**Agenda Item Name:**

"FOR INFORMATION ONLY", for inclusion into the Board's minutes, Emergency Purchase Order 2020-1299 to Insituform Technologies, LLC., to clean out and place cured-in-place pipe (CIPP) liner in the existing 30" culvert south of NW 51st PL.

**Presenter:**

Ramon D, Gavarrete, P.E., County Engineer 352.548.1214/Larry Sapp, 352.374.5202

**Description:**

"FOR INFORMATION ONLY", for inclusion into the Board's minutes, Emergency Purchase Order 2020-1299, to Insituform Technologies, LLC., in the amount of \$53,850.40, to clean out and place cured-in-place pipe (CIPP) liner in the existing 30" culvert south of NW 51<sup>st</sup> PL.

**Recommended Action:**

Accept this report of the emergency purchase and include the signed copy of the emergency purchase order in the Board's Minutes.

**Prior Board Motions:**

N/A

**Fiscal Consideration:**

This repair (\$53,850.40) along with the repair (\$40,700) due to damage from a fuel tanker fire just south of the 1600 block of SW 43rd St were unbudgeted and will most likely require using reserves in the Gas Tax Uses Fund to complete the budgeted activities for the fiscal year in account: 149.79.7900.541.46.00.

**Background:**

After the NW 43<sup>rd</sup> Street milling and resurfacing project, a void formed under the sidewalk and caused it to collapse immediately south of NW 51<sup>st</sup> PL. Additional investigation was needed to determine what was causing the void and it has been determined that the void was due to issues in approximately 350' of drainage pipe. A proposal was received 11/20/19 to clean out and place cured-in-place pipe (CIPP) liner in the existing 30" culvert. The proposal utilizes the annual contract prices with the City of Daytona Beach. Due to the possible immediate collapse of additional sidewalk sections and portions of the roadway, it is imperative to fix it quickly to limit the liability of the hazardous situation as additional voids could exist under NW 51<sup>st</sup> PL or NW 43<sup>rd</sup> ST could collapse due to the condition of the pipe.

This purchase is exempt from the County's competitive bidding requirements pursuant to Section 22.11(4) of the Alachua County Purchasing Code, Emergency purchases as provided in section 22.13. However, since the dollar amount of the purchase exceeds the purchasing authority of the Procurement Manager, this Purchase Order is being submitted for Board consideration and approval.
