vi. A provision specifying that any funds paid in excess of the amount to which the Sub-Recipient is entitled under the terms and conditions of the agreement must be refunded to the Division.

c. In addition to the foregoing, the Sub-Recipient and the Division shall be governed by all applicable State and Federal laws, rules and regulations, including those identified in Attachment D. Any express reference in this Agreement to a particular statute, rule, or regulation in no way implies that no other statute, rule, or regulation applies.

false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812)."

e. The Division will review any request for reimbursement by comparing the documentation provided by the Sub-Recipient against a performance measure, outlined in Attachment B, that clearly delineates:

- i. The required minimum acceptable level of service to be performed; and
- ii. The criteria for evaluating the successful completion of each deliverable.

f. The performance measure required by section 215.971(1)(b), Florida Statutes, remains consistent with the requirement for a "performance goal", which is defined in 2 C.F.R. §200.76 as "a target level of performance expressed as a tangible, measurable objective, against which actual achievement can be compared." It also remains consistent with the requirement, contained in 2 C.F.R. §200.301, that the Division and the Sub-Recipient "relate financial data to performance accomplishments of the Federal award."

g. If authorized by the Federal Awarding Agency, then the Division will reimburse the Sub-Recipient for overtime expenses in accordance with 2 C.F.R. §200.430 ("Compensation—personal services") and 2 C.F.R. §200.431 ("Compensation—fringe benefits"). If the Sub-Recipient seeks reimbursement for overtime expenses for periods when no work is performed due to vacation, holiday, illness, failure of the employer to provide sufficient work, or other similar cause (see 29 U.S.C. §207(e)(2)), then the Division will treat the expense as a fringe benefit. 2 C.F.R. §200.431(a) defines fringe benefits as "allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages." Fringe benefits are allowable under this Agreement as long as the benefits are reasonable and are required by law, Sub-Recipient-employee agreement, or an established policy of the Sub-Recipient. 2 C.F.R. §200.431(b) provides that the cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

- i. They are provided under established written leave policies;
- ii. The costs are equitably allocated to all related activities, including Federal awards; and,

iii. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the non-Federal entity or specified grouping of employees.

h. If authorized by the Federal Awarding Agency, then the Division will reimburse the Sub-Recipient for travel expenses in accordance with 2 C.F.R. §200.474. As required by the Reference Guide for State Expenditures, reimbursement for travel must be in accordance with section 112.061, Florida Statutes, which includes submission of the claim on the approved state travel voucher. If the Sub-

consultants paid from funds under this Agreement, for a period of five (5) years from the date of submission of the final expenditure report. The following are the only exceptions to the five (5) year requirement:

i. If any litigation, claim, or audit is started before the expiration of the 5-year period, then the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.

ii. When the Division or the Sub-Recipient is notified in writing by the Federal awarding agency, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period.

iii. Records for real property and equipment acquired with Federal funds must be retained for 5 years after final disposition.

iv. When records are transferred to or maintained by the Federal awarding agency or pass-through entity, the 5-year retention requirement is not applicable to the Sub-Recipient.

v. Records for program income transactions after the period of performance. In some cases, recipients must report program income after the period of performance. Where there is such a requirement, the retention period for the records pertaining to the earning of the program income starts from the end of the non-Federal entity's fiscal year in which the program income is earned.

vi. Indirect cost rate proposals and cost allocations plans. This paragraph applies to the following types of documents and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

d. In accordance with 2 C.F.R. §200.334, the Federal awarding agency must request transfer of certain records to its custody from the Division or the Sub-Recipient when it determines that the records possess long-term retention value.

e. In accordance with 2 C.F.R. §200.335, the Division must always provide or accept paper versions of Agreement information to and from the Sub-Recipient upon request. If paper copies are submitted, then the Division must not require more than an original and two copies. When original records are electronic and cannot be altered, there is no need to create and retain paper copies. When original records are paper, electronic versions may be substituted through the use of duplication or other forms of electronic media provided that they are subject to periodic quality control reviews, provide reasonable safeguards against alteration, and remain readable.

f. As required by 2 C.F.R. §200.303, the Sub-Recipient shall take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or the Division designates as sensitive or the Sub-Recipient considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

