**INTERLOCAL AGREEMENT BETWEEN ALACHUA COUNTY
AND CITY OF GAINESVILLE REGARDING AUTOMATIC AID FOR
FIRE AND EMS SERVICES**

THIS AGREEMENT (this "Agreement") entered into pursuant to Chapter F. S. 163 et. seq, the Florida Interlocal Cooperation Act of 1969, on the date of the last signature on this Agreement between the City of Gainesville, a municipal corporation of the State of Florida ("City") and Alachua County, a charter county and political subdivision of the State of Florida ("County").

WHEREAS, the City of Gainesville is responsible for the provision of fire rescue services within the City's corporate limits and Alachua County is responsible for the fire rescue services in the unincorporated areas of the County; and

WHEREAS, the City and County share a common boundary and have for the last 30 years had an agreement on the cross jurisdiction provision of Fire and EMS services to the residents in their respective jurisdictions, and

WHEREAS, the City and County in an effort to meet ever-changing demands for service, has had variations of successful agreements relating to the provision of Fire and EMS services, most recently the Automatic Aid Agreement signed in June of 2018, and

WHEREAS, the City and County wish to enter into a new agreement modifying the terms of the prior agreement and the call types wherein each will automatically respond into the jurisdiction of the other, and

WHEREAS, it is recognized by both the City and County that the provision of services into the areas of the County which adjoin the boundaries of the City are of concern to both.

NOW THEREFORE, the City and the County agree as follows:

Section 1. Automatic Aid Agreement.

- 1) The City and the County will work with the Combined Communications Center (CCC) to develop a method of automatic dispatch for the most appropriate unit available to achieve optimal response times for those specific types of Emergency Fire (EFD) and Emergency Medical Dispatches (EMD) as identified in Attachment 1, which is attached hereto and incorporated by reference. It is understood that the use of EFD and EMD is constantly under evaluation and periodic modification. Therefore the City and County agree that the call types, methods and protocol may be modified upon their respective Fire Chiefs joint agreement in writing.
- 2) The City and County agree that each shall be compensated by the jurisdiction receiving services under this agreement. It is agreed that an average cost for each response shall be calculated by utilizing the previous fiscal years actual expenditures divided by the total number of responses within the identified

automatic aid territory (Attachment 2).

- a. Actual expenditures shall be attributed to the provision of fire protection services inside the identified automatic aid territory:
 - i. Personal Services-Salaries, overtime and benefits.
 - ii. Operating Expenses- Day to day costs incurred (goods delivered or services rendered). Costs will include professional services, utilities, travel/training, supplies and equipment, and vehicle replacement funding. Cost allocation may be necessary where material amounts of expenditures cross function-activity lines. Excludes contracted fire service with other municipalities.
 - iii. Operating Capital Outlay shall equal 1% of total allowable actual expenditures Indirect Costs-costs that CANNOT be directly attributed to a particular cost objective or service in according the Cost Allocations Plan.
 - b. The average cost per response to be used beginning on October 1, 2019 is \$869.92 per Attachment 2.
 - c. Staff will convene no later than March of each year to update the average cost per response.
 - i. The audited financial information for both jurisdictions divided by the actual number of responses for the prior fiscal year. For example March 2020 will use FY2018/19 actual expenditures and actual responses.
 - ii. The difference between the prior fiscal years average cost per response and the current fiscal year actual cost per response will be multiplied by the difference in the respective jurisdictions response to calls in the others jurisdiction to determine the reconciliation payment due (true-up calculation and payment). Payments due for the difference shall be made to the appropriate jurisdiction within 30 days of the reconciliation as agreed upon by both agencies.
 - d. Payments will be made on a monthly basis in accordance with the provisions for 218, Part VII Florida Statutes ("Local Government Prompt Payment Act")
- 3) The City and County agree to recognize all fire based units stationed within the Automatic Aid Agreement boundary map, which is Attachment 3 and incorporated by reference. These units are considered to be compensable units under this agreement with the exception of County Engine 80. It is agreed that Engine 80 shall not be compensated for any responses into the City as long as it is stationed within the City limits. Once it is relocated outside of the City limits, it shall then be considered to be a compensable unit.
 - 4) This agreement for the automatic dispatch of assets of the parties is not meant to supplant the need to provide sufficient fire services but does not preclude the ability of either jurisdiction to request mutual aid for incidents occurring outside the fire service agreement boundary or for units not assigned therein

or in accordance with the Statewide Mutual Aid/State Emergency Response Plan. .
