Background:

The JAG Countywide program is administered through FDLE in accordance with Chapter 11D-9, FAC. Each County is allocated funds by FDLE. FDLE requires that the units of local government within the County reach a consensus regarding the expenditure of JAG funds. This is done in Alachua County through the Byrne Grant Advisory Board, which makes a recommendation to the Board of County Commissioners. The Byrne Grant Advisory Board meeting was held on September 26, 2018 and their recommendation is included in the "Fifty-one Percent" letter. FDLE has recently opened the FY 2018 solicitation and posted the available funds. The

applications are due by June 15, 2019. The Certificate of Participation is due by May 15, 2019.
