1 b. Interest in this project

We came across this rebid opportunity for Public Art at County Administration Building - West Lawn Statue just 2 days ago. We have created a few options that are fitting for the project mission - Love, Peace, Justice.

We strongly believe that public outdoor art should be designed and constructed with emphasis on longevity, ability to withstand the elements of nature with minimal maintenance and ability to convey the mission easily with larger than life size presence conveying a meaningful message to the public.

1 c. Background

We design, craft and install monuments, memorials, memorial parks and plazas, name signs and public art made out of materials of permanence like Granite, Marble, Stainless steel, Bronze, and Porcelain.

Our manufacturing plants in Elberton GA and Richmond IN along with our quarries and factories in India and China are equipped with handling projects that are simple rectilinear objects to complex sculpting of statues of people and large memorial plazas.

2. Refer attached examples of our current and prior work in the references sheet.

3. Refer our proposal that is attached to this file for the art rendering and description

4. Refer our proposal that is attached to this file for Budget

5. The timeline for completion is **120 days**.

6. Attached reference sheet.

We acknowledge the receipt of addendum #1

Ganesh Muruganantham
President Monument Warehouse LLC

Our Proposal

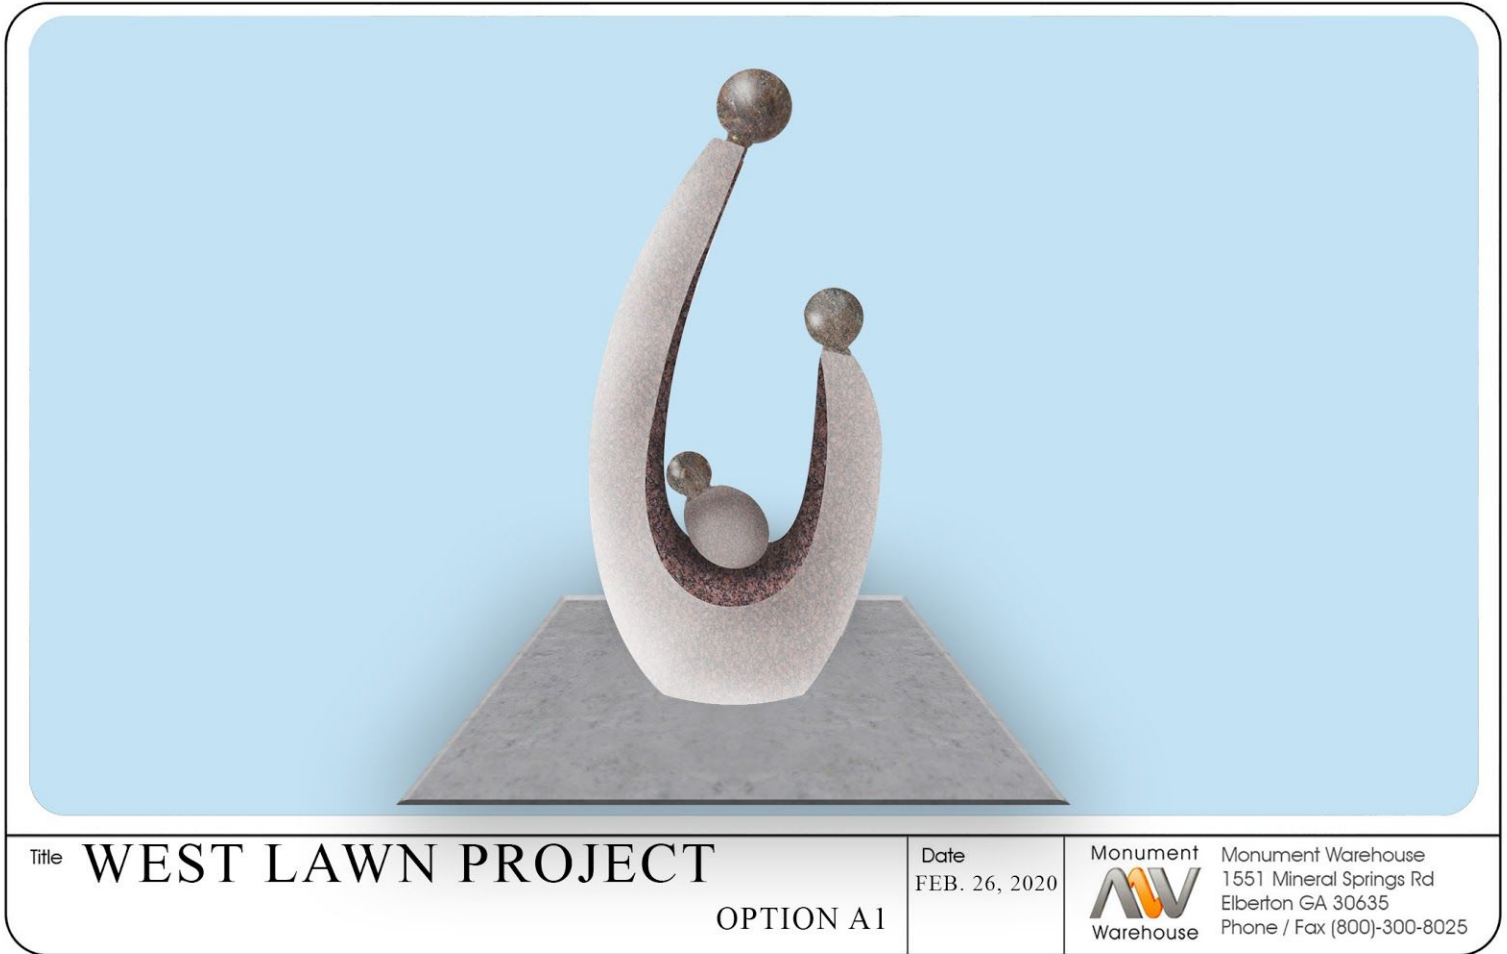

Our design proposals use granite, the second hardest material known to mankind only after diamond. It is weather resistant, capable of handling extreme temperatures, moisture and humidity. Granite will not corrode, rust or degrade over time. Granite needs very little to no maintenance. Occasional pressure washing is all it needs to keep the art looking new through its life span of 100s of years.

