What Contributions do you feel you could make if you were selected to this board?

I have lived for the past 20 years in Alachua county and routinely utilize recreational land so familiar with the value of conservation land. As the Safety Manager for the USDA I was responsible for developing economically and environmentally friendly landscape and incorporated endangered plants in the landscape. Familiarization with the importance of environmentally important lands and of the importance of protecting endangered plants can be used to help the board in identifying land environmentally important to the citizens of the county
