Cheryl,

Good Morning,

I spoke with our Fisher rep and Fisher customer service multiple times inquiring about the availability of the 3M 1860 N95 mask.

They do not have the product in stock and are unable to acquire any.

Alternative mask are available but are of lower grade, have longer lead times and are more expensive.

Donna,

Good Morning,

I have this email below from our Fisher Scientific rep.

They do not have access to the 3M 1860 model that the Health Department is requesting.

Fisher does have a lower grade mask available with a long lead time and higher price.

Will this work? It is what they are suggesting to replace the 1860.