- b. In accounting for the receipt and expenditure of funds under this Agreement, the Sub-Recipient shall follow Generally Accepted Accounting Principles ("GAAP"). As defined by 2 C.F.R. §200.49, GAAP "has the meaning specified in accounting standards issued by the Government Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB)."
- c. When conducting an audit of the Sub-Recipient's performance under this Agreement, the Division shall use Generally Accepted Government Auditing Standards ("GAGAS"). As defined by 2 C.F.R. §200.50, GAGAS, "also known as the Yellow Book, means generally accepted government auditing standards issued by the Comptroller General of the United States, which are applicable to financial audits."
- d. If an audit shows that all or any portion of the funds disbursed were not spent in accordance with the conditions of this Agreement, the Sub-Recipient shall be held liable for reimbursement to the Division of all funds not spent in accordance with these applicable regulations and Agreement provisions within thirty days after the Division has notified the Sub-Recipient of such non-compliance.
- e. The Sub-Recipient shall have all audits completed by an independent auditor, which is defined in section 215.97(2)(i), Florida Statutes, as "an independent certified public accountant licensed under chapter 473." The independent auditor shall state that the audit complied with the applicable provisions noted above. The audit must be received by the Division no later than nine months from the end of the Sub-Recipient's fiscal year.
- f. The Sub-Recipient shall send copies of reporting packages for audits conducted in accordance with 2 C.F.R. Part 200, by or on behalf of the Sub-Recipient, to the Division at the following address:

DEMSingle_Audit@em.myflorida.com

OR

The Sub-Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Sub-Recipient throughout the contract term to ensure timely completion of all tasks.

(14) LIABILITY

a. Unless Sub-Recipient is a State agency or subdivision, as defined in section 768.28(2), Florida Statutes, the Sub-Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement; as authorized by section 768.28(19), Florida Statutes, Sub-Recipient shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Sub-Recipient agrees that it is not an employee or agent of the Division but is an independent contractor.

b. As required by section 768.28(19), Florida Statutes, any Sub-Recipient which is a state agency or subdivision, as defined in section 768.28(2), Florida Statutes, agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Florida Statutes. Nothing herein is intended to serve as a waiver of sovereign immunity by any Sub-Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(15) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (16); however, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment if:

b. The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Sub-Recipient with thirty calendar days prior written notice.

c. The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

d. In the event that this Agreement is terminated, the Sub-Recipient will not incur new obligations for the terminated portion of the Agreement after the Sub-Recipient has received the notification of termination. The Sub-Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Sub-Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Sub-Recipient. The Division may, to the extent authorized by law, withhold payments to the Sub-Recipient for the purpose of set-off until the exact amount of damages due the Division from the Sub-Recipient is determined.

(18) PROCUREMENT

a. The Sub-Recipient shall ensure that any procurement involving funds authorized by the Agreement complies with all applicable federal and state laws and regulations, to include 2 C.F.R. §§200.318 through 200.326 as well as Appendix II to 2 C.F.R. Part 200 (entitled "Contract Provisions for Non-Federal Entity Contracts Under Federal Awards").

h. In addition, the Sub-Recipient shall send to the Division (by email or by facsimile transmission) the completed "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion" (Attachment G) for each intended subcontractor which Sub-Recipient plans to fund under this Agreement. Any copyrights accruing under or in connection with the performance under this Agreement are transferred by the Sub-Recipient to the State of Florida.

c. Within thirty days of execution of this Agreement, the Sub-Recipient shall disclose all intellectual properties relating to the performance of this Agreement which he or she knows or should know could give rise to a patent or copyright. The Sub-Recipient shall retain all rights and entitlements to any pre-existing intellectual property which is disclosed. Failure to disclose will indicate that no such property exists. The Division shall then, under Paragraph (24) b., have the right to all patents and copyrights which accrue during performance of the Agreement.

d. If the Sub-Recipient qualifies as a state university under Florida law, then, pursuant to section 1004.23, Florida Statutes, any invention conceived exclusively by the employees of the Sub-Recipient shall become the sole property of the Sub-Recipient. In the case of joint inventions, that is inventions made jointly by one or more employees of both parties hereto, each party shall have an equal, undivided interest in and to such joint inventions. The Division shall retain a perpetual, irrevocable, fully-paid, nonexclusive license, for its use and the use of its contractors of any resulting patented, copyrighted or trademarked work products, developed solely by the Sub-Recipient, under this Agreement, for Florida government purposes.

c. The Sub-Recipient agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

d. The Sub-Recipient further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive order. In addition, the Sub-Recipient agrees that if it fails or refuses to comply with these undertakings, the

Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387) and will report violations to FEMA and the Regional Office of the Environmental Protection Agency (EPA).

(30)SUSPENSION AND DEBARMENT

If the Sub-Recipient, with the funds authorized by this Agreement, enters into a contract, then any such contract must include the following provisions:

i. This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

ii. The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

iii. This certification is a material representation of fact relied upon by the Division. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Division, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

iv. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

(31)BYRD ANTI-LOBBYING AMENDMENT

If the Sub-Recipient, with the funds authorized by this Agreement, enters into a contract, then any such contract must include the following clause:

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended). Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

SCOPE OF WORK

Sub-Recipients must comply with all the requirements in 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards).

