would need to cross in front of one unincorporated parcel to reach the parcel that the City wishes to serve.
- Pursuant to Policy 3.1.5 of Alachua County Comprehensive Plan Potable Water & Sanitary Sewer Element, the BoCC must approve any extensions of water or sewer lines through the unincorporated area outside of the Urban Cluster.
- Approval must be based on a finding that one of four possible criteria in Policy 3.1.5 have been met.



City of High Springs
Proposed 8" Water Main Extension
NW 182nd Ave
Unincorporated
Unincorporated
Proposed 30 Lot
Subdivision
(City of High Springs)
Cinnamon Hills Subdivision
(City of High Springs)

Possible Criteria for Finding by the BoCC

Per Policy 3.1.5, Alachua County Comprehensive Plan, Potable Water & Sanitary Sewer Element

The Board of County Commissioners finds that:

(a) the absence of such facilities would result in a threat to the public health or safety; or

(b) extension of such facilities is necessary to enhance the safe, effective, and efficient delivery of central potable water or sanitary sewer service within an existing urban service area; or

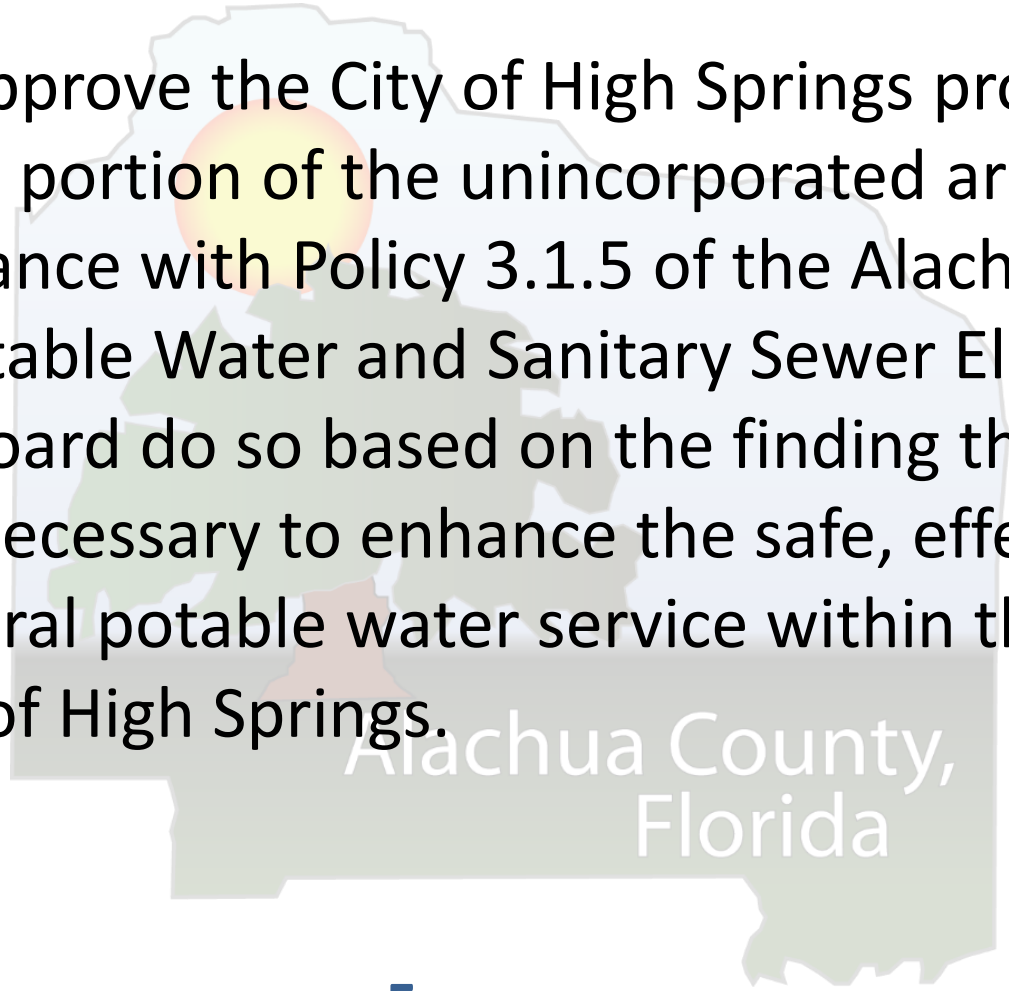
(c) extension of such facilities would serve a purpose consistent with the Alachua County Comprehensive Plan, such as the retention and expansion of existing business and industry or the attraction of new business and industry in accordance with the Economic Element of this Plan, or the service of institutional or tourist/entertainment uses consistent with the Future Land Use Element; or

(d) extension of such facilities is needed as part of a comprehensive expansion of public services to encourage urban development in a new area as part of a comprehensive plan amendment.

Alachua County Florida

Staff Recommendation

If the Board wishes to approve the City of High Springs proposed water line extension through a portion of the unincorporated area outside the Urban Cluster in accordance with Policy 3.1.5 of the Alachua County Comprehensive Plan Potable Water and Sanitary Sewer Element, then staff recommends that the Board do so based on the finding that the proposed water line extension is necessary to enhance the safe, effective, and efficient delivery of central potable water service within the existing urban service area of the City of High Springs.



Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 7.

Agenda Item Name:
CPA-04-21: A request for a small-scale land use amendment on 20.76 acres from Medium-High Density Residential to Medium Density Residential.

Presenter:
Gerald L. Brewington, Sr. Planner (352-374-5249)

Description:
A request by Clay Sweger of eda consultants, inc., agent, for Sugarfoot Holdings, LLC, owners, for a small-scale map amendment to change the land use from Medium High Density Residential (greater than 8, up to 14 units/acre) to Medium Density Residential (greater than 4, up to 8 units/acre). The site is in the R-2 zoning district (multi-family residential) and is located on tax parcel numbers 06877-000-000 and 06877-030-000 on approximately 20.76 acres. The site is along SW 69th Terrace, to the east of Kimball Wiles Elementary School

Recommended Action:
Staff recommends that the Board adopt Ordinance 21-xx approving the requested land use change,

Prior Board Motions:
ZOX-02-83: A request to increase permitted number of units per building from 4 to 8

ZOX-01-04: A request to increase permitted number of units per building from 4 to 8

Fiscal Consideration:
None

Background:
The application, if approved, will reduce the allowed density on the site from a maximum of 14 units per acre (290 units) to 8 units per acre (166 units). The requested land use change will also allow for the existing zoning district (R-2) to more appropriately implement the underlying land use designation.

Missy Daniels, AICP
Director
Alachua County Growth Management Department
10 SW 2nd Avenue
Gainesville, Florida 32240

RE: **Bhullar: CPA-04-21.**

Dear Ms Daniels:

Bhullar CPA-04-21 proposes comprehensive plan amendments to a 22.3 acre property. The amendment will modify the Future Land Use designation from Medium High Density Residential (8 to 14 units per acre) to Medium Density Residential (4 to 8 units per acre). This amendment results in a net decrease of allowable residential units from 312 to 178.

Per the information received, we completed an updated School Capacity Review for the above referenced project. The review was conducted in accordance with the Alachua County Public School Facilities Element as follows:

> ***POLICY 1.1.2: Coordinating School Capacity with Planning Decisions***
> *Alachua County shall coordinate land use decisions rezonings with the School Board's Long Range Facilities Plans over the 5-year, 10-year and 20-year periods by requesting School Board review of proposed comprehensive plan amendments and rezonings that would increase residential density. This shall be done as part of a planning assessment of the impact of developmental proposals on school capacity.*
>
> ***POLICY 1.1.3: Geographic Basis for School Capacity Planning.***
> *For purposes of coordinating land use decisions with school capacity planning, the School Concurrency Service Areas (SCSAs) that are established for high, middle and elementary schools as part of the Interlocal Agreement for Public School Facility Planning shall be used for school capacity planning. The relationship of high, middle and elementary capacity and students anticipated to be generated as a result of land use decisions shall be assessed in terms of its impact (1) on the school system as a whole and (2) on the applicable SCSA(s). For purposes of this planning assessment, existing or planned capacity in adjacent SCSAs shall not be considered.*
>
> ***POLICY 1.1.5: School Board Report to County***
> *The School Board shall report its findings and recommendations regarding the land use decision to the County. If the School Board determines that capacity is insufficient to support the proposed land use decision, the School Board shall include its recommendations to remedy the capacity deficiency including estimated cost. The School Board shall forward the Report to all municipalities within the County.*

POLICY 1.1.6 County to Consider School Board's Report
The County shall consider and review the School Board's comments and findings regarding the availability of school capacity in the evaluation of land use decisions.

This review does not constitute a "concurrency determination" and may not be construed to relieve the development of such review at the final plat or final site plan stages as required by state statutes and by the Alachua County Comprehensive Plan. It is intended to provide an assessment of the relationship between the proposed project and school capacity – both existing and planned.

The **Bhullar CPA-04-21** results in a net decrease of 134 allowable residential units. **Consequently, this proposed amendment has no impact on public schools**.

This evaluation is based upon the 2020-2021 Five Year District Facilities Plan. The subject property is subject to concurrency review and determination at the final plat (single family) and final site plan (multi family) stages and the availability of school capacity at the time of such review.

If you have any questions, please contact this office.

REQUIRED ATTACHMENTS

The following items must accompany your application at the time of submittal. No applications will be accepted without these attachments. Please submit the application fee, check made payable to Alachua County Board of County Commissioners, one paper copy and one digital copy of the following:

Small-Scale Map Amendments

☑ Proof of neighborhood workshop

☑ Legal description

☑ Property Owner's Affidavit, notarized

☑ Proof of payment of taxes on all parcels

☑ Detailed directions to the site

☑ Detailed description of request and an explanation of the reason for the requested amendment

☑ Survey or scaled drawing of property showing boundaries of property and adjacent properties, roads, easements, and all structures on site

☑ Written analysis of consistency with the relevant policies of the Comprehensive Plan, including the activity center policies, where applicable

☐ N/A Market Study, where applicable. The market study shall identify a market area for the location of the proposed amendment. It shall document the need for the uses allowed by the proposed amendment through an analysis of factors in the market area, including population projections, existing uses, and zoning and future land use designation of undeveloped areas.

☑ Environmental Resources Checklist, conducted by a qualified professional (certain requests may require a more extensive natural resources assessment)

Large-Scale Map Amendments

In addition to the above requirements for a small-scale map amendment, the following:

☐ N/A Facilities Impact Study, describing the impact of the proposed amendment on public facilities and services. All service areas shall be noted as well as current availability, capacity, demand, and level of service. The effect of the amendment on the demand and level of service shall be indicated based on professionally accepted and documented methodologies. All improvements or new facilities planned by the County or other entities that may have an impact on the amendment shall be discussed.

Text Amendments

☐ N/A Detailed description of request and an explanation of the reason for the requested amendment., including any proposed new text or changes to existing text.

SPECIAL WARRANTY DEED

KNOW ALL MEN BY THESE PRESENTS that, for and in consideration of TEN & NO/100 DOLLARS ($10.00) to the undersigned **COMPASS BANK**, an Alabama banking corporation (the "Grantor"), whose address is 15 South 20th St., Birmingham, Alabama 35233, in hand paid by **SUGARFOOT HOLDINGS LLC**, a Florida limited liability company (the "Grantee"), whose address is 1230 SW 11th Ave., C309, Gainesville, Florida 32601, the receipt and sufficiency of which is acknowledged, the Grantor does GRANT, BARGAIN, SELL AND CONVEY unto the Grantee, its heirs, successors, grantees and assigns forever, that certain real estate situated in Alachua County, Florida, which is described in Exhibit A attached hereto and made a part hereof (the "Property"), which land is subject to those matters set forth on Exhibit B attached hereto and hereby made a part hereof.

The Grantor does hereby covenant (i) that it is lawfully seized of the above-described Property in fee simple and (ii) that it warrants and will defend the same against the lawful claims of all persons whomsoever claiming by, through or under the Grantor but against none other, subject to those matters listed on Exhibit B attached hereto.

Except for the warranties of title set forth herein, the Property is conveyed "as is" and "where is", with all faults and specifically and expressly without any warranties, representations, or guaranties of any kind, oral or written, express or implied, other than statutory warranties of title, concerning the Property or this conveyance from or on behalf of Grantor. To the maximum extent permitted by law, Grantor makes no representations, warranties or guarantees of any kind, oral or written, express or implied concerning the Property or the title to the Property, other than statutory warranties of title, including, without limitation, (i) the profitability, suitability or fitness of the Property for a particular use or purpose, (ii) the manner or quality of the construction or materials incorporated into the improvements, if any, on the Property, (iii) the manner of repair, quality, state of repair, or lack of repair of the Property, and (iv) the availability of utilities and access of the Property to public roads. To the maximum extent permitted by law, Grantor makes no representations or warranties with regard to compliance with any environmental protection, pollution, or land use laws, rules, regulations, orders or requirements, including but not limited to, those pertaining to the handling, generating, treating, storing, or disposing of any solid waste, as defined by the U.S. Environmental Protection Agency Regulations at 40 C.F.R. Part 2261, or hazardous substance, as defined by the Comprehensive Environmental Response Compensation and Liability Act of 1990, as amended, and regulations promulgated thereunder.

Grantor is not liable or bound in any manner by any verbal or written statement, representations or information pertaining to the Property furnished by any broker, agent, employee, servant, or other person. Grantor shall not be liable to the Grantee for any prospective or speculative profits, or special, indirect or consequential damages, whether based upon contract, tort, or negligence or in any other manner arising from the transactions contemplated by this conveyance.

[Signature Page to Follow]

IN WITNESS WHEREOF, the Grantor has caused this Special Warranty Deed to be executed by the Grantor's duly authorized representative this 4th day of September, 2013.

Exhibit A

DESCRIPTION OF PROPERTY

A tract of land situated in the West One-Half of Section 21, Township 10 South, Range 19 East, Alachua County, Florida, being more particularly described as follows:

Commence at the Southeast corner of the Northwest One-Quarter of Section 21, Township 10 South, Range 19 East, and run N00°20'01"W, along the East line of the Northwest One-Quarter of said Section 21, a distance of 9.29 feet to the Point of Beginning; thence run S89°31'58"W, a distance of 120.37 feet to an intersection with the Northerly line of Arredonda Estates Unit No. 2-A, a subdivision plat thereof recorded in Plat Book "G", page 58 of the public records of Alachua County, Florida; thence run along said Northerly line, the following courses and distances: N00°20'53"W, 20.00 feet; S89°31'58"W, 583.00 feet; thence leave said Northerly line and run N00°20'53"W, a distance of 20.00 feet; thence run S89°31'58"W, a distance of 100.00 feet; thence run N00°20'53"W, a distance of 250.00 feet; thence run S89°31'58"W, a distance of 350.00 feet; thence run N33°20'03"W, a distance of 64.29 feet; thence run S89°31'58"W, a distance of 130.00 feet to the West line of the East One-Half of the Northwest One-Quarter of said Section 21; thence run N00°20'53"W, along said West line, a distance of 739.80 feet to the Southwest corner of Greenleaf Unit 4, a subdivision as per a plat thereof recorded in Plat Book "M", page 23 of the Public Records of Alachua County, Florida; thence run N89°31'58"E, along the South line of said Greenleaf Unit 4, a distance of 561.37 feet to the Southeast corner of said Greenleaf Unit 4, and the West right-of-way line of SW 69th Terrace as shown on the plat of Greenleaf Unit 5, a subdivision as per plat thereof recorded in Plat Book "M", page 33 of the Public Records of Alachua County, Florida, said point being on a curve concave Northeasterly, and having a radius of 830.00 feet and a Central Angle of 27°12'45"; thence run Southeasterly, along the arc of said curve, and along said right-of-way line, a distance of 394.21 feet to the Point of Tangency of said curve; thence run S54°23'57"E, along said West right-of-way line, a distance of 93.74 feet to the Point of Curvature of a curve concave Southwesterly, said curve having a radius of 587.00 feet and a central angle of 24°38'25"; thence run Southeasterly, along the arc of said curve and along said West right-of-way line, a distance of 252.44 feet to the Southwest corner of said Greenleaf Unit 5; thence run N60°14'28"E, along the South line of said Greenleaf Unit 5, a distance of 60.00 feet; thence run N89°39'59"E, along said South line, a distance of 208.93 feet to the Southeast corner of said Greenleaf Unit 5, and the East line of the Northwest One-Quarter of said Section 21; thence run S00°20'01"E, along said East line, a distance of 572.47 feet to the Point of Beginning.

LESS:

Part of the East 1/2 of the West 1/2 of Section 21, Township 10 South, Range 19 East, Alachua County, Florida, and being more particularly described as follows:

Commence at the Northwest corner of Arredonda Estates Unit No. 2-A, as recorded in Plat Book "G", page 58 of the Public Records of said county; thence along the North line of said Arredonda Estates Unit No. 2-A, N89°31'58"E, 615.00 feet to the Point of Beginning; thence continue along the last described line, N89°31'58"E, 25.00 feet; thence N00°20'53"W, 35.00 feet; thence parallel with and 35.00 feet North of the above described North line, when measured at right angles thereto, S89°31'58"W, 125.00 feet; thence S00°20'53"E, 15.00 feet; thence N89°31'58"E, 100.00 feet; thence S00°20'53"E, 20.00 feet to the Point of Beginning.

Exhibit B

1. Current ad valorem taxes.
2. Mineral and mining rights not owned by Grantor.
3. Easements of record, recorded restrictions, rights-of-way, agreements and other matters of record.
4. Matters that would be revealed by an accurate survey of the Property or that may be shown on any recorded map or plat of the Property.
5. Any applicable zoning, subdivision or other land use ordinances, laws or regulations.
6. If applicable, any outstanding rights of redemption.
7. Right-of-Way Easement in favor of Clay Electric Co-Operative, Inc., recorded in Official Records Book 787, Page 53.
8. Easements reserved and set forth in Warranty Deed recorded in Official Records Book 1560, Page 1823.
9. Easement in favor of the City of Gainesville recorded in Official Records Book 1598, Page 505.

Legal Description

A tract of land situated in the West One-Half of Section 21, Township 10 South, Range 19 East, Alachua County, Florida, being more particularly described as follows:

Commence at the Southeast corner of the Northwest One-Quarter of Section 21, Township 10 South, Range 19 East, and run N00°20'01"W, along the East line of the Northwest One-Quarter of said Section 21, a distance of 9.29 feet to the Point of Beginning; thence run S89°31'58"W, a distance of 120.37 feet to an intersection with the Northerly line of Arredonda Estates Unit No. 2-A, a subdivision plat thereof recorded in Plat Book "G", page 58 of the public records of Alachua County, Florida; thence run along said Northerly line, the following courses and distances: N00°20'53"W, 20.00 feet; S89°31'58"W, 583.00 feet; thence leave said Northerly line and run N00°20'53"W, a distance of 20.00 feet; thence run S89°31'58"W, a distance of 100.00 feet; thence run N00°20'53"W, a distance of 250.00 feet; thence run S89°31'58"W, a distance of 350.00 feet; thence run N33°20'03"W, a distance of 64.29 feet; thence run S89°31'58"W, a distance of 130.00 feet to the West line of the East One-Half of the Northwest One-Quarter of said Section 21; thence run N00°20'53"W, along said West line, a distance of 739.80 feet to the Southwest corner of Greenleaf Unit 4, a subdivision as per a plat thereof recorded in Plat Book "M", page 23 of the Public Records of Alachua County, Florida; thence run N89°31'58"E, along the South line of said Greenleaf Unit 4, a distance of 561.37 feet to the Southeast corner of said Greenleaf Unit 4, and the West right-of-way line of SW 69th Terrace as shown on the plat of Greenleaf Unit 5, a subdivision as per plat thereof recorded in Plat Book "M", page 33 of the Public Records of Alachua County, Florida, said point being on a curve concave Northeasterly, and having a radius of 830.00 feet and a Central Angle of 27°12'45"; thence run Southeasterly, along the arc of said curve, and along said right-of-way line, a distance of 394.21 feet to the Point of Tangency of said curve; thence run S54°23'57"E, along said West right-of-way line, a distance of 93.74 feet to the Point of Curvature of a curve concave Southwesterly, said curve having a radius of 587.00 feet and a central angle of 24°38'25"; thence run Southeasterly, along the arc of said curve and along said West right-of-way line, a distance of 252.44 feet to the Southwest corner of said Greenleaf Unit 5; thence run N60°14'28"E, along the South line of said Greenleaf Unit 5, a distance of 60.00 feet; thence run N89°39'59"E, along said South line, a distance of 208.93 feet to the Southeast corner of said Greenleaf Unit 5, and the East line of the Northwest One-Quarter of said Section 21; thence run S00°20'01"E, along said East line, a distance of 572.47 feet to the Point of Beginning.

