Fiscal Consideration:

Sufficient Budget exists in Facilities General Fund 001.19.1919.712.46.00, budgeted as part of the FY20 Budget.

Background:

In the early 2000's, the County replaced the carpet throughout the State Attorney's building. The existing carpets on the 2nd & 3rd floors are now well over 14 years old. The carpeting can no longer be successfully cleaned or repaired to County standards. The flooring on the 1st floor was recently replaced and is in good shape. The stair treads are worn and coming apart, making the use of the stairs a safety concern. Currently, the County uses the State of Florida flooring contract with several flooring manufacturers. Using the current University of Florida contract for this project will reduce the overall cost of the project.

This purchase is exempt from the County's competitive bidding requirements pursuant to Section 22.11(15) of the Alachua County Purchasing Code, which permits the County to purchase supplies, materials, equipment and services under contract with federal, state, or municipal governments or any other governmental agency or political subdivision providing the vendor extends the same terms and conditions of the contract to the county, based on the determination by the Procurement Manager of such purchases off these contracts being in the best interest of the county.

Two items are exempt from the County's competitive bidding requirements pursuant to Section 22.11 (2) of the Alachua County Purchasing Code, which permits the County to purchase supplies,

materials, equipment and services at a price established by the Florida Department of Management services, or at a price equal to or less than the price established by the State Agency

However, since the dollar amount of the purchase exceeds the purchasing authority of the Procurement Manager, this Purchase Order is being submitted for Board consideration and approval.