Funding is provided to perform eligible activities as identified in the Domestic Homeland Security – Federal Emergency Management Agency National Preparedness Directorate Fiscal Year 2019 Homeland Security Grant Program (HSGP), consistent with the Department of Homeland Security State Strategy. Eligible activities are outlined in the Scope of Work for each category below:

I. Issue and Project Description –

Issue 18 – MARC Cache Upgrades

This project is the third phase to replace aging out MARC cache radios that were purchased in 2005 with SHS grant funds with tri-band handheld radios. Each cache contains VHF, UHF and 800 MHz portable radios upgraded/updated to tri-band handheld radios P25 compliant. The cache upgrade includes phased replacement of existing repeaters and mobiles as well with programming capability. Sustainment of these projects ensures these teams have the capability to provide caches of deployable radio communications to areas impacted by emergencies and disasters.

Issue 19 – MARC Sustainment

This is a reoccurring project to sustain the MARC capabilities to ensure a rapid deployment of a complete radio communications cache to support operations for all disciplines in remote or impacted areas. The cache also supports large venues and Florida's US&R teams to provide a common radio network. Sustainment ensures these teams have the capability to provide caches of deployable radio communications to areas impacted by emergencies and disasters.

II. Categories and Eligible Activities

FY 2019 allowable costs are divided into the following categories for this agreement: **Planning, Organizational, Exercise, Training, Equipment and Management and Administration**. Each category's allowable costs have been listed in the "Budget Detail Worksheet" above.

A. Allowable Planning Related Costs

HSGP funds may be used for a range of emergency preparedness and management planning activities such as those associated with the development, review, and revision of the THIRA, SPR, continuity of operations plans, and other planning activities that support the Goal and placing an emphasis on updating and maintaining a current EOP that conforms to the guidelines outlined in *CPG 101 v 2.0*.

- Developing hazard/threat-specific annexes that incorporate the range of prevention, protection, response, and recovery activities;
- Developing and implementing homeland security support programs and adopting DHS/FEMA national initiatives;
- Developing related terrorism and other catastrophic event prevention activities;
- Developing and enhancing plans and protocols;
- Developing or conducting assessments;
- Hiring of full-or part-time staff or contract/consultants to assist with planning activities (not for the purpose of hiring public safety personnel fulfilling traditional public safety duties);
- Materials required to conduct planning activities;

- Documentation explaining why the cap should be waived;
- Conditions under which the request is being submitted; and
- A budget and method of calculation of personnel costs both in percentages of the grant award and in total dollar amount. To avoid supplanting issues, the request must also include a three-year staffing history for the requesting entity.

Law Enforcement Terrorism Prevention (LETP) Activities Allowable Costs (HSGP and UASI)

LETP Activities eligible for use of LETPA focused funds include but are not limited to:

- Maturation and enhancement of designated state and major Urban Area fusion centers, including Information sharing and analysis, threat recognition, terrorist interdiction, and training/ hiring of intelligence analysts;
- Coordination between fusion centers and other analytical and investigative efforts including, but not limited to Joint Terrorism Task Forces (JTTFs), Field Intelligence Groups (FIGs), High Intensity Drug Trafficking Areas (HIDTAs), Regional Information Sharing Systems (RISS) Centers, criminal intelligence units, and real-time crime analysis centers;
- Implementation and maintenance of the Nationwide SAR Initiative, including training for front line personnel on identifying and reporting suspicious activities; and
- Implementation of the "If You See Something, Say Something" campaign to raise public awareness of indicators of terrorism and terrorism-related crime and associated efforts to increase the sharing of information with public and private sector partners, including nonprofit organizations.
 - Note: DHS requires that all public and private sector partners wanting to implement and/or expand the DHS "If You See Something, Say Something®" campaign using grant funds work directly with the DHS Office of Partnership and Engagement (OPE) to ensure all public awareness materials (e.g., videos, posters, tri-folds, etc.) are consistent with the DHS's messaging and strategy for the campaign and compliant with the initiative's trademark, which is licensed to DHS by the New York Metropolitan Transportation Authority. Coordination with OPE, through the Campaign's Office (seesay@hq.dhs.gov), must be facilitated by FEMA.
- Increase physical security, through law enforcement personnel and other protective measures, by implementing preventive and protective measures at critical infrastructure site or at-risk nonprofit organizations; and
- Building and sustaining preventive radiological and nuclear detection capabilities, including those developed through the Securing the Cities initiative.

Organizational activities under HSGP and UASI include:

Operational Overtime Costs. In support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism and other catastrophic events, operational overtime costs are allowable for increased protective security measures at critical infrastructure sites or other high-risk locations and to enhance public safety during mass gatherings and high-profile events. In that regard, HSGP Sub-Recipients are urged to consider using grant funding to support soft target preparedness activities. HSGP or UASI funds may be used to support select operational expenses associated with increased security measures in the authorized categories cited below:

- Backfill and overtime expenses for staffing State or Major Urban Area fusion centers;
- Hiring of contracted security for critical infrastructure sites;

personnel to fulfil traditional public health and safety duties nor to supplant traditional public health and safety positions and responsibilities.