LESS:

Part of the East 1/2 of the West 1/2 of Section 21, Township 10 South, Range 19 East, Alachua County, Florida, and being more particularly described as follows:

Commence at the Northwest corner of Arredonda Estates Unit No. 2-A, as recorded in Plat Book "G", page 58 of the Public Records of said county; thence along the North line of said Arredonda Estates Unit No. 2-A, N89°31'58"E, 615.00 feet to the Point of Beginning; thence continue along the last described line, N89°31'58"E, 25.00 feet; thence N00°20'53"W, 35.00 feet; thence parallel with and 35.00 feet North of the above described North line, when measured at right angles thereto, S89°31'58"W, 125.00 feet; thence S00°20'53"E, 15.00 feet; thence N89°31'58"E, 100.00 feet; thence S00°20'53"E, 20.00 feet to the Point of Beginning.

Detailed Directions to Site

From Alachua County Growth Management to Proejct Site:

1. Start out going **east** on SW 2nd Ave toward S Main St/FL-329.

Then 0.00 miles — 0.00 total miles

2. Take the 1st **right** onto S Main St/FL-329.

If you are on SE 2nd Ave and reach SE 1st St you've gone a little too far.

Then 0.13 miles — 0.14 total miles

3. Take the 2nd **right** onto SW 4th Ave.

SW 4th Ave is just past SW 3rd Ave.

If you reach SE 4th Pl you've gone a little too far.

Then 0.73 miles — 0.87 total miles

4. Turn **left** onto SW 12th St.

SW 12th St is just past SW 11th Dr.

If you reach SW 13th St you've gone about 0.1 miles too far.

Then 0.24 miles — 1.11 total miles

5. Turn **right** onto SW 8th Ave.

Then 0.14 miles — 1.25 total miles

6. Take the 2nd **left** onto SW 13th St/US-441 S/FL-24/FL-25.

SW 13th St is just past W Panhellenic Dr.

If you are on Museum Rd and reach Broward Dr you've gone about 0.1 miles too far.

Then 0.16 miles — 1.41 total miles

7. Turn **slight right** onto SW Archer Rd/FL-24.

SW Archer Rd is just past Diamond Rd.

Then 5.11 miles — 6.52 total miles

8. Turn **right** onto SW 64th St.

If you reach SW 66th St you've gone about 0.1 miles too far.

Then 0.28 miles — 6.80 total miles

9. Turn **left** onto SW 49th Pl.

Then 0.12 miles — 6.93 total miles

10. Turn **right** onto SW 67th Ter.

Then 0.01 miles — 6.94 total miles

Small Scale Comprehensive Plan Map Amendment Application

Project Request:	**A proposed land use map change from Medium High Density Residential (8-14 upa) to Medium Density Residential (4-8 upa)**
Project Location:	**Tax Parcel Numbers 06877-004-000, 06877-000-000 & 06877-030-000**
Project Owner:	**Sugarfoot Holdings, LLC**
Submittal Date:	**April 26, 2021**
Prepared By:	**Clay Sweger, AICP, LEED AP** **eda consultants, inc.**

Project Background / Project Request

The subject property, consisting of approximately 22.3 acres, is located immediately east of Wiles Elementary, south of Green Leaf subdivision, north of Arredonda Estates and is connected to SW 69th Terrace, SW 67th Terrace, SW 68th Street and SW 69th Street. The property is undeveloped.

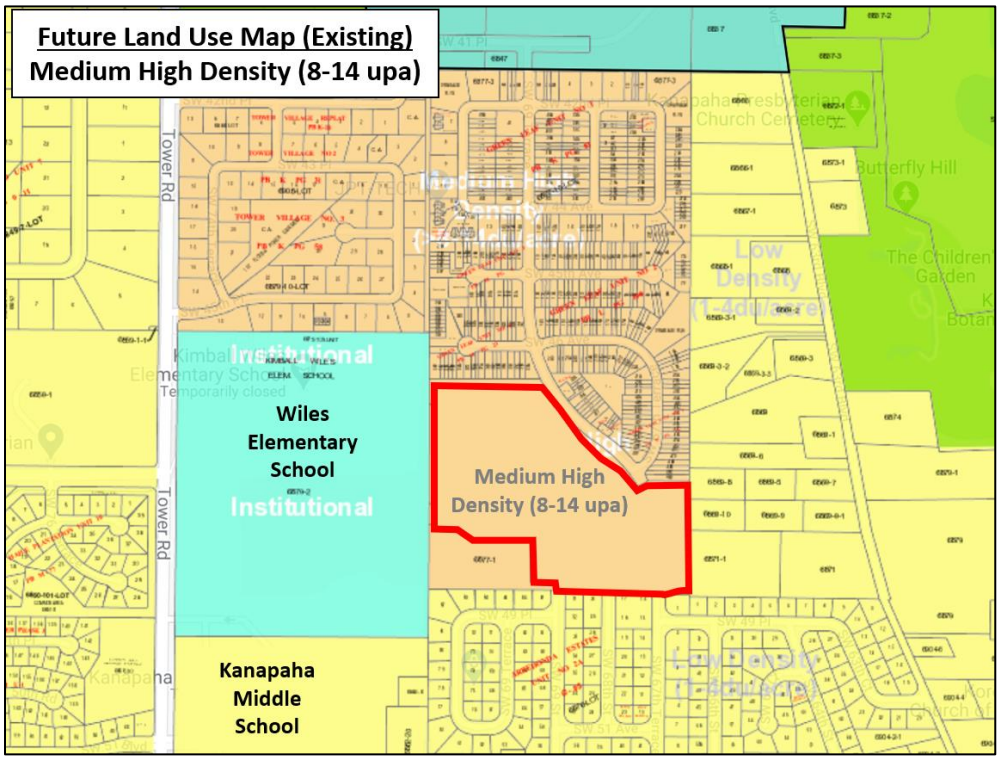
The proposal is to amend the Future Land Use Map designation on the property from Medium High Density Residential (8-14 upa) to Medium Density Residential (4-8 upa). The proposed land use change will place a land use designation on the subject property that has the same density range as the R-2 zoning district, which constitutes a majority of the subject property, thereby allowing for flexibility with the potential future infill development of the property.

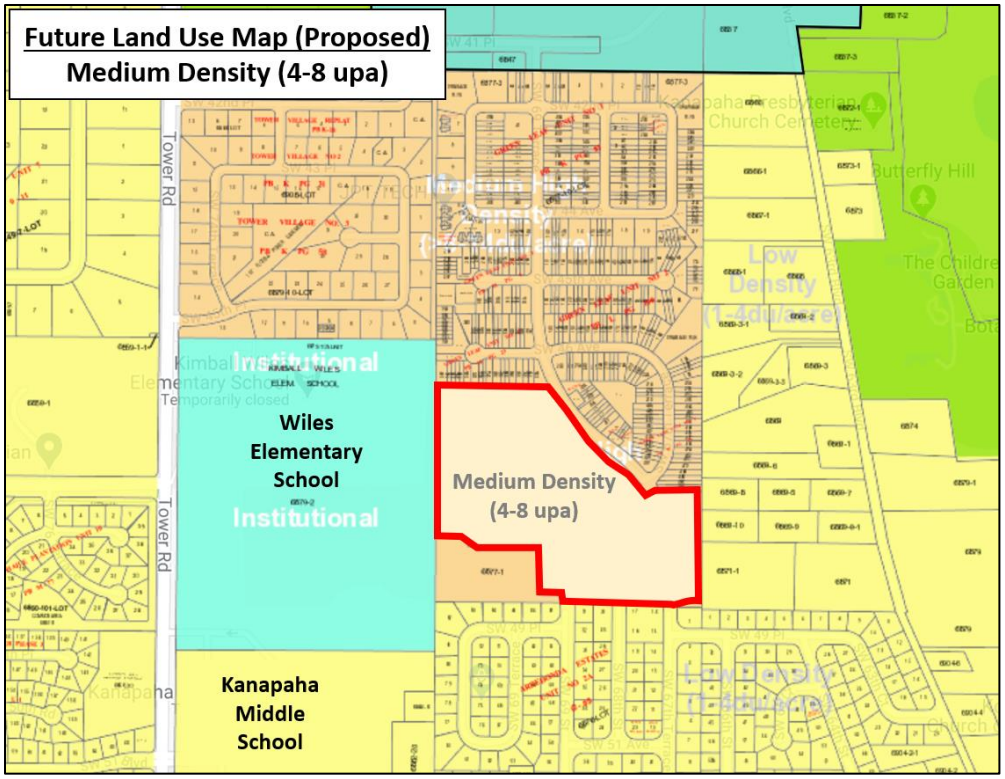
The subject property is located within the Urban Cluster which supports this type of urbanized development and the proposed land use change is consistent with the existing land development pattern in the area, which includes residential developments located within the immediate vicinity which were developed under the same or similar land use and zoning designations.

Proposed Land Use Map Change

The proposed land use map change is from Medium High Density Residential (8-14 upa) to Medium Density Residential (4-8 upa). The proposed land use designation is compatible with (same permitted uses) and is more in alignment with the allowable density ranges found in the existing R-2 and R-2a zoning designations.

The following exhibits illustrate the existing and proposed land use maps:





Comprehensive Plan Consistency

The following analysis is intended to demonstrate that this request is consistent with the Goals, Objectives and Policies of the Comprehensive Plan:

FUTURE LAND USE ELEMENT

OBJECTIVE 1.1 – GENERAL
Encourage development of residential land in a manner which promotes social and economic diversity, provides for phased and orderly growth consistent with available public facilities, and provides for access to existing or planned public services such as schools, parks, and cultural facilities.

Consistency: The proposed Medium Density Residential land use designation will promote this objective by providing an opportunity for orderly infill growth in the Urban Cluster with public facilities available to serve the property, including utilities, roads, schools and parks. Centralized water and sewer systems abutting the subject property and is abutting an existing elementary school (Wiles), a middle school (Kanapaha) and is within less than ½ mile of a County Park (Kanapaha Veteran's Memorial Park) and the Archer/Tower Activity Center.

Policy 1.1.1: Adequate locations shall be available in the urban cluster for all types of housing…

Consistency: The property owner wishes to change the land use designation to Medium Density Residential to allow future residential development on-site, consistent with the underlying zoning designations. The proposed residential zoning will allow for a residential density range that is

consistent with the future land use map pattern and similar to the existing residential development pattern in the area. Therefore, the proposed land use designation will not create an incompatible land use scenario and shall provide land infill housing development opportunities within the urban cluster.

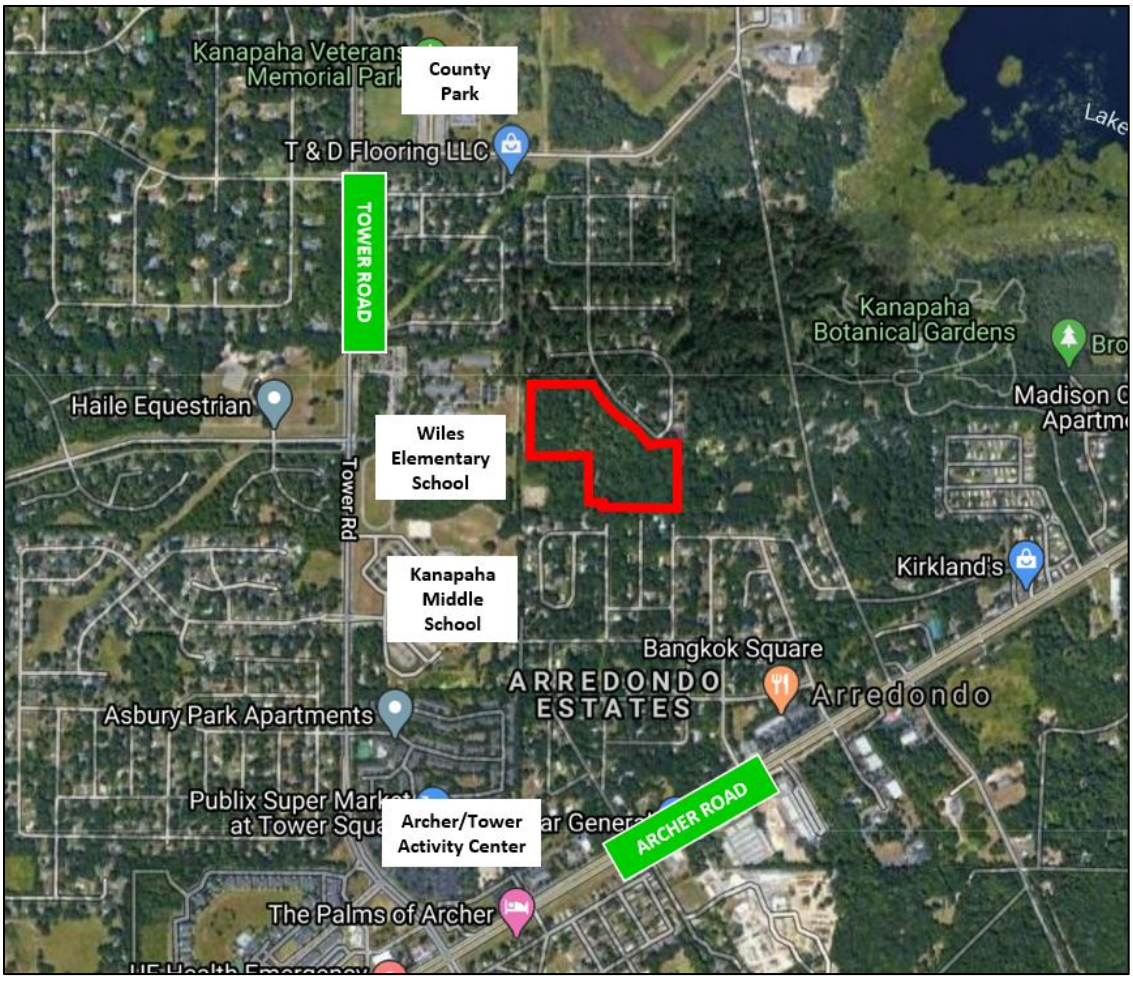
Additionally, this project is located within an area of the County that has the facilities to support new growth.

Policy 1.2.4 All new residential development in the urban cluster shall:

a. be economically and efficiently served by supporting community facilities, and services such as streets, utilities, public educational facilities, and public protection.

b. Connect to centralized potable water supply and sanitary sewer systems in accordance with Policy 2.1 of the Potable Water and Sanitary Sewer Element.

<u>Consistency</u>: All supporting community facilities can serve this site. The proposed Medium Density Residential land use designation can utilize existing centralized water and sewer systems abutting the subject property. Adequate level of service standards exist for this proposed rezoning and additional transportation impacts shall be accommodated by the payment of the MMTM fee as it would apply to specific proposed land uses. The property is well suited for infill development as it is abutting an existing elementary school (Wiles), a middle school (Kanapaha) and is within less than ½ mile of a County Park (Kanapaha Veteran's Memorial Park) and the Archer/Tower Activity Center.



Policy 1.3.3 A range of urban residential densities should be provided with the highest densities located in or near urban activity centers.

Consistency: The subject property is located within the urban cluster, which has been identified by the Comprehensive Plan as an area where higher-density growth should occur. In addition, the subject property is located less than ½ mile from the Archer/Tower Activity Center. Thus, this policy is supportive of the future development of the property at urban densities.

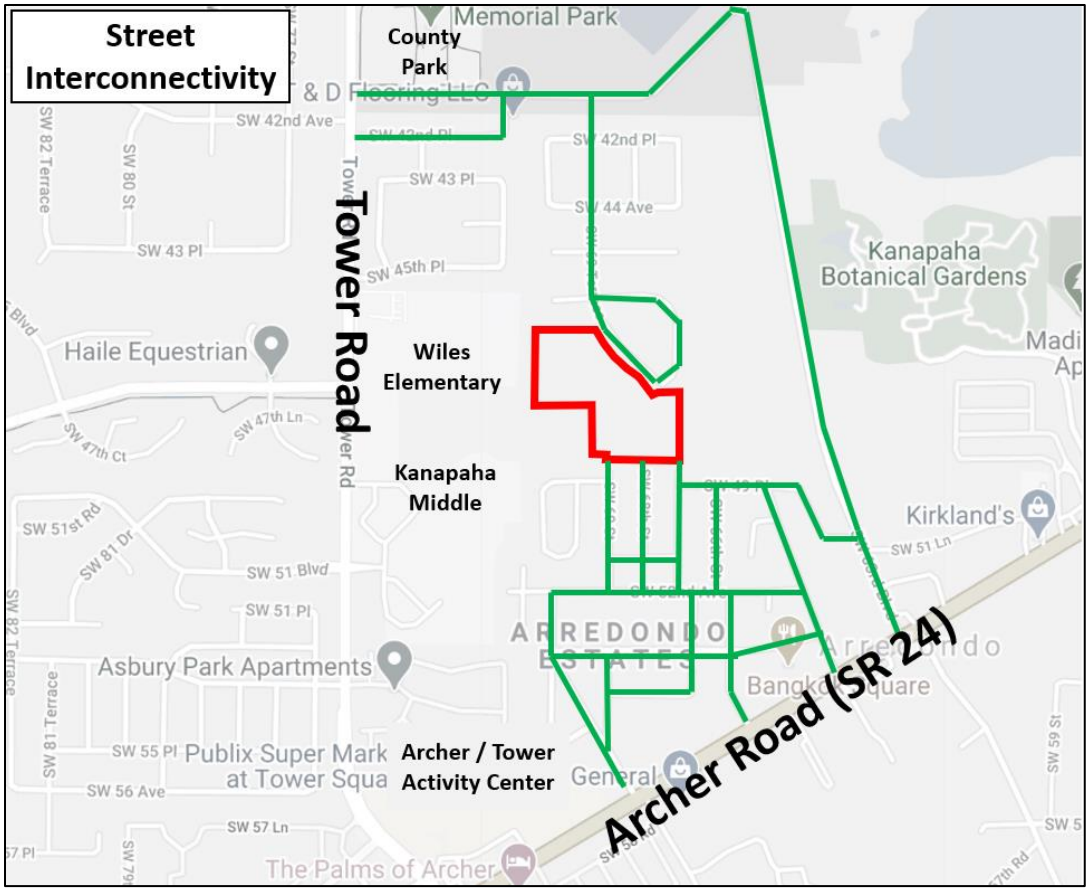
OBJECTIVE 1.2 - LOCATION, MIX OF USES, AND IMPLEMENTATION CONSISTENT WITH MARKET DEMAND

Provide for adequate future urban residential development that includes a full range of housing types and densities to serve different segments of the housing market, designed to be integrated and connected with surrounding neighborhoods and the community, with opportunities for recreation and other mixed uses within walking or bicycling distance.

Consistency: The proposed land use change on the subject property will promote this objective by allowing for residential development at a density that will provide a wider range of housing types and densities than a traditional, lower density suburban land use designations, thus further support the housing market as a whole. In addition, this property is well-suited for residential development as it is located within easy walking and biking distance from two public schools, a county park and an Activity Center with supportive retail uses.

