Background:

Starting in FY16, the County began contracting mowing services in the Central District to maintain a higher level of service for citizens in the urban cluster, primarily on curb and gutter roads with high use sidewalks.

County entered into an agreement for right-of-way mowing with Green Maintenance and Cleaning, Inc. which included the option of renewing the agreement for three (3) additional one (1) year terms. The County has previously entered into three other amendments to the agreement for the purpose of extending the term of the agreement and to modify the service areas listed in the agreement. It is now requested that the Board of County Commissioners approve a fourth amendment to the agreement with Green Maintenance and Cleaning, Inc. to add additional service areas to the scope of work. The fourth amendment will increase the number of miles mowed on County Roadway from 43.43 to 64.9893.
