**Emergency Circumstances:** The existing Uninterrupted Power Supply Unit (Liebert AP356) at the Combined Communications Center is in critical condition risking the entire load of the Center. The components are in danger of causing an arc flash/fire event. In addition, we are in hurricane season, therefore, it is imperative we replace the UPS at the CCC to ensure safe and continued operations.

**Recommended Action:** Approve POR 2022-1924 in the amount of \$118,534.15 for Eola to replace the UPS at the Combined Communications Center.