Policy 1.2.1.1 Residential areas shall be designed to provide for an interconnected system of internal circulation, including the provision of streets dedicated to the public connecting the residential area to the major street system. New development shall not preclude public access to the development. Residential areas shall also be designed to provide for substantial interconnectivity between adjacent developments and within developments, except where such connectivity is precluded by constraints resulting from physical layout of existing development or environmental features. The land development regulations shall detail the requirements for public access and substantial interconnectivity based on standards such as a connectivity index, maximum separations between connections to adjacent developments, and rules relative to hours, operations, and public safety considerations for any restriction of access through use of gates.

Consistency: The subject property provides ample opportunities for interconnectivity to the north, east and south via existing county roadways, ultimately leading to State Road 24 to the south and SW 75th Street (Tower Road) to the northwest. The following exhibit shows the interconnectivity options available for the property:



Medium Density Residential Policies

Policy 1.3.8 *Medium Density Residential land use category shall provide for a gross density of four to eight dwelling units per acre except as provided for in Cottage Neighborhoods, Transit Oriented Development (TOD) and Traditional Neighborhood Development (TND) meeting the requirements of this Element.*

Policy 1.3.8.1 *Medium Density residential development shall provide for small lot single family residential detached and attached dwellings, and multi-family residential dwellings. In addition, traditional neighborhood developments (TND), transit oriented developments (TOD) may include mixed housing types and mixed uses.*

Consistency: The proposed land use change of the subject property to Medium Density Residential complies with this policy as all of the above referenced residential use types are supported in the future land use designation (and existing zoning districts on the property). Residential development on this property is considered infill in nature and is located in an appropriately urbanized area.

Policy 1.3.8.2 *Multi-family development outside a TND or TOD in the Medium Density Residential land use category shall:*

(a) have direct access to an arterial or collector, or alternate access if the access meets the following requirements and is approved by the Board of County Commissioners:

(1) The character of the primary access street should not be single family residential in nature and use of the street for multi-family development shall not create an adverse impact on surrounding properties.
(2) The access street shall generally meet the criteria for an arterial or collector street in an Urban Activity Center including the design elements found in the Alachua County Corridor Design Manual.

Consistency: If multi-family development is proposed, then these criteria shall be met as part of a development plan approval.

(b) provide natural and landscaped open spaces, or transitional development and design practices, to adequately integrate the development along the edges of different land use categories.

Consistency: The application for land use change does not include a proposed development. However, at such time that a development is proposed, the project will provide the amount of landscape and buffer areas required per Code.

(c) provide common open space as part of open space requirements established in the Conservation and Open Space Element.

Consistency: The application for land use change does not include a proposed development. However, at such time that a development is proposed, the project will provide the amount of open space required per Code.

(d) provide adequate developed recreation at the scale of the development, according to criteria in the land development regulations.

Consistency: The application for land use change does not include a proposed development. However, at such time that a development is proposed, the project will provide the amount of developed recreation required per Code.

Policy 1.3.8.3 *The Medium Density residential land use category shall provide for various housing types, such as conventional, site-built single family dwellings, accessory living units, attached structures including townhouses, dwellings with zero lot line orientation, factory-built modular units, manufactured homes, mobile homes, or multi-family dwellings.*

Policy 1.3.8.4 *Medium density residential areas shall be located in the urban cluster.*

Consistency: The subject property is located within the urban cluster.

OBJECTIVE 1.5 – REQUIRED FACILITIES

All new residential development shall meet the requirements for adequate facilities as established or referenced in this section.

Policy 1.5.1 New residential development shall meet all of the requirements for adequate facilities based on the level of service standards adopted in this Plan for roads, potable water, sanitary sewer, solid waste, stormwater, public schools, recreation and open space facilities, and mass transit and the concurrency provisions of this Plan.

Policy 1.5.2 In addition to the facilities for which level of service standards are adopted as part of the concurrency management system of this Plan, other facilities that should be adequate to serve new urban residential development include:

(a) local streets;
(b) police, fire and emergency medical service protection;
(c) pedestrian and bicycle network; and
(d) primary and secondary schools.
Policy 1.5.3 New residential developments shall provide

Consistency: The following level of service analysis provides consistency with the required County standards for provision of public facilities:

Traffic: The subject property presently has a Medium Density Residential Future Land Use designation (4-8 upa). The proposed FLU designation is a reduction in proposed density and therefore, will not have an increased impact on the LOS standards posed from future development above what is already permitted via the underlying adopted Comprehensive Plan Future Land Use Map designation of Medium High Density Residential.

In addition, as required by Alachua County, any future development on the property is required to meet the concurrency requirements of the Comprehensive Plan and ULDC and must be demonstrated as part of any proposed future development. This may be accomplished through payment of the County MMTM fee, which will fund the transportation facilities within the County's Capital Improvements Program.

Mass Transit: RTS bus service is available to serve this area, including Route 75 (Oaks Mall – Butler Plaza) and Route 150 (Haile Plantation – UF Campus).

Water and Sewer: Centralized water and sewer systems provided by Gainesville Regional Utilities are available to the site in the adjacent right-of way and connections will be made for on-site development.

Drainage: Any future proposed development on-site will be required to meet the standard of 1 foot above the 100 year/24 hour storm elevation or the development will be flood proofed and all related County and Water Management District regulations.

Emergency Services: Fire suppression and emergency medical first response services are provided from Alachua County Fire Rescue Station 81, located approximately 2 miles southwest of the subject property.

Solid Waste: Any development on-site will not exceed the maximum capacity for service.

Recreation: Any development on-site will not exceed the maximum capacity for service.

Schools: The subject property presently has a Medium Density Residential Future Land Use designation (4-8 upa). The proposed FLU designation is a reduction in proposed density and therefore, will not have an increased impact on public school capacity from what is already permitted via the underlying adopted Comprehensive Plan Future Land Use Map designation of Medium High Density Residential.

CONSERVATION AND OPEN SPACE ELEMENT

Policy 3.4.1 All applications for land use change, zoning change and development approval shall be required to submit an inventory of natural resource information.

Consistency: The Environmental Resources Assessment Checklist has been completed and submitted as part of this application.

Policy 5.2.2 Pervious open space shall be provided on at least 10% of every development, except as specified in Policy 5.2.5.

Consistency: At a minimum, 10% open space shall be provided for any future on-site development and the specific locations will be determined during the development plan review process.

List of Adjacent Existing Land Uses, Land Use Designation and Zoning District

North & East:

Parcel #: Multiple
Existing Use: Green Leaf Residential development (Multifamily)
Land Use Designation: Medium High Density Residential
Zoning: R-2

West:

Land Use Designation: Medium High Density Residential
Zoning: R-2A

South:

Parcel #: 06877-004-000
Existing Use: Undeveloped
Land Use Designation: Medium High Density Residential
Zoning: R-2A

South:

Parcel #: Multiple
Existing Use: Arredonda Estates Residential Subdivision
Land Use Designation: Low Density Residential
Zoning: R-1C

NEIGHBORHOOD WORKSHOP NOTICE

A neighborhood workshop will be held to discuss a proposed Comprehensive Plan Amendment / land use map change from Medium High Density Residential (greater than 8 and up to 14 units per acre) to Medium Density Residential (greater than 4 and up to 8 units per acre) on approximately 22.3 acres on tax parcels 06877-030-000, 06877-000-000, and 06877-004-000. This is not a public hearing. The purpose of this meeting is to inform neighboring property owners of the proposed development changes and to seek their comments. The meeting will be held digitally as a Zoom teleconference. The teleconference can be accessed by the following information:

Date:	Monday, April 19, 2021
Time:	6:00 PM
URL:	https://us02web.zoom.us/j/5733319527
Meeting ID:	573 331 9527
Dial-in by Phone:	(646) 558-8656

Following the teleconference, a recording of the workshop will be available to view on **eda**'s website at http://edafl.com/index.php/neighborhoodworkshops/. Upon request, a link to the meeting can be requested by e-mailing the contact below. In addition, paper copies of all materials discussed at the workshop can be provided via US Mail. Comments on the development plan may also be submitted in writing to the address below or by phone by contacting the number below.

Neighborhood Meeting Minutes

Project:	Proposed Land Use Change Application
Meeting Date & Time:	April 19, 2021 at 6:00 PM
Location:	Virtual Meeting via Zoom
Community Participants:	2
Project Representatives:	Clay Sweger, eda Ashley Scannella, eda

Meeting Minutes:

Clay Sweger introduced **eda** and the project, a proposed land use change for the three subject properties from Medium High Density Residential (8-14 upa) to Medium Density Residential (4-8 upa). Sweger reviewed the slides that were mailed to the community participants and opened the meeting to receive questions & comments:

Q: Is there any development proposed?
A: No development is proposed at this time. This application is just a request for land use change. If any future development is proposed, another neighborhood would occur to inform you as a neighbor of the details.

Q: Are you reducing the density?
A: Yes, this application proposes to reduce the allowable density and will create zoning and land use maps that are consistent.

Q: Where does the site get access?
A: There are 3 connection points to the south to Arredonda Estates and to the north via SW 69th Terrace.

RE: 20.7± Acre SW 69th Terrace Property, Alachua County
Environmental Resources Assessment
Tax Parcels: 16117-000-000 (18.91± Ac.) and 06877-030-000 (1.77± Ac.)

This letter report and attachments are McAlpine Environmental Consulting, Inc. (MEC) Environmental Resources Assessment of the 20.7± Acre SW 69th Terrace Property, Alachua County. The study site is in Alachua County, Florida in Section 21, Township 10 South, Range 90 East.

Attachments include:

Figure 1: Location Map
Figure 2: Project Aerial
Figure 3: Quad Map
Figure 4: Soil Map
Figure 5: Flood Map
Figure 6: Aquifer Recharge Map
Figure 7: Topo Map
Alachua County Environmental Resources Assessment Checklist
FNAI Biodiversity Matrix
Table 1: Probability of Occurrence of Listed Wildlife Species

MEC completed this assessment of the referenced site in accordance with Alachua County Environmental Resources Assessment Checklist requirements, a copy of which is attached. Our study identified and mapped habitat communities, and the use and/or likely presence of fauna or flora species listed as endangered, threatened, or species of special concern by either federal or state agencies. The latest edition of Florida's Endangered Species, Threatened Species and Species of Special Concern, Official List published by the Florida Fish and Wildlife Conservation Commission (FWC) was used to establish state and federal statuses of species. This list was cross referenced with a list from the Florida Natural Areas Inventory Internet file of listed/protected flora and fauna species reported, confirmed, or having the potential to occur in within and near the site. Figure 2 depicts onsite habitat types. Attached is Tables 1 listing fauna species with the potential of being present on the site.

This study should be considered preliminary and an overview, and not considered a complete study for any one listed fauna or flora species, except for the gopher tortoise (*Gopherus polyphemus*). A 100% coverage gopher tortoise (GT) pedestrian survey of the site was performed accordance with the FWC guidelines.

The site inspection was conducted on July 25, 2020.

Listed Species Summary
Of the six (6) listed fauna species with the possibility of occurring on the site, one (1) was observed on the site. This species was the gopher tortoise (*Gopherus polyphemus*), which is listed by the FWC as threatened and federally unlisted. Two (2) Potentially Occupied (PO) gopher tortoise burrows were noted on the site. The locations of the burrows are shown on Figure 2.

Since the entire site is apparently to be developed, MEC recommends that a 10-or-Fewer Burrow relocation permit be obtained from the FWC and all onsite GTs be relocated offsite to a permitted recipient site.

No listed flora species were observed on the site.

SITE OVERVIEW
The site is vacant property (no structures) and mostly wooded with a few open patches in the central portion and an open strip along the western boundary. The site abuts Green Leaf Apartments/Condos property to the north, a school property (Kimball Wiles Elementary School) to the west, and residential property to the south (Arredondo Estates) and east.

Based on labeled marker posts and a 1996 aerial, a buried sewer line bisects the site from the school property to the west to the Green Leaf property to the north.

The following outlines the checklist and provides discussion on each issue:

HABITAT CHARACTERIZATION
The following table provides the Florida Land Use, Cover and Forms Classification System (FLUCFCS) codes, habitat descriptions, and acreage of the land covers on the site:

FLUCFCS Code*	Habitat Type	Acre
190	Open Land	0.6
420	Upland Hardwood/Pine	20.1

* Florida Land Use, Cover and Forms Classification System (FDOT 1999)

These land covers or habitat types are delineated on Figure 2. Descriptions of these land covers area as follow:

Uplands
190: Open Land
This habitat type was along the west boundary of the site. Dominant vegetation in this habitat consisted of Bahiagrass (*Paspalum notatum*), beggarticks (*Bidens alba*), beautyberry (*Callicarpa americana*), grapevine (*Vitis spp.*), bracken fern (*Pteridium aquilinum*), catbriar (*Smilax spp.*), broomsedge (*Andropogon spp.*), and dog fennel *(Eupatorium capillifolium*). A few immature loblolly pine (*Pinus Taeda*) were observed in this area.

420: Upland Hardwood/Pine
This habitat encompassed the remaining portion of the site. Dominant canopy species consisted of laurel oak (*Quercus laurifolia*), live oak (*Quercus virginiana*), loblolly pine, black cherry (*Prunus serotina*), silktree (*Albizia julibrissin*), sweet gum (*Liquidambar styraciflua*), hackberry (*Celtis occidentalis*), and paper mulberry (*Broussonetia papyrifera*); while dominant understory and groundcover species consisted of beggarticks, beautyberry, young cabbage palm (*Sabal palmetto*), grapevine, catbriar, Virginia creeper (*Parthenocissus quinquefolia*), sword fern (*Nephrolepis exaltata*), broomsedge, and dog fennel *(Eupatorium capillifolium*).

Surface Waters (ponds, lakes, streams, springs, etc.)
No surface water were observed on the site.

Wetlands
No wetlands were observed on the site.

Non-native Invasive Species
Our inspection included identifying and estimating percent coverage non-native invasive plants species listed by the Florida Exotic Pest Plant Council (FLEPPC). A copy of the list can be found at:

http://www.fleppc.org/list/list.htm

The following defines Categories I and II per FLEPPC:

CATEGORY I
Invasive exotics that are altering native plant communities by displacing native species, changing community structures or ecological functions, or hybridizing with natives.

CATEGORY II
Invasive exotics that have increased in abundance or frequency but have not yet altered Florida plant communities to the extent shown by Category I species.

The following is a list of non-native plants observed on the site and FLEPPC Category designation:

Non-native Invasive Plants Observed on the Site			
Common Name	**Latin Name**	**Listed**	**Comment**
Lantana	*Lantana aculeata*	I	Found scattered throughout the site. Estimated Coverage: <5%)
Chinaberry	*Melia azedarach*	II	A few species observed on the site. Estimated Coverage: <2%)
Skunk vine	*Paederia scandens*	I	Found scattered throughout the site. Estimated Coverage: <10%)
Air-potato	*Dioscorea bulbifera*	I	Found scattered throughout the site. Estimated Coverage: <5%)
Silktree	*Albizia julibrissin*	I	Found scattered throughout the site. Estimated Coverage: <15%)
Paper Mulberry	*Broussonetia papyrifera*	II	Found scattered throughout the site, but dominant in SE portion of site. Estimated Coverage: <25%)
Coral ardisia	*Ardisia crenata*	I	Found scattered throughout the site. Estimated Coverage: <1%)
*Listed by the FLEPPC I = Category I, II Category II, NL = Not Listed			

Surface Water or Wetland Buffers
Since no surfaces water or wetlands exist on or adjacent to the site, no buffers would exist.

Floodplains (100-year)
According to a Alachua County Department of Growth Management Wetlands and Floodplains map (Figure 5), the entire site except a small portion in the southwest portion of the site is in Zone X, or outside the 0.2%

annual chance flood hazard (Not SFHA). The flood area in the southwest portion of the site is designated Zone A - 1% annual chance flood hazard with no base flood elevations.

Special Area Study Resource Protection Areas (Cross Creek, Idylwild/Serenola, etc)
The site is not within or near a Special Area Study Resource Protection Area.

Strategic Ecosystems (within or adjacent to mapped areas)
The site is not within or adjacent to a Strategic Ecosystem.

Significant Habitat (biologically diverse natural areas)
The site is not within or adjacent to Significant Habitat (biologically diverse natural areas).

Listed Species/Listed Species Habitats (FNAI S1, S2, & S3; State or Federally E, T, SSC)

Fauna

Six (6) species of fauna listed by FWC and/or USFWS have the potential to occur on the site based on habitat preference and known geographical distribution. These species included gopher tortoise, Florida gopher frog, eastern indigo snake, Florida pine snake, Sherman's fox squirrel, and southeastern American kestrel. A table showing the estimated probability of occurrence of listed fauna species is attached as Table 1.

Reasons for concluding the estimated occurrence, and discussions on listed observed species and listed species with the possibility of occurring on or adjacent to the site are as follow:

OBSERVED SPECIES
Of the six (6) listed fauna species with the possibility of occurring on the site, one (1) was observed on the site. This species was the gopher tortoise (*Gopherus polyphemus*), which is listed by the FWC as threatened and federally unlisted. Two (2) Potentially Occupied (PO) gopher tortoise burrows were noted on the site. The locations of the burrows are shown on Figure 2.

POSSIBLE AND UNLIKELY SPECIES
Southeastern American kestrel: Since the site is mostly enclosed in trees, there is a low possibility this species could exists on the site. No kestrels or nest sites were observed on or adjacent to the site.

Sherman's fox squirrel: This species prefers sandhill, open mixed hardwood, dry prairie, and moderately open habitats (Cox et al. 1994). Since the site is mostly enclosed in trees, there is low possibility this species could exists on the site. No fox squirrels or potential nest sites were observed on the site.

Eastern indigo snake: Moler (1987) indicated that this species inhabits a wide range of habitats, but prefers xeric habitats in north-central Florida. Since preferred habitat exists on the site, and since gopher tortoise and armadillo burrows were noted on the site, which Moler found to be an important den and refuse sites for this species, a possibility exists that this species may occupy or utilize the site.

Florida pine snake: Since minimal pocket gopher (*Geomys pinetis*), which is the Florida pine snakes primary food source, activity was noted on the site during the site survey, there is low possibility this species could exists on the site.

Florida gopher frog: A possibility exists that this species occurs on the site since gopher tortoise burrows, a known retreat for this species, were noted on the site.

Flora

No listed flora species were observed on the site.

Recreation/Conservation/Preservation Lands
The site is not within or adjacent to Recreation/Conservation/Preservation Lands.

Significant Geological Features (caves, springs, sinkholes, etc.)
No Significant Geological Features (caves, springs, sinkholes, etc.) were observed on the site.

High Aquifer Recharge Areas
According to a Alachua County Aquifer Recharge Area map (see Figure 6), the site is within the "Vulnerable" aquifer recharge zone. No surface features indicating a direct connections to the Floridan aquifer were observed on the site during the inspections.

Wellfield Protection Areas
The site is not within a Wellfield Protection Area.

Wells
No well were observed on the site.

Soils
A soil map is attached as Figure 4.

Mineral Resource Areas
According to Alachua County Comprehensive Plan, the site is not within a mineral resource area.

Topography/Steep Slopes
According to a Alachua County Department of Growth Management topographical map (Figure 7), elevations on the site range from approximately 100 feet in the northwest portion of the site to 78 feet in the southwest portion of the site. Elevations in the southeast portion of the site range from 90 feet to 84 feet. In general, based on Figure 7, surface water flow within the majority of the site would be to the southwest and south and to the southeast in the southeast portion of the site. No steep slopes were observed on the site.

Historical and Paleontological Resources
No cultural sites or other historical/archaeological resources are recorded on or immediately adjacent to this property. No evidence was observed of human burials, middens, old building sites or other evidence that historical or archaeological sites exist on the site.

Hazardous Materials Storage Facilities and Contamination (soil, surface water, ground water)
No evidence was observed during the site inspection of hazardous material storage or facilities exist or existed on the site. Based on historical aerial review, no red-flag warnings of the site being used for hazardous material storage, production, or use was discerned.

We appreciate the opportunity to provide our services. If you have an questions, please contact me.

