

SINGLE/SOLE SOURCE JUSTIFICATION FORM

Complete this form when requesting an exception to the county's competitive procurement policy where only one firm has a product that will meet the project's needs or product specifications, or only one firm can do the work requested. Completing this form does not guarantee that the proposed vendor will be selected. It is the requester's responsibility to provide all required information and documentation as indicated in this form.

Procurement Manager reserves the right to competitively bid, negotiate, or solicit additional information and remains the final authority on all procurement issues.

Type of Source
Sole Source: The <i>ONLY</i> known supplier for unique products and services where no other options are available
Single Source: Though there may be alternate sources for the product or service requested, circumstances dictate the use of the proposed vendor, i.e., availability, timeliness, location, etc.

Part I: General Requester Information

Rescue Systems Unlimited LLC is the sole supplier/distributor, for products manufactured by Genesis Rescue Systems, Milwaukee 28V 5Ah battery, Genesis Air Lifting Bags, Kodiak struts and Quik-Kut Air Hammers in Florida and Georgia. They are solely responsible for all sales, service and training in Florida, South Alabama, Mississippi and Georgia.

The attached quote is for Genesis Rescue extrication tools for the new Squad unit that will be arriving later in calendar year 2021. To outfit our new unit to our current capabilities we will need all of the tools on the price quote. There are 3 different sized cutters, 2 different sized rams, and 2 different sized spreaders as well as associated accessories. We held a competitive evaluation at the end of 2020 to evaluate the tools for use and determined Genesis Rescue extrication tools to meet the specific needs of the Fire Rescue Department.

The reasons we chose Genesis Rescue extrication tools are: 1) All tools meet the stringent NFPA 1936 certification. 2) Non-proprietary battery platform. We have several tools in the department that use the Milwaukee battery platform and they have performed better than those tools that have a proprietary battery platform. We have had issues with batteries overheating and loss of use of the tools with the proprietary systems. 3) The batteries have a 3 year warranty from the manufacturer and an additional 2 year warranty from Rescue systems Unlimited. 4) These tools have a removable adjustable handle that can be manipulated or removed to access small areas and reduce stress and fatigue of the operator. 5) The Genesis tools have a deadman trigger control which is an added safety feature to keep the patient safe as well as the rescuer. 6) The bladder of the tool is protected by an aluminum housing inside the case to protect the contents of the bladder when performing pushing and pulling in extrication rescue scenarios. 7) Brush-less motors that allow for an enclosed housing without the need for vents to reduce wear and tear on internal components. 8) Cutter blades that are forged instead of machined for increased strength as well as reducing the possibility of catastrophic failure and possible injuries to patients and rescuers. 9) Tools are rated for Ultra-high strength steels included in new vehicle manufacturing today. 10) Genesis Limited Lifetime Warranty on all tools. 11) 24 hour turnaround time for service or loaner tools. If we have an issue with a tool going down we will have it repaired or replaced by a loaner tool within 24 hours.

Part IV: Confirmation of Documentation

Have you provided required documentation including vendors quote, for this request in support of the justification in Parts III of this form?

Yes

No

You may also attach any additional information not specifically requested on this form to support your single/sole source justification.

Part V ESTABLISHMENT OF PRICE REASONABLENESS

Analysis of offer and/or offers has determined that the price proposed is determined to be fair, reasonable and in the best interests of the County based on the following:

- 1 Price obtained was from a catalog or standard price list regularly maintained by the vendor covering standard commercial products sold. (Attach copy of vendor's price list.)
- 2 Price obtained includes a discount from current list prices. (Attach copy of quote showing list price and net price paid.)
- 3 Other. (Explain Below.)
