Agenda Item Name:

HPSII Phosphate Mine - Alachua County Concerns

Presenter:

Anthony Janicki, Ph.D., Thomas Crisman, Ph.D., Patrick Tara, PE, PH, and Sam Upchurch, Ph.D., P.G.

Description:

Informational presentation to the BoCC by the above named experts, which will include a PowerPoint, to address the concerns of Alachua County regarding the proposed HPSII phosphate mine in Bradford and Union Counties.

Recommended Action:

None.

Prior Board Motions:

The BoCC has previously moved for County staff to obtain options for Alachua County in addressing water issue impacts to the Santa Fe River System caused by the proposed HPSII phosphate mine in Bradford and Union Counties.

Fiscal Consideration:

N/A

Background:

The BoCC has previously directed that an evaluation of the potential impact of said phosphate mine be examined, and findings presented to the BoCC.
