Subject: Request to amend zoning application

Good afternoon Mr. Perez,

Thanks for speaking with me. In regards to your rezoning application it would be better if the rezoning was to "R-1c" (single-family residential) rather than "A" (agricultural). R-1c zoning will also allow for a mobile home. I can revise the public notice sign posted at your property. If you agree to this revision please respond that you do and I'll make the change.

Best,
