

Due to COVID-19, some of the budgeted Admin/Operations and Bid Pool funds were unable to be used due to the cancelled or postponed sports tourism events during the 2019-2020 Fiscal Year.

The sports tourism events were postponed into the new fiscal year, causing higher operations and bid pool cost due to having to bid/host the same events twice and adding additional events during the 2020-2021 fiscal year.

Other annual Fall events in the county have been cancelled, leaving availability to host sports tourism events to fill those open dates so Alachua County can continue to create visitor spending and collect Bed Tax revenue.
