Training or Experience Related to the Appointment:

In my current position at UF, I am responsible for monitoring the spending at the Center and ensuring its compliance with federal, state, and UF policies as well as any grant/foundation intents or restrictions. I have experience with financial and project reporting. Through my years at UF, I have been involved with many audit situations since international research often is accompanied with heightened audit requirements. Even at the UF level, due to the research we do at the Center and countries we visit (Cuba), we are aware from the outset of those activities there will be more scrutiny and document in a manner that proactively addresses concerns.

What contributions do you feel you could make if you were selected for this board?

I feel my fiscal and compliance background is a good fit for the objectives of the WSPP board. I have experience working on both university and municipal boards and have an understanding of both the financial reporting and Sunshine law

policies.

Some of the boards and committees appointed by the County Commission are required to comply with Chapter 112, Florida Statutes, the Financial Disclosure Law. If applicable, would you be willing to file the required financial statement?

Yes

Appointees to advisory board/committees are required to attend scheduled meetings as specified in the "Guidelines for Citizen Advisory Boards and Committees".

Do you affirm that your personal and business (if applicable) affairs within Alachua County are in substantial compliance with all county regulatory and taxing authorities rules and regulations?

Yes

I understand that this completed application is the property of Alachua County and I hereby certify that the statements made on this application are true and correct.
