2.0 **BACKGROUND INFORMATION**

2.1 **Location**

Alachua County is located in North Central Florida. The County government seat is situated in Gainesville. Gainesville is located 70 miles southwest of Jacksonville, 129 miles southeast of Tallahassee, 140 miles northeast of Tampa - St. Petersburg and 109 miles northwest of Orlando. Alachua County has a population of over 250,000. The County itself consists of a total area of 969 square miles.

2.2 **Form of Government**

Alachua County is governed by a Board of five (5) elected County Commissioners and operates under the established County Manager Charter form of government. In addition to the five County Commissioners, there are five elected Constitutional Officers: the Supervisor of Elections, the Sheriff, and the Clerk of the Court, the Tax Collector, and the Property Appraiser. There is also a County Attorney reporting to the Board.

3.0 **SCOPE OF SERVICES**

The services requested, herein, are for the **Phifer Addition Tract Hunting Agreement for Contractual Services** to allow limited hunting opportunities in exchange for caretaking, maintenance, security and any other agreed upon services on the Property. This agreement will be for a period beginning on the date of the fully executed agreement and continuing for a **term of five (5) years** thereafter. Hunters may not include subcontractors as part of their bid proposal.

3.1 **Project Overview**

On January 22, 2013, the County adopted the Alachua County Hunting Business Plan. The Plan's intent is to establish principles to guide appropriate management of recreational hunting on Alachua County Forever (ACF) managed lands. The Multi-Year Hunting Agreement is one mode of hunting outlined in the Hunting Business Plan, which provides limited hunting opportunities in exchange for caretaking and maintenance services on certain ACF-managed lands. This Scope of Services establishes the specific conditions and requirements for the Phifer Flatwoods Preserve Phifer Addition Tract Hunting Agreement for Services.

3.1.1 **Site History**

- 3.1.1.1 The 325-acre Phifer Addition tract was acquired in 2009 and is managed as part of Phifer Flatwoods Preserve. Phifer Addition is located in southeastern Alachua County, on County Road 2082 near the intersection of SE 152nd Street, and is surrounded by private lands. Plum Creek Timber owns adjacent land on three sides. The Plum Creek property is subject to a Conservation Easement owned by the St. Johns River Water Management District, and public hunting is managed on this property by the Florida Fish and Wildlife Conservation Commission. Natural communities within Phifer Addition include mesic and wet flatwoods, basin, dome and floodplain swamps, mesic and hydric hammock, depression marsh, and pasture.
- 3.1.1.2 Physical improvements on the Property include approximately 5.5 miles of roads, trails and fire breaks, two gates, approximately 2800 linear feet of three-strand barbed-wire fence, one pole barn, and one metal storage shed. In addition, several historic structure remains exist on the property and are to be protected from disturbance. These include a brick and stone well, two cement construction water troughs, and several handmade foundation piers.
- 3.1.1.3 A formal conservation easement is in place on the lower 80 acres of the Property. The conservation easement is owned by the St. Johns River Water Management District, and was purchased by the Gainesville Alachua County Regional Airport Authority to fulfill wetland mitigation requirements enforced by the water management district under ERP 4-001-15593-10 and ERP 40-001-15593-18. The conservation easement limits development within the boundaries of the easement in perpetuity.

- 3.1.1.4 The Phifer Flatwoods Preserve Phifer Addition Tract is not open to the public, although the County anticipates periodically opening the site to the public for special events.

3.2 **General Requirements**

3.2.1 **Permitted Hunting**

- 3.2.1.1 Two (2) Hunters and a maximum of one guest each, are permitted to hunt on the Property.

- 3.2.2.10 The Hunters shall abide by all State of Florida hunting statutes and Florida Fish and Wildlife Conservation Commission rules and regulations, and any violation of these rules may result in the immediate removal of the offending individual from this agreement.
- 3.2.2.11 The Hunters shall allow law enforcement officers or County employees to perform game checks for purposes of enforcement and collection of biological data.

 - 3.2.2.14.7 Harrow designated fire breaks up to 2 (two) times annually, as prescribed by the County's Site Manager (up to 4 miles scheduled for 2014). Fire breaks to be harrowed will change from year to year.

These submittals will then be presented to the staff evaluation team for a thorough review and evaluation per the criteria stated in Section 6.0 of the Request for Proposals.

5.2 **RFP Evaluation Committee**

The Evaluation Committee will evaluate the Hunter Qualifications and Written Qualifications for each submittal in accordance with the evaluation criteria identified in Section 6.0.

In a Public Meeting, officiated by Procurement, the Committee discusses issues appropriate to the scoring. Members do not have to agree on exact scores, but each member's score shall be justified, whether zero, high or low.

Depending on the complexity of the solicitation, additional meetings may be required, up to and including oral presentations. Oral presentations shall be made at no cost to Alachua County. During oral presentations the Hunter shall further detail their qualifications, approach to the project and ability to furnish the required services.

The Evaluation Committee will assess how effectively the requirements of the scope of services have been addressed. The written proposal should identify the project schedule and any information on the equipment available to perform the services. When applicable, the written proposal should identify a Lead Hunter and all other Hunters in the group. It should relate the capabilities of the project team to the requirements of the scope of services.

The Evaluation Committee will not be impressed with excessive boilerplate, excessive participation by "business development" personnel, and the use of "professional" presenters who will not be involved in the project or future presentations.

6.3 **Oral Presentation (Optional)**

Oral presentation should address both the technical qualifications of the Hunter and their approach to the project.

Importance is given to the Hunter's understanding of the project, the placement of emphasis on various work tasks, and response to questions. The Evaluation Committee will assess the Lead Hunter's capability and understanding of the project and their ability to communicate ideas. The role of key members of the team should be established based on the scope of services and the Hunter's approach to the project. The role of any subcontracted Hunter in the proposal should be clearly identified. The Evaluation Committee will evaluate the availability and appropriateness of equipment for the required services.

Unique experience and exceptional qualifications may be considered with emphasis on understanding of the project, particularly "why it is to be done" as well as "what is to be done."
