Authorized Department Signature: Charlie Jackson

 9/2/2020

Emergency Circumstances (Type In Your information for Printing):

In accordance with Section 125.01 (1) C. Florida Statute; Article V of the State of Florida Constitution, Fire Code and Life Safety Standards FSS Ch. 633; FL Administrative Code C FL Fire Prevention Code Rule Ch. 69A-60.

Due to the enforcement of the fire inspection/testing, it has been discovered that several of the buildings fire systems are in bad need of repair. We need the added money in order to keep repairs of the critical life safety systems. We want to be sure that in case of a fire, the systems perform as needed.

Recommended Action (Type In Your information and Print):

Action needed to be taken now is to increase the current PO 2020-294 by \$30,000 from \$45,030 to a total of \$75,030. Ensuring that all of the County building fire systems are at optimal operating status.