Sincerely,
McALPINE ENVIRONMENTAL CONSULTING, INC.

DAVID McALPINE
President

ENVIRONMENTAL RESOURCES ASSESSMENT CHECKLIST

Pursuant to Alachua County Comprehensive Plan 2002, as amended, Conservation Open Space Element Policy 3.4.1, applications for land use change, zoning change, and development approval shall be required to submit an inventory of natural resource information. The inventory shall include site specific identification, analysis and mapping of each resource present on or adjacent to the site. The identification and analysis shall indicate information sources consulted.

Natural Resources Checklist:
Check "Yes" for each resource or resource characteristic identified and discuss and provide supporting material.
Check "N/A" for each resource or resource characteristic not present or otherwise relevant to the application.

Yes	N/A	Surface Waters (ponds, lakes, streams, springs, etc.)
Yes	N/A	Wetlands

Table 1: Probability of Occurrence of Listed Wildlife Species

Common Name	Scientific Name	Status FFW/USFWS[1]	Estimated Probability of Occurrence			Comments
			Observed	Possible	Unlikely	
BIRDS						
Southeastern Amer. Kestrel	*Falco sparverius paulus*	T/--			X	Minimal preferred open land present, no kestrels or potential nest sites observed.
MAMMALS						
Sherman's Fox Squirrel	*Sciurus niger shermani*	SSC/--			X	Minimal preferred habitat present. No fox squirrels or nest site observed.
REPTILES						
Eastern Indigo Snake	*Drymarchon corais couperi*	T/T		X		Possible habitat present. Gopher tortoise burrows present, a known preferred dwelling and retreat. Reclusive.
Gopher Tortoise	*Gopherus polyphemus*	T/--	X			No tortoise burrows observed. Poor habitat present, site too treed.
Florida Pine Snake	*Pituophis melanoleucus m.*	SSC/--		X		Somewhat suitable onsite habitat. No pocket gopher, a preferred prey, activity observed on the site.
AMPHIBIANS						
Florida Gopher Frog	*Rana capito aesopus*	SSC/--		X		Tortoise burrows onsite, known preferred dwelling.

1. FFW = Florida Fish & Wildlife Conservation Commission; USFWS = United States Fish and Wildlife Service; E = Endangered; T = Threatened; T(S/A) = Similarity of Appearance; T(E/P) = Threatened (Experimental Population; SSC = Species of Special Concern.

Florida Natural Areas Inventory

Biodiversity Matrix Query Results

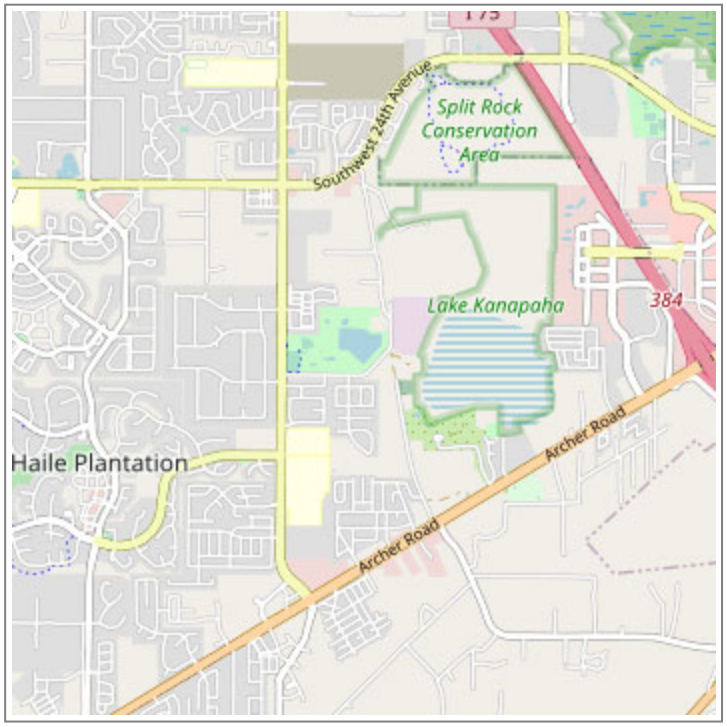
UNOFFICIAL REPORT

Created 7/26/2020

(Contact the FNAI Data Services Coordinator at 850.224.8207 or kbrinegar@fnai.fsu.edu for information on an official Standard Data Report)

NOTE: The Biodiversity Matrix includes only rare species and natural communities tracked by FNAI.

Report for 4 Matrix Units: 25891 , 25892 , 26161 , 26162



Descriptions

DOCUMENTED - There is a documented occurrence in the FNAI database of the species or community within this Matrix Unit.

DOCUMENTED-HISTORIC - There is a documented occurrence in the FNAI database of the species or community within this Matrix Unit; however the occurrence has not been observed/reported within the last twenty years.

LIKELY - The species or community is *known* to occur in this vicinity, and is considered likely within this Matrix Unit because:

1. documented occurrence overlaps this and adjacent Matrix Units, but the documentation isn't precise enough to indicate which of those Units the species or community is actually located in; *or*
2. there is a documented occurrence in the vicinity and there is suitable habitat for that species or community within this Matrix Unit.

POTENTIAL - This Matrix Unit lies within the known or predicted range of the species or community based on expert knowledge and environmental variables such as climate, soils, topography, and landcover.

Matrix Unit ID: 25891

Disclaimer

The data maintained by the Florida Natural Areas Inventory represent the single most comprehensive source of information available on the locations of rare species and other significant ecological resources statewide. However, the data are not always based on comprehensive or site-specific field surveys. Therefore, this information should not be regarded as a final statement on the biological resources of the site being considered, nor should it be substituted for on-site surveys. FNAI shall not be held liable for the accuracy and completeness of these data, or opinions or conclusions drawn from these data. FNAI is not inviting reliance on these data. Inventory data are designed for the purposes of conservation planning and scientific research and are not intended for use as the primary criteria for regulatory decisions.

Unofficial Report

These results are considered unofficial. FNAI offers a Standard Data Request option for those needing certifiable data.

CPA-04-21

A request for a large scale Comprehensive Plan amendment from Medium-High Density Residential (8-14 du/acre) to Medium-Density Residential (4-8 du/acre) on approximately 20.76 acres

Applicant Request

The request is amend the land use on this parcel from Medium-High Density Residential (8-14 du/acre) to Medium Density Residential (4-8 du/acre). The proposed change, if adopted, would reduce the overall maximum on the site from 290 residential dwelling units to 166 residential dwelling units.

Staff Analysis – Comprehensive Plan and Code

The proposed land use change will result in a reduction on the impacts to public facilities. Per comments from the SBAC, the net reduction in density will not have an impact to public schools. Similarly, impacts to public roads, emergency services and other facilities for which level of service (LOS) standards have been identified in the Plan will not cause these standards to be exceeded.

Staff Analysis – Comprehensive Plan and Code

In addition, based on the lack of existing collector roadways, pedestrian facilities, and existing or planned transit service at this site, the reduction in density from Medium-High to Medium Density residential is appropriate for these parcels. Additionally, this property will be located between Medium-High and Low-Density residential land use designations. Therefore, the Medium-Density residential land use designation is an appropriate transitional and compatible land use between these other two land use designations.

Staff Recommendation

Staff recommends that the Board adopt Ordinance 21-xx approving the requested small-scale land use amendment.

ALACHUA COUNTY
BOARD OF COUNTY COMMISSIONERS

ORDINANCE 21-

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, AMENDING THE ALACHUA COUNTY COMPREHENSIVE PLAN 2019-2040, TO CHANGE THE DESIGNATION OF THE FUTURE LAND USE MAP FROM MEDIUM-HIGH DENSITY RESIDENTIAL (8 TO 14 DWELLING UNITS/ACRE) TO MEDIUM-DENSITY RESIDENTIAL (4 TO 8 DWELLING UNITS PER ACRE) ON TAX PARCEL NUMBERS 06877-000-000, AND 06877-030-000 ON APPROXIMATELY 20.76 ACRES ALONG SW 69TH TERRACE, EAST OF KIMBALL WILES ELEMENTARY SCHOOL; PROVIDING A REPEALING CLAUSE, SEVERABILITY, LIBERAL CONSTRUCTION, MODIFICATION AND EFFECTIVE DATE.

WHEREAS, The Community Planning Act (Section 163.3161, et. seq., Florida Statutes) requires that each local government prepare and adopt a comprehensive plan; and

WHEREAS, Section 163.3184(11)(a), Florida Statutes, requires that any amendment to the Comprehensive Plan or any element or portion thereof be made by ordinance; and,

WHEREAS, Board of County Commissioners of Alachua County, Florida, has received an application (CPA-04-21) for an amendment to the Future Land Use Map 2040 to change the approximately 20.76 acres from Medium-High Density Residential (8 to 14 dwelling units/acre) to Medium-Density Residential (4 to 8 dwelling units per acre); and,

WHEREAS, a duly advertised public hearing was conducted on June 16, 2021 after 5:00 p.m. by the Alachua County Planning Commission, acting as the Local

Planning Agency (LPA) and the LPA provided its recommendation to the Board of County Commissioners; and,

WHEREAS, the Board of County Commissioners finds CPA-04-21 to be in compliance with Chapter 163, Part II of the Florida Statutes; and,

WHEREAS, at its September 14, 2021 public hearing, the Board of County Commissioners provided for and received public participation and adopted the amendment, as embodied in Sections 1 and 2 below;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY:

SECTION 1. **Map Amendments.** That the Future Land Use Map 2040 of the Alachua County Comprehensive Plan 2019-2040, is hereby amended to change the future land use designation on Tax Parcel Number 06877-000-000 and 06877-030-000 on approximately 20.76 acres from Medium-High Density Residential (8 to 14 dwelling units/acre) to Medium-Density Residential (4 to 8 dwelling units per acre) as shown on Exhibit A (Legal Description) and Attachment A (map), attached and incorporated herein as a part thereof.

SECTION 2. **Ordinance to be Liberally Construed.** This ordinance shall be liberally construed in order to effectively carry out the purposes hereof which are deemed to be in the best interest of the public health, safety and welfare of the citizens and residents of Alachua County, Florida.

SECTION 3. **Repealing Clause.** All ordinances or parts of ordinances in conflict herewith are, to the extent of the conflict, hereby repealed.

SECTION 4. **Severability.** It is the declared intent of the Board of County Commissioners that, if any section, sentence, clause, phrase or provision of this ordinance is held invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be so construed as to render invalid or unconstitutional the remaining provisions of this ordinance and the remainder of this ordinance after the exclusion of such part or parts shall be deemed to be valid.

SECTION 5. **Effective Date**. This plan amendment shall become effective 31 days after the state land planning agency notifies the County that the plan amendment package is complete pursuant to Section 163.3184(3)(c)4, Florida Statutes. If the amendment is timely challenged pursuant to Section 163.3184(5), Florida Statutes, then it will become effective upon the state land planning agency or the Administration Commission entering a final order determining the adopted amendment to be in compliance.

SECTION 6. **Modification.** It is the intent of the Board of County Commissioners that the provisions of this ordinance may be modified as a result of considerations that may arise during public hearings. Such modifications shall be incorporated into the final version of the ordinance adopted by the Board and filed by the Clerk to the Board.

Duly adopted in regular session, this 14th day of September, A.D., 2021.

Proposed Land Use Designation

Alachua County – Growth Management Staff Report

Application CPA-04-21

Staff Contact: Gerald L. Brewington
Staff Phone Number: 352-374-5249 ext. 2220

Planning Commission Hearing Date: June 16, 2021
Board of County Commissioners Adoption Hearing Date: September 14, 2021

Requested Action

A request by Clay Sweger of eda consultants, inc., agent, for Sugarfoot Holdings, LLC, owners, for a small-scale map amendment to change the land use from Medium High Density Residential (greater than 8, up to 14 units/acre) to Medium Density Residential (greater than 4, up to 8 units/acre). The site is in the R-2 zoning district (multi-family residential) and is located on tax parcel numbers 06877-000-000, 06877 and 06877-030-000 on approximately 20.76 acres. The site is along SW 69th Terrace, to the east of Kimball Wiles Elementary School (no street address)

Property Owner: Sugarfoot Holdings LLC

Applicant/Agent: eda consultants, inc.

Property Description

Parcel Numbers: 06877-000-000 and 06877-030-000
Section/Township/Range: 21/10/19
Land Use: Medium-High Residential (8-14 du/acre)
Zoning: R-2
Acreage: 20.76 +/-

Planning Commission Recommendation: The Local Planning Agency (LPA) recommended approval of the proposed request (6-0)

Background and Analysis

The applicant is requesting to amend the land use designations on the parcels identified in this request from Medium-High Density (more than 8 to 14 dwelling units per acre) to Medium Density Residential (more than 4 to 8 dwelling units per acre). Under the existing land use designation, the development potential (residential numbers only) ranges from 166 to 290 units (20.76 (acres) X 8/14). Under the amended land use, if approved, these numbers would be reduced from 83 to 166 units. The implementing zoning district under the majority of this property is R-2, which exactly implements the Medium Density Residential land use designation.

As shown in the aerial photograph, the site is presently undeveloped. It is surrounding by single family and multi-family residences to the north whose density matches or exceeds that of the subject parcel. Immediately to the south is the Arrendondo Estate single family subdivision. To the west is Kimbell Wiles Elementary School while there are large lot single family residences to the east.

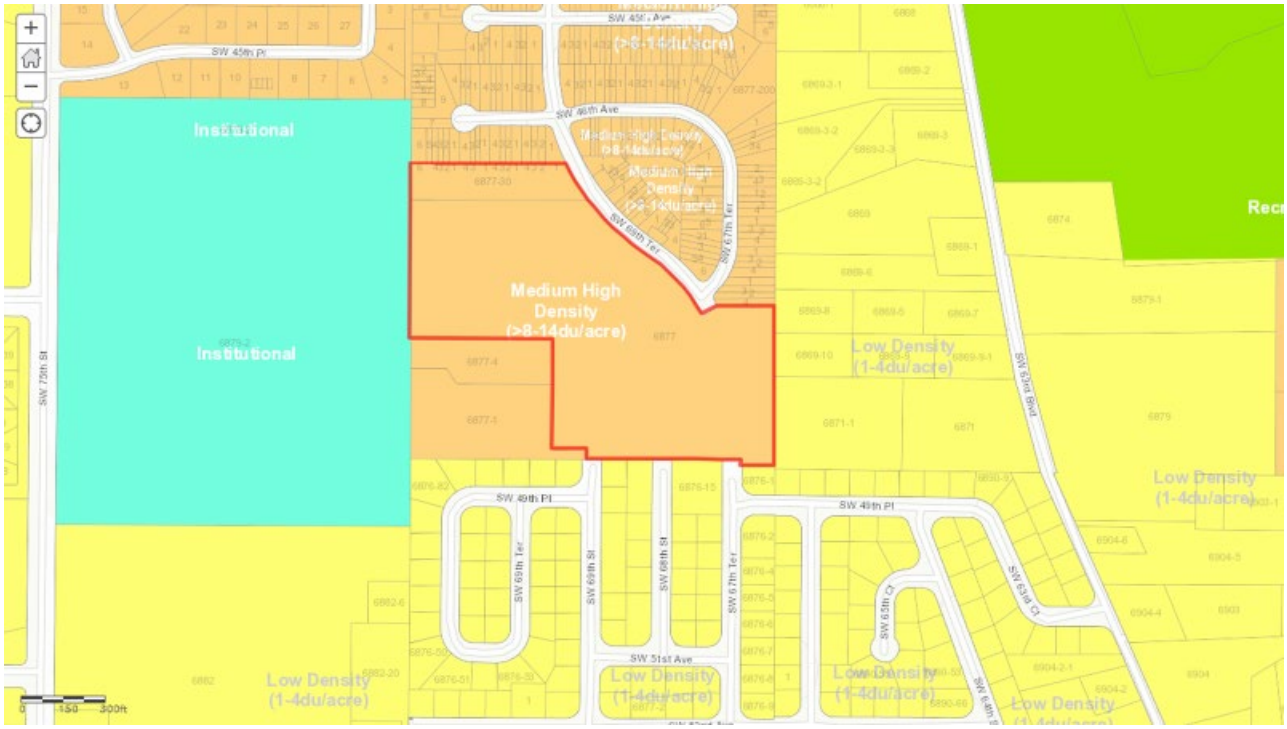

Figure 1 – Existing Land Use Designations on the Subject Parcels

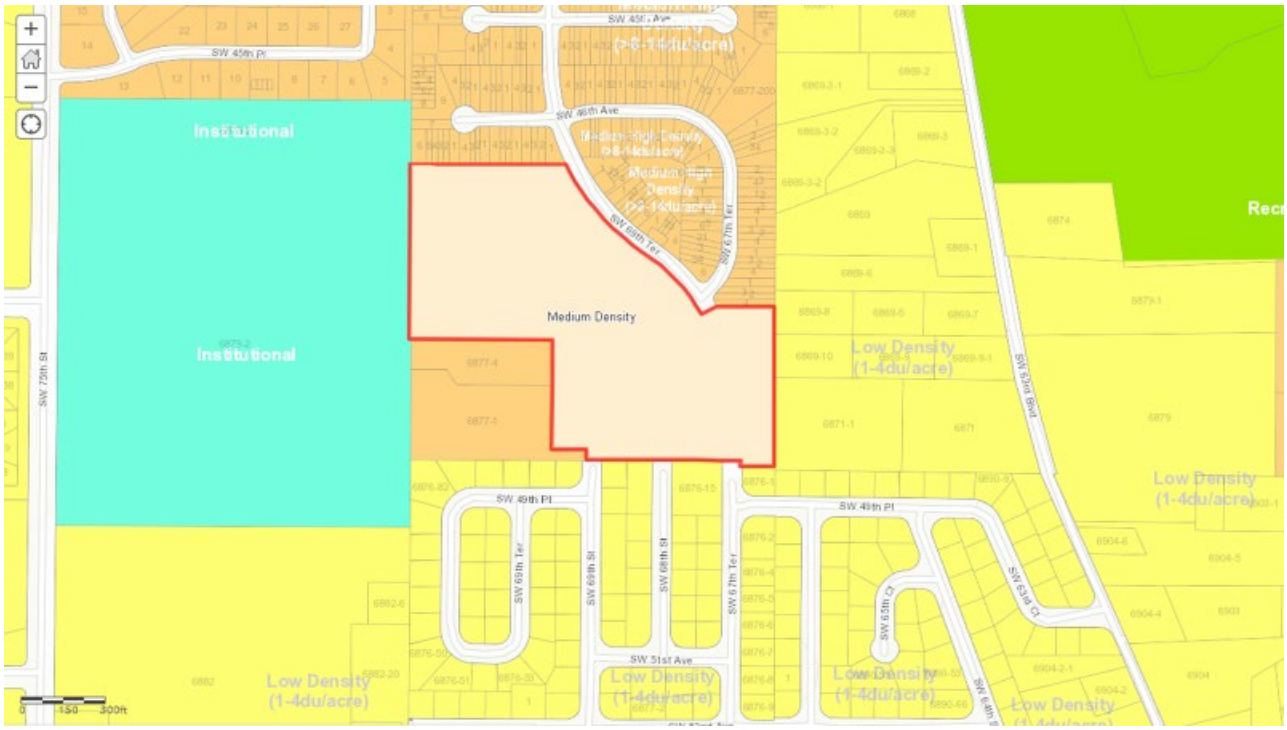

Figure 2 – Map Showing Applicant Proposed Land Use Amendments

Figure 3 – Map Showing Aerial View of Site

Comprehensive Plan Consistency

The following is a staff analysis for consistency of this application with the Alachua County Comprehensive Plan.

Levels of Service

The Alachua County Comprehensive Plan Capital Improvement Element requires that the public facilities and services needed to support development be available concurrent with the impacts of development and that issuance of a Certificate of Level of Service Compliance (CLSC) be a condition of all final development orders. 'Concurrent' shall mean that all adopted levels of service (LOS) standards shall be maintained or achieved within a specified timeframe. Per **Policy 1.2.4 and Policy 1.2.5 of the Capital Improvements Element** of the Alachua County Comprehensive Plan, LOS standards have been adopted for various types of public facilities.

