Training or Experience Related to the Appointment:

I currently practice as an attorney admitted in all state courts of Florida and Alabama, as well as the Northern and Middle Districts of Florida (Federal Court). For five years prior to relocating to Gainesville with my wife (current Pediatric Cardiology Fellow at UF Shands), I practiced in Destin, Florida mainly focusing on real estate and land use litigation. I am quite familiar with the legal aspects, as well as the practical considerations surrounding the adopting, implementation, and amendments of comprehensive plans and land development codes.

What contributions do you feel you could make if you were selected for this board?

I would bring a unique perspective to the board, as someone who has represented clients seeking to prevent or restrict new development, as well as developer clients desirous of adding new development or performing redevelopment. In addition to what i feel is a balanced perspective to the issues commonly

associated with comprehensive plans and land development codes, my experience in dealing with complex land use disputes in a small, but dense tourist area (Destin), could give additional insight to issues presented to the board.

Some of the boards and committees appointed by the County Commission are required to comply with Chapter 112, Florida Statutes, the Financial Disclosure Law. If applicable, would you be willing to file the required financial statement?

Yes

Appointees to advisory board/committees are required to attend scheduled meetings as specified in the "Guidelines for Citizen Advisory Boards and Committees".

Do you affirm that your personal and business (if applicable) affairs within Alachua County are in substantial compliance with all county regulatory and taxing authorities rules and regulations?

Yes

I understand that this completed application is the property of Alachua County and I hereby certify that the statements made on this application are true and correct.
