SUBJECT: Impact from the 2021 Florida Legislative Session

The purpose of this memorandum is to communicate the impact of changes from the 2021 Florida legislative session, which occurred after the submission of my 2021/2022 Budget Proposal.

Although there were legal changes made by the passage of Senate Bill 90, some having unanticipated financial impact, I have listed other changes that I feel are important for you to be aware of, although they may not have an impact on my budget.

If you have any questions, please do not hesitate to contact me.

Respectfully Submitted