The following definitions apply to personnel costs:

- **Hiring.** State and local entities may use grant funding to cover the salary of newly hired personnel who are exclusively undertaking allowable DHS/FEMA grant activities as specified in this guidance. This may not include new personnel who are hired to fulfill any non-DHS/FEMA program activities under any circumstances. Hiring will always result in a net increase of Full Time Equivalent (FTE) employees.
- **Overtime.** These expenses are limited to the additional costs that result from personnel working over and above 40 hours of weekly work time as the direct result of their performance of DHS/FEMA-approved activities specified in this guidance. Overtime associated with any other activity is not eligible.
- **Backfill-Related Overtime.** Also called "Overtime as Backfill," these expenses are limited to overtime costs that result from personnel who are working overtime (as identified above) to perform the duties of other personnel who are temporarily assigned to DHS/FEMA-approved activities outside their core responsibilities. Neither overtime nor backfill expenses are the result of an increase of FTE employees.
- **Supplanting.** Grant funds will be used to supplement existing funds and will not replace (supplant) funds that have been appropriated for the same purpose. Applicants or recipients may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

OPSG funds may be used for domestic travel and per diem, including costs associated with the deployment/redeployment of personnel to border areas and for travel associated with law enforcement entities assisting other local jurisdictions in law enforcement activities (travel costs must be in accordance with applicable travel regulations).

Organization (OPSG)

Operational Overtime Costs. OPSG funds should be used for operational overtime costs associated with law enforcement activities in support of border law enforcement agencies for increased border security enhancement. Overtime pay is for enhanced patrol for certified public safety officers, along with limited support for other law enforcement direct support personnel (e.g., Communication Officers/Dispatchers, non-sworn patrol pilots, etc.). Overtime shall be reimbursed consistent with the non-federal entity's overtime policy and the requirements as stated below:

- Overtime is time worked that exceeds the required number of hours during an employee's designated shift.
- Overtime must be worked to increase patrol capacity and be in support of identified and approved USBP border security operations.
- The OPSG overtime hourly rate of pay will be no more than the approved overtime rate per local law and policy and must be in accordance with applicable State and Federal regulations.
- Exempt salaried employees may not be reimbursed for overtime unless the non-federal entity's policy specifically allows for overtime reimbursement for these employees.
- The non-federal entity may not utilize OPSG funding to pay for an employee's overtime hours or pay that exceeds 16 hours worked in any 24-hour period.

Personnel Costs (OPSG):

Up to 50 percent of an OPSG award may be used to pay for all personnel costs (only to the extent that such expenses are for the allowable activities within the scope of the grant). At the request of a recipient

C. Allowable Exercise Related Costs

Exercises conducted with grant funding should be managed and conducted consistent with HSEEP. HSEEP guidance for exercise design, development, conduct, evaluation, and improvement planning is located at <https://www.fema.gov/exercise>.

- Design, Develop, Conduct, and Evaluate an Exercise
- Exercise Planning Workshop
- Full- or part-time staff or contractors/consultants
- Overtime and backfill costs, including expenses for part-time and volunteer emergency
- Response personnel participating in DHS/FEMA exercise
- Implementation of HSEEP
- Activities to achieve exercises inclusive of people with disabilities
- Travel
- Supplies associated with allowable approved exercises
- Interoperable communications exercises

Additional Exercise Information

Sub-Recipients that decide to use HSGP funds to conduct an exercise(s) are encouraged to complete a progressive exercise series. Exercises conducted by states and high risked urban areas may be used to fulfill similar exercise requirements required by other grant programs. Sub-Recipients are encouraged to invite representatives/planners involved with other Federally-mandated or private exercise activities. States and high risked urban areas are encouraged to share, at a minimum, the multi-year training and exercise schedule with those departments, agencies, and organizations included in the plan.

- **Validating Capabilities.** Exercises examine and validate capabilities-based planning across the Prevention, Protection, Mitigation, Response, and Recovery mission areas. The extensive engagement of the whole community, including but not limited to examining the needs and requirements for individuals with disabilities, individuals with limited English proficiency, and others with access and functional needs, is essential to the development of an effective and comprehensive exercise program. Exercises are designed to be progressive – increasing in scope and complexity and drawing upon results and outcomes from prior exercises and real-world incidents – to challenge participating communities. Consistent with Homeland Security Exercise and Evaluation Program guidance and tools, the National Exercise Program (NEP) serves as the principal exercise mechanism for examining national preparedness and measuring readiness. Exercises should align with priorities and capabilities identified in a multi-year TEP.
- **Special Event Planning.** If a state or Urban Area will be hosting a special event (e.g., Super Bowl, G-8 Summit), the special event planning should be considered as a training or exercise activity for the purpose of the multi-year TEP. States must include all confirmed or planned special events in the Multi-year TEP. The state or Urban Area may plan to use HSGP or UASI funding to finance training and exercise activities in preparation for those events. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control.
- **Regional Exercises.** States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year TEP.