Traffic

Any residential or non-residential development on the site will require mitigation through the Multi-Modal Transportation Mitigation (MMTM) fee program. Staff notes that **Policy 1.3.8.2** of the Future Land Use Element (FLUE) states that any multi-family residential development in the Medium Density Residential land use classification shall have direct access to an arterial or collector road. Should the proposed development for this site meet the criteria, it will need to adhere to 1.3.8.2 or provide alternate access approved by the BoCC per the sub-policies found in 1.3.8.2. possibly as a planned development (PD) district.

Water and Sewer

Policy 1.2.4 (d) of the Capital Improvements Element describes the minimum Level of Service standards for potable water and sewer. These are summarized in the following table:

	Peak Residential & Non Residential	Pressure	Storage Capacity
Potable Water	200 gallons/day/du	40 p.s.i.	½ peak day volume
Sanitary Sewer	106 gallons/day/du	N/A	N/A

The site will be served by municipal water and sewer service. LOS standards as identified in the Capital Improvements Element of the Plan will not be exceeded by this request.

Drainage

Policy 1.2.4 (c) of the Capital Improvements Element states that the minimum drainage LOS standard for non-residential development requires a floor elevation of one (1) foot above the 100-year/critical duration storm elevation or flood resistant construction. Any future development on this site will be required to meet this standard.

Emergency Services

Policy 1.2.5 (a) of the Capital Improvements Element states that the LOS standard for fire services in the area inside the urban cluster is as follows:

- Initial unit response within 6 minutes for 80% of all responses within 12 months.
- The Land Development Regulations shall require that 100% of all development shall provide water supply served by hydrants.

All development will be required to meet these standards at the time of development plan approval.

Solid Waste

The level of service (LOS) standard for solid waste disposal, used as the basis for determining availability of disposal capacity to accommodate the demand generated by existing and new development in Alachua County, is at a minimum, at 0.8 inbound tons per person per year at the Leveda Brown Environmental Park in 2018 and thereafter. Any future development on this site will be required to meet this standard.

Schools

The uniform, district-wide LOS standards shall be 100% of Program Capacity for elementary, middle and high schools. This LOS standard shall apply to all concurrency service areas (CSA) as adopted in the Interlocal Agreement. These LOS standards shall be applied to School Concurrency Service Areas (SCSAs) as specified in the Public School Facilities Element. The proposed land use change represents a reduction in density from a maximum of 290 units to a maximum of 166 units. As such this change would result in a reduced impact to Alachua County schools from what is presently permitted by the Medium-High Density Residential land use designation. A summary of comments from the School Board of Alachua County is as follows:

*The **Bhullar CPA-04-21** results in a net decrease of 134 allowable residential units.* ***Consequently, this proposed amendment has no impact on public schools.***

This evaluation is based upon the 2020-2021 Five Year District Facilities Plan. The subject property is subject to concurrency review and determination at the final plat (single family) and final site plan (multi family) stages and the availability of school capacity at the time of such review.

Recreation

The County shall adopt and maintain, at a minimum, the following level of service standards for recreation of: (1) 0.5 acres of improved activity-based recreation sites per 1000 persons in the unincorporated area of Alachua County; (2) 5.0 acres of improved resource-based recreation sites per 1000 persons in the unincorporated area of Alachua County. The proposed land use change represents a reduction in density from a maximum of 290 residential units to a maximum of 166 residential units. As such this change would result in a reduced impact to Recreation levels of service from what is presently permitted by the Medium-High Density Residential land use designation.

Future Land Use Element (FLUE)

Policy 1.2.4 of the FLUE states that *All new residential development in the urban cluster shall:*

> *a. be economically and efficiently served by supporting community facilities, and services such as streets, utilities, public educational facilities, and public protection.*
>
> *b. Connect to centralized potable water supply and sanitary sewer systems in accordance with Policy 2.1 of the Potable Water and Sanitary Sewer Element.*

All supporting community facilities can serve this site. The proposed Medium Density Residential land use designation will utilize existing centralized water and sewer systems abutting the subject property. Adequate level of service standards exist for this proposed rezoning and additional transportation impacts shall be accommodated by the payment of the MMTM fee as it would apply to specific proposed land uses. The property is well suited for infill development as it is abutting an existing elementary school (Wiles), a middle school (Kanapaha) and is within less than ½ mile of a County Park (Kanapaha Veteran's Memorial Park) and the Archer/Tower Activity Center. All development proposed for this site will be required to connect to centralized water and sewer service (no well or septic service).

Policy 1.3.8.1 of the FLUE states that *Medium Density residential development shall provide for small lot single family residential detached and attached dwellings, and multi-family residential dwellings. In addition, traditional neighborhood developments (TND), transit-oriented developments (TOD) may include mixed housing types and mixed uses.*

The implementing zoning for the proposed land use permits the housing types enumerated in Policy 1.3.8.1. The character of surrounding development is a combination of attached and detached single-family residences as well as well as some multi-family. The placement of any of these housing types on this parcel would be consistent with surrounding development.

Policy 1.3.8.3 of the FLUE states that *The Medium Density residential land use category shall provide for various housing types, such as conventional, site-built single-family dwellings, accessory living units, attached structures including townhouses, dwellings with zero lot line orientation, factory-built modular units, manufactured homes, mobile homes, or multi-family dwellings.*

The Medium Density Residential land use designation with an R-2 zoning district allows a variety of housing types including attached single family, zero lot lines homes, townhomes and multi-family structures such as apartments. Within these types, a variety of housing is allowed. Detached units such as modular homes or single-family site-built homes are also permitted under the existing R-2 zoning.

Policy 1.3.8.4 of the FLUE states that *Medium density residential areas shall be located in the urban cluster.*

The proposed site lies entirely within the Urban Cluster, consistent with Policy 1.3.8.4.

Policy 1.5.2 of the FLUE states that *In addition to the facilities for which level of service standards are adopted as part of the concurrency management system of this Plan, other facilities that should be adequate to serve new urban residential development include:*

(a) local streets;
(b) police, fire and emergency medical service protection;
(c) pedestrian and bicycle network; and
(d) primary and secondary schools.

Local streets will be evaluated at the time of development plan review and must meet all requirements for the provision of pedestrian and bicycle network as detailed in the Alachua County ULDC. Fire suppression and emergency medical first response services are provided from Alachua County Fire Rescue Station 81, located approximately 2 miles southwest of the subject property. The proposed FLU designation is a reduction in proposed density and therefore, will not have an increased impact on public school capacity from what is already permitted via the underlying adopted land use designation of Medium-High Density Residential.

Policy 7.1.24 of the FLUE states that *Prior to amending this Element, every consideration shall first be given to alternatives to detailed map changes. Such alternatives might include clarifying text amendments and additional policy statements.*

Staff has evaluated potential alternatives to a map change in regards to this application. In this case, there are no appropriate text amendments or additional policy statements based on the data and analysis. Based on the lack of existing collector roadways, pedestrian facilities, and existing or planned transit service, the reduction in density from Medium-High to Medium Density residential is appropriate for these parcels. Additionally, this property will be located between Medium-High and Low-Density residential land use designations. Therefore, the Medium-Density residential land use designation is an appropriate transitional and compatible land use between these other two land use designations.

Policy 7.1.4 of the FLUE states that *Urban development shall provide, as part of the development, facilities necessary to accommodate interconnections, such as sidewalks, pedestrian paths, bicycle facilities, connecting roadways, and mass transit facilities needed to accommodate transportation mode shifts.*

Any proposed development for this parcel will be required to interconnect with surrounding development and provide pedestrian and bicycle facilities per the Alachua County Unified Land Development Code. Any development exceeding 25 units will need to provide a minimum of two access points. Potential stubouts for access from surrounding development exists to the south (Arredondo Estates) and signs indicating as such have been previously posted by Alachua County (see photo).

Policy 7.1.11 of the FLUE states that *All new development shall meet level of service requirements for roadways, potable water and sanitary sewer, stormwater, solid waste, mass transit, public schools, and improved recreation in accordance with LOS standards adopted in the elements addressing these facilities.*

This land use request, if approved, would result in a reduction in service requirements as outlined in the Level of Service (LOS) standards found in the Capital Improvement Element and elsewhere in the Plan. Sufficient capacity exists to serve the site with the present land use. Therefore, reducing the permitted residential entitlements for these parcels would not cause LOS standards to be exceeded.

Conservation and Open Space Element (COSE)

Policy 3.4.1 of the COSE states that *All applications for a land use change, zoning change or development approval shall be required to submit an inventory of natural resource information.*

The applicant has submitted an environmental resources assessment and checklist for the property. Staff has found that the requested land use amendment will be consistent with the protection of natural resources.

Staff Recommendation

Staff recommends that the land use amendment CPA-04-21 be adopted with the following bases:

Bases

1.Policy 1.2.4 of the FLUE states that *All new residential development in the urban cluster shall:*

> *a. be economically and efficiently served by supporting community facilities, and services such as streets, utilities, public educational facilities, and public protection.*
>
> *b. Connect to centralized potable water supply and sanitary sewer systems in accordance with Policy 2.1 of the Potable Water and Sanitary Sewer Element.*

All supporting community facilities can serve this site. The proposed Medium Density Residential land use designation will utilize existing centralized water and sewer systems abutting the subject property. Adequate level of service standards exist for this proposed rezoning and additional transportation impacts shall be accommodated by the payment of the MMTM fee as it would apply to specific proposed land uses. The property is well suited for infill development as it is abutting an existing elementary school (Wiles), a middle school (Kanapaha) and is within less than ½ mile of a County Park (Kanapaha Veteran's Memorial Park) and the Archer/Tower Activity Center. All development proposed for this site will be required to connect to centralized water and sewer service (no well or septic service).

2. Policy 1.3.8.1 of the FLUE states that *Medium Density residential development shall provide for small lot single family residential detached and attached dwellings, and multi-family residential dwellings. In addition, traditional neighborhood developments (TND), transit-oriented developments (TOD) may include mixed housing types and mixed uses.*

The implementing zoning for the proposed land use permits the housing types enumerated in Policy 1.3.8.1. The character of surrounding development is a combination of attached and detached single-family residences as well as well as some multi-family. The placement of any of these housing types on this parcel would be consistent with surrounding development.

3. Policy 1.3.8.3 of the FLUE states that *The Medium Density residential land use category shall provide for various housing types, such as conventional, site-built single-family dwellings, accessory living units, attached structures including townhouses, dwellings with zero lot line orientation, factory-built modular units, manufactured homes, mobile homes, or multi-family dwellings.*

The Medium Density Residential land use designation with an R-2 zoning district allows a variety of housing types including attached single family, zero lot lines homes, townhomes and multi-family structures such as apartments. Within these types, a variety of housing is allowed. Detached units such as modular homes or single-family site-built homes are also permitted under the existing R-2 zoning.

4. Policy 1.3.8.4 of the FLUE states that *Medium density residential areas shall be located in the urban cluster.*

The proposed site lies entirely within the Urban Cluster, consistent with Policy 1.3.8.4.

5. Policy 1.5.2 of the FLUE states that *In addition to the facilities for which level of service standards are adopted as part of the concurrency management system of this Plan, other facilities that should be adequate to serve new urban residential development include:*

(a) local streets;
(b) police, fire and emergency medical service protection;
(c) pedestrian and bicycle network; and
(d) primary and secondary schools.

Local streets will be evaluated at the time of development plan review and must meet all requirements for the provision of pedestrian and bicycle network as detailed in the Alachua County ULDC. Fire suppression and emergency medical first response services are provided from Alachua County Fire Rescue Station 81, located approximately 2 miles southwest of the subject property. The proposed FLU designation is a reduction in proposed density and therefore, will not have an increased impact on public school capacity from what is already permitted via the underlying adopted land use designation of Medium-High Density Residential.

6. Policy 7.1.24 of the FLUE states that *Prior to amending this Element, every consideration shall first be given to alternatives to detailed map changes. Such alternatives might include clarifying text amendments and additional policy statements.*

Staff has evaluated potential alternatives to a map change in regards to this application. In this case, there are no appropriate text amendments or additional policy statements based on the data and analysis. Based on the lack of existing collector roadways, pedestrian facilities, and existing or planned transit service, the reduction in density from Medium-High to Medium Density residential is appropriate for these parcels. Additionally, this property will be located between Medium-High and Low-Density residential land use designations. Therefore, the Medium-Density residential land use designation is an appropriate transitional and compatible land use between these other two land use designations.

7. Policy 7.1.4 of the FLUE states that *Urban development shall provide, as part of the development, facilities necessary to accommodate interconnections, such as sidewalks, pedestrian paths, bicycle facilities, connecting roadways, and mass transit facilities needed to accommodate transportation mode shifts.*

Any proposed development for this parcel will be required to interconnect with surrounding development and provide pedestrian and bicycle facilities per the Alachua County Unified Land Development Code. Any development exceeding 25 units will need to provide a minimum of two access points. Potential stubouts for access from surrounding development exists to the south (Arredondo Estates) and signs indicating as such have been previously posted by Alachua County.

8. Policy 7.1.11 of the FLUE states that *All new development shall meet level of service requirements for roadways, potable water and sanitary sewer, stormwater, solid waste, mass transit, public schools, and improved recreation in accordance with LOS standards adopted in the elements addressing these facilities.*

This land use request, if approved, would result in a reduction in service requirements as outlined in the Level of Service (LOS) standards found in the Capital Improvement Element and elsewhere in the Plan. Sufficient capacity exists to serve the site with the present land use. Therefore, reducing the permitted residential entitlements for these parcels would not cause LOS standards to be exceeded.

9. Policy 3.4.1 of the COSE states that *All applications for a land use change, zoning change or development approval shall be required to submit an inventory of natural resource information.*

The applicant has submitted an environmental resources assessment and checklist for the property. Staff has found that the requested land use amendment will be consistent with the protection of natural resources.

Staff and Agency Comments

Department of Public Works: No comments

Transportation Planning: No comments

Department of Environmental Protection: Existing Comprehensive Plan and land use regulations are sufficient to address environmental and cultural resources concerns on this property.

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 8.

Agenda Item Name:
FY22 Proposed Millage Rates, Tentative Budget and 5 Year Debt Service and CIP Budget

Presenter :
Tommy Crosby, 352-337-6205

Description:
Adopt the FY22 Proposed Millage Rates, Tentative Budget, and 5 Year Debt Service and CIP Budget

Recommended Action:
Conduct public hearing and adopt the resolutions to approve the proposed FY22 millage rates for the General County and MSTU-Law Enforcement budgets, and adopt the FY22 Tentative Budget. Approve the 5 Year Debt Service and CIP budget plan.

Prior Board Motions :
On July 13, 2021 the Board of County Commissioners set the tentative millage for the County at 7.8662 and the tentative millage for the MSTU Law Enforcement at 3.5678.

Fiscal Consideration:
County Millage Rate of 7.8622
MSTU Law Enforcement Millage Rate of 3.5678
General Fund budget including all revenues - $203,524,078. The total budget is $568,936,272.

Background:
Pursuant to Florida Statutes the County Manager delivered a balanced budget to the Board of County Commissioners on June 29, 2021.

On July 1, 2021 the Property Appraiser Certified the taxable values for the County.

On July 13, 2021 the Board of County Commissioners set the tentative millage for the County at 7.8662 and the tentative millage for the MSTU Law Enforcement at 3.5678.

On August 16, 2021 the Property Appraiser mailed the Truth in Millage (TRIM) notification as determined by Florida Statute 200.065 to all property owners informing them of the tentative millage rates and notice of the first public hearing to be held after 5:01 pm and not in conflict with the School Board of Alachua County.

Special budget meetings were held in August to review proposed budgets, departmental requests and revenues. Discussion by both the public and board was heard and adjustments made to the budget request.

This is the first of two required public hearings to adopt the Millage Rates and FY22 Budget. The second public hearing will be held at the Board of County Commissioner's meeting on Tuesday, September 28, 2021 at 5:01 pm in the County administration building, Jack Durrance Board Room and the hearing will also be advertised in the Gainesville Sun as required by Florida Statute.

RESOLUTION 2021-104

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, RELATING TO THE LEVY OF GENERAL COUNTY PURPOSE AD VALOREM TAXES FOR THE 2021 TAX YEAR; APPROVING PROPOSED MILLAGE RATES; PROVIDING AN EFFECTIVE DATE.

WHEREAS, on July 13, 2021, the Board of County Commissioners adopted Resolution 2021-070 approving the proposed millage rate necessary to fund the tentative general County budget; and,

WHEREAS, pursuant to law and utilizing the rates established in the said resolution, by August 16, 2021, the Alachua County Property Appraiser mailed a Notice of Proposed Property Taxes to each taxpayer listed on the current year's assessment roll; and,

WHEREAS, the said Notice of Proposed Property Taxes advised the recipients of a public hearing, as required by Florida Statute 200.065, to be conducted by the Board of County Commissioners on this date for consideration of its tentative general County budget and the proposed millage necessary to fund the said budget; and,

WHEREAS, the public hearing has been held as specified in the Notice of Proposed Property Taxes and in accordance with applicable law;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA;

DocuSign Envelope ID: 74139C1E-B9FC-4174-8E1E-B9863DF5A5A0

1. That the following proposed millage rate to fund a tentative general County budget is hereby approved for further consideration in accordance with applicable law:

General Fund 7.8662 mills

2. The millage rate levied herein is greater than the rolled back rate of 7.5923 mills by 3.61%.

3. This resolution shall take effect immediately upon its adoption.

DULY ADOPTED in public hearing, this 14th day of September, A.D., 2021.

RESOLUTION 2021-105

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, RELATING TO ITS BUDGET FOR THE 2021-2022 FISCAL YEAR; REVISING THE COUNTY BUDGET OFFICER'S ESTIMATE OF RECEIPTS AND OF BALANCES TO BE BROUGHT FORWARD; APPROVING A TENTATIVE GENERAL COUNTY BUDGET; SETTING A PUBLIC HEARING DATE; PROVIDING FOR PUBLICATION OF NOTICE; PROVIDING AN EFFECTIVE DATE.

WHEREAS, on June 29, 2021, the County Manager, as the Alachua County Budget Officer, presented a balanced budget for further consideration by the Board of County Commissioners in accordance with applicable law; and,

WHEREAS, said budget contained estimates of receipts and of balances brought forward as part of the budget presentation; and,

WHEREAS, the Board of County Commissioners wishes to revise the Budget Officer's estimates of receipts and of balances to be brought forward based on the most current information available as of the date of this resolution; and,

WHEREAS, the Board of County Commissioners of Alachua County, Florida, has complied with all conditions precedent to the adoption of a tentative general County budget; and,

WHEREAS, the Board as of this date adopted a resolution approving proposed millage to fund the tentative general County budget;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA:

1. In accordance with the requirements of Section 129.03, Florida Statutes, the Budget Officer's estimates of receipts and of balances to be brought forward are

DocuSign Envelope ID: 74139C1E-B9FC-4174-8E1E-B9863DF5A5A0

revised as set out in the document entitled “FY22 Tentative Budget”.

2. The tentative general County budget contained in the document entitled “FY22 Tentative Budget” is hereby approved as adjusted by motion for further consideration at the public hearing established in this resolution.

3. A public hearing will be held to consider the proposed millage rates and final budget for general County purposes on Tuesday the 28th of September, A.D., 2021; at 5:01 p.m., or as soon thereafter as the matter may be heard, in the Jack Durrance Auditorium, County Administration Building, Second Floor, 12 S.E. 1st Street, Gainesville, Florida.

4. The County Manager is hereby authorized and directed to prepare and publish all necessary and required notices prior to the hearing established herein, and to provide copies of this resolution to all parties as may be required by applicable law.

5. This resolution shall take effect immediately upon its adoption.

DULY ADOPTED in public hearing, this 14th day of September, A.D.,2021.

