Prior Board Motions

On January 10, 2017, the Board approved the Finance Report and authorized staff to negotiate agreements with the top ranked firms until three contracts were awarded.

On February 28, 2017 the Board approved the Continuing Services Agreement for Annual Architectural and Engineering Services through September 30, 2017.

On September 14th, 2017, the Board approved the First Amendments to these agreements extending the term through September 30th, 2018.

Fiscal Consideration:

Capital Improvement Program – General Fund

Per Task Assignment – various project accounts Not To Exceed \$120,000 annually for each vendor

Background:

The BoCC has contracted with various Architectural and Engineering firms over the years for architectural and

engineering services. These firms are able to offer architectural design, engineering and contract administration services. These contracts generally fall under continuing services on an annual basis, with the County having the option of renewing the contract for subsequent annual terms. The size, scope and complexity of specific projects under the A/E Annual Services will be determined based upon specific requirements of the project as determined by the Facilities Director. Task assignments are issued for services related for the specific projects as needed by the Facilities Management Department. The amount of each task assignment will be controlled by the projects types and budgets.

On January 10, 2012, the Board of County Commissioners approved the Continuing Services Agreements for Annual A/E Services for Capital Construction <\$2,000,000.

On August 25, 2015 the Board of County Commissioners approved the renewal of A/E Services and Amendments to continue through September 30, 2016.

On February 24 and March 2, 2016, the County advertised an RFP #17-35 for Annual Continuing Services Agreement for Architectural and Engineering Services.

On March 30, 2016, the County received a total of nine responses to the RFP.

On October 28, 2016, the following vendors presented at the oral presentations. Brame Heck Architect, Inc.; Strollo Architects, Inc.; Paul Stressing Associates, Inc.; and Walker Architects were selected as the top four vendors.

On January 10, 2017, the Board approved the Finance Report and authorized staff to negotiate agreements with the top ranked firms until three contracts were awarded.

On February 28, 2017 the Board approved the Continuing Services Agreement for Annual Architectural and Engineering Services through September 30, 2017.

This Amendment #2 is based on a "Fixed Fee" not to exceed \$120,000 annually.

A/E Services are required by licensed firms and without authorization to issue Annual A/E Services Agreements; the County will not be able to produce adequate design documents for bidding, permitting and this approach provides an architectural/engineering professional to verify that the construction work is performed according to design documents.