- Overtime and backfill for emergency preparedness and response personnel attending DHS/FEMA-sponsored and approved training classes
- Overtime and backfill expenses for part-time and volunteer emergency response personnel participating in DHS/FEMA training
- Training workshops and conferences
- Activities to achieve training inclusive of people with disabilities
- Full- or part-time staff or contractors/consultants
- Travel
- Supplies associated with allowable approved training that are expended or consumed during the course of the planning and conduct of the exercise project(s)
- Instructor certification/re-certification
- Coordination with Citizen Corps Councils in conducting training exercises
- Interoperable communications training

Training Information Reporting System (“Web-Forms”). Web-Forms is an electronic form/data management system built to assist the SAA and its designated State, territory and Tribal Training Point of Contact (TPOC). Reporting training activities through Web-Forms is not required under FY 2019 HSGP, however, the system remains available and can be accessed through the FEMA Toolkit located at <http://www.firstrespondertraining.gov/admin> in order to support grantees in their own tracking of training.

FDEM State Training Office Conditions: For the purposes of this Agreement, any training course listed on the DHS approved course catalog qualifies as an authorized course. The Sub-Recipient can successfully complete an authorized course either by attending or conducting that course.

- In order to receive payment for successfully attending an authorized training course, the Sub-Recipient must provide the Division with a certificate of course completion; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to attend the course.
- In order to receive payment for successfully conducting an authorized course, the Sub-Recipient must provide the Division with the course materials and a roster sign-in sheet; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to conduct the course.”
- For courses that are non-DHS approved training, Sub-Recipient must request approval to conduct training through the use of the Non-TED Form and provide a copy, along with email, showing approval granted for conduct.
- For the conduct of training workshops, Sub-Recipient must provide a copy of the course materials and sign-in sheets.
- The number of participants must be a minimum of 15 in order to justify the cost of holding a course. For questions regarding adequate number of participants please contact the FDEM State Training Officer for course specific guidance. Unless the Sub-Recipient receives advance written approval from the State Training Officer for the number of participants, then the Division will reduce the amount authorized for reimbursement on a pro-rata basis for any training with less than 15 participants.
- The Sub-Recipient must include with the reimbursement package a separate copy of the page(s) from the State (and County or Regional) MYTEP reflecting the training.

E. Allowable Equipment Related Costs (SHGP and UASI)

The 21 allowable prevention, protection, mitigation, response, and recovery equipment categories for HSGP are listed on the Authorized Equipment List (AEL). The AEL is available at <http://www.fema.gov/authorized-equipment-list>. Some equipment items require prior approval from DHS/FEMA before obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required or to ensure prior approval is obtained if necessary. Unless otherwise stated, all equipment must meet all mandatory regulatory and/or DHS/FEMA-adopted standards to be eligible for purchase using these funds. In addition, recipients will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

Grant funds may be used for the procurement of medical countermeasures. Procurement of medical countermeasures must be conducted in collaboration with State/city/local health departments who administer Federal funds from HHS for this purpose. Procurement must have a sound threat-based justification with an aim to reduce the consequences of mass casualty incidents during the first crucial

equipment: firearms; ammunition; grenade launchers; bayonets; or weaponized aircraft, vessels, or vehicles of any kind with weapons installed.

- Unauthorized exercise-related costs include:
 - o Reimbursement for the maintenance or wear and tear costs of general use vehicles (e.g., construction vehicles), medical supplies, and emergency response apparatus (e.g., fire trucks, ambulances).
 - o Equipment that is purchased for permanent installation and/or use, beyond the scope of the conclusion of the exercise (e.g., electronic messaging sign).

G. Disposition

When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, except as otherwise provided in Federal statutes, regulations, or Federal awarding agency disposition instructions, the Sub-Recipient must request disposition instructions from FDEM Office of Domestic Preparedness and the State Administrative Agency will request disposition instructions from Federal awarding agency as required by the terms and conditions of the Federal award. The Sub-Recipient shall notify the FDEM Office of Domestic Preparedness at: 2555 Shumard Oak Blvd., Tallahassee, Florida 32399 one year in advance of the expiration of the equipment's posted shelf-life or normal life expectancy or when it has been expended. The Sub-Recipient shall notify the FDEM immediately if the equipment is destroyed, lost, or stolen.

