Mandy,

I have called the references for the lowest bidder Powerhouse and found that they are both responsible and responsive in their service to other municipalities both in Charlotte County Florida and Virginia. They both have timely service with their logistics and provide their customers with all the certificates of recycling and certificates of secure destruction for each shipment. I recommend drawing up the contract and awarding the bid to them. I'm attaching the blue sheet talking points from last time we had a contract with A1 Assets as well as their contract if this is still what we want to go with. I'm cc'ing Sandy who would be able to tell what account number this contract would go under.

If this is all sufficient please let me know what our next step is.

Thanks,

Josh Prouty
