RE: Addendum #1  
Bid 21-13 Annual Medical Supplies

Dear Sir/Madam:

Please be aware of the following clarifications regarding the above referenced Bid:

**Please use the Revised 5/14/2020 Excel Spreadsheet 21-13 Annual Medical Supplies MASTER posted on Demandstar. See attachment for changes.**

### QUESTIONS & ANSWERS

Q #1: The column named Estimated Annual Qty we see a number but are not sure if it is Boxes, Cases Etc. Please advise. Example: Line item 178 N-95 Masks.

A #1: **N-95 mask is an each quantity, specific items like the Microflex gloves will be by each box of gloves (100 per individual box).**

Q #2: Regarding that same line item the item number is N-95 Mask. Given the current crisis would KN-95 be an acceptable alternative.

A #2: **KN-95 is not acceptable**

Q #3: Would you be so kind as to clarify Columns shown below.

Single/Each		Package/Unit (List Package Unit Count)	
Packing for Single/Each is "1"		Packing/Unit must be completed and priced	

A #3: Use of these columns is intended to have the correct information relayed to us so that we can make the best informed decision.

When it comes down to awarding the winner of the bid, we ultimately need to know what “each” price is for the individual product.

We also want to know how many of a particular item is sold per box/case if they are sold that way so that we can order appropriately.

Some companies offer smaller packaging of the correct item and send a lower quote compared to a company with a larger box/case count who has a higher quote but may have a lower each price.

**NOTE:** You should acknowledge receipt of this addendum on your Bid Form.

**End of Addendum # 1**

Sincerely,

*Mandy Mullins*

## Bound Tree Response to COVID-19

As Your Partner in EMS for over 40 years, it continues to be our mission to help you save and improve patients' lives. We believe that our mission is never more important than at times like this. Our entire team is committed to being your partner during this very challenging time because we know the critical part we play in providing you with the medical supplies you need to treat patients and protect yourselves.

### Supply Access

Due to the increase in demand related to COVID-19, some of our manufacturer partners are experiencing supply chain interruptions or shortages. We are working closely with these manufacturers to address the shortages as they occur, but, as it currently stands, these high-demand products are backordered with extensive lead times.

Bound Tree is committed to ensuring high-demand products are making it to those who need them most. Therefore, we are only accepting orders from existing customers, EMS, Fire and Law Enforcement agencies.

### Existing Customers

We are committed to continuing to provide the best-in-class support you are used to as a Bound Tree customer during the COVID-19 pandemic.

**To support our customers, we have put the following procedures in place:**

- Ordering restrictions have been put in place on the most impacted products to prevent hoarding.
- **The most impacted products will be NON-CANCELABLE and NON-RETURNABLE until the supply chain normalizes.**
- Account Managers are available for ordering assistance - please call or email your Account Manager directly for support.

**To order products that are no longer available for purchase on our website, please submit your order via email to [customerservice@boundtree.com](mailto:customerservice@boundtree.com).** Our Customer Care Team will process order requests that include all of the following information:

- Account number
- Bound Tree item number and quantity
- Contact information
- Confirmed shipping address

**If you have any questions regarding product availability, please reach out to your dedicated Account Manager.** Your Account Manager will be able to help you navigate through these challenges and provide you with accurate availability and alternatives.

### New Customers

If you are not a current Bound Tree customer but represent a EMS, Fire, or Law Enforcement agency, please contact our Customer Care Team at [customerservice@boundtree.com](mailto:customerservice@boundtree.com) or 800-533-0523 to set up an account.

If you are ordering for the first time and are not within one of those agencies, we apologize but we cannot accept your order at this time.

## Cancellation and Return Policy

Due to COVID-19, Personal Protection Equipment (PPE), infection control supplies, and other related products are on manufacturer backorder. While the manufacturers are increasing production, they are also implementing strict rules that all orders are non-cancelable and non-returnable. **Therefore, we are implementing the same non-cancelable and non-returnable policy for these products.**

As indicated on the Bound Tree return policy, all returns require an approved RMA number. Items received without an RMA will not receive credit. Please contact Customer Service at 800-533-0523 if you have questions, or would like additional information.