H. Requirements for Small Unmanned Aircraft System (SHSP, UASI, and OPSG)

All requests to purchase Small Unmanned Aircraft Systems (SUAS) with FEMA grant funding must comply with **IB 426** and **IB 438** and include a description of the policies and procedures in place to safeguard individuals' privacy, civil rights, and civil liberties of the jurisdiction that will purchase, take title to or otherwise use the SUAS equipment.

I. SAFECOM

Emergency communications systems and equipment must meet applicable **SAFECOM Guidance**. Sub-Recipients must be coordinated with the SWIC and the State Interoperability Governing Body (SIGB) to ensure interoperability and long-term compatibility.

J. CBYERSECURITY

Sub-Recipients must use HSGP funds for cybersecurity projects that support the security and functioning of critical infrastructure and core capabilities as they relate to terrorism preparedness and may simultaneously support enhanced preparedness for other hazards unrelated to acts of terrorism.

K. Law Enforcement Readiness (SHSP, UASI, and OPSG)

OPSG grant funds may be used to increase operational, material, and technological readiness of SLTT law enforcement agencies. The Delegation of Immigration Authority, Section 287(g) of the Immigration and Nationality Act (INA) program allows a state or local law enforcement entity to enter into a partnership with ICE, under a joint Memorandum of Agreement (MOA), to receive delegated authority for immigration enforcement within their jurisdictions. SHSP, UASI, or OPSG grant funds may be requested and may be approved on a case-by-case basis for immigration enforcement training in support of the border security mission. Requests for training will be evaluated on a case-by-case basis and can only be used for certification in the section 287(g) program provided by DHS/ICE. SHSP, UASI, or OPSG Sub-Recipients with agreements under section 287(g) of the Immigration and Nationality Act (8 U.S.C. § 1357(g)) to receive delegated authority for immigration enforcement within their jurisdictions may also be reimbursed for section 287(g) related operational activities with approval from FEMA on a case-by-case basis. For OPSG, Sub-Recipients must be authorized by USBP Headquarters and Sectors, and operational activities must be coordinated through a USBP Sector.

- 2 C.F.R. Part 200;
- Chapter 287, Florida Statutes; and,
- any local procurement policy.

To the extent that one standard is more stringent than another, the Sub-Recipient must follow the more stringent standard. For example, if a State statute imposes a stricter requirement than a Federal regulation, then the Sub-Recipient must adhere to the requirements of the State statute.

The Division shall pre-approve all scopes of work for projects funded under this agreement. Additionally, the Sub-Recipient shall not execute a piggy-back contract unless the Division has approved the Scope of Work contained in the original contract that forms the basis for the piggy-back contract. Also, in order to receive reimbursement from the Division, the Sub-Recipient must provide the Division with a suspension and debarment form for each vendor that performed work under the agreement. Furthermore, if requested by the Division, the Sub-Recipient shall provide copies of solicitation documents including responses and justification of vendor selection.

Contracts may include:

State Term Contract: A **State Term Contract** is a contract that is competitively procured by the Division of State Purchasing for selected products and services for use by agencies and eligible users. Florida agencies and eligible users may use a request for quote to obtain written pricing or services information from a state term contract vendor for commodities or contractual services available on a state term contract from that vendor. Use of state term contracts is mandatory for Florida agencies in accordance with section 287.056, Florida Statutes.

Alternate Contract Source: An **Alternate Contract Source** is a contract let by a federal, state, or local government that has been approved by the Department of Management Services, based on a determination that the contract is cost-effective and in the best interest of the state, for use by one or all Florida agencies for purchases, without the requirement of competitive procurement. Alternate contract sources are authorized by subsection 287.042(16), Florida Statutes, as implemented by Rule 60A-1.045, Florida Administrative Code.

General Services Administration Schedules: The General Services Administration (GSA) is an independent agency of the United States Government. States, tribes, and local governments, and any instrumentality thereof (such as local education agencies or institutions of higher education) may participate in the GSA Cooperative Purchasing Program.). **Refer to the appropriate GSA Schedule for additional requirements.**

O. Piggy-Backing

The practice of procurement by one agency using the agreement of another agency is called piggybacking. The ability to piggyback onto an existing contract is not unlimited. The existing contract must contain language or other legal authority authorizing third parties to make purchases from the contract with the vendor's consent. The terms and conditions of the new contract, including the Scope of Work, must be substantially the same as those of the existing contract. The piggyback contract may not exceed the existing contract in scope or volume of goods or services. An agency may not use the preexisting contract merely as a "basis to begin negotiations" for a broader or materially different contract.

