Currently negotiating with Friendship Circle, last meeting was teleconference 5/29. Currently at approx. \$1M with conservation easement, which is comparable to appraisal. Next scheduled negotiation is Monday 6/24, then presentation to BoCC.

d. Canterbury Update

Easement issues resolved, Newberry closing 7/11 on IFAS property and Canterbury on schedule to close in August. Canterbury currently has 5 events reserved for the fall, with more events booked in 2020. Facility will need a maintenance person. Renovations should begin around May 2020. AC will continue booking equestrian events. RG will move office to Canterbury, then IFAS.

5. New Business

a. Squirrel Ridge Park Presentation – Manley Designs, LLC
Elizabeth Manley presented concept designs for this park that will be shown at the public meeting 7/16 at Idylwild Elementary. Upgrades will enhance connections, strengthen the park as a destination, provide better entrances, ensure a secure, safe environment, and expand the memorial area. Members questioned whether there will be increased parking- the double load lot should increase parking and also formalize where citizens should park. Parks staff is working with Meridian, as they are a large user group. RB suggested adding another entrance from Williston Rd. Play area-RB voiced concern over the BB court being too close to the playground and suggested adding a volleyball court. Public comment: will there be conflict over pickle ball vs BB use on the single court? RB suggested shifting the play equipment and adding another multi use court. Dog Park will split the large dog area into wet/dry and offer larger seating areas. TS asked about drainage for the dog wash area, will it erode the ground under the platform?
