Citizen at Large

## Interests & Experiences

### Are you currently serving or have you ever served on an Alachua County advisory board?

Yes  No

### If yes, please list board(s):

### Please list any civic and professional accomplishments/honors, training or experience related to this appointment:

I completed extensive training for and worked as a community crisis counselor and victim advocate for the Butler County Crisis Center (2005-2008); I worked as a campus health educator and served as the faculty/staff advisor for a student group called Women Against Rape; I developed a coordinated community response plan and a sexual assault response team (SART) for Winthrop University and the surrounding Rock Hill, SC, community, working closely with community organizations. As a prevention scientist at RTI International, I provided training and technical assistance to state and local agencies on their coordinated community response to human trafficking, which included reviewing and providing feedback on training materials with a specific eye toward ensuring materials were trauma-informed and victim-centered.

### What Contributions do you feel you could make if you were selected to this board?

In every professional position, I have sought out community involvement related to my expertise in sexual violence prevention. Being relatively new to Alachua County, I believe serving as a civilian board member of the Victim Services and Rape Crisis Advisory Council would be a mutually beneficial growth opportunity. I bring over 10 years of victim services and prevention experience. I believe I could bring experienced perspective on coordinated community response as well as evidence-based approaches for community-based and community-engaged prevention. I also work with a cadre of compassionate students who would be eager to help facilitate and support local agencies and related community engagement events.
