

Alachua County Affordable Housing Resource Website

Alachua County Board of County Commissioners

July 14, 2020

Board Motion

- At the December 10, 2019 Board of County Commissioners meeting, staff were directed to map County-wide community assets and related affordable housing services across the municipalities and the unincorporated areas.
- Growth Management and Community Support Services staff, with input from Gainesville Neighbors United, developed a website to provide housing and community asset information in an electronically accessible map format.

Housing Resource Mapping Tool

- locations of publicly assisted housing units
- multi-family residential complexes
- public schools and school zones
- RTS routes
- medical facilities
- grocery stores
- a mechanism for landlords to provide a location and contact information for rental units
- Housing Assistance Resource Partners Contact Information
 - such as the Housing Authorities, Habitat for Humanity, United Way

Live Demonstration

A graphic featuring a row of colorful, stylized houses in shades of pink, blue, green, yellow, and purple. A semi-transparent white banner is overlaid across the middle of the houses, containing the title text.

Housing in Alachua County

Alachua County has created this Interactive Housing Map to guide individuals as they consider making Alachua County, a place to call home or for citizens who are already home and are looking to move within the county. The Interactive Housing Map is a navigation tool that provides insight and transparency in locating public institutions, housing options, transportation, hospitals and healthcare centers, and food markets throughout Alachua County.
