**Recommended Action:**

Approve contracts #11404 and #11405 1st amendments to agreements for Annual Laboratory Analysis Services and authorize the Chair to approve same.

**Prior Board Motions:**

On October 9, 2019 the BoCC approved the original agreements

**Fiscal Consideration:**

\$100,000 per lab split among the following funds:

001.55.5511.537.31.00 General Fund

087.55.5511.537.31.00 NPDES Stormwater Cleanup

146.55.5511.537.12.00 Stormwater Management

**Strategic Guide:**

Environment

**Background:**

Analytical services are used for laboratory analysis related to monitoring of surface water, groundwater, stormwater and wastewater. Analytical data are an integral part of water resources protection and are used to evaluate water quality impairment and to determine compliance with water quality standards, total maximum daily loads (TMDLs), and facility permit conditions.
