Section 2: Project Overview

General Project Information

Project Title: LAW ENFORCEMENT EQUIPMENT PROGRAM
Subgrant Recipient: Alachua County Board of Commissioners
Implementing Agency: Alachua County Sheriff's Office
Project Start Date: 10/1/2019 **End Date:** 9/30/2020

Problem Identification

The Alachua County Sheriff's Office (ACSO) is requesting to use Byrne funds for Law Enforcement and Equipment Programs. The ACSO will use the funds for equipment for the Dive Team and the SWAT Team, Special Teams within the Sheriff's Office. A portion of the funds will also be used to fund overtime for the Youth Dialogue Program. This request is a priority for the Sheriff's Office as both of these teams perform specialized, time-sensitive law enforcement activities and must be prepared to deploy at all times. The Youth Dialogue program is an ongoing outreach effort by the Sheriff's Office to reach out to at-risk youth to encourage positive interaction with law enforcement.

This application will upgrade and replace existing dive team equipment (dry suits) and replace the existing recon robot for SWAT. These items are needed to ensure the equipment is functional and current, ensuring the safety of both the team personnel and the general public. The dry suits have to be replaced on a regular basis to ensure the safety of the divers- as the body of waters they dive in to recover bodies, vehicles or submerged evidence are often stagnant and contain contaminants and other debris. The dry suit is part of personal protective equipment (PPE) for public safety diving and is the industrial standard. The recon robot is also a replacement robot. The robot is used by SWAT to investigate an area before deploying personnel in order to ensure the safest approach and thereby reducing risks to both the law enforcement personnel and bystanders. The Youth Dialogue funds will be used to fund overtime for sworn, certified detention officers and civilian personnel who elect to participate. This program is used to foster positive interactions between school aged youth, in particular, at-risk youth, and law enforcement.

This funding is being requested because the Sheriff's Office does not have the resources to fully fund them. Grants have been used for the equipment and have also been used to fund the youth outreach program.

The state and federal purpose area for this program is law enforcement. If this project is not funded, the Sheriff's Office personnel will continue to do their jobs, but will not have access to safest equipment and less Youth Dialogue programs will take place.

Project Summary (Scope of Work)

This grant is requesting equipment for the Sheriff's Office Special Teams and overtime for the Youth Dialogue Program.

The item quantities and costs are listed in the budget section. The equipment items for the Special Teams include dry suits and recon robot. The overtime includes pay at time and half and related fringe benefits for Sheriff's personnel who participate in the

Youth Dialogue program activities.

The tasks for this project include purchase and deployment of the equipment and documentation of the grant funded Youth Dialogue program. Deployment of the equipment to the Special Teams will include training on the equipment and actual calls for service.

Completion of this project, through acquisition of equipment will allow calls for service to be performed in a safer, more efficient manner. The Special Teams equipment will continue the replacement of outdated dry suits and the robot, enhancing team member and public safety.

The equipment will be purchased, maintained and utilized by the Sheriff's Office, the general public will receive the benefit of the service. No other agencies are members of the Sheriff's Office Dive team or SWAT team, however, the teams responds to calls from other agencies within the County and regionally.

Completion of the Youth Dialogue grant funded portion of the program, will be documentation of the activities. This will be backed up by documentation of the overtime pay and benefits.

The deliverables will be purchase of the equipment as listed in the Project Budget and will be documented by invoices, cancelled checks, financial records and inventory records. The Sheriff's Office will cover any additional expenses, not covered by the grant funds. Performance will be documented by receipt and deployment of the items.

Upon approval of the grant the Sheriff's Office will begin the purchasing process. Within a month quotes will be requested. All items should be ordered within the first quarter following the grant award and deployed upon receipt. We anticipate all items will be received within the third quarter (1-2 month time frame for receipt) of the grant award. Training with the use of the items and deployment will occur as the items are received. The Youth Dialogue program will schedule the activities for this grant, we expect one activity every 2 months. The activities will be documented for the report.

1) Operating Capital Outlay: 3 dry suits at \$3,300 ea = \$9,900.

B. SWAT Team

1) Operating Capital Outlay: 1 Recon Robot @ \$15,500.

II. Youth Dialogue - Overtime: \$4,116

Overtime funds for sworn law enforcement, civilians and certified detention officers when participating in the Sheriff's Youth Dialogue program. Overtime will include pay at time and a half and fringe benefits of FICA, FRS (Florida Retirement) and Workers Comp. Fringe for sworn is 38.52%/hour (FICA 7.65, FRS 25.48 and workers comp is 5.39). Fringe for civilians is 17.15%/hour (FICA 7.65, FRS 8.47 and workers comp 1.03). Assuming \$38/hour (includes overtime and benefits) civilians approximately \$32/hour and sworn approximately \$45/hour, we anticipate 108 hours of overtime. Each event is approximately 4-5 hours of overtime per employee and we anticipate holding 6 events during the grant year with 4 employees working overtime each event. 4 employees @ \$38/hr x 4.5 hrs (each session) = \$684 x 6 events = \$4,104 or rounding up to \$4,116.

All prices above include shipping costs. For procurement we will follow our agency policy. Any items under \$2,500 requires at least one quote. Any items that exceed \$2,500 requires 3 quotes and the lowest, responsible, responsive quote will be selected. No items will exceed \$35,000, which will require a competitive bid. We anticipate the recon robot will be sole source. The agency will follow its sole source policy. Warranties on items will not be requested separately for reimbursement, any warranties are included in the base cost of the items.

There are no matching funds being designated for this grant, however if costs exceed the awarded amount, the Sheriff's Office understands it is responsible for the difference and will use local funds. The items being requested are not in the agency budget so no supplanting will occur.

Answer: No

Question: If Expenses or Operating Capital Outlay are included in your budget, what will be the method of procurement for those items? (e.g., competitive bid, sole source, state term contract)

Question: If indirect cost is included, explain the indirect cost plan. Provide documentation of approval.

Answer: No indirect costs included.
