Recommended Action:

Approve first one-year renewal of the Agreement between Alachua County and A1 Assets, Inc. for the Collection, Recycling, and De-Manufacturing for End-Of-Life Electronics.

Prior Board Motions:

September 11, 2018 - BoCC approval of Agreement with A1 Assets, Inc. for the Collection, Recycling, and De-Manufacturing for End-Of-Life Electronics

Fiscal Consideration:

Funding for this service is budgeted in Fund 401.55.5541.537.31.00 which is funded by the Solid Waste Assessment. This is a unit price agreement and the total cost to the County will vary with the amount and type of E-Scrap collected. The estimated cost of this agreement for FY20 is \$90,000.00 and is reflected in the FY20 budget.

Background:

The Alachua County Environmental Protection Department has operated the permanent Hazardous Waste Collection Center since 1999 where Alachua County residents can properly dispose of their

Household Hazardous Waste (HHW) six days per week. Additionally, qualified business waste is currently accepted as well. In addition, the five (5) County Solid Waste Collection Centers have a HHW collection area, and the program also holds numerous mobile HHW collection events throughout the County annually. To insure the protection of the public's health, safety and welfare and for the protection of the environment, the County requires E-Scrap (consumer electronics) collected through the hazardous waste program be collected and properly recycled. On September 11, 2018, the BoCC approved awarding this contract to A1 Assets, Inc. for Fiscal Year 2019. The approved agreement includes a provision for the renewal of the agreement for two (2) additional one (1) year periods at the same terms and conditions of the original contract.
