Agenda Item Name:

Fourth Amendment to Contract #9382 with Tyler Technologies

Presenter:

Tommy Crosby 352.337.8205

Description:

Fourth Amendment to software agreement with Tyler Technologies remove the County module of Executime and amend the license and service fees accordingly.

Recommended Action:

Approve and execute the 4th amendment to Tyler Technologies agreement

Prior Board Motions:

On 4/28/2020, the Board approved the 3rd amendment to the agreement with Tyler Technologies, adding Executime Time and Attendance module.

Fiscal Consideration:

Credit will be issued to Alachua County in the amount of \$23,177, to be reallocated for the County annual agreement for New World ERP

Background:

On April 28th 2020 the County entered into the 3rd amendment to the software agreement with Tyler Technologies, for both the Library and the County, to add Executime, a Tyler Technologies time keeping system. The Executime implementation team was unable to resolve issues discovered during implementation and data conversions. County Staff and the Tyler implementation team had resolution meetings with the Executime product owner. County staff was not satisfied with the solutions or workarounds proposed. Staff requested Tyler technologies amend the contract to remove the County portion of the agreement and leave the Library portion intact.