All of our art will be secured to the existing concrete using 3in diameter stainless steel pins. This protects the art from toppling over due to vandalism or accidental bumps.

Installation will be done using a crane and by our experienced granite installation crew. We have all the tools and expertise needed to install and secure large and heavy pieces of granite and metal.

See the following sheets for the 3 proposals.

Proposal Option A

Price - \$36,000.00 (Installed - Inclusive of all expenses)

This handcrafted art symbolizes the virtue of a family. The closeness and connected nature of the family is depicted in this sculpture. The simplicity in design and crafting makes this art appealing to the person walking or driving by.

Because of the smooth flowing curves and profiles the art does not require any maintenance through its life.

This art is larger than life at 106" tall. Any time an art is larger than life it communicates the message loud and clear.

Features:

Material - 100% all natural granite - Regal Brown. Life expectancy 100s of year. Warranty 20 years.

Size of the main sculpture of the man and woman - 40" width x 24" depth and 106" tall. Baby sculpture is about 18" long.

Weight - About 6000 lbs

Installation - Installation will be done in ½ a day using crane of about 18 ton capacity

Proposal Option B

Title **WEST LAWN PROJECT**

OPTION B

Date
FEB. 26, 2020

Monument Warehouse
1551 Mineral Springs Rd
Elberton GA 30635
Phone / Fax (800)-300-8025

Price - \$32,000.00 (Installed - Inclusive of all expenses)

Features:

Rectilinear art never fails to inspire. This simple yet intriguing art is made with blocks of granite that are hand crafted to fit in seamlessly and balanced intricately by aligning the center of gravity of each of the granite blocks. The cubes will be secured permanently using 2in steel pins. Each face of the granite block will be permanently engraved in the rock by sandblasting or laser etching art work of your choice.

