Please list any civic and professional accomplishments/honors, training or experience related to this appointment:

I have worked with environmental nonprofits focusing on land and waterway restoration for 3 years, including with Alachua Conservation Trust. I helped maintain and create trails in new parks and land acquired with Wild Spaces funds. I am the executive director now of an organization which frequently conducts restoration and conservation efforts collaborating with the city and county in our area's natural spaces. My experience leading and designing education programs with LEEF and the Smithsonian Marine Station allows me to see the value in natural spaces for creative recreation and education opportunities.

What Contributions do you feel you could make if you were selected to this board?

A unique vision of creative recreation, education, and conservation possibilities in a natural space. I would be a valuable asset as an ecologist, educator, and conservation leader in the county.
