**Background:**

Previous contract for services ended on December 31, 2019. In May 2020, an emergency purchase order was issued for \$48,009.84 to start providing mosquito surveillance, monitoring and eradication of disease-bearing mosquitoes during mosquito season while exploring how to procure these services in the future. Several options were explored such as piggybacking on other counties but no

long term solutions has been determined. To extend these services (during a crucial time in mosquito season) thru the end of the fiscal year, an increase in the purchase order of \$28,781.48 is needed.