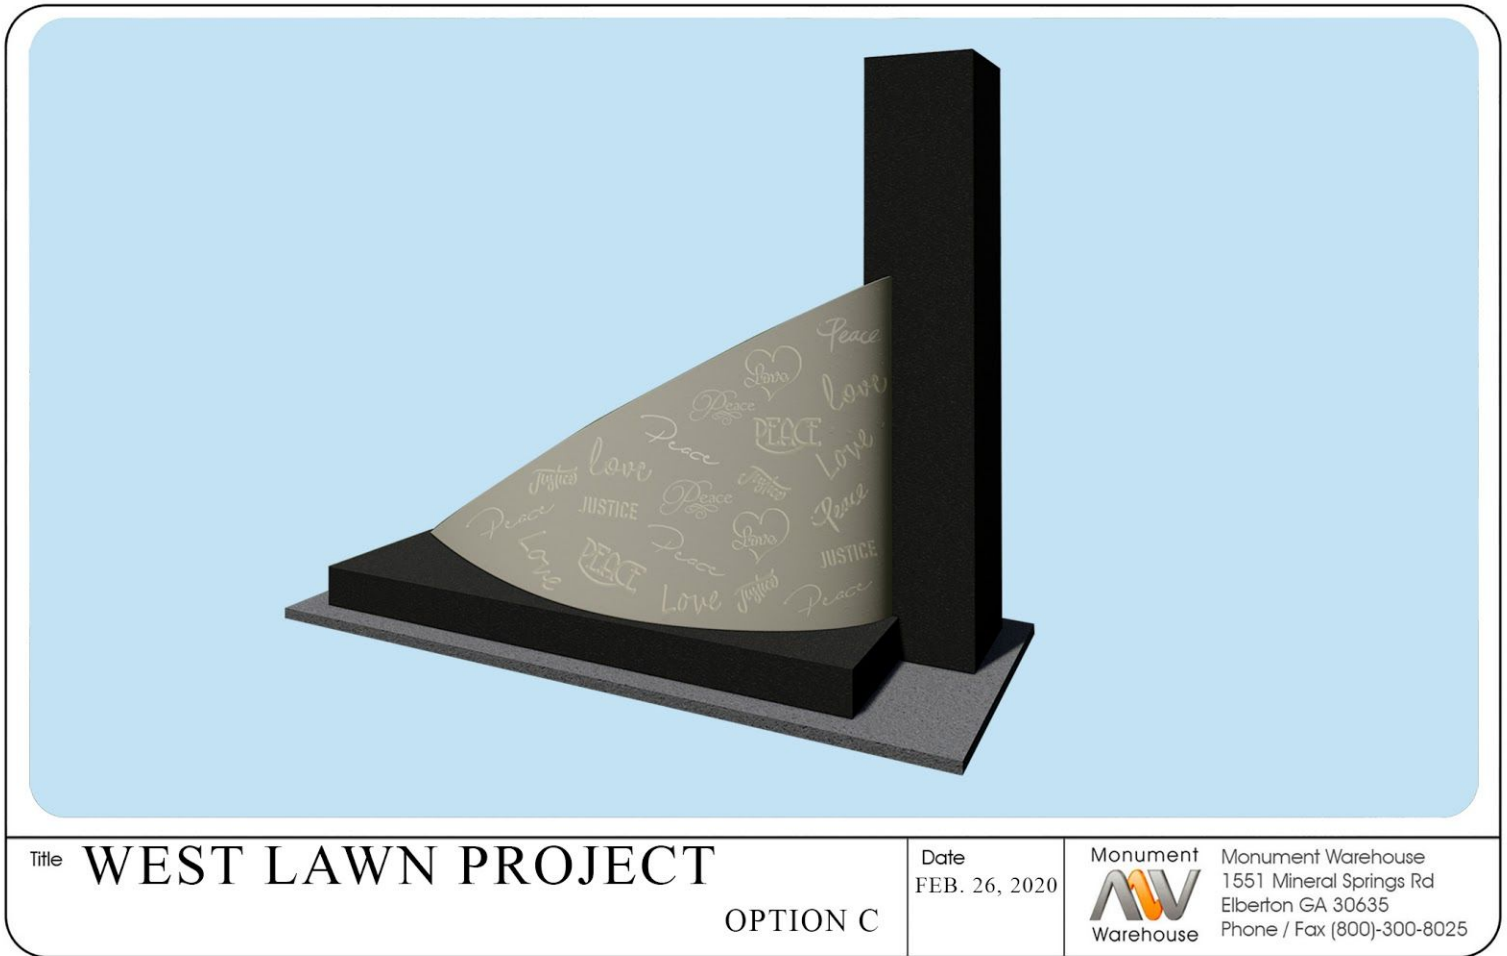

Material - 100% all natural granite - Gray granite, Premium Jet Black granite, Red granite and Bahama Blue granite. Life expectancy 100s of year. Warranty 20 years. Minimal maintenance of high pressure washing about once a year.

Size - 24" wide, 24" deep and 72" tall.

Weight - About 6000 lbs

Installation - Installation will be done in ½ a day using crane of about 18 ton capacity

Proposal Option C

Price - \$39,000.00 (Installed - Inclusive of all expenses)

Features:

All about modern and contemporary, this art sculpture is made to stand out. Perfect blend of dark Premium Jet Black granite and luster of stainless steel is unique. Stainless steel plate will be engraved with the messages of Love, Peace and Justice. Custom engraving options can be incorporated in the design.

This art requires ability to work with both stone and metal. The smooth curves of the stainless steel metal combined with the rugged and yet soft look of granite provides a perfect canvas to present the perfect message. This will be a go to art piece that will last for generations.

Material - 100% all natural granite - Premium Jet Black Granite - Rust proof stainless steel plate. Life expectancy 100s of year. Warranty 20 years.

Size of the art - Granite - 16" width, 16" depth, 84" height

Stainless steel - 96"x 48" x 1/4" thickness

Weight - About 5000 lbs

Installation - Installation will be done in 1/2 a day using crane of about 18 ton capacity
