The Federal and State of Florida Workforce Investment and Opportunity Acts (WIOA) requires the annual budget of the local workforce investment board (CareerSource North Central Florida) be presented to the chief elected official(s) for approval prior to the budget being submitted to

CareerSource Florida.

WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. WIOA increases the quality and accessibility of services that job seekers and employers receive at their local American Job Centers. This system is based on a "One -Stop" service delivery concept that provides information about and access to a wide array of vocational and job training, education and employment services, and a variety of support services in a single, customer-focused, user-friendly service system that is available at the local level.