RESOLUTION 2021-107

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, RELATING TO ITS BUDGET FOR THE 2021-2022 FISCAL YEAR; REVISING THE COUNTYBUDGET OFFICER'S ESTIMATE OF RECEIPTS AND OF BALANCES TO BE BROUGHT FORWARD; APPROVING A TENTATIVE MUNICIPAL SERVICE TAXING UNIT-LAW ENFORCEMENT BUDGET; SETTING A PUBLIC HEARING DATE; PROVIDING FOR THE PUBLICATION OF NOTICE; PROVIDING AN EFFECTIVE DATE.

WHEREAS, on June 29, 2021, the County Manager, as the Alachua County Budget Officer, presented a balanced budget for further consideration by the Board of County Commissioners in accordance with applicable law; and,

WHEREAS, said budget contained estimates of receipts and of balances brought forward as part of the budget presentation; and,

WHEREAS, the Board of County Commissioners wishes to revise the Budget Officer's estimates of receipts and of balances to be brought forward based on the most current information available as of the date of this resolution; and,

WHEREAS, the Board of County Commissioners of Alachua County, Florida, has complied with all conditions precedent to the adoption of a tentative Municipal Service Taxing Unit-Law Enforcement budget; and,

WHEREAS, the Board as of this date adopted a resolution approving proposed millage to fund the tentative Municipal Service Taxing Unit-Law Enforcement budget;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA.

1. In accordance with the requirements of Section 129.03, Florida Statutes, the Budget Officer's estimates of receipts and balances to be brought forward are revised as set out in the document entitled "FY22 Tentative Budget".

DocuSign Envelope ID: 74139C1E-B9FC-4174-8E1E-B9863DF5A5A0

2. The tentative Municipal Service Taxing Unit-Law Enforcement budget contained in the document entitled "FY22 Tentative Budget" is hereby approved as adjusted by motion for further consideration at the public hearing established in this resolution.

3. A public hearing will be held to consider the proposed millage rate and final budget for the Municipal Service Taxing Unit-Law Enforcement on Tuesday the 28th of September, A.D., 2021 at 5:01 p.m., or as soon thereafter as the matter may be heard, in the Jack Durrance Auditorium, County Administration Building, Second Floor, 12 S.E. 1st Street, Gainesville, Florida.

4. The County Manager is hereby authorized and directed to prepare and publish all necessary and required notices prior to the hearing established herein, and to provide copies of this resolution to all parties as may be required by applicable law.

5. This resolution shall take effect immediately upon its adoption.

DULY ADOPTED in public hearing, this 14th day of September, A.D., 2021.

BOARD OF COUNTY COMMISSIONERS OF
ALACHUA COUNTY, FLORIDA

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 9.

Agenda Item Name:
Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District FY22 Final Non-Ad Valorem Assessment Rates Adoption Hearing

Presenter:
Tommy Crosby, 352-337-6205

Description:
A public hearing to consider adoption of the FY22 Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District Final Non-Ad Valorem Assessment Rates Final Rate Resolution.

Recommended Action:
Adopt the FY22 the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District Final Non-Ad Valorem Assessment Rates Final Rate Resolution.

Prior Board Motions:
NA

Fiscal Consideration:
This assessment will allow the County to collect approximately $49,620 in non-ad valorem assessment fees (not adjusted for non-collectibles) to fund community maintenance in the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District.

Background:
On July 14, 2021 the Board approved the initial assessments and authorized the appropriate advertising for the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District. The advertising requirements consist of two actions; one to be included on the TRIM Notice and the other to advertise within the local newspaper.

INTRODUCTION

TOTAL POPULATION AND NUMBER OF HOUSEHOLDS IN THE DISTRICT

- The district's total population is 2,000 and the district contains 1,200approximately 827 households. The Alachua County Comprehensive Plan land use designation for the district property is medium density residential and the property is zoned R3 (Cedar Ridge) and R2A (Sugarfoot Oaks).

PURPOSE

To preserve and enhance the quality of life for the residents of the **SUGARFOOT OAKS/CEDAR RIDGE PRESERVATION AND ENHANCEMENT DISTRICT**

OBJECTIVES

1. PARTNERSHIP
   To actively engage landlords, property managers, tenants and local businesses in a collaborative effort to improve the quality of life for residents and overall community.

2. APPEARANCE
   To create an aesthetically pleasing appearance by establishing minimal standards in regards to the physical environment, buildings, lawn maintenance, and grounds.

3. CRIME
   To reduce crime and to become a safer community where all citizens thrive.

1. STRATEGIES

PRESERVATION AND ENHANCEMENT DISTRICT FY 2021-2022

COMMUNITY IMPROVEMENT

- **Provide additional cameras at strategic location throughout district**
- Work with landlords and tenants to implement strategies
- Minimum standards for property maintenance, building codes, and community aesthetics shall comply with Ordinance 01-24.

Beautification

- Continue to provide and install new sidewalks
- Continue with lighting for Cedar Ridge (Holly Heights)– Gordon Manor
- Purchase landscaping materials & supervise planting
- Bi-weekly lawn services
- Work with landlords and tenants to educate regarding solid waste and refuse
- Provide and install new signs at entrances

COMMUNITY COUNCIL

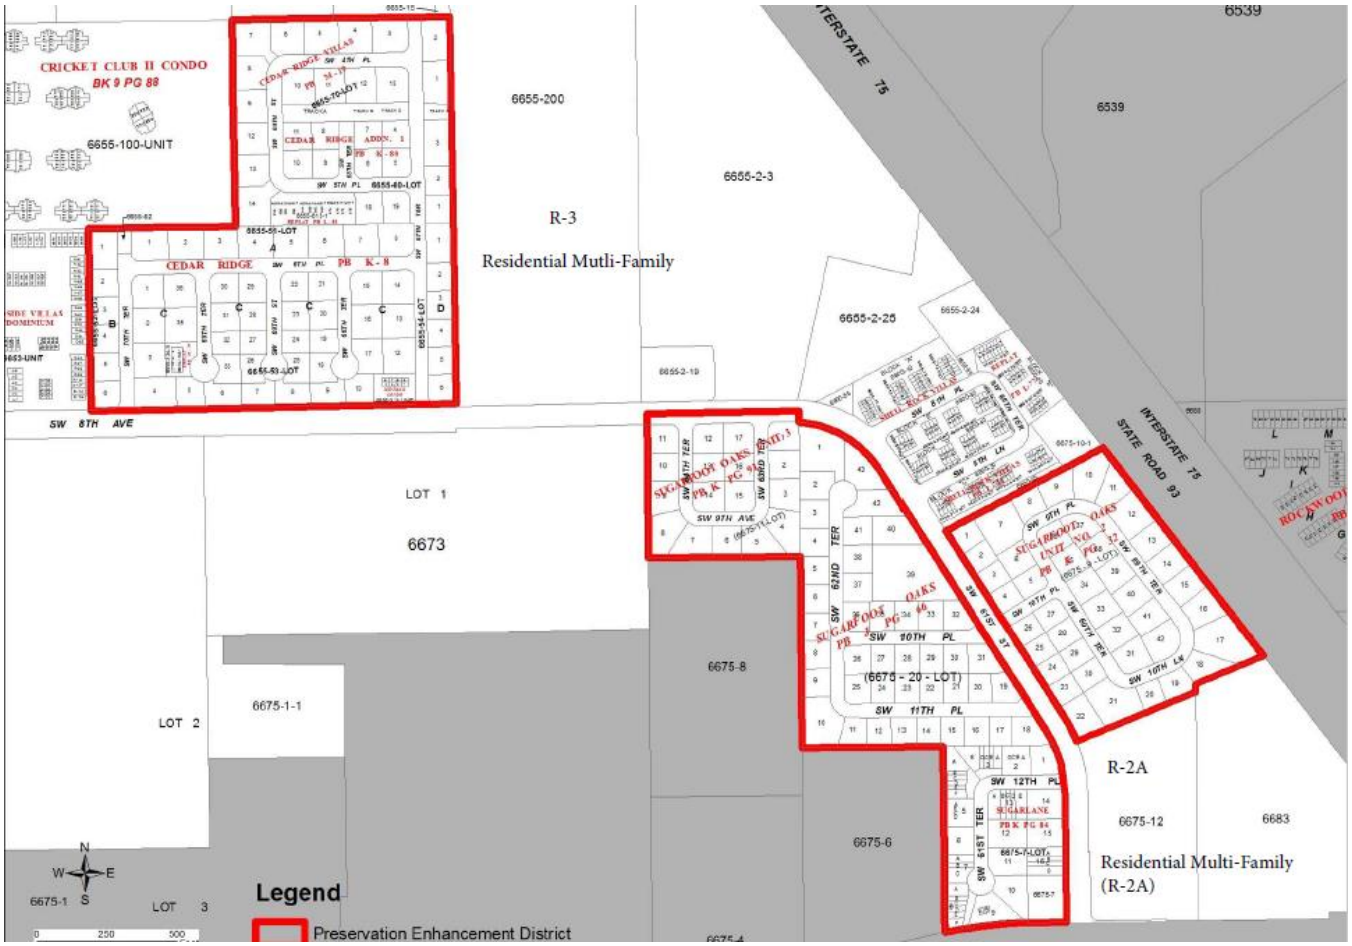
- Provide leadership for the District
- Organize and hold quarterly meetings
- Develop and implement programs to eliminate blighting influences
- Continue collaboration with government and community agencies

ADMINISTRATION

- Assist in the development of the request for proposal and selection of vendor
- Implement and monitor contract services
- Reconcile all invoices

The plan will be evaluated each year with the new budget cycle.

2. LAND USE ZONING AND HOUSING



3. BUDGET

The following budget is calculated on assessed fees of $5.00 per unit/per month for 827 units within the Preservation and Enhancement District, totaling $49,620.00 annually. The budget also reflects the history of the prior year collected funds with a negative variance resulting from 4% ($1,984.80) under collected fees and a 2% ($992.40) Tax Collector's processing fee for a FY21/22 budget of $46,642.80

Fund 057	
Number of Units	827

PLAN REQUIREMENTS UNDER FLORIDA STATUTES 163.524

Plan Requirements under Florida Statutes 163.524

The Neighborhood Council and the local government planning agency shall prepare a Neighborhood Enhancement Plan. The Neighborhood Enhancement Plan shall consist of at least the following elements:

(a) Boundaries and size of the district

(b) Total population and number of households in the district.

(c) Land use zoning and housing in the district.

(d) Statement of goals and objectives of the district.

(e) Strategies and policies to enhance the district.

(f) Minimum standards for property maintenance, building codes, and community aesthetics.

(g) Strategies to implement and evaluate the plan.

(7) The Neighborhood Enhancement Plan shall be consistent with the intent of the adopted comprehensive plan for the county or municipality.

(8) The Neighborhood Enhancement Plan shall not regulate any activity that is subject to regulation under chapter 378, and it shall not contain any requirements that are inconsistent with, or more stringent than, requirements established by any state agency or water management district.

(9) The Neighborhood Enhancement Plan shall be adopted by ordinance by the local governing body. The standards and requirements of the Neighborhood Enhancement Plan shall be reasonable considering the existing character of the community and local economic conditions.

(10) Prior to the adoption of the Neighborhood Enhancement Plan, the local government planning agency and Neighborhood Council shall hold a joint public hearing on the plan after public notice by the local government by publication in a newspaper of general circulation in the county or municipality in which the district is located. The notice shall describe the time, date, place, and purpose of the hearing; identify the boundaries of the district; and outline the general scope of the plan as required by law.

(11) If at any time after approval of the Neighborhood Enhancement Plan, it becomes desirable to amend or modify the plan, the local governing body may do so. Prior to any such amendment or modification, the local government planning agency and the Neighborhood Council shall hold a joint public hearing on the proposed amendment or modification after public notice by the local government by publication in a newspaper of general circulation in the county or municipality in which the district is located. The notice shall describe the time, place, and purpose of the hearing and shall generally describe the proposed amendment or modification

LEGAL DESCRIPTION OF AREA TO BE ASSESSED DESCRIPTION OF THE SUGARFOOT OAKS/CEDAR RIDGE PRESERVATION AND ENHANCEMENT DISTRICT

The Boundary of the District includes all of the lots and Streets within the following recorded subdivisions:

Sugarfoot Oaks,
as per plat recorded in Plat Book “J” page 66; and

Cedar Ridge,
as per plat recorded in Plat Book “K” page 08; and

Sugarfoot Oaks Unit No.2,
as per plat recorded in Plat Book “K” page 32; and

as per plat recorded in Plat Book “M” page 09; and

Cedar Ridge Villas,
as per plat recorded in Plat Book “M” page 19;

As of the Public Records of Alachua County, Florida. Containing approximately 72.711 acres.

RESOLUTION 2021-116

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, ESTABLISHING AND IMPOSING A NON-AD VALOREM ASSESSMENT FOR THE SUGARFOOT OAKS/CEDAR RIDGE ENHANCEMENT PLAN; DESCRIBING THE METHOD OF ASSESSING THE COSTS OF THE ENHANCEMENT PLAN AGAINST PROPERTY OWNERS WHO OWN PARCELS WITHIN THE SPECIAL ASSESSMENT DISTRICT; PROVIDING FOR INCLUSION OF THE ASSESSMENT ON THE ASSESSMENT ROLL; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Alachua County, Florida (hereinafter, the "Board"), established the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District (hereinafter, the “District”), to further neighborhood preservation and revitalization; and

WHEREAS, the Board provided in Ordinance 01-24 that the Neighborhood Community Council will monitor implementation of the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement Plan (hereinafter the “Plan”); and

WHEREAS, in accordance with §163.514, F.S. a mail ballot election was held on June 23, 2003, and a majority of the registered voters residing in the District voted in support of the special assessment within the District; and

WHEREAS, the properties to be benefited by the implementation of the Plan have been specifically identified and described in **Exhibit “A”,** and incorporated herein by reference; and

WHEREAS, pursuant to §197.3632(3)(a), F.S., at a public hearing conducted on December 10, 2013, the Board adopted Resolution 13-111 which gave notice of the County’s Intent to impose a non-ad valorem assessment for the provision of implementation

and management of the Plan, and of the County's intent to use the uniform method of collecting such assessments; and,

WHEREAS, pursuant to §197.3632(4)(b), F.S., notice of the special assessment was sent to the owners of Assessed Property; and,

WHEREAS, pursuant to §197.3632(4)(b), F.S., Alachua County has provided notice of the implementation of the Plan to the owners of the assessed property within the special assessment district by newspaper publication, with a proof of publication attached hereto as **Exhibit "B",** and

WHEREAS, the Board will conduct a Public Hearing on September 14, 2021, at 5:01 p.m., or as soon thereafter as the matter may be heard, in Room 209, 2nd floor of the Alachua County Administration Building, 12 South East 1st Street, Gainesville, Florida and comments and objections of all interested persons will be heard and considered by the Board; and

WHEREAS, the Board hereby determines that the District continues to serve a useful purpose in the enhancement of the parcels within the District.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA:

1. This Resolution is adopted pursuant to the County's Home Rule Authority as a Charter County, Sections 125.01(q) and 197.3632, Florida Statutes, and other applicable provisions of law.

2. It is hereby ascertained, determined, and declared that each parcel of assessed property within the Special Assessment District will be specially benefited by the implementation of the Plan in an amount not less than the assessment for such parcel. The

implementation of the Plan will enhance the assessed property and should result in an increase in property value.

3. Apportioning the costs of implementation of the Plan equally among the property owners is fair and reasonable, and is proportional to the special benefit received.

4. There is hereby levied and imposed a non-ad valorem assessment against all property owners in this Special Assessment District in the amount of $60.00 per each dwelling unit per year. A copy of the budget for implementation of the Plan is attached as **Exhibit "C"** and a methodology for determining the assessment cost, based on the number of dwelling units, is attached as **Exhibit "D,"** both are incorporated herein by reference.

5. The special assessment shall continue as a lien upon the assessed property that is equal in rank and dignity with the liens of all State, County, District or Municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such liens shall be superior in dignity to all other liens, titles and claims, until paid. Collection of the assessment for Fiscal Year 2021-22 shall commence with the 2021 Property Tax Notice mailed out during Fiscal Year 2020-21.

6. The non-ad valorem assessment imposed by this resolution shall be included in the assessment roll that will be adopted by the County and certified by the County Commission Chair no later than September 25, 2021. The County Manager or his designee is authorized and directed to ensure that this assessment is so included on the assessment roll for the Property Tax Notice for 2021 and all applicable subsequent Notices.

7. This resolution shall take effect immediately upon its adoption.

DULY ADOPTED in regular session, this _____ day of _____, A.D., 2021.

NOTICE OF PUBLIC HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF NON-AD VALOREM ASSESSMENTS WITHIN THE SUGARFOOT OAKS/CEDAR RIDGE PRESERVATION AND ENHANCEMENT DISTRICT FOR IMPROVEMENT AND OPERATING EXPENSES TO PROMOTE COMMUNITY REVITALIZATION

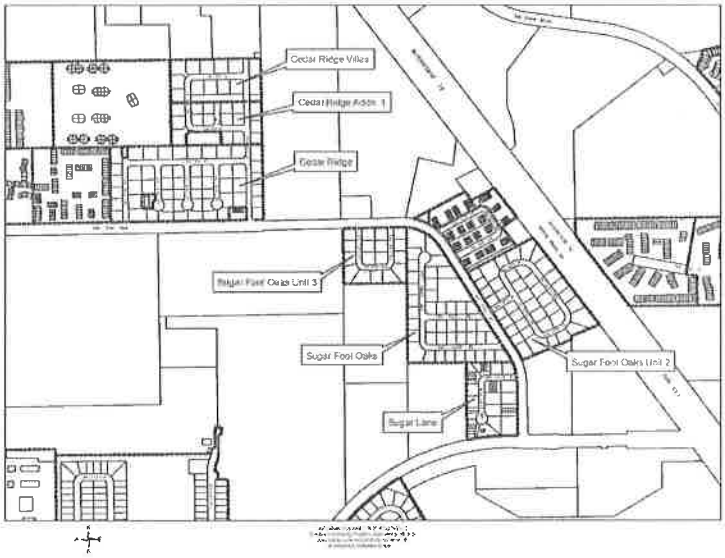
Notice is hereby given pursuant to Section 197.3632, Florida Statutes, that the Board of County Commissioners of Alachua County, Florida, (Board), will conduct a public hearing on Tuesday, **September 14, 2021** at 5:01 p.m., or as soon thereafter as the matter may be heard, in room 209, 2nd floor of the Alachua County Administration Building, 12 South East 1st Street, Gainesville, Florida, to consider the imposition of non-ad valorem assessments against certain improved residential properties located within the unincorporated area of Alachua County to fund neighborhood maintenance services to promote community revitalization and to authorize collection of such assessments on the annual ad valorem tax bill. This assessment will be imposed by the Board and will be collected by the Alachua County Tax Collector.

The property subject to the non-ad valorem assessment is the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District and is located within the unincorporated area of Alachua County. The proposed assessment includes all dwelling units in the district within the area depicted on the map below.



The amount of the assessment to be imposed against each parcel of property and the legal documentation relating to the assessments are available for viewing at the reception desk on the 2nd floor of the Alachua County Administration Building, 12 South East 1st Street, Gainesville, Florida, between the hours of 8:30 a.m. and 5:00 p.m. Monday through Friday.

The proposed annual non-ad valorem assessment for neighborhood maintenance services to promote community revitalization for the fiscal year October 1, 2021 through September 30, 2022 is $60.00 per dwelling unit.

ALL AFFECTED PROPERTY OWNERS HAVE THE RIGHT TO APPEAR AT THE PUBLIC HEARING AND THE RIGHT TO FILE WRITTEN OBJECTIONS WITH THE BOARD WITHIN 20 DAYS OF THE PUBLICATION OF THIS NOTICE. OBJECTIONS SHOULD BE SENT TO:

THE ALACHUA COUNTY BOARD OF COUNTY COMMISSIONERS P. O. BOX 2877, GAINESVILLE, FL 32602-2877

Any persons wishing to appeal any decision of the Board with respect to any matter considered will need a record and may wish to ensure that a verbatim record of the proceedings is made.