Section 215.971, Florida Statutes

Statutory changes enacted by the Legislature impose additional requirements on grant and Sub-Recipient agreements funded with Federal or State financial assistance. In pertinent part, Section 215.971(1) states:

Programmatic Reporting Schedule

A request for reimbursement may be sent to your grant manager for review and approval at any time during the contract period. Reimbursements must be requested within ninety (90) calendar days of expenditure of funds, and quarterly at a minimum. Failure to submit request for reimbursement within ninety (90) calendar days of expenditure shall result in denial of reimbursement. The Sub-Recipient should include the category's corresponding line item number in the "Detail of Claims" form. This number can be found in the "Proposed Program Budget". A line item number is to be included for every dollar amount listed in the "Detail of Claims" form.

4. Close-out Programmatic Reporting:

DELIVERABLES AND PERFORMANCE

State Homeland Security Program (HSGP): HSGP supports the implementation of risk driven, capabilities-based State Homeland Security Strategies to address capability targets set in Urban Area, State, and regional Threat and Hazard Identification and Risk Assessments (THIRAs). The capability levels are assessed in the State Preparedness Report (SPR) and inform planning, organization, equipment, training, and exercise needs to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events.

Planning Deliverable: Subject to the funding limitations of this Agreement, the Division shall reimburse the Sub-Recipient for the actual cost of successfully completing Planning activities consistent with the guidelines contained in the Comprehensive Planning Guide CPG 101 v.2. For additional information, please see http://www.fema.gov/pdf/about/divisions/npd/CPG_101_V2.pdf or grant guidance (Notice of Funding Opportunity). APPENDIX III TO PART 200—INDIRECT (F&A) COSTS IDENTIFICATION AND ASSIGNMENT, AND RATE DETERMINATION FOR INSTITUTIONS OF HIGHER EDUCATION (IHEs)

A. GENERAL.

This appendix provides criteria for identifying and computing indirect (or indirect (F&A) rates at IHEs (institutions). Indirect (F&A) costs are those that are incurred for common or joint objectives and therefore cannot be identified readily and specifically with a particular sponsored project, an instructional activity, or any other institutional activity. See subsection B.1. Definition of Facilities and Administration, for a discussion of the components of indirect (F&A) costs.

1. Major Functions of an Institution

Refers to instruction, organized research, other sponsored activities and other institutional activities as defined in this section:

a. *Instruction* means the teaching and training activities of an institution. Except for research training as provided in subsection b, this term includes all teaching and training activities, whether they are offered for credits toward a degree or certificate or on a non-credit basis, and whether they are offered through regular academic departments or separate divisions, such as a summer school division or an extension division. Also considered part of this major function are departmental research, and, where agreed to, university research.

(1) *Sponsored instruction and training* means specific instructional or training activity established by grant, contract, or cooperative agreement. For purposes of the cost principles, this activity may be considered a major function even though an institution's accounting treatment may include it in the instruction function.

(2) *Departmental research* means research, development and scholarly activities that are not organized research and, consequently, are not separately budgeted and accounted for. Departmental research, for purposes of this document, is not considered as a major function, but as a part of the instruction function of the institution.

b. *Organized research* means all research and development activities of an institution that are separately budgeted and accounted for. It includes:

(1) *Sponsored research* means all research and development activities that are sponsored by Federal and non-Federal agencies and organizations. This term includes activities involving the training of individuals in research techniques (commonly called research training) where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

(2) *University research* means all research and development activities that are separately budgeted and accounted for by the institution under an internal application of institutional funds. University research, for purposes of this document, must be combined with sponsored research under the function of organized research.

c. *Other sponsored activities* means programs and projects financed by Federal and non-Federal agencies and organizations which involve the performance of work other than instruction and organized research. Examples of such programs and projects are health service projects and community service programs. However, when any of these activities are undertaken by the institution without outside support, they may be classified as other institutional activities.

d. *Other institutional activities* means all activities of an institution except for instruction, departmental research, organized research, and other sponsored activities, as defined in this section; indirect (F&A) cost activities identified in this Appendix paragraph B. Identification and assignment of indirect (F&A) costs; and specialized services facilities described in §200.469 Specialized service facilities of this Part.

Examples of other institutional activities include operation of residence halls, dining halls, hospitals and clinics, student unions, intercollegiate athletics, bookstores, faculty housing, student apartments, guest houses, chapels, theaters, public museums, and other similar auxiliary enterprises. This definition also includes any other categories of activities, costs of which are "unallowable" to Federal awards, unless otherwise indicated in an award.

