MEMORANDUM

TO: Alachua County Board of County Commissioners

FROM: Gus Olmos, Solid Waste and Resource Recovery Director *AO 8/24/21*

SUBJECT: Special Pay Gaston Tree Debris Recycling, Inc.

The Solid Waste and Resource Recovery (SWRR) Department has a contract with Gaston Tree Debris Recycling, Inc. which has a not to exceed amount of \$35,000 for the processing vegetative waste.

The vegetative waste is estimated by a formula based upon volume but the contract is based upon actual tons processed using the Transfer Station scales. The actual vegetative waste processed was larger than the estimated amount, resulting in exceedance of \$4,283.02 over the not to exceed amount. The SWRR Department is requesting the Board to approve the payment of the overage so the vendor can be paid for the full amount of services rendered. The Department is proposing to increase the not to exceed amount from \$35,000 to \$100,000 with next amendment to the contract.
