Agenda Item Name:

First Amendment to Interlocal Agreement between Alachua County and the City of Gainesville for Recycling Processing

Presenter:

Patrick Irby

Description:

First Amendment to Interlocal Agreement between Alachua County and the City of Gainesville for Recycling Processing. This amendment extends the term of the agreement to September 30, 2020.

Recommended Action:

Approve First Amendment to Interlocal Agreement between Alachua County and the City of Gainesville for Recycling Processing.

Prior Board Motions:

At the June 9, 2019, BOCC meeting the Interlocal Agreement between Alachua County and the City of Gainesville for Recycling Processing was approved.

Fiscal Consideration:

The Interlocal Agreement for recycling processing is on a sliding scale based on blended market price. When the blended market price is high, there is revenue sharing with the County paying the City but when the market price is low, the City has to pay the County a processing fee.

Background:

The operation of the materials recovery facility located at the Leveda Brown Environmental Park was

taken over by the County in 2014. For an operation like this, the processing costs per ton are dramatically affected by the volume of throughput. By having the City of Gainesville commit to deliver all of their residential recyclable material to the County's facility, the County is able to better project their processing costs per ton and establish competitive rates in the fee schedule.
