I'm a member of the Food Systems Coalition and I've been farming for 8 years in and around Alachua County. I have lived all over the county and know all types and generations of farmers.

What Contributions do you feel you could make if you were selected to this board?

I have a good grasp on what rural people value, especially those who are working in land management and agriculture. I am connected to those who stay in the county and use the land for work. My background in economics and rural development enables me to see rural needs in the context of the larger county and state - I would contribute a voice, but also potential solutions for the concerns of Alachua county's rural population.
