Mr. Fankhauser presented the committee with a powerpoint presentation on the UF/IFAS Industrial Hemp Pilot Project Update of August 2019. He explained the difference between industrial hemp and medical marijuana. There was discussion including questions and comments brought up by various Committee members and others present, including whether State could ultimately outlaw hemp, research on invasive potential, how to assure there are no "hot plants" in seed mixes, marketing, hemp products as alternatives to plastics, cost of testing, use for livestock feed, regulating growing distances from other farms, and means of communication regarding research and laws. Mr. Fankhauser said the best local contact for information is County Extension Office.

Mr. Zeichner asked about the Industrial Hemp Advisory Council to the Florida Dept of Agriculture and Consumer Services (FDACS). Mr. Fankhauser said Dr. Robert Gilbert, Dean of Research, IFAS, is the IFAS member of that Council.

VI. Public Comments:

There were no public comments

VII. Committee Member Comments:

Mr. Rushing asked if staff was familiar with the WEBOR Movement [Wekiva Econlockhatchee Bill of Rights]. Mr. Zeichner asked for clarification, and Mr. Rushing mentioned Rights of Nature. Mr. Zeichner said the County Commission has had a discussion of a potential Comprehensive Plan policy relating to rights of nature that had been recommended by the Environmental Protection Advisory Committee, but sounds like Mr. Rushing is referring to a separate citizen initiative for something in the County Charter. Mr. Rushing said he would like someone to come and explain to the committee what it is and potential impacts on agriculture. Mr. Zeichner said the Charter idea is not a County staff or Commission item but he could check with the County Environmental Protection Department to get ideas on who might be appropriate to discuss this with the Committee.

Ms. Smith asked about the Weyerhaeuser project on Highway 121. Mr. Zeichner said that project is in the City of Gainesville and outside the County's jurisdiction.
