Agenda Item Name:

Unanticipated revenues from FDOT LAP Agreement

Presenter:

Ramon Gavarrete, P.E.

Description:

Increase budget for revenues and expenditures for LAP (Local Agency Program) Agreement from FDOT (Florida Department of Transportation) for CR 329 (South Main Street) at SE Williston Road.

Recommended Action:

Approve resolution and budget amendment to account for unanticipated revenues for CR 329 (South Main Street) at SE Williston Road LAP Agreement

Prior Board Motions:

February 22, 2011 - Board submitted safe routes to schools application for SW 170th St.
February 23, 2016 -Board submitted safety grant applications for SW 170th St, CR 235 at NW 94th Ave and CR329 (S Main St) at Williston Rd.
September 14, 2017-Board Approved Funding Agreements for the Design Phase for SW 170th St Sidewalk Project, SW 170th St Widening and Resurfacing Project, CR 235 at NW 94th Ave and CR329 (S Main St) at Williston Rd.

Fiscal Consideration:

Approval of resolution and budget amendment for unanticipated revenues will increase budget to move forward on construction of this project. Accounts: 329.79.7910.349.4900 and 329.79.7910.541.63.99 for \$66,000.
Project # 9177911 - CR 329 (S Main St) at SE Williston RD Intersection Improvement.

Background:

On September 14, 2017, the Board approved funding agreements with the FDOT to fund four projects via two funding sources, the Highway Safety Improvement Program and Safe Routes to School. The Highway Safety Improvement Program projects are as follows:

1. SW 170th St - Lane widen and resurface SW 170th St from Levy County to Archer City Limits programmed to reduce the potential of sideswipe crashes and lane departure crashes. Local funds will be utilized to complete the corridor to SR 45.
2. CR 235 at NW 94th Ave - Place overhead flashing beacon and additional pavement markings to reduce potential of intersection crashes.
3. S Main Street - Place radar speed feedback signs and additional pavement markings to reduce the potential of road departure crashes.

The Safe Routes to School project is SW 170th St in Archer to provide additional sidewalks to Archer Elementary School.

The FDOT required the County to deliver the projects via LAP Agreements and a resolution to authorize execution of the agreement was approved. The resolution authorized the County Manager, Public Works Director, or County Engineer to execute any subsequent Agreements or Supplemental Agreements related to the projects.

FDOT is providing full project funding for the projects including reimbursement of staff time. However, the agreements approved on September 14, 2017 were just for the design phase for the CR235 at NW 94th Ave, CR329 (S Main St) at Williston Rd, and SW 170th St - Resurface/Widen. The unanticipated revenue and budget amendment are for the construction phase of CR 329 (S. Main Street) at SE Williston Road.

SW 170th ST Sidewalk Project is currently under construction.

SW 170th ST Widening and Resurfacing Project: awaiting agreement for construction from FDOT.

CR 329 (S. Main ST) at SE Williston Road Intersection Project: project management of the design phase was funded in original agreement for \$1,000. The remaining funding for the construction of the project of \$66,000 is part of the unanticipated revenues and budget amendment. Estimated project total is now \$67,000.

CR235 at NW 94th Ave Intersection Project: awaiting agreement for construction phase from FDOT.

A fully executed LAP agreement for the CR329 (S. Main St.) at Williston Rd Project has been received back from the FDOT.