RESOLUTION 2021-71

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, ESTABLISHING AND IMPOSING A NON-AD VALOREM ASSESSMENT FOR THE SUGARFOOT OAKS/CEDAR RIDGE ENHANCEMENT PLAN; DESCRIBING THE METHOD OF ASSESSING THE COSTS OF THE ENHANCEMENT PLAN AGAINST PROPERTY OWNERS WHO OWN PARCELS WITHIN THE SPECIAL ASSESSMENT DISTRICT; PROVIDING FOR INCLUSION OF THE ASSESSMENT ON THE ASSESSMENT ROLL; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Alachua County, Florida (hereinafter, the "Board"), established the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement District (hereinafter, the "District"), to further neighborhood preservation and revitalization; and

WHEREAS, the Board provided in Ordinance 01-24 that the Neighborhood Community Council will monitor implementation of the Sugarfoot Oaks/Cedar Ridge Preservation and Enhancement Plan (hereinafter the "Plan"); and

WHEREAS, in accordance with §163.514, F.S. a mail ballot election was held on June 23, 2003, and a majority of the registered voters residing in the District voted in support of the special assessment within the District; and

WHEREAS, the properties to be benefited by the implementation of the Plan have been specifically identified and described in **Exhibit "A",** and incorporated herein by reference; and

WHEREAS, pursuant to §197.3632(3)(a), F.S., at a public hearing conducted on December 10, 2013, the Board adopted Resolution 13-111 which gave notice of the County's Intent to impose a non-ad valorem assessment for the provision of implementation

and management of the Plan, and of the County's intent to use the uniform method of collecting such assessments; and,

WHEREAS, pursuant to §197.3632(4)(b), F.S., notice of the special assessment was sent to the owners of Assessed Property; and,

WHEREAS, pursuant to §197.3632(4)(b), F.S., Alachua County has provided notice of the implementation of the Plan to the owners of the assessed property within the special assessment district by newspaper publication, with a proof of publication attached hereto as **Exhibit "B",** and

WHEREAS, the Board will conduct a Public Hearing on September 14, 2021, at 5:01 p.m., or as soon thereafter as the matter may be heard, in Room 209, 2nd floor of the Alachua County Administration Building, 12 South East 1st Street, Gainesville, Florida and comments and objections of all interested persons will be heard and considered by the Board; and

WHEREAS, the Board hereby determines that the District continues to serve a useful purpose in the enhancement of the parcels within the District.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA:

1. This Resolution is adopted pursuant to the County's Home Rule Authority as a Charter County, Sections 125.01(q) and 197.3632, Florida Statutes, and other applicable provisions of law.

2. It is hereby ascertained, determined, and declared that each parcel of assessed property within the Special Assessment District will be specially benefited by the implementation of the Plan in an amount not less than the assessment for such parcel. The

DocuSign Envelope ID: BF178E7F-5232-46E7-B715-DA1FE7A0A464

implementation of the Plan will enhance the assessed property and should result in an increase in property value.

3. Apportioning the costs of implementation of the Plan equally among the property owners is fair and reasonable, and is proportional to the special benefit received.

4. There is hereby levied and imposed a non-ad valorem assessment against all property owners in this Special Assessment District in the amount of $60.00 per each dwelling unit per year. A copy of the budget for implementation of the Plan is attached as **Exhibit "C"** and a methodology for determining the assessment cost, based on the number of dwelling units, is attached as **Exhibit "D,"** both are incorporated herein by reference.

5. The special assessment shall continue as a lien upon the assessed property that is equal in rank and dignity with the liens of all State, County, District or Municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such liens shall be superior in dignity to all other liens, titles and claims, until paid. Collection of the assessment for Fiscal Year 2021/2022 shall commence with the 2021 Property Tax Notice mailed out during Fiscal Year 2020/2021.

6. The non-ad valorem assessment imposed by this resolution shall be included in the assessment roll that will be adopted by the County and certified by the County Commission Chair no later than September 25, 2021. The County Manager or his designee is authorized and directed to ensure that this assessment is so included on the assessment roll for the Property Tax Notice for 2021 and all applicable subsequent Notices.

7. This resolution shall take effect immediately upon its adoption.

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 10.

Agenda Item Name:
FY22 Solid Waste Non-Ad Valorem Assessment Final Rate Resolution

Presenter:
Tommy Crosby, 352-337-6205 Gus Olmos 352-548-1282

Description:
Public hearing to set the rates for the Solid Waste Assessments and authorize the Chair to certify the Non-Ad Valorem Assessment Roll to the Tax Collector.

Recommended Action:
Adopt the Final Assessment Resolution for Fiscal Year 2021-2022 and authorize the Chair to certify the Non-Ad Valorem Assessment Roll to the Tax Collector.

Prior Board Motions:
Resolution 2021-58 was approved on July 13, 2021, to set the rates for Solid Waste Non-Ad Valorem Assessments and authorize provision of the notice to affect property owners on the Notice of Proposed Taxes (TRIM).

Fiscal Consideration:
Approving this request will allow the County to collect approximately $10.9 million in non-ad valorem assessments to fund the Universal Curbside Collection, Rural Collection Center and Solid Waste Management Programs.

Estimated revenue
Universal Curbside Collection - $6,476,403
Rural Collection Centers - $1,416,259
Solid Waste Management - $3,089,033

Background:
The annual non-ad valorem assessments to fund the Universal Curbside Collection, Rural Collection Center and Solid Waste Management Programs have been in place since the early 1990's. They are part of the Solid Waste 5-year plan and are evaluated on a yearly basis to ensure we are covering the costs of our services.

RESOLUTION 2021-112

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, ESTABLISHING AND IMPOSING A NON-AD VALOREM ASSESSMENT FOR COLLECTION, DISPOSAL, RECYCLING AND MANAGEMENT OF SOLID WASTE; DESCRIBING THE METHOD OF ASSESSING SOLID WASTE COSTS AGAINST RESIDENTIAL PROPERTY AND COMMERCIAL PROPERTY LOCATED WITHIN THE ALACHUA COUNTY MUNICIPAL SERVICE BENEFIT UNIT WHICH SERVES THE UNINCORPORATED AND INCORPORATED AREAS OF ALACHUA COUNTY; ESTABLISHING AN INTERIM ASSESSMENT FOR PARCELS RECEIVING A CERTIFICATE OF OCCUPANCY ON OR AFTER OCTOBER 1, 2021; ADOPTING THE SOLID WASTE ASSESSMENT ROLL FOR COLLECTION, DISPOSAL, RECYCLING AND MANAGEMENT OF SOLID WASTE; PROVIDING FOR CERTIFICATION OF THE ROLL; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Alachua County, Florida (the "Board"), finds that proper collection, disposal, recycling, and management of solid and hazardous waste is necessary for the health, safety, and welfare of the citizens of Alachua County, Florida; and,

WHEREAS, the Board finds that having and developing additional property to allow for expansion of facilities to process solid waste and recyclable materials collected curbside is a special benefit to properties in the Universal Area; and,

WHEREAS, Chapter 75 of the Alachua County Code authorizes the imposition of a Solid Waste Assessment against Improved Property throughout the Unit, and,

WHEREAS, the imposition of a Solid Waste Assessment is an equitable and efficient method of allocating and apportioning Solid Waste Costs among parcels of Improved Property located within the Unit; and,

WHEREAS, the Board desires to impose a Solid Waste Assessment against Improved Property within the Unit using the Uniform Assessment Collection Act for the Fiscal Year beginning October 1, 2021; and

WHEREAS, Chapter 75 of the Alachua County Code provides that the Board annually impose the non-ad valorem assessment by resolution; and,

WHEREAS, on July 13, 2021, the Board adopted Resolution 21-58, the Initial Assessment Resolution; and,

WHEREAS, in accordance with the Uniform Assessment Collection Act and Chapter 75 of the Alachua County Code, notice of the Solid Waste Assessment was sent to the owners of Assessed Property; and,

WHEREAS, in accordance with the provisions of the Uniform Assessment Collection Act, notice was given by newspaper publication, and Proof of Publication is attached hereto as Exhibit A; and,

WHEREAS, a public hearing was held on September 14, 2021, and comments and objections of all interested persons have been heard and considered by the Board as required by Chapter 75, of the Alachua County Code.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA:

SECTION 1. AUTHORITY. This resolution is adopted pursuant to the provisions of Chapter 75 of the Alachua County Code, Resolution 21-58, Chapter 125, Florida Statutes, and other applicable provisions of law.

SECTION 2. PURPOSE AND DEFINITIONS. This resolution constitutes the Final Assessment Resolution as defined in Chapter 75 of the Alachua County Code. All

capitalized words and terms shall have the meanings set forth in Chapter 75 of the Alachua County Code and Resolution 21-58.

SECTION 3. CONFIRMATION OF THE INITIAL ASSESSMENT RESOLUTION. The Initial Assessment Resolution is hereby confirmed.

SECTION 4. SOLID WASTE ASSESSMENTS.

(A) The parcels of Assessed Property described in the Assessment Roll, which is hereby approved, are hereby found to be specially benefited by the provision of the solid waste services, facilities, and programs described in the Initial Resolution, in the amount of the Solid Waste Assessment set forth in the Assessment Roll, a copy of which was present or available for inspection at the above referenced public hearing and is incorporated herein by reference. It is hereby ascertained, determined and declared that each parcel of Assessed Property within the Unit will be specially benefited by the County's provision of Curbside Collection Service, Rural Collection Center Service and Solid Waste Management Services in an amount not less than the Solid Waste Assessment for such Tax Parcel, computed in the manner set forth in the Initial Assessment Resolution. Adoption of this Final Assessment Resolution constitutes a legislative determination that all parcels assessed derive a special benefit, as set forth in the Ordinance and the Initial Assessment Resolution, from the solid waste services, facilities, and programs to be provided and a legislative determination that the Solid Waste Assessments are fairly and reasonably apportioned among the properties that receive the special benefit as set forth in the Initial Assessment Resolution.

(B) There is hereby levied and imposed for the period of October 1, 2021, through September 30, 2022, a non-ad valorem assessment against all Assessed Property described in the Assessment Roll pursuant to the Cost Apportionment and the Parcel

Apportionment in the amounts determined in the Solid Waste Assessment Rate Schedule, as set forth in Exhibit B attached hereto. The approval of the Solid Waste Assessment Rate Schedule by the adoption of this Final Assessment Resolution determines the amount of the Solid Waste Assessment.

(C) The Solid Waste Assessments specified in the Solid Waste Assessment Rate Schedule are hereby established to fund the specified Solid Waste Cost determined to be assessed in the Fiscal Year commencing October 1, 2021.

(D) It is hereby ascertained, determined and declared the foregoing method of determining the Solid Waste Assessments is a fair and reasonable method of apportioning the Solid Waste Cost and the assessment collection cost among parcels of Assessed Property located within the Unit.

(E) Solid Waste Assessments shall constitute a lien upon Assessed Property so assessed equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles and claims, until paid.

SECTION 5. INTERIM ASSESSMENTS For Residential Property in the Universal Area and Non-Universal Area which are improved and for which a Certificate of Occupancy is issued on or after October 1, 2021, an interim assessment for collection, disposal, and recycling of solid waste shall be collected by the County prior to the issuance of a Certificate of Occupancy. The amount of the interim assessment for the Fiscal Year beginning October 1, 2021, and ending September 30, 2022, shall be as set forth in Exhibit C attached hereto.

SECTION 6. ADOPTION AND CERTIFICATION OF ROLL. The Board hereby adopts the Assessment Roll for collection, disposal, recycling, and management of Solid Waste for the

County's Fiscal Year 2021-2022, in accordance with the rates set forth in this resolution and authorizes staff to present the Assessment Roll to the Chair for certification to the Tax Collector, for collection on the ad valorem tax roll. If the Assessment Roll is changed by the Property Appraiser after this certification is completed, a revised Assessment Roll certification to the Tax Collector shall be completed by October 15, 2021.

SECTION 7. EFFECT OF ADOPTION OF RESOLUTION. The adoption of this Final Assessment Resolution shall be the final adjudication of the issues presented herein, (including, but not limited to, the method of apportionment, the rate of assessment, the Assessment Roll and the levy and lien of the Solid Waste Assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within 20 calendar days from the date of this Final Assessment Resolution.

SECTION 8. EFFECTIVE DATE. This Resolution shall take effect immediately upon its adoption.

DULY ADOPTED in regular session, this 14th day of September, A.D., 2021.

CERTIFICATION OF NON-AD VALOREM ASSESSMENT ROLL

Pursuant to Section 197.3632, Florida Statutes
Alachua County, Florida
FY 2021-2022 Roll

I, the undersigned, Chair of the Alachua County Board of County Commissioners, pursuant to Resolutions 19-115, 21-58, and 21-, duly adopted by the Board of County Commissioners, do certify that, in accordance with the provisions of Section 197.3632, Florida Statutes, all required hearings have been held and that the Board of County Commissioners is satisfied that the Real Property in Alachua County includable on such non-ad valorem assessment roll meets all requirements imposed by the statutes of the State of Florida and the requirements and regulations imposed by the Department of Revenue.

I further certify that it is ordered that upon completion of this certificate that the said non-ad valorem assessment roll be delivered to the Alachua County Tax Collector, on the day that this certificate is dated.

The following information is true and correct to the best of my knowledge and belief:

The total amount to be collected through the non-ad valorem assessment roll is $6,476,402.96 for universal refuse collection, $1,416,258.89 for rural collection centers, $3,089,033.18 for solid waste management, $11,176.34 for paving, and $49,740.00 for neighborhood preservation and enhancement.

In witness whereof, I have subscribed this certificate and caused the same to be attached to and made part of the above described non-ad valorem assessment roll on this the 14th day of September, A.D., 2021.

_____
Ken Cornell, Chair
Alachua County Board of
County Commissioners

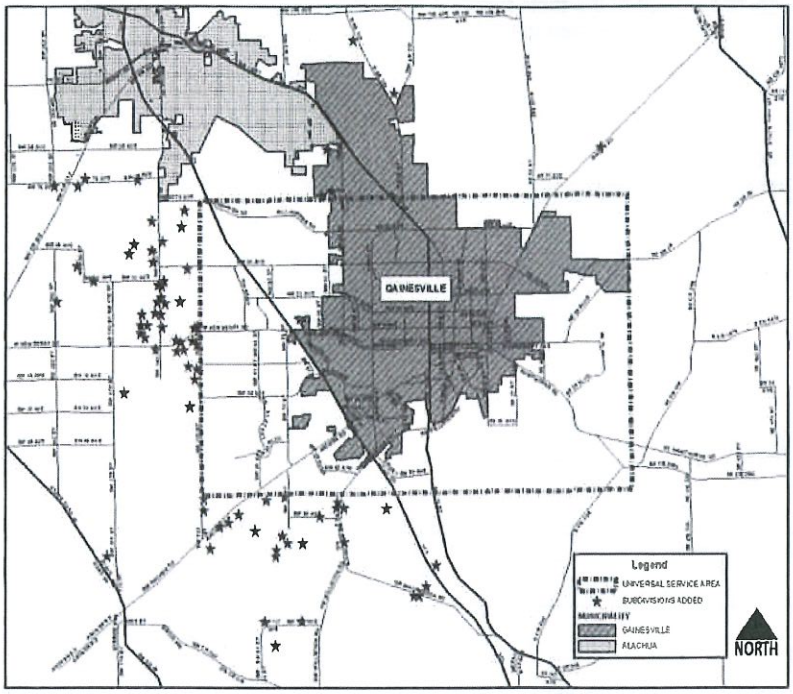
NOTICE OF PUBLIC HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF SOLID WASTE ASSESSMENTS FOR SOLID WASTE COLLECTION, DISPOSAL AND RECYCLING

Notice is hereby given pursuant to Section 197.3632, Florida Statutes, that the Board of County Commissioners of Alachua County, Florida, (Board), will conduct a public hearing on Tuesday, **September 14, 2021,** at 5:01 p.m., or as soon thereafter as the matter may be heard, in Room 209, 2nd floor of the Alachua County Administration Building, 12 South East 1st Street, Gainesville, Florida, to consider the imposition of non-ad valorem assessments against certain improved residential properties located within the Alachua County Municipal Services Benefit Unit, which serves the unincorporated area of Alachua County, to fund residential solid waste collection, disposal and recycling services to such properties and to authorize collection of such assessments on the annual ad valorem tax bill. This assessment will be imposed by the Board and will be collected by the Alachua County Tax Collector.

The property subject to the non-ad valorem assessment for solid waste collection, disposal and recycling is located within the unincorporated area of Alachua County. The proposed assessment includes all residential properties with less than ten units within the area depicted on the map below. The area subject to the assessment is the portion of unincorporated Alachua County which is inside the rectangle, and the subdivisions represented by stars.



The amount of the assessment to be imposed against each parcel of property and the legal documentation relating to the assessments are available for viewing electronically at the Alachua County Waste Collection office at 5620 NW 120th Lane, Gainesville, Florida, between the hours of 7:30 a.m. and 5:30 p.m., Monday through Thursday.

The proposed annual non-ad valorem assessment for Universal solid waste collection, disposal and recycling, for the fiscal year October 1, 2021, through September 30, 2022, is $184.73 per residence with a mini cart, $210.49 per residence with a 35 gallon cart, $264.56 per residence with a 64 gallon cart, and $322.68 per residence with a 96 gallon cart.

ALL AFFECTED PROPERTY OWNERS HAVE THE RIGHT TO APPEAR AT THE PUBLIC HEARING AND THE RIGHT TO FILE WRITTEN OBJECTIONS WITH THE BOARD WITHIN 20 DAYS OF THE PUBLICATION OF THIS NOTICE. OBJECTIONS SHOULD BE SENT TO:

THE ALACHUA COUNTY BOARD OF COUNTY COMMISSIONERS
P. O. BOX 5547, GAINESVILLE, FL 32627-5547

Any persons wishing to appeal any decision of the Board with respect to any matter considered will need a record and may wish to ensure that a verbatim record of the proceedings is made.

IF ANY ACCOMMODATIONS ARE NEEDED FOR PERSONS WITH DISABILITIES, PLEASE CONTACT THE ALACHUA COUNTY EQUAL OPPORTUNITY OFFICE AT (352) 374-5275 (VOICE) OR (352) 374-5284 (TDD).

IF YOU HAVE QUESTIONS REGARDING THE ASSESSMENT, PLEASE CALL THE ALACHUA COUNTY WASTE COLLECTION OFFICE AT (352) 338-3233.

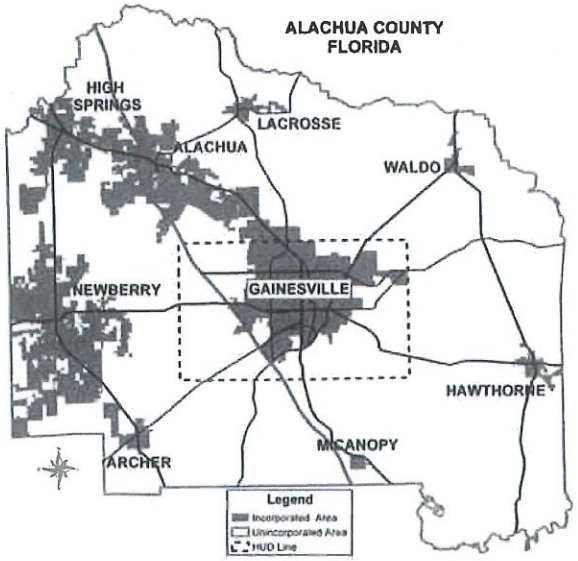
NOTICE OF PUBLIC HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF SOLID WASTE ASSESSMENTS FOR SOLID WASTE MANAGEMENT

Notice is hereby given pursuant to Section 197.3632, Florida Statutes, that the Board of County Commissioners of Alachua County, Florida, (Board), will conduct a public hearing on Tuesday, **September 14, 2021,** at 5:01 p.m., or as soon thereafter as the matter may be heard, in Room 209, 2nd floor of the Alachua County Administration Building, 12 South East 1st Street, Gainesville, Florida, to consider the imposition of non-ad valorem assessments against certain improved residential, commercial, industrial and institutional properties located within unincorporated and incorporated Alachua County to fund solid waste management services to such properties and to authorize collection of such assessments on the annual ad valorem tax bill. This assessment will be imposed by the Board and will be collected by the Alachua County Tax Collector.