## Protecting Our Team

Recently a small number of state and local governments began to implement varying degrees of stay-at-home orders for all but essential businesses. Bound Tree is an essential business and will continue to remain operational. Nearly all of our team is working remotely to help ensure proper social distancing and prevent/mitigate any possible transmission of COVID-19. We are fully committed to ensuring support of our customers during this very challenging time. We will continue to stay close to this issue and provide updates as they become available.

We have taken additional measures to sanitize our warehouse and offices, and continue to implement best practices for disease prevention, as outlined on the CDC (Centers for Disease Control and Prevention) website to help keep our employees safe. Warehouse employees have been provided with personal protection equipment for their safety, and the safety of our customers.

## Pharmaceutical Price Increase

It is Bound Tree's intent not to increase pricing on pharmaceutical products for the initial contract term. These same representatives are available to answer questions about shipments or process returns when necessary.

## Product Return Information

### NON-WARRANTY PRODUCT RETURN POLICY

Prior to returning a product, please contact the Bound Tree Medical Customer Service Department at 800-533-0523 to obtain a return merchandise authorization (RMA) number. This will help us to expedite your return and allow us to give you the proper credit. Once you have received your RMA number please follow the return policy guidelines.

All pharmaceuticals, items with expiration dates, and items that are subject to FDA tracking requirements are not returnable. Bound Tree Medical will only accept returns for pharmaceuticals if it was an error on our part. If so, please contact us within 7 calendar days of receipt of the product to obtain an RMA number. Items received without an RMA or after 15 calendar days will not receive credit.

If Bound Tree Medical makes an error in fulfilling or shipping your order, we will promptly rectify the mistake at no cost to you. If we have made an error and you wish to return the product(s) to us, notification must be received within 15 days of invoice. Following the initial error notification, please follow the return policy guidelines:

Non-returnable Items Include:

1. Items that are special order items.
2. Items that are buy-to-order (BTO) items.
3. Items that have been marked or engraved.
4. Items returned with broken packaging or not in original packaging.
5. Customized items, any sterile product that has been opened or items determined by Bound Tree Medical not to be in resalable condition.
6. Product that is more than 60 days older than the invoice date.

Return Policy Guidelines:

1. Items returned within 30 days of the invoice date will not be subject to a restocking fee.
2. Items returned 31 - 60 days than the invoice date will be subject to a 15% restocking fee.
3. Items older than 60 days from the invoice date will not be accepted in our warehouse and will be returned to the customer.
4. Please write the RMA number clearly on the package label.
5. Enclose a copy of the original invoice or packing list in the box.
6. Send the package freight prepaid.

7. Returns must be received by Bound Tree Medical within 30 days of issuance of RMA number.

8. Items received without a RMA number will not be eligible for credit.

### **RETURNS FOR PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Bound Tree Medical has experienced a significant surge in orders for personal protective equipment (PPE) due to the outbreak of Ebola and we are working closely with our suppliers to keep up with the increased demand. To further this effort and ensure that we do not over-allocate products based upon excess order quantities, PPE products will no longer be eligible for return. Additionally, all open PO's for PPE products will not be cancellable after placement. This policy update is effective October 22, 2014. We will revisit this update when the Ebola crisis has subsided and alert you to any additional changes.

As indicated on the Bound Tree return policy, all returns require an approved RMA number. Items received without an RMA will not receive credit. Please contact Customer Service at 800-533-0523 if you have questions or would like additional information.

### **RETURN FOR REPAIRS**

Items to be returned for repair must be prepared according to the most recent OSHA requirements. Items must be properly cleaned and verified with a statement on the outside of the package. Proof of purchase must be included with all manufacturer warranty repairs. Please contact our Customer Service Department for additional information.

### **CLAIMS**

All claims for damage occurring in transit must be made upon receipt of goods by customer directly to the carrier. Please save all boxes and packing material. All shipment errors must be reported immediately upon receipt to Bound Tree Medical Customer Service.

  - A purchase summary report can be self-generated to view total products purchased over a selected period of time.
  - The purchase summary report can be sorted in ascending order by total sales per item.
  - Purchase summary reports and items per month reports can be self-exported in spreadsheet format for additional evaluation.
  - The purchase summary report provides item usage totals based on monthly, quarterly and yearly expenditures.