2. Criteria for Distribution

a. *Base period.* A base period for distribution of indirect (F&A) costs is the period during which the costs are incurred. The base period normally should coincide with the fiscal year established by the institution, but in any event the base period should be so selected as to avoid inequities in the distribution of costs.

b. *Need for cost groupings.* The overall objective of the indirect (F&A) cost allocation process is to distribute the indirect (F&A) costs described in Section B. Identification and assignment of indirect (F&A) costs, to

Desk monitoring is an on-going process. Sub-Recipients will be required to participate in desk top monitoring as determined by FDEM. This contact will provide an opportunity to identify the need for technical assistance (TA) and/or a site visit if FDEM determines that a Sub-Recipient is having difficulty completing their project.

As difficulties/deficiencies are identified, the respective region or sponsoring agency will be notified by the program office via email. Information will include the grant Sub-Recipient agency name, year and project description and the nature of the issue in question. Many of the issues that arise may be resolved at the regional or sponsoring agency level. Issues that require further TA will be referred to FDEM for assistance. Examples of TA include but are not limited to:

- Equipment selection or available vendors
- Eligibility of items or services
- Coordination and partnership with other agencies within or outside the region or discipline
- Record Keeping
- Reporting Requirements
- Documentation in support of a Request for Reimbursement

On-site monitoring will be conducted by FDEM or designated personnel. On-site monitoring visits will be scheduled in advance with the Sub-Recipient agency POC designated in the grant agreement.

FDEM will also conduct coordinated financial and grant file monitoring. Subject matter experts from other agencies within the region or state may be called upon to assist in the form of a peer review as needed.

On-Site Monitoring Protocol

On-site monitoring visits will begin with those grantees that are currently spending or have completed spending for that federal fiscal year (FFY). Site visits may be combined when geographically convenient. There is a financial/ programmatic On-site monitoring checklist to assist in the completion of all required tasks.

Site Visit Preparation

A letter will be sent to the Sub-Recipient agency Point of Contact (POC) outlining the date, time and purpose of the site visit before the planned arrival date. The appointment should be confirmed with the grantee in writing (email is acceptable) and documented in the grantee folder.

The physical location of any equipment located at an alternate site should be confirmed with a representative from that location and the address should be documented in the grantee folder before the site visit.

On-Site Monitoring Visit

Once FDEM personnel have arrived at the site, an orientation conference will be conducted. During this time, the purpose of the site visit and the items FDEM intends to examine will be identified. All objectives of the site visit will be explained during this time.

FDEM personnel will review all files and supporting documentation. Once the supporting documentation has been reviewed, a tour/visual/spot inspection of equipment will be conducted.

Agenda Item Name:

2019 State Homeland Security Grant Program (SHSGP) Agreement – MARC Unit Sustainment, Maintenance and Equipment

Presenter:

Harold Theus, Chief, 384-384-3130

Description:

This Grant will provide the annual maintenance, sustainment and replacement of the current radio cache equipment

Recommended Action:

Approve the Grant Agreement, Adopt the Resolution, Approve the Budget Amendment, and authorize and interfund loan not to exceed \$101,500.00

Prior Board Motions:

N/A

Fiscal Consideration:

The Grant award is \$101,500.00 and does not require a local match. This is a reimbursement Grant and will require an interfund load for cash flow purposes. The loan will be repaid as Grant funds are received.

Background:

Since 1999, Alachua County Fire Rescue has been the custodial agency of the tower/trailer and radio equipment used for emergency and non-emergency use in the State of Florida as part of the Statewide Mutual Aid Agreement. The 2019 State Homeland Security Grant Program sub-grant agreement will provide the annual maintenance, sustainment and replacement of the current radio cache equipment. The grant award is \$101,500.00 and does not require a local match.

In response to a variety of communications problems encountered during incident response, the Florida Fire Chiefs' Association, the State Fire Marshal's Office and the Florida Division of Forestry jointly received funding to establish and manage a radio communications program. The intent of the program is to provide radio communications equipment for emergency incidents and non-emergency events in the State. Tower/trailers, mobile and portable radios, repeaters, generators, and related cache equipment were purchased by the State and regionally positioned under the custodial responsibility of a fire department that was willing and able to provide the equipment upon request. Alachua County Fire Rescue was selected as a custodial agency, and has provided that service since 1999.

The sub-grant agreement will continue to keep the MARC unit in an operational state, providing maintenance and sustainment, to be deployed as needed. In addition the grant award will provide for equipment replacement. The total value of the sub-grant agreement is \$101,500.00.

In exchange, Alachua County agrees to be ready and respond to activation orders for deployment by the State Emergency Operations Center. Typically, any expenditure incurred from deployment by Alachua County is reimbursed by the State or FEMA. |

Manager Talking Points

2019 State Homeland Security Grant Program (SHSGP) Agreement - MARC Unit Sustainment, Maintenance and Equipment

- Alachua County will replace portable radios with the grant funds.
- The purchase orders will likely exceed \$50,000 and require future Board approval.
- Per State, there is a potential that we will not receive any funding for FY20.