The property subject to the non-ad valorem assessment for solid waste management is located within the incorporated and unincorporated areas of Alachua County. The proposed assessment includes all Residential Property and Non-Residential Property within the area depicted on the map below.



The amount of the assessment to be imposed against each parcel of property and the legal documentation relating to the assessments are available for viewing electronically at the Alachua County Waste Collection office at 5620 NW 120th Lane, Gainesville, Florida, between the hours of 7:30 a.m. and 5:30 p.m., Monday through Thursday.

The proposed annual non-ad valorem assessments for solid waste management, for the fiscal year October 1, 2021, through September 30, 2022, are $20.78 per Dwelling Unit on residentially collected Residential Property in the incorporated areas and in the Universal area, $12.08 per Dwelling Unit on Residential Property in the Non-Universal area, and $19.29 per Dwelling Unit on commercially collected Residential Property. For Commercial Property, the rate is based on waste generation categories, as follows: Less than 5 tons per year, $20.47; 5 to 9.9 tons per year, $62.26; 10 to 19.9 tons per year, $124.93; 20 to 29.9 tons per year, $208.50; 30 to 39.9 tons per year, $292.06; 40 to 49.9 tons per year, $375.63; 50 to 74.9 tons per year, $521.87; 75 to 99.9 tons per year, $730.78; 100 to 149.9 tons per year, $1,044.16; 150 to 199.9 tons per year, $1,461.99; 200 to 499.9 tons per year, $2,924.39; 500 to 999.9 tons per year, $6,267.03; 1,000 to 1,899.9 tons per year, $12,116.64; and $18,384.50 for 1,900 and over tons per year.

ALL AFFECTED PROPERTY OWNERS HAVE THE RIGHT TO APPEAR AT THE PUBLIC HEARING AND THE RIGHT TO FILE WRITTEN OBJECTIONS WITH THE BOARD WITHIN 20 DAYS OF THE PUBLICATION OF THIS NOTICE. OBJECTIONS SHOULD BE SENT TO:

THE ALACHUA COUNTY BOARD OF COUNTY COMMISSIONERS

GF-25634489

August 2, 2021

Agenda Item Summary

Agenda Date: 9/14/2021 Agenda Item No.: 11.

Agenda Item Name:
FY22 Fire Services Non-Ad Valorem Assessment Final Rate Resolution

Presenter:
Tommy Crosby, 352-337-6205 Harold Theus 352-384-3101

Description:
This is the Assessment Resolution authorizing a public hearing to set rates for the Fire Services Assessment for Fiscal Year 2021-22.

Recommended Action:
Adopt the Fire Services Assessment Final Rate Resolution for Fiscal Year 2021-22.

Prior Board Motions:
Resolution 2021-72 was approved on July 13, 2021, to set the rates for Fire Services Non-Ad Valorem Assessments and authorize provision of the notice to affect property owners on the Notice of Proposed Taxes (TRIM).

Fiscal Consideration:
The Fire Assessment was implemented in FY17-18 with Tier 1 rate of $83.34 and Tier 2 rate of $7.63. The Fire Assessment rates remained flat for 4 consecutive fiscal years.

For Fiscal Year 2021-22, the proposed rate increase for Tier 1 is $90.69 and Tier 2 $8.31 per Equivalent Benefit Unit (EBU). The FY22 expected revenue is $15,544,960 (011.00.0000.325.2000). The average Fire Assessment bill at 30 EBUs will increase by $27.75 for Tier 1 and 2.

Background:
The Fire Assessment was adopted by the Board and implemented as a funding source for fire protection services in FY2017-18 and continues through FY2021-22. A resolution was adopted on July 13, 2021 to set the Tentative Fire Assessment rates that were included in the TRIM notices mailed August 16, 2021 by the Property Appraiser.

RESOLUTION NO. 2021-115

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, RELATING TO THE DELIVERY AND FUNDING OF FIRE PROTECTION SERVICES AND FACILITIES WITHIN THE ALACHUA COUNTY MUNICIPAL SERVICE BENEFIT UNIT FOR FIRE PROTECTION SERVICES; DETERMINING THAT CERTAIN REAL PROPERTY THEREIN IS SPECIALLY BENEFITED BY FIRE PROTECTION SERVICES AND FACILITIES; IMPOSING FIRE PROTECTION ASSESSMENTS AGAINST SUCH PROPERTY; APPROVING THE ASSESSMENT ROLL FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2021; PROVIDING THE METHOD OF COLLECTING THE ASSESSMENTS; ESTABLISHING OTHER TERMS AND CONDITIONS OF THE ASSESSMENTS; RATIFYING AND CONFIRMING THE INITIAL ASSESSMENT RESOLUTION; AND PROVIDING AN EFFECTIVE DATE.

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA, AS FOLLOWS:

SECTION 1. AUTHORITY. This Resolution of Alachua County, Florida (the "County") is adopted pursuant to Chapter 39.12 of the Alachua County Code (the "Assessment Ordinance"), County Resolution No. 17-70 (the "Initial Assessment Resolution"), Sections 125.01 and 197.3632, Florida Statutes, and other applicable provisions of law.

SECTION 2. DEFINITIONS AND INTERPRETATION. This Resolution constitutes the Final Assessment Resolution as defined in the Assessment Ordinance. All capitalized words and terms not otherwise defined herein shall have the meanings set forth in the Assessment Ordinance and the Initial Assessment Resolution. Unless the context indicates otherwise, words importing the singular number shall include the plural number and vice versa.

SECTION 3. FINDINGS. It is hereby ascertained, determined and declared as follows:

(A) The findings set forth in Section 1.04 of the Initial Assessment Resolution are incorporated herein by reference.

(B) On July 13, 2021, the Board adopted the Initial Assessment Resolution which described the Alachua County Municipal Service Benefit Unit for Fire Protection Services and the services and facilities provided therein by the County, provided for the funding of fire protection

services and facilities through the imposition of Fire Protection Assessments, approved the method of apportioning the Fire Protection Assessments among the real property located within the MSBU that will be specifically benefited thereby, directed preparation of the preliminary Assessment Roll for the Fiscal Year beginning October 1, 2021 ("Fiscal Year 2021-22"), established a public hearing to consider imposition of the Fire Protection Assessments and directed the provision of the notices required by the Assessment Ordinance.

(C) Pursuant to Section 39.12.26 of the Assessment Ordinance, the Board is required confirm, modify or repeal the Initial Assessment Resolution, with such amendments as the Board deems appropriate, after receiving comments or objections of interested parties.

(D) As required by the terms of the Assessment Ordinance and the Initial Assessment Resolution, notice of public hearing to consider adoption of this Final Assessment Resolution and imposition of the Fire Protection Assessment has been published and mailed to each affected property owner notifying such property owners of the opportunity to be heard. The proof of publication and an affidavit of mailing are attached hereto as Appendix A .

(E) The Truth in Millage (TRIM) notices mailed to each affected property owner included the Fire Protection Assessment amount and an informational insert.

(F) The Board conducted public hearings on July 13, 2021 and September 14, 2021, to consider adoption of this Final Assessment Resolution and imposition of the Fire Protection Assessment, and comments and objections of all interested persons have been heard and considered as required by law.

(G) The Assessment Roll has heretofore been filed at the offices of the County Clerk and made available for public inspection.

(H) The Tax Parcels included in the Assessment Roll are hereby found to be specially benefited by the provision of fire protection services and facilities. The benefits derived by each parcel of Assessed Property from the fire protection service and facilities funded through the Fire Protection Assessments exceed the amount of the Fire Protection Assessments levied and

imposed against such parcels hereunder. The Fire Protection Assessment for any Tax Parcel subject thereto does not exceed the proportional benefits that such Tax Parcel will receive compared to any other Tax Parcel.

(I) The Board hereby finds and determines that the Fire Protection Assessments to be imposed in accordance with this Resolution provide an equitable method of funding the fire protection services and facilities provided by the County by fairly and reasonably allocating the Fire Protection Assessed Cost among specially benefited property.

(J) Adoption of this Final Assessment Resolution constitutes a legislative determination that all parcels of Assessed Property derive a special benefit from the fire protection services, facilities, or programs to be provided or constructed and a legislative determination that the Fire Protection Assessment is fairly and reasonably apportioned among the properties that receive the special benefit as set forth in the Initial Assessment Resolution.

(K) The Fire Protection Assessments contemplated hereunder are imposed by the Board, not the Property Appraiser or Tax Collector. Any activity of the Property Appraiser or Tax Collector under the provisions of this Resolution shall be construed solely as ministerial.

SECTION 4. IMPOSITION OF FIRE PROTECTION ASSESSMENTS.

(A) The method of computing the Fire Protection Assessment set forth in the Initial Assessment Resolution is hereby approved.

(B) The Fire Protection Assessed Cost to be recovered through Fire Protection Assessments for Fiscal Year 2021-2022 is $15,544,960.00. Such Fire Protection Assessed Cost will be funded through the imposition of Fire Protection Assessments as provided herein. The balance of the costs associated with providing fire protection services and facilities shall be funded with other legally available funds of the County.

(C) Accordingly, a Fire Protection Assessment in the amount of $90.69 per Tax Parcel for Tier 1, together with $8.31 per EBU for Tier 2, is hereby levied and imposed against each Tax Parcel described in the Assessment Roll for Fiscal Year 2021-2022.

(D) The Maximum Assessment Rates to be utilized in preparation of the Assessment Roll for any Fiscal Year subsequent to Fiscal Year 2018-19 are $133.22 per Tax Parcel for Tier 1 and $12.19 per EBU for Tier 2.

(E) Such rates of assessment are hereby approved. Fire Protection Assessments in the amounts set forth in the Assessment Roll, as herein approved, are hereby levied and imposed on all parcels of Assessed Property described in the Assessment Roll for Fiscal Year 2021-22.

(F) As authorized in Section 29.12.33 of the Assessment Ordinance, Interim Fire Protection Assessments are also levied and imposed against all property for which a Certificate of Occupancy is issued after adopted of this Final Assessment Resolution based upon the rates of assessment approved herein.

(G) The Fire Protection Assessment shall constitute a lien against Assessed Property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles and claims, until paid. The lien shall be deemed perfected upon adoption of this Final Assessment Resolution and shall attach to the property on such date of adoption.

SECTION 5. COLLECTION OF ASSESSMENTS AND APPROVAL OF ASSESSMENT ROLL.

(A) The Fire Protection Assessments for Fiscal Year 2020-2021 and each Fiscal Year thereafter shall be collected pursuant to the Uniform Assessment Collection Act as described in Section 39.12.51 of the Assessment Ordinance, commencing with the tax bill to be mailed in November, 2021.

(B) The Assessment Roll for Fiscal Year 2021-2022, which is on file with the County Clerk and incorporated herein by reference, is hereby approved.

(C) The Assessment Coordinator shall cause certification and delivery of the Assessment Roll for Fiscal Year 2021-2022 to the Tax Collector by September 15, 2021. The

Assessment Roll as delivered to the Tax Collector shall be accompanied by a Certificate to Non-Ad Valorem Assessment Roll in substantially the form attached hereto as Appendix B, and the County Manager is authorized and directed to execute such certificate on behalf of the County.

(D) Upon adoption of the Annual Assessment Resolution for each Fiscal Year thereafter, the Assessment Coordinator shall cause the certification and delivery of the Assessment Roll to the Tax Collector by September 15, 2021 in the manner prescribed by the Uniform Assessment Collection Act.

(E) The amount of the Fire Protection Assessment billed to each owner of Assessed Property shall include a pro rata share of the costs and expenses associated with collection and administration of the Fire Protection Assessment each year, including any fees imposed by the Property Appraiser and Tax Collector and increases necessary to account for statutory early payment discounts. Such fees and expenses are reflected in the assessment rates approved hereunder.

SECTION 6. RATIFICATION AND CONFIRMATION OF INITIAL ASSESSMENT RESOLUTION. The Initial Assessment Resolution is hereby ratified and confirmed.

SECTION 7. EFFECT OF FINAL ASSESSMENT RESOLUTION. The adoption of this Final Assessment Resolution shall be the final adjudication of the issues presented herein and in the Initial Assessment Resolution (including, but not limited to, the determination of special benefit and fair apportionment to the Assessed Property; the method of apportionment and assessment; the initial rate of assessment; the Maximum Assessment Rate; the Assessment Roll; and the levy and lien of the Fire Protection Assessments) unless proper steps are initiated in a court of competent jurisdiction to secure relief within twenty (20) calendar days from the date of the Board's adoption of this Final Assessment Resolution.

SECTION 8. SEVERABILITY. If any provision of this Resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other

provisions or applications of this Resolution that can be given effect without the invalid provision or application, and to this end the provisions of this Resolution are declared to be severable.

SECTION 9. CONSTRUCTION; EFFECTIVE DATE. This Resolution shall be liberally construed to effect the purposes hereof and shall become effective immediately upon adoption.

DULY ADOPTED this _____ day of _____, 2021.

BOARD OF COUNTY COMMISSIONERS OF ALACHUA COUNTY, FLORIDA

_____
Ken Cornell, Chair

ATTEST:

_____
Jesse K. Irby, II, County Clerk

APPROVED AS TO FORM:

_____
Alachua County Attorney

APPENDIX A

PROOF OF PUBLICATION

APPENDIX B
CERTIFICATE
TO
NON-AD VALOREM ASSESSMENT ROLL

I HEREBY CERTIFY that, I am the County Manager of Alachua County, Florida (the "County"); as such I have satisfied myself that all property included or includable on the non-ad valorem assessment roll for fire rescue services (the "Non-Ad Valorem Assessment Roll") for the County is properly assessed so far as I have been able to ascertain; and that all required extensions on the above described roll to show the non-ad valorem assessments attributable to the property listed therein have been made pursuant to law.

I FURTHER CERTIFY that, in accordance with the Uniform Assessment Collection Act, this certificate and the herein described Non-Ad Valorem Assessment Roll will be delivered to the Alachua County Tax Collector by September 15, 2021.

IN WITNESS WHEREOF, I have subscribed this certificate and directed the same to be delivered to the Alachua County Tax Collector and made part of the above described Non-Ad Valorem Assessment Roll this _____ day of September, 2021.

NOTICE OF PUBLIC HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF FIRE ASSESSMENT

NOTICE IS HEREBY GIVEN that the Board of County Commissioners of Alachua County, Florida, will conduct a public hearing to consider the imposition of an annual fire assessment for the provision of fire services within the boundaries of the entire unincorporated area of Alachua County and the cities of Alachua, Archer, Hawthorne and Waldo and collection of this assessment pursuant to the tax bill collection method.

The hearing will be held at 5:01 p.m., or as soon thereafter as the matter may be heard, on Tuesday, September 14, 2021, in the Alachua County Administration Building, 12 Southeast First Street, Second Floor, Room 209, Gainesville, Florida, unless the State of Florida and Alachua County remain under a State of Emergency as a result of the COVID-19 pandemic causing the Public Hearing to be conducted in a virtual meeting. The purpose of hearing is to receive public comment on the proposed assessment. All affected property owners have a right to appear at the hearing and to file written objections with the County before or during the hearing. If a person decides to appeal any decision made by the Board of County Commissioners with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. If accommodations for persons with disabilities are needed, please contact the Alachua County Equal Opportunity Office at 352-374-5275, at least two (2) business days prior to the event. TTY users please call 711 (Florida Relay Service).

The amount of the annual fire assessment imposed against each property is based on a two-tiered apportionment method whereby a portion of the County's annual fire department budget is allocated equally among all parcels on a per parcel basis (Tier 1) and the remaining portion of the budget to be funded through the assessment is apportioned based on the value of structures on each parcel (Tier 2), measured in increments of $5,000 each of which comprise an equivalent benefit unit (EBU). Undeveloped property is not subject to Tier 2.

Benefit Tier	Assessment Unit	Applicable to	Maximum Rate for FY 2021-22	Maximum Rate for each fiscal year thereafter
Tier 1	Per Parcel	All Non-exempt Parcels – Improved and Unimproved	$90.69 Per Parcel	$133.22 Per Parcel
Tier 2	Per $5,000 of Structure Value, rounded down to nearest $5,000 (EBU)	Non-exempt Improved Parcels	$8.31 per EBU	$12.19 Per EBU

Copies of the Fire Assessment Ordinance, the Initial Assessment Resolution for Fire Services and the preliminary Fire Assessment Roll are available for inspection in the Office of the County Manager, 2nd Floor, County Administration Building, 12 S.E. 1st Street, Gainesville, Florida.

The fire service non-ad valorem assessment will be collected on the annual ad valorem tax bill mailed in November of each year that the assessment is imposed. Failure to pay the assessment will cause a tax certificate to be issued against the property in accordance with the provisions of Florida law, which may result in a loss of title.

If you have any questions, please contact Alachua County Fire Rescue at 352-384-3101.

NOTICE OF PUBLIC HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF FIRE ASSESSMENT

NOTICE IS HEREBY GIVEN that the Board of County Commissioners of Alachua County, Florida, will conduct a public hearing to consider the imposition of an annual fire assessment for the provision of fire services within the boundaries of the entire unincorporated area of Alachua County and the cities of Alachua, Archer, Hawthorne and Waldo and collection of this assessment pursuant to the tax bill collection method.

The hearing will be held at 5:01 p.m., or as soon thereafter as the matter may be heard, on Tuesday, September 14, 2021, in the Alachua County Administration Building, 12 Southeast First Street, Second Floor, Room 209, Gainesville, Florida, unless the State of Florida and Alachua County remain under a State of Emergency as a result of the COVID-19 pandemic causing the Public Hearing to be conducted in a virtual meeting. The purpose of hearing is to receive public comment on the proposed assessment. All affected property owners have a right to appear at the hearing and to file written objections with the County before or during the hearing. If a person decides to appeal any decision made by the Board of County Commissioners with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. If accommodations for persons with disabilities are needed, please contact the Alachua County Equal Opportunity Office at 352-374-5275, at least two (2) business days prior to the event. TTY users please call 711 (Florida Relay Service).

The amount of the annual fire assessment imposed against each property is based on a two-tiered apportionment method whereby a portion of the County's annual fire department budget is allocated equally among all parcels on a per parcel basis (Tier 1) and the remaining portion of the budget to be funded through the assessment is apportioned based on the value of structures on each parcel (Tier 2), measured in increments of $5,000 each of which comprise an equivalent benefit unit (EBU). Undeveloped property is not subject to Tier 2.

Benefit Tier	Assessment Unit	Applicable to:	Maximum Rate for FY 2021-22	Maximum Rate for each fiscal year thereafter
Tier 1	Per Parcel	All Non-exempt Parcels – Improved and Unimproved	$90.69 Per Parcel	$133.22 Per Parcel
Tier 2	Per $5,000 of Structure Value, rounded down to nearest $5,000 (EBU)	Non-exempt Improved Parcels	$8.81 per EBU	$12.19 Per EBU

Copies of the Fire Assessment Ordinance, the Initial Assessment Resolution for Fire Services and the preliminary Fire Assessment Roll are available for inspection in the Office of the County Manager, 2nd Floor, County Administration Building, 12 S.E. 1st Street, Gainesville, Florida.

The fire service non-ad valorem assessment will be collected on the annual ad valorem tax bill mailed in November of each year that the assessment is imposed. Failure to pay the assessment will cause a tax certificate to be issued against the property in accordance with the provisions of Florida law which may result in a loss of title.

If you have any questions, please contact Alachua County Fire Rescue at 352-380-3101.
